At the prayer meeting in the Shiloh Baptist Church that Tuesday night after the settlement, a young white girl arrested with the original group on Sunday, came down the aisle to the rostrum. She had been released from jail a few minutes before and was out of breath. She spoke briefly, softly. "First time I'd ever seen a jail. It's a funny mixed-up feeling to hate being in a dirty place but to be glad you're there for a good reason....We hope you'll keep going."

The Police Chief of Albany said, "We met non-violence with non-violence."

Where was the Federal Government?

While young people on three separate occasions were being ordered out of Albany terminals and arrested, while over 700 persons were arrested and over 400 kept in jail for marching downtown to sing, pray, and protest, the Federal Government, pledged through specific Constitutional guarantees, statutes, and administrative rulings to protect the rights of citizens against local usurpation, took the following visible actions:

On November 1, 1961, when Selyn McCollum watched e police order nine young Negroes out of the white iting room at the Trailways Bus Terminal, and this s reported to the F.B.I., there was no apparent result. November 22, when five students were arrested for sing the Trailways facilities in Albany, no federal ction was visible. When Chief Pritchett ordered the reedom Riders outside the railroad waiting room on ecember 10, and then arrested 11 in the street, for he third time in six weeks the express ruling of a ederal Agency failed of enforcement. With the start of demonstrations and mass arrests on Tuesday, December 12, local police practice came into conflict, not with the very pointed I.C.C. ruling, but with broader -- and more complex -- issues represted by the Bill of Rights: freedom of assembly, the right of petition.

On Wednesday, with more demonstrations and more arrests, telegrams began going to Attorney General Kennedy asking federal intervention. On Thursday -- more demonstrations, more arrests--and the New York Times reported from Albany that, "The Justice Department was watching developments here closely." That day, Attorney General Kennedy conferred by phone with both Governor Vandiver and Mayor Kelley. The Mayor said he assured the Attorney General that law and order could be preserved without federal aid. Also that day, the Assistant Attorney General in charge of the Civil Rights Division talked with Albany Movement leader W. G. Anderson. On Friday, with demonstrations and negotiations in progress, he phoned Mayor Kelley and offered to mediate, and the mayor assured the Assistant Attorney General that the city could work out its problems. On Saturday, negotiations broke down. Martin Luther King, Jr. led the march downtown that

evening, hundreds more were arrested, and the NAACP wired Vice President Johnson and Attorney General Kennedy to protest the arrests. F.B.I. men were reported cruising the streets in cars.

On Monday, December 18, a settlement was announced, and within a hour Mayor Kelley said Attorney General Robert Kennedy called to congratulate him for a good job.

Events in Albany were caused by the city's violation of the Interstate Commerce Commission's regulation. The Federal Government took no apparent action to curb that violation, although it undoubtedly has power to enforce its own orders. Today in Albany the I.C.C. order is being complied with. It was enforced, not by federal authority, but by demonstrations in the streets.

Conclusion

Over 700 Negroes in Albany, and a few sympathetic whites, spent time in prison in December of 1961, as a mass substitute for federal action to compel recognition of a legal right. They were not opposed by the white people of Albany, but by local law enforcement officers. These officers acted, not out of malice, but out of a too-faint comprehension of the changes which are rolling slowly, but inevitably, through the South today, and which, with McComb, Jackson, and Albany, have begun to move into the heart of the Black Belt. As in other cases, a movement born of specific grievances was nurtured in crisis and developed larger objectives, those of full equality and untarnished human dignity.

The real feelings of the Negro community were kept from a fundamentally fair-minded white community by the powerful barrier of segregation, propped up by a hostile press and an unsympathetic city administration. As Christmas approached in 1961, masses of Albany Negroes

Where Was the Federal Government?

Over 700 Negroes in Albany, and a few sympathetic whites, spent time in prison in December of 1961, as a mass substitute for federal action to compel recognition of a legal right.

OF all the forces involved in Albany, the national government is the only one whose actions do not match its expressed convictions. The Negroes of Albany have strained to the limits of their capacity to endure pain and rebuff. The white community has behaved in accord with the customs of the majority of southern whites in resisting attempts to change the status quo. The chief of police has acted like a chief of police. But the federal government has not operated according to its pretensions.

The national government has failed to protect the liberties of its citizens in the city of Albany. From the feebleness of its actions, a detached observer might conclude that the federal government is still operating under the Constitution of the United States as once expounded by Chief Justice Taft.

The First Amendment of the constitution of the United States says: "Congress shall make no law . . . abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances." Supreme Court decisions in the early part of this century made it clear beyond question that these rights of free speech, petition, and assembly, are also guaranteed against state or local action by the words of the Fourteenth Amendment, that no state shall "deprive any person of life, liberty, or property, with due process of law." In Albany, hundreds of Negroes were locked up in some of the most miserable jails in the country for peacefully attempting to petition the government for a redress of grievances. Is the national government powerless to protect the right of petition?

Section 242 of the U.S. Criminal Code, which comes from the Civil Rights Act of 1866 and the Enforcement Act of 1870, creates a legal basis for federal prosecution of: "Whoever, under color of any law . . . wilfully subjects . . . any inhabitant of any State . . . to the deprivation of any rights, privileges, or immunities secured or protected by the Constitution and laws of the United States. . . ." Three times in succession in November and December 1961, the

police of the city of Albany, by arresting Negroes and whites in connection with their use of the terminal facilities in that city, violated a right which has been made clear beyond a shadow of a doubt in the courts, and nailed down tight by a ruling of the Interstate Commerce Commission. Yet, the federal government took no action.

When a sheriff, in the presence of witnesses, slapped a young Negro for asking the right to sing and pray in prison, the federal government was silent. Throughout the December troubles, there were phone calls from the Justice Department to Governor Vandiver and Mayor Kelley, conversations between the Department and leaders of the Albany Movement. The F.B.I. dutifully sat in its office in Albany and took dozens upon dozens of affidavits from Negro citizens complaining that their constitutional rights had been violated by city and county officials. But eight months later, there was not a sign of action on these charges.

In the spring and summer of 1962, hundreds of Negroes, and some whites, were again deprived of their constitutional rights by city and county officials. They were put into jail again and again for taking actions supposedly protected by the First and Fourteenth Amendments. A pregnant woman was beaten, a lawyer was caned, a white youth had his jaw and ribs broken, three young people were forcibly dragged from a courtroom under the eyes of a county judge. Still no action. Eighteen-year-old Cordell Reagan, a veteran SNCC worker, emerged from Dougherty County jail in late August, after 16 days of confinement for "contributing to the delinquency of a minor" (which, translated, meant that Reagan had been sitting on the fender of a nearby car while two students were picketing a theater) made this comment to me about the Department of Justice and local police: "They're letting them get away with murder."

In December 1961, in the midst of hundreds of jailings in the Albany demonstrations, the New York *Times* reported from Albany: "The Justice Department was watching developments here closely." In September 1962, after shotgun blasts ripped into a home in Terrell County where Negro and white registration workers were staying, a Justice Department spokesman said in Washington: "We are watching the situation very, very closely."

In June 1962, six months after several flagrant violations of the ICC ruling, the Atlanta *Journal's* Washington correspondent reported: "The U.S. Justice Department has launched an investigation of alleged bus station segregation in Albany." In July, several Justice Department lawyers were sent to Albany. On the 26th of that month, according to an Atlanta *Constitution* report, Albany's Mayor Kelley conferred in Washington with Attorney General Kennedy. The *Constitution* said: "Kelley said he told Kennedy that Albany's racial problems are dealt with by local people. Kelley said Kennedy agreed with him."

Atlanta *Journal* Washington correspondent Douglas Kiker reported in July: "Justice Department officials described the Albany trouble Monday as 'a tense situation' but added that Mayor Asa Kelley and Chief of Police Laurie Pritchett 'have certainly indicated a strong desire to maintain order.' They said they had received no evidence that Albany police are not furnishing adequate law protection." This was immediately after attorney C. B. King, with more than 100 city and county police nearby, had received his bloody beating at the hands of the Dougherty County sheriff. Kiker disclosed that the Department of Justice was "investigating" the beating of King. But if there was ever a case where one hour of investigation would be sufficient to establish grounds for federal action, this was it.

Near the end of the summer, after receiving dozens of angry telegrams, after the picketing of the White House by citizens from both North and South, and after face-to-face pleas from Roy Wilkins of the NAACP and William Kunstler of the American Civil Liberties Union, the Justice Department made two legal moves: 1) it entered a friend-of-the-court brief to support the Albany Movement's request that an injunction against further demonstrations be denied; and 2) it asked for an injunction (after a violation of voting rights in Terrell County so outrageous that usually calm reporters on the scene were upset) to prevent certain officials in southeast Georgia from interfering with registration activities.

The available administrative machinery for enforcing federal law should be outlined: the Department of Justice has the duty to enforce laws passed by Congress and provisions of the U.S. Constitution. In the Department there is a Civil Rights Division, headed by an Assistant Attorney General, which handles the bulk of the legal work of the Department dealing with civil rights cases. The Division depends for its information on another branch of the Justice Department, the Federal Bureau of Investigation, which has offices in cities all over the country. F.B.I. agents undertake investigations on orders from the Department, to determine if federal law has been violated. The F.B.I. can make arrests, usually on orders from the Department, sometimes on its own in situations of urgency. After investigation, in civil rights cases, it is up to the Civil Rights Division to decide whether prosecution should be initiated. If so, this is usually done through the United States Attorney in that judicial district, who prosecutes the case in federal District Court, after indictment by a grand jury or the filing of an information. Also upon the Department's advice or order, the U.S. Attorney may file civil suits (although this may be done by a Civil Rights Division lawyer from Washington) asking that the federal court issue injunctions forbidding certain parties to engage in specified practices which may deprive individuals of their rights under the Constitution. Attached to the federal district court are U.S. marshals, who serve subpoenas, give notice of injunctive action, and otherwise carry out the orders of the court or the Attorney General. From District Court, there is

HW 55241 DocId:32989659 Page 16

the right of appeal to the Court of Appeals, and then, in certain cases, to the United States Supreme Court.

The Department of Justice has on occasion defended its restraint in the Albany situation and in other crises by the following arguments, which deserve examination and reply:

1. Argument: Prosecutions in the Deep South stand little chance of succeeding, since juries are white and prejudiced.

   Reply: Even if acquittal results, prosecution may act as a deterrent. Right now, southern police officers, knowing the government's reluctance to prosecute, feel free to do as they wish with Negro citizens, and Albany has demonstrated this. If nothing else, a series of prosecutions would exert a powerful educational and moral force in a situation where Negroes feel deserted by the national government and southern whites are not clear where the government stands.

2. Argument: The Supreme Court decision in the *Screws* case of 1945 interpreted section 242 in such a way as to make convictions difficult, because of the need to show "intent" on the part of the accused, with "intent" interpreted very narrowly.

   Reply: The only way to get new interpretations of the law is to bring new cases before the courts.

3. Argument: The Department of Justice needs specific legislative authorization from Congress—as it has in the Civil Rights Acts of 1957 and 1960 regarding voting—to take injunctive action against local officials in other situations involving civil rights and civil liberties.

   Reply: In the *Debs* case of 1895 there was no specific legislative basis for an injunction; yet the Supreme Court ruled that the federal government could get one, saying: "Every government . . . has a right to apply to its own courts" in matters which the constitution has entrusted to the care of the national government. The Court said: "The entire strength of the nation may be used to enforce in any part of the land the full and free exercise of all national powers and the security of all rights entrusted by the Constitution to its care."

   The government may choose to interpret its own powers narrowly, or it may interpret

them broadly. The degree of its compassion may dictate the choice. When you combine the present reluctance of the Department of Justice with the unhesitant exercise of power by local police, the result is to blind the First and Fourteenth Amendments with the first flash of a police officer's badge.

Moreover, Albany has implications for American freedom beyond the question of equal rights for Negroes. Can American citizens, anywhere in the land, have freedom of speech and assembly in the face of a determined police force and an uncertain national government?

4. Argument: Our federal arrangement requires that the national government should interfere as little as possible with "local" situations.

Reply: It was precisely the purpose of the Fourteenth Amendment to take the enforcement of racial equality out of the hands of local governments, which had proved the most flagrant violators, and put ultimate authority in the hands of the national government. Local governments may do anything they want in the field of ordinary crime. They may punish people for disorderly conduct, for blocking sidewalks, for disobeying police officers. But the moment such offenses are applied to one race in a way that they are not applied to another, the Fourteenth Amendment is violated, and the federal government, with all the power at its command, has proper constitutional jurisdiction. To take the view that the arrests of Negro citizens, for reasons obviously connected with their race, are purely "local" matters, is to take a pre-Civil War view of the American federal system.

5. Argument: There is no need for federal interference so long as large-scale violence does not break out, so long as local police maintain order.

Reply: If the government's only requirement is the maintenance of "order," even without the existence of freedom, then we have moved close to the ideology of the totalitarian state.

Something needs to be said about the role of the Federal Bureau of Investigation, and then about the influence of the President of the United States.

NW 55241 DocId:32989659 Page 18

There is a considerable amount of distrust among Albany Negroes for local members of the Federal Bureau of Investigation. "They're a bunch of racists," a young Negro told me bitterly. Whether true or not, this is the feeling of many Negroes who have had contact with the F.B.I., and, even if distorted, it is a general reflection of the efficacy of the F.B.I.'s role in the area of civil rights. F.B.I. men appear to Albany Negroes as vaguely-interested observers of injustice, who diffidently write down complaints and do no more. With all the clear violations by local police of constitutional rights, with undisputed evidence of beatings by sheriffs and deputy sheriffs, the F.B.I. has not made a single arrest on behalf of Negro citizens. The one arrest made by the F.B.I. in connection with the Albany situation came in early September, and this when an F.B.I. man himself was attacked by a white man near the site of a burned church.

In its 1961 volume, *Justice*, the Commission on Civil Rights implied that the F.B.I. may be fundamentally incapable of enforcing the civil rights of American citizens. This is because of its natural attachments to local police on whom it is dependent for the solution of ordinary crimes, and because it is these same local police who are the most frequent violators of the rights of Negroes in the South. The Commission suggested the possibility of "a new administrative arrangement within the Department of Justice to ease the problem of F.B.I. agents having to investigate police officers with whom they work daily on other cases."

One solution might be the creation of a special corps of federal agents—similar to the T-men used by the Treasury Department—for the sole purpose of enforcing federally guaranteed constitutional rights in many parts of the country where they are consistently violated. Such agents need not be "outsiders," for there is a whole new generation of young Southerners—Negro and white—who are intelligent, courageous, capable, and genuinely concerned about civil rights, and from whom such agents could be selected. The F.B.I. is most effective as an agency for the solution of ordinary crimes, and perhaps it should stick to that.

As for the President of the United States, he could play, but so far has not played, a key role in crises such as Albany. The Commission on Civil Rights last year called for "the exertion of leadership by the President and others in the National Government. . . . These recommendations are based on the belief that the Presidency, and indeed the whole Federal establishment, is preeminently a place for moral leadership. The Commission has been impressed with the influence which those in responsible positions can exert on the civil rights climate of the Nation. By using the instruments for education and persuasion which are available to them they can stir the conscience of the country."

President Kennedy's first substantive public statement came after eight months of trouble in Albany when, responding to a question

NW 55241 DocId:32989659 Page 19

at his August 1, 1961, press conference, he called the situation "unsatisfactory," declared he could not understand why Albany city officials would not negotiate with Negroes, and said: "We are going to attempt as we have in the past to try to provide a satisfactory solution for the protection of the constitutional rights of the people of Albany, and we will continue to do so." The trouble with this latter statement was that "in the past" the national government had done extremely little, and if its future attempts were to be of the same magnitude, this was a puny promise indeed.

In another press conference on Thursday, September 14, 1962, again in response to a question, President Kennedy strongly denounced the burning of the Negro churches in Lee and Terrell Counties, calling the actions "cowardly as well as outrageous." This was commendable. But it also indicates the level of tolerance at which our national leaders—and perhaps most white Americans—operate. They will be aroused by open violence, particularly against places of worship (Governor Vandiver of Georgia, hardly a friend of the Albany Movement, offered a $250 reward for the apprehension of the arsonists). But they will not be made sufficiently indignant by mass jailings, by the deprivation of free speech and assembly, by beatings and intimidation, by the perpetuation of segregation. The nation as a whole—not only the President—needs to expand its capacity for outrage.

Only once in the Albany troubles did the national administration show a real burst of energy; that was when Martin Luther King, Jr. was jailed on July 10. The President asked for a report, the Attorney General got busy, the Assistant Attorney General in charge of civil rights made phone calls, and the next day King was out of jail. But there was no such deep concern for the hundreds of ordinary citizens in Albany who went to jail about the same time for basically the same reason. Special favors to distinguished individuals are too easy a substitute for genuine assistance to troubled groups. Jackie Robinson, who last summer received elaborate greetings from the President on the occasion of his election to the Baseball Hall of Fame, noted the Albany situation and wrote: "I'd rather have freedom than flowers."

The President's general silence, (except for the two instances noted above) and the feebleness with which the Justice Department has acted are often attributed to the practical realities of national politics, which require, it is said, that the President woo the support of Southerners in Congress for other laudable national goals. But there are some means so morally hurtful that they corrupt the ends. Besides, there is serious reason to doubt that the Administration gains substantial advantage from such tactics. The Senators from the state of Georgia had an opportunity, in 1961, to vote on 12 key issues important to the Administration: they both voted with the Administration in only two of the 12 instances, and these were farm bills that they probably would have supported in any event. In a

NW 55241 DocId:32989659 Page 20

third case, on the housing bill, Talmadge supported the President and Russell did not.

Finally, it can be argued that the President's concern for civil rights *and* his concern for political advantage are both demonstrated by his choice of federal judges, knowing clearly that those appointed in the South will have tremendous authority over the progress of race relations, and will have it for many years. Certain judicial appointments of this Administration have appalled Southern liberals.

The federal government, *if it wants to,* can take the following actions in Albany:

1. Begin immediate prosecution under Section 242 of local officials who have deprived Negroes of their constitutional rights in the Albany area. Such trials, since they involve misdemeanors, do not even require grand jury indictments, but may be initiated on the presentation of an information by the Department of Justice, and the Commission on Civil Rights has urged this procedure "in appropriate cases." The F.B.I. has in its hands piles of affidavits from Albany citizens—accumulated over a period of nine months—testifying to violations of federal law; but the Justice Department has not acted.

2. Station in the area a substantial number of federal agents to protect citizens from intimidation, beating, and false arrest. Such agents should not confine themselves to standing by and taking notes, which the F.B.I. has been doing on occasion in the Deep South in the midst of scenes of brutality, but should have the authority to make arrests on the spot.

3. Go into federal court and ask for injunctions to prevent local officials from a) enforcing segregation statutes, and b) interfering with peaceful assembly, picketing and speech. Violations of such injunctions would then be subject to judicial punishment without trial. Both such legal actions have been initiated by the Albany Movement, but they could have been started by the federal government last December, and should now be backed by it. The government, after prodding, did enter a friend-of-the-court brief in a defensive action against the city's attempt to make demonstrations punishable, but has not taken any steps to make peaceful assembly a positive right.

4. The President should address himself directly to the people of Albany, white and Negro, speaking forthrightly about racial discrimination, making it plain to Albany whites that they are entitled to express their views and hold their private beliefs, but that public law now entitles Negroes to equal use of all public facilities, and that the entire power of the federal government will stand behind this. The Southern Regional Council, in its report *The Federal Executive and Civil Rights,* said: "The South should be informed where the President stands. . . . The millions of Southerners, white and Negro, who want to break loose from enfeebling customs, would respond with gratitude to Presidential leadership."

NW 55241 DocId:32989659 Page 21

5. There is a procedure outlined in the U.S. Attorney's Manual, Title 10, Civil Rights Division, which says that where there is insufficient evidence for federal prosecution but "repetitive civil rights violations" exist, the U.S. Attorney may initiate a mediative conference "with responsible local officials." The manual says: "Situations in which such a conference may be useful include those involving enforced racial segregation and illegal police practices. . . ." It says further: "Such a conference should serve the purpose of putting the officials on notice regarding the applicable federal laws and giving them an opportunity to remedy the situation. . . ." It would be difficult indeed to think of a situation more badly in need of such a procedure than Albany this past year, but there is no indication that the Department of Justice has used it, choosing instead to rely on informal —and ineffectual—efforts at mediation.

6. The President should refuse to appoint segregationist federal judges. Judgeships left vacant are preferable to those filled for life by men who, on their public record, are opponents of racial equality.

7. The Commission on Civil Rights might well investigate the Albany situation and make appropriate recommendations. There are a hundred potential Albanys in the Deep South.

These proposed actions require boldness, imagination, vigorous initiative—precisely those qualities that were promised by Mr. Kennedy in his campaign for the Presidency. As yet, however, no New Frontiers have been carved out in the social wilderness which surrounds Albany. They will probably be established, as elsewhere in the Deep South, by determined Negroes and farsighted whites, compelled by court rulings and smoothed by compromises, but with that intermittent conflict, and suffering, which accompany progress. What the government can do is help ease the pain.

are demonstrating because of their own feeling that they have denied certain American rights which they seek. And it is not mmunist operation, although any demonstration may help in a he Communist cause. Demonstrations of any type help Com- t causes, whether it is by one group of citizens or by another. on't believe the members of this committee feel that there is any nunist conspiracy involved in the present demonstrations that been going on in the United States.

vernor BARNETT. Yes, sir.

ator THURMOND. Mr. Chairman, I would disagree with your nent there. I personally do feel that there is some Commu- onspiracy behind the movements going on in this country.

ator MONRONEY. The committee will be glad to have any wit- s. We would like witnesses, I think, from the FBI, and we would witnesses that you would care to present. But I do feel that we d be doing ourselves and the Nation a great disservice by try- o brush off or sweep this problem under the rug by saying that rotests, the disturbances, and demonstrations are a part of some piracy overseas and that there is no deep-seated, purely American ng that is involved in their creation.

nator THURMOND. Mr. Chairman, I would not say that there is deep feeling on the part of a great many people in these demon- ions. I feel there is. And I feel that a great many of these peo- who are demonstrating are sincere in their actions during these des, and so forth. But I still say that these parades, in my judg- , are inspired by the Communists, and I think it is part of the in- ational conspiracy of communism.

nator MONRONEY. Does the Senator have some witnesses he would to suggest, beyond those he has already called?

nator THURMOND. We expect to call some witnesses on various ects. I don't know whether I will call any on this. I have reason that I say.

overnor BARNETT. Senator, if I am not out of order——

nator MONRONEY. Not at all.

overnor BARNETT. May I request this honorable committee to ask ir Hoover if the people in this particular picture are Commu- s; if any of them—Martin Luther King is on the front row, along Berry, and others, and Williams—if any of them are Commu- s, and if so, what were they doing at Monteagle, Tenn. I would so much to have an answer from him.

nator MONRONEY. This committee would like to hear from J. ar Hoover on this and on the lifetime record of Martin Luther g or anybody else who is charged with being a Communist. This ry important to the committee, and we would like to have the full s of evidence and not one picture as a basis to make our final de- ation.

(The following letter was subsequently received for the record:)

OFFICE OF THE ATTORNEY GENERAL,
Washington, D.C., July 23, 1963.

WARREN G. MAGNUSON,
Senate,
Washington, D.C.

DEAR SENATOR: This is in response to your inquiry of the Federal Bureau of Investigation concerning the charges made at the hearings on S. 1732 that the

racial problems in this country, particularly in the South, were created or being exploited by the Communist Party.

Based on all available information from the FBI and other sources, we have no evidence that any of the top leaders of the major civil rights groups are Communists, or Communist controlled. This is true as to Dr. Martin Luther King, Jr., about whom particular accusations were made, as well as other leaders.

It is natural and inevitable that Communists have made efforts to infiltrate the civil rights groups and to exploit the current racial situation. In view of the real injustices that exist and the resentment against them, these efforts have been remarkably unsuccessful.

I hope that this provides the information you were seeking.

Sincerely,

ROBERT F. KENNEDY,
Attorney General.

Governor BARNETT. Senator, may I say this. Very few Mississippi Negroes have demonstrated. They bring them in by the truckloads from other sections. They bring them in from New York. We do know who they are.

The Negroes in Mississippi actually refuse to associate with them. But there are a few; they pick up a few. They picked up some in Greenwood, Miss., recently, and they talked to them for 2 or 3 days and then they get them in a frenzy. They pass the plate and they get the money, and then they are gone, leaving turmoil and strife in their path.

I think when we look into the situation carefully and find out that a large number of these very people who are demonstrating are not who are actually Communists.

I have records, gentlemen, I would be glad to send you, of the many convictions against people who have been brought to Greenwood, Miss., and who have testified. I mean who have demonstrated in the streets of Greenwood. Several—I will write you if that is suitable and give you the backgrounds of some who have demonstrated. You will see the type and the character of people who are the agitators coming to our State.

Our Negroes in Mississippi don't pay much attention to them. They didn't pay much attention to the "freedom riders."

Senator MONRONEY. We would be happy to receive any information you might give us.

Governor BARNETT. Yes, sir.

Senator MONRONEY. Senator Cotton, the ranking minority member.

Senator COTTON. Governor, I join in bidding you welcome to our committee. It is always a privilege to have a Governor of a great State appear before us, and the welcome would be yours anyway, but it is doubly so when you appear with our esteemed colleague, Senator Stennis.

There are two or three questions I must ask you, however. One point I would like cleared up, because I am a little confused by the evidence before our committee.

One page 7 of your statement you say that—

> control over individual action by operators of private business lies within the power of the State legislatures. Some States have passed legislation on the subject, some have not.

And then you go on to say, and I quote, in the middle of page 7:

> Mississippi has taken no action on this question. In our State the owner of each business is free to make his own decision as to whom he will serve.

satellite. If the Soviet troops left Cuba and if Cuba started moving towards a Titoist type situation, do you see the possibility of perhaps coexistence?

THE PRESIDENT. It is very difficult to base a future policy on presumptions which are not today realized. The fact of the matter is the Soviet troops are there. The fact of the matter is that Cuba does follow a satellite role, and that is what we consider unacceptable to us. I would hope that the situation some day would change.

[24.] Q. Mr. President, Governor Rockefeller and Senator Goldwater are sharply divided on what sort of an appeal the Republican Party should make to the South in 1964. Perhaps this question will be faced by you next year, and I wondered whether you plan to either repudiate or reject the support and the votes of segregationists in the South.

THE PRESIDENT. I think that the record of this administration on this matter of equal opportunity is so well known to everyone, North and South, that in 1964 there will be no difficulty in identifying the record of the Democratic administration, what it stands for. And my judgment is, based on history, that the Republican Party also will make a clear stand on this issue. I would be surprised if they didn't.

[25.] Q. Mr. President, in the last week the Governor of Alabama, the Governor of Mississippi, and the Attorney General of Arkansas have all testified before the Senate Commerce Committee insisting that the integration move was Communist-inspired. And this has led to some fears on the part of some Senators that we may be entering into a period of McCarthyism that will submerge this issue. Will you comment on it?

THE PRESIDENT. The fact of the matter is that the Communists attempt, and obviously, to worm their way into every movement, and particularly to worm their way into those movements where there is an obvious—where there is trouble. I would think that the relatively few remaining Communists in the United States, and they are very few, I would think that they would attempt to take advantage of whatever difficulties may arise in the United States. But I must say that we looked into this matter with a good deal of care.

We have no evidence that any of the leaders of the civil rights movements in the United States are Communists. We have no evidence that the demonstrations are Communist-inspired. There may be occasions when a Communist takes part in a demonstration. We can't prevent that. But I think it is a convenient scapegoat to suggest that all the difficulties are Communist and if the Communist movement would only disappear that we would end this.

The fact of the matter is, it is easy to blame it on the authorities in Washington, it is easy to blame it on the Attorney General or the President, and say, "If they would just stop talking about these things the problem would go away." The way to make the problem go away, in my opinion, is to provide for a redress of grievances.

Reporter: Thank you, Mr. President.

Robert Kennedy Denies Charges

By J. A. O'LEARY
Star Staff Writer

Attorney General Robert F. Kennedy told Congress today there is no evidence that any of the top leaders of civil rights groups "are Communists, or Communist-controlled."

In a letter to Senator Monroney, Democrat of Oklahoma, the Attorney General quoted inferences made to the Senate Commerce Committee by several Southern [illegible] Communist [illegible] involved in recent civil rights agitation.

Gov. Ross Barnett of Mississippi and Gov. George C. Wallace of Alabama asked the committee to look into the matter.

Gov. Barnett also handed the committee a handbill containing a large group photograph, which the Governor said came from the Georgia Commission of Education. He testified that it showed Dr. Martin Luther King, Jr., at a Communist training school.

Referred to FBI

Senator Monroney asked the FBI for a report. FBI Director J. Edgar Hoover, "in line with departmental policy," referred the letter to the Attorney General, who sent Senator Monroney the following reply:

"This is in response to your inquiry of the Federal Bureau of Investigation concerning the charges made at the hearings on S. 1732 (one of the civil rights bills) that the racial problems in this country, particularly in the South, were created or are being exploited by the Communist Party.

"Based on all available information from the FBI and other sources, we have no evidence that any of the top leaders of the major civil rights groups are Communist controlled. This is true as to Martin Luther King, Jr., about whom particular accusations were made, as well as other leaders.

RIGHTS.

Continued From Page A-1

them, these efforts have been remarkably unsuccessful.

"I hope this provides the information you were seeking."

Read by Monroney

The allegations previously had been denied by Dr King.

Senator Monroney read the letter at today's hearing after a delegation of religious leaders had given strong testimony in favor of removing racial barriers from all places of public accommodation.

As his letter was released, the Attorney General told the Senate Judiciary Committee that his mail from Southerners shows "the most distorted idea of what is going on here."

He said that in some Southern States people are told day after day that "the greatest danger to their individual liberties is the central Government and President Kennedy."

Mr Kennedy faced more questioning from Senator Ervin, Democrat of North Carolina, in his lengthy appearance before the Judiciary Committee.

Suggests Prosecution

Senator Ervin returned to his point that the Justice Department should start criminal prosecutions against voting officials who deprived Negroes of their rights rather than to go after new voting laws.

He said that he did not think the Attorney General should judge the outcome of criminal cases in the field of voting by the failure of a jury in Mississippi to convict [illegible] charged with participating in the shot at the voter [illegible]

The Attorney General said he was not questioning the integrity of jurors but wanted to emphasize that their thinking was conditioned by being told constantly of dangers to their liberties from Washington actions.

Chairman Eastland, defending the jurors in his home State of Mississippi, argued that conflicting testimony was given at Oxford.

Takes New Tack

Senator Ervin approached the argument from a different point.

"I don't think," he said, "that I would change the whole Constitution because of the illegal actions by Gov. Barnett and the unwise actions of the Governor of Alabama."

When the arguments turned to the public accommodations section of the bill, which would bar discrimination against Negroes trying to be served in restaurants and accommodated in hotels, Senator Keating, Republican of New York, pointed to an amendment he planned to introduce.

The amendment spelled from an 1866 statute barring discrimination by State laws based on the Fourteenth Amendment.

Senator Keating noted that the constitutionality of this law was upheld by the Supreme Court in 1883 when it knocked out other civil rights laws.

The Attorney General said the Keating amendment would be helpful.

As the session broke up, Senator Ervin expressed regret that his question was taken [illegible] Mr. Kennedy, referring to his previous service as counsel for the Senate Investigations Subcommittee, [illegible] "I enjoyed being with you for three years, and I enjoy being with you now."

"I have [illegible] years," quipped Senator Keating.

The religious delegation testifying before the Commerce Committee consisted of the Rev. John F. Cronin of the National Catholic Welfare Conference; Rabbi Irwin M. Blank of the Synagogue Council of America, and Dr. Eugene Carson Blake of the National Council of Churches.

The same clergymen testified before the House Judiciary Committee yesterday, and appeared again today before a Senate Labor Subcommittee in support of a fair employment practice bill.

Senator Thurmond, Democrat of South Carolina, who has cross-examined all other witnesses before the Commerce Committee, said he had no questions to ask the religious delegation.

Under questioning by other Senators, about whether there should be any exemptions for small establishments, Father Cronin said he thought that once a facility is opened to the public the Government has the right to regulate it without distinction as to size or nature.

Acting Committee Chairman Pastore asked Father Cronin, who acted as spokesman for the group, if he would exempt the widow who for economic reasons must rent two or three rooms in her home.

The witness replied that he would not. He added that in such a case the widow could be sure that all customers be welcomed and desirable, but that no distinction be made on color.

Plans were being made in the House, meanwhile, to bring Fair Employment Practices bill to the floor before the August 28 civil rights march here, the Associated Press reported.

Dear Mike:

It has been called to my attention that the FBI, at the request of former Deputy Attorney General William Ruckelshaus, prepared a series of studies of various aspects of FBI operations. The Committee requests delivery of these studies. If substantial excisions are necessary under our agreed procedures, please notify me at once so that staff access can be arranged prior to delivery.

With reference to my letter of September 16, 1975, relating to the Martin Luther King, Jr. matter, please advise me as to the status of your response.

The Committee has previously requested delivery of various current and past indexes and lists compiled by the FBI, including the ADEX, the "Rabble Rouser Index," and similar lists. This request is repeated with the understanding that certain of these lists may be non-retrievable and that certain names may be excised if they involve peculiarly sensitive foreign intelligence matters.

With reference to my letter of September 12, 1975, requesting delivery of materials pertaining to FBI and Justice Department emergency plans, please advise me as to the status of the request for the Attorney General's Portfolio (the FBI's copy has been supplied to the Department), instructions to U.S. Attorneys and U.S. Marshals, and Presidential Emergency Action Document No. 6.

Thomas Martin in the Civil Division of the Department telephonically advised on 9/26/75 that he had been designated to coordinate the arrangements for legal representation for current and former Bureau personnel. He stated he had retained former Special Agent Marcus A. Hollabaugh to represent W. Donald Stewart in his interview by the Senate Select Committee at 10 a.m. on 9/29/75. Martin indicated he had done this because of the immediacy of the problem confronting Stewart in his interview concerning mail openings. It was apparent that the consideration in this instance to hire private counsel was dictated by the topic of Stewart's interview i.e. mail openings which is under review by the Department to determine if criminal conduct exists.

Martin indicated in the future the retention of outside or private counsel will be done through consultation with the Bureau. He asked that the Bureau make the necessary arrangements to grant clearance for Hollabaugh to receive whatever information might be necessary for him to effectively represent Stewart's interests in this matter. Legal Counsel Division in conjunction with the Special Investigative Division has made the necessary arrangements.

DO NOT FILE

SUBJECT: "BLACK BAG" JOBS

~~Mr. DeLoach~~
~~Mr. Sullivan~~

The following is set forth in regard to your request concerning what authority we have for "black bag" jobs and for the background of our policy and procedures in such matters.

We do not obtain authorization for "black bag" jobs from outside the Bureau. Such a technique involves trespass and is clearly illegal; therefore, it would be impossible to obtain any legal sanction for it. Despite this, "black bag" jobs have been used because they represent an invaluable technique in combating subversive activities of a clandestine nature aimed directly at undermining and destroying our nation.

The present procedure followed in the use of this technique calls for the Special Agent in Charge of a field office to make his request for the use of the technique to the appropriate Assistant Director. The Special Agent in Charge must completely justify the need for the use of the technique and at the same time assure that it can be safely used without any danger or embarrassment to the Bureau. The facts are incorporated in a memorandum which, in accordance with the Director's instructions, is sent to Mr. Tolson or to the Director for approval. Subsequently this memorandum is filed in the Assistant Director's office under a "Do Not File" procedure.

In the field the Special Agent in Charge prepares an informal memorandum showing that he obtained Bureau authority and this memorandum is filed in his safe until the next inspection by Bureau Inspectors, at which time it is destroyed.

Our most comprehensive use of this technique and a measure of the outstanding success we have achieved with it involves its use in the [redacted] This involves our efforts to penetrate foreign diplomatic establishments

in this country to obtain cryptographic material primarily of value to the National Security Agency, but also of value to us through the intelligence information obtained. We have been operating this program for twelve years and to date the information obtained, as evaluated by the National Security Agency, has a total value of $13,365,500. Each year the evaluation of the value of the information obtained is included in our annual budget. In addition, the intelligence value of the information received has been beyond calculation.

We have used this technique on a highly selective basis, but with wide-range effectiveness, in our operations. We have several cases in the espionage field, for example, where through "black bag" jobs we determined that suspected illegal agents actually had concealed on their premises the equipment through which they carried out their clandestine operations.

Also through the use of this technique we have on numerous occasions been able to obtain material held highly secret and closely guarded by subversive groups and organizations which consisted of membership lists and mailing lists of these organizations.

This applies even to our investigation of the Ku Klux Klan. You may recall that recently through a "black bag" job we obtained the records in the possession of three high-ranking officials of a klan organization in Louisiana. These records gave us the complete membership and financial information concerning the klan's operation which we have been using most effectively to disrupt the organization and, in fact, to bring about its near disintegration

It was through information obtained through our "black bag" operations that [redacted]

I note that requests are still being made by Bureau officials for the use of "black bag" techniques. Included in this request, Part I, Number 6a through r, was a request for extensive material relating to the discontinued Counterintelligence Programs (Cointelpros) of this Bureau. Except as noted below, this material is being delivered with this memorandum.

Items 6b, c and d, of the above request relate to documents included in the FBI Cointelpro which targeted Soviet-Satellite intelligence. Because of the sensitivity of these documents and their foreign intelligence ramifications, they are not being delivered at this time; however, they are available for review by members of your staff in Room 4171, JEH Building.

Item 6f refers to an August 25, 1967, letter "described in Item e above," which sets up requirements for status letters to be periodically submitted and requests all such status letters. No letter of this date is described in Item e. A review of FBI files indicates the August 25, 1967, letter is captioned "Counterintelligence Program, Black Nationalist - Hate Groups, Internal Security." Copies of a memorandum dated February 29, 1968, and an airtel dated March 4, 1968, which set up the requirements for status letters in this Program, are included in material forwarded under Item 6a. Under this item it is also requested all status letters submitted in accordance with instructions in the August 25, 1967, letter be submitted. The status letters submitted under the "Counterintelligence Program, Black Nationalist - Hate Groups" Program are being furnished under Item 6j which requests all progress letters under that Program.

RE: INTERVIEW OF FORMER FBI
SPECIAL AGENT RICHARD D. COTTER

Set out below is information relating to an interview of former Special Agent (SA) Richard D. Cotter by SSC Staff Member Loch Johnson. Mr. Cotter served in the FBI from April 19, 1948, until his voluntary retirement on December 26, 1974. He was assigned to FBI Headquarters July 23, 1952, and at the time of his retirement, he held the position of FBI Security Coordinator.

Prior to the interview of Mr. Cotter, he was advised by an FBI representative that he had been released from any applicable employment agreement for the purpose of the SSC interview as it relates to the subject matter identified below. He was also advised he could properly decline to answer questions falling within one or more of the following privileged areas: information which could compromise a source; information which might divulge a sensitive investigative technique or method; information which might divulge what had been furnished the FBI by other Government agencies and/or foreign intelligence sources; and information which might adversely affect an ongoing investigation.

Mr. Cotter was interviewed by Mr. Johnson September 15, 1975, from approximately 10:00 a.m. to 12:00 noon, room number unrecalled, third floor, Senate Office Building, Washington, D. C. Mr. Cotter advised that at the time of the interview, he was not advised of his rights although, when telephonically contacted by Mr. Johnson to arrange a mutually suitable time for the interview, he was advised that he did not have to consent to the interview and that he could be accompanied by an individual of his choice.

U. S. Senate Select Committee

Re: Interview of Former FBI
Special Agent Richard D. Cotter

According to Mr. Cotter, practically the entire interview was devoted to his knowledge of the history and activities of the Interagency Committee on Intelligence (AD HOC), as well as the "Special Report" prepared by this Committee. Specific questions dealt with the formation of the Committee, identity of agencies represented on the Committee as well as names of individuals representing such agencies, number of meetings held, what transpired at the meetings and dissemination of reports prepared by this Committee. Mr. Cotter advised he responded to the above questions as completely and factually as his recollection would allow.

Mr. Cotter related that the interview appeared to be more of an informal briefing and he never felt jeopardized during the proceeding. He added that Mr. Johnson informed him that former Bureau officials William C. Sullivan and Donald E. Moore had previously been interviewed concerning this same subject matter. According to Mr. Cotter, Mr. Johnson appeared to have a very good picture of the operations and activities of the AD HOC Committee and at this period of time, was much more knowledgeable concerning the subject matter than Mr. Cotter himself.

Mr. Cotter stated the interview concluded with Mr. Johnson appearing satisfied with his responses and Mr. Cotter believes he furnished no information that was not already possessed by Mr. Johnson. He added that he received no indication from Mr. Johnson that the SSC would be desirous of recontacting him at a future date.

Re: Interview of Former FBI
Special Agent Richard D. Cotter

NOTE:

Mr. Cotter, on the afternoon of 9/15/75, telephonically contacted SA Thomas J. McNiff furnishing the above reported results of his interview by an SSC Staff Member. Mr. Cotter refused a suggestion that he might wish to prepare, himself, a record of the interview. When queried as to the [redacted] answers offered by him to the questions cited above, Cotter replied that his answers to Mr. Johnson were compatible with contents of a communication he prepared in 1973 for Mr. Buzhardt at The White House and it is contained in Bureau files. (Review of Bureau files indicates that Cotter is probably referring to a memorandum prepared by himself dated 5/18/73, captioned "Interagency Committee on Intelligence (AD HOC)", a copy of which has been furnished the SSC and is contained in Bureau file 62-116395-299X).

Reference is made to the SSC request dated August 20, 1975, and specifically Part VII, Item 16c, which requests certain materials relating to the investigation by the FBI of the late Martin Luther King, Jr.

Enclosed for your approval and forwarding to the SSC is the original of a memorandum with its enclosure in response to the above request. Also enclosed for your records is a copy of the memorandum with its enclosure.

As you will note from the memorandum, very unusual considerations are present in connection with the document being furnished to the SSC. We are therefore furnishing you two copies each of two versions of the document involved. One version has a number of excisions which are phrases based upon information the FBI received through electronic surveillances of King, a type of information which is covered in the last paragraph of the memorandum. The other version reveals the document in its entirety and has the questionable phrases underlined in red.

REC-102

We are leaving it to the Department for judgment as to which version of the document should accompany the memorandum being furnished to the SSC. Should the Department furnish to the SSC the unexcised version, two copies of it, without red underlining, are also enclosed for your use. In the event the latter option is elected, the second page of the memorandum, which discusses excision procedures, should be detached prior to forwarding of the memorandum to the SSC.

RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

Reference is made to the SSC request dated August 20, 1975, for materials relating to Martin Luther King, Jr., and specifically to Part VII, Item 16c, which requested:

> All memoranda and any other materials (excluding tapes or transcripts) which related to the mailing of any tapes which resulted from electronic surveillance of King and/or any other materials to King, Mrs. King, and/or the Southern Christian Leadership Conference.

There is no information in the official FBI files which would be responsive to this request. It should be noted that this reply excludes information in FBI files developed as a result of the current SSC inquiry into this matter. We have specific reference to such information as that furnished by former FBI Special Agent Lish Whitson to the SSC.

The following information, although not from official FBI files, should be helpful to the SSC in its inquiry into this matter.

At the time that former FBI Assistant to the Director William C. Sullivan retired, he left behind in his office certain papers which were not official FBI records. One of these papers (an original typing), a Xerox of which is attached, would appear to be pertinent to this inquiry.

In accordance with established procedures, there have been excised from the attachment certain excerpts which summarize or quote from conversations monitored during electronic surveillances of King.

NOTE:

The attachment to the LHM, paper found in Sullivan's office, suggests from its content that a facsimile of that paper may have been used in the mailing to the King family a tape resulting from microphone surveillance of King. A copy of the paper in question is being filed with the yellow of the LHM. The Whitson matter referred to concerns information Whitson had given us concerning the results of an interview of him by the SSC Staff when he told them he had mailed a package to the King family on behalf of Sullivan and there is a strong possibility that package contained a tape.

Reference is made to the letter from the Chairman of the SSC to the Attorney General (AG) dated August 28, 1975, requesting delivery of previously requested FBI materials pertaining to Martin Luther King, Jr. Reference is also made to prior FBI communications which have, on a continuing basis, effected delivery to the SSC of materials concerning King and responsive to SSC requests dated July 8 and 14, 1975.

The purpose of this memorandum is to effect delivery to the SSC of information and materials relating to an SSC request dated August 20, 1975, Part VII, Items 1 through 8.

Materials relating to Items 1, 2 and 8 are being delivered with this memorandum. Items 3, 4, 5, 6, and 7 refer to material being delivered pertaining to Item 1.

In response to Item 1, there are being delivered copies of documents contained in the "OC" file labeled "Martin Luther King," designated as file #100 by the Inspection Division of the FBI. It is noted that in order to show routing block and not to obscure dates, two copies of the AG note dated December 10, 1965, and FBI Director's letter to the AG dated June 10, 1969, page 1, are enclosed.

In response to Item 3, a review of the "OC" file revealed that the AG note to Mr. Hoover, December 10, 1965, originally had no documents or materials attached to it. The note is a piece of paper approximately 8¾" by 5¾" in size, stapled to a plain sheet of paper, approximately 10½" by 8" in size. This was done to facilitate filing of the smaller item.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

Regarding Item 4, names of FBI personnel appearing in the lower left-hand corner of the AG note dated December 10, 1965, cannot be furnished positively. However, the names "Phillips" and "Bates" probably referred to:

Seymor Fred Phillips, currently assigned to the Intelligence Division, FBI Headquarters, Washington, D. C.; and

Richard F. Bates, Special Agent in Charge, Boston Field Office.

With respect to Items 5 and 6, the FBI employee who entered the name "Martin Luther King, Jr.," on the December 10, 1965, note was F. Madeline Wilkerson, retired file assistant. Efforts were unproductive to identify the FBI employee who entered the names "Martin Luther King,Jr.," and "Nicholas deB. Katzenbach" on the July 22, 1969, note to Miss Gandy. On both documents these names were hand printed by clerical employees called file assistants to indicate subject of the file and to determine cross indexing needed.

Regarding Item 7, we are unable to determine the circumstances surrounding the Xeroxing of three copies of the December 10, 1965, memorandum to Mr. Hoover. We are likewise unable to determine whose initials appear below the questioned Xeroxing notation.

With respect to the excisions in materials being delivered herewith, where no notation appears as to reason for excision, the excision was made for the reason that the information actually summarizes or quotes from conversations monitored during electronic surveillances of King. In some cases, it can be ascertained precisely what information in FBI files came from electronic surveillances of Dr. King;

NW 55241 DocId:32989659 Page 78

however, there exist areas where documentation of the information is not precise and no accurate determination can be made. Therefore, no assurances can be given that portions of the material being furnished do not contain information developed as a result of electronic surveillances of King.

The remaining materials in the SSC request relating to King are receiving continuous attention and the results will be furnished on a periodic basis as soon as possible.

8. and 9. Information concerning the identities of current and former FBI employees requested has been collected and is being furnished by separate communication.

10. This information relates to Dr. Martin Luther King, Jr., and is being processed as indicated under Item 7 above.

Part II - 1. Material was requested pertaining to FBI activity with respect to seven investigations. Material has been collected concerning the following and is available for access at FBI Headquarters:

a. National Organization for Women;
b. August 26 Women's Strike for Equality;
e. New York Women's Liberation Center;
f. Women's Liberation Movement.

No main file or record of investigation was located concerning the following:

c. Philadelphia Organization for Women for Employment Rights;
d. October 23-October 25, 1970, women's meeting at Fellowship Hall, Limerick, Pennsylvania;
g. Women's Action Alliance.

2. This request is for access to Executive Conference abstracts which were missing from the abstracts already provided for access. It is noted that serial number 12964 of this list is contained in Number 5, Part I. No abstracts were located concerning the other serials in the list; however, a review of the file itself indicated that these serials represent Executive Conference memoranda which, according to administrative records regulations, were exempted from the abstracting process. The memoranda represented in the request have been duplicated and are available for review at FBI Headquarters. An exception to this is serial 12936 which was not located in file and is apparently nonexistent and represents a skip in serialization.

NW 55241 DocId:32989659 Page 88

3. No control file is maintained concerning the Special Services Staff of the Internal Revenue Service. As a consequence, copies of correspondence or records of contacts between the FBI and the Special Services Staff would be maintained only in the individual investigative file concerned. SAC letter 69-45, paragraph (C), dated August 26, 1969, deals with "Internal Revenue Service (IRS) - Investigations of New Left and Extremist Organizations and Individuals--." This is available for review at FBI Headquarters. For your further information, a report entitled "Investigation of the Special Services Staff," published June 5, 1975, by the Congressional Joint Committee on Internal Revenue, dealt specifically with this matter.

4. Material requested concerning Ron Karenga and Whitney Young has been compiled and is available for access at FBI Headquarters.

5. This material is not being made available at this time on instructions from the Department of Justice pending further inquiry into whether this material comes under the protection of a court order in pending litigation.

NOTE:

Referenced request from SSC was subject of conference held 9/9/75 among Bureau, Department and SSC representatives. As a result, certain priorities were set for pending request. Comprehensive review of status of request in this LHM reflects these priorities.

Honorable Frank Church, Chairman
United States Senate Select Committee
on Intelligence Activities
Washington, D. C. 20510

Dear Senator Church:

This is in reference to your letter to the Attorney General dated August 14, 1975, in which you pointed out the appearance of a possible conflict of interest in connection with an FBI agent currently assigned to monitor interviews and handle Committee requests for information concerning Bureau activities with regard to the late Dr. Martin Luther King, Jr.

I have considered this matter carefully and agree that the possible appearance of a conflict of interest is not in the best interests of the Department, the Bureau or the Committee. Therefore, I have asked that appropriate action be taken to eliminate even the appearance of a conflict of interest.

I appreciate your calling this delicate matter to my attention and look forward to continued cooperation with your Committee.

Sincerely,

On 9/11/75, Walter Ricks, Senate Select Staff Member, requested that he be briefed concerning the Bureau's relationship with the Internal Revenue Service (IRS), Special Services Staff, which was previously, according to Ricks, known as the Activists Organization Group. Ricks in particular indicated he was interested in knowing the criteria for dissemination to IRS in the intelligence field and the type of information received from IRS. Ricks requested that, if possible, the briefing be arranged for Monday, 9/15/75.

Ricks has been given access to IRS material in the possession of the Bureau. He has also reviewed in depth material at IRS Headquarters.

John Elliff, Task Force Director of the Senate Select Committee, has indicated that their inquiry into the IRS intelligence operation is considered a high priority item by the Committee and that requests in this area should be, if possible, expeditiously handled. In view of this, if possible, we should arrange a briefing for Ricks for 9/15/75.

RECOMMENDATION:

That the Intelligence Division expeditiously arrange a briefing concerning our relations with IRS in line with the above.

DATE: 9/10/75

FROM : Mr. W. A. Branigan

SUBJECT: INCOMMUNICADO INTERROGATIONS

Memorandum from Mr. Cregar to Mr. Wannall bearing this caption dated August 28, 1975, approved a briefing and granting access to Senate Select Committee personnel relative to incommunicado interviews conducted in the "Karot," "Hecklar," "Gunson" and "Gleme" cases. (S)

This briefing was given on September 9, 1975, to Mr. Loch Johnson and Mr. James Dick of the Senate Select Committee. At the outset of the briefing, they were advised that the Department of Justice is conducting an investigation to determine whether any criminal culpability is involved regarding surreptitious entries conducted by the Bureau in the past. They were also advised that the Bureau is granting them access to certain selected material obtained from the official files of the Bureau. They requested that the material in question be held for them, and they would make arrangements to review this material at a later date.

During the initial portion of the briefing, I explained to them the nature of an "illegal" in Soviet espionage; the importance of an illegal, and the difficulty of his detection. Details of the Karot, Hecklar, Gunson, and Gleme cases were furnished. The Senate Select Committee personnel asked numerous questions which were answered to the best ability of my recollection. (S)

REC-102

Mr. Johnson was particularly anxious to know whether the CIA had knowledge of the existence of the illegals prior to their interrogation. At one point he stated that the lack of such knowledge could be a pressure point in relations between the FBI and the CIA. When asked to explain, Mr. Johnson advised it was obvious that the FBI was seeking the cooperation of the

illegals to remain in the United States whereas the CIA would want the illegals returned to the Soviet Union. I explained to Mr. Johnson that the illegal's mission by their Soviet service was directed to activities in the United States and their values to an American service in the Soviet Union would be considerably limited to the compartmentation of the Soviet service.

The Senate Select Committee personnel were extremely interested in the number of personnel and the composition of the interrogation teams. They inquired as to the pressures which were exerted during the interviews. They were assured that any pressures were of a psychological nature only and that these pressures were self-imposed by the nature of the illegal's assignment to the United States and the fact that he had been uncovered by the FBI and the further fact that the FBI could prove the false nature of his legend.

At one point during the briefing, Mr. Johnson inquired as to the Bureau's knowledge of CIA employees employing incommunicado interviews and he specifically referred to such an interview which was set forth in the Rockefeller Commission report. I advised Mr. Johnson that I had no knowledge of this interview.

In discussing the resettlement of the Karot informant, the Senate Select Committee personnel were advised of CIA's responsibility in this regard based on National Security Council Directive. Mr. Johnson raised a question as to the bona fides of defectors, and I advised him that this was not within the purview of the briefing of incommunicado interviews.

The Senate Select Committee specifically inquired whether Mr. Hoover had cut off incommunicado interviews in 1966. They were advised that this was not so. They also asked whether the Bureau might employ an incommunicado interview in the future. I advised them that if the circumstances were such that we were confronted with an illegal whose mission in the United States was unknown and who could disappear from FBI coverage with relative ease, we might favorably consider an incommunicado interview, with Attorney General approval, if this would be in the best interests of the country.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

Regarding Item 3c of the request, it is noted that Alton Wayne Roberts was never an informant of the FBI but he did cooperate by encouraging his brother, JFK Act 6 (4), to assist the FBI. JFK Act 6 (4) is currently a productive FBI informant as is Gordon Clark. In view of their current informant status and the confidential relationship currently in effect between this Bureau and these sources, information supplied by them is not being provided at this time as disclosure of such information could adversely affect ongoing investigations and jeopardize their cooperativeness and/or productivity. For your further information, a review of pertinent files fails to reflect that Gordon Clark furnished any information during the period May 1, 1968, to August 31, 1968. In view of the possible serious consequences both to the informants themselves and to ongoing FBI investigations, it is requested that the information concerning the current informant status of JFK Act 6 (4) and Gordon Clark be closely held.

With regard to Item 4m, it is noted that David Richard Sannes was never an FBI Headquarters-approved informant. He did furnish information to the Seattle FBI Office concerning "New Left" matters for a four-month period in 1970, for which he refused to accept compensation. The following is a summary of the information furnished to the Seattle Office on the dates indicated:

On April 18, 1970, Sannes telephoned notifying of the location of fugitive Charles Clark Marshall III.

On May 24 and 25, 1970, Sannes telephoned advising he had seen fugitive Michael Justesen at the University of Washington.

On May 26, 1970, Sannes appeared at the Office furnishing personal background information. He offered to provide information on the Seattle Liberation Front. He was provided an unlisted phone number to call and was told to use the name "T-Jay" when he called.

NW 55241 DocId:32989659 Page 110

On June 19, 1970, and July 14, 1970, negative telephone contacts were had with Sannes.

A Seattle memorandum dated October 9, 1970, advised that during July and August, 1970, numerous telephone contacts with Sannes produced nothing of value, and his file was closed due to lack of informant potential.

Concerning Item 7, the 1970 inspection report of the Intelligence Division has been processed and is available for review. The inspection reports for 1972 through 1975 are being processed and will be made available as soon as possible for review.

SUBJECT: U.S. SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC); INTERVIEW OF FORMER ASSISTANT DIRECTOR AL BELMONT

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10-27-80 BY SP3 ALW/RW

On the morning of 9/2/75, Mr. AL BELMONT, former Assistant to the Director of FBI, called SAC, San Francisco. He said that early last week Mr. MIKE EPSTEIN from the Staff of the Church Committee called him and said he wanted to come to California and talk with Mr. BELMONT on Saturday, 8/30/75. Mr. BELMONT said that EPSTEIN appeared and talked to him for about 30 minutes. His main topic of discussion was the MARTIN LUTHER KING case. EPSTEIN told BELMONT that he was attempting to tie the FBI investigation of the KING case into the "March on Washington." BELMONT told him that the FBI's investigation had nothing to do with the March on Washington. He further told EPSTEIN that the KING case was open because of information of definite efforts by the Communist Party to influence KING.

EPSTEIN referred to some monograph and then to some memorandum with BELMONT's initials on it concerning the KING case and BELMONT told him he had no personal knowledge of that. Mr. BELMONT stated he merely wanted to make this known to the Bureau.

REC-102

For the Bureau's information, Mr. BELMONT's physical condition has deteriorated in the past few months and it is most difficult to understand his speech as the illness which he has has affected the control of most of his muscles.

SUBJECT: SENSTUDY 75

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 6-27-00 BY SP2ALM/RW

The purpose of this memorandum is to advise that Lester B. Seidell, staff member of the Senate Select Committee, has informed us that the Committee intends to interview former SA David E. Todd, SAC Charles W. Bates, and Assistant Director Robert E. Gebhardt, and to request that the aforementioned employees be released from existing employment and/or secrecy agreement for purposes of a staff interview.

On the evening of 5-29-75, Lester B. Seidell telephonically advised SA Paul V. Daly of this Division that in accordance with the "guidelines" existing between the Committee and the various intelligence agencies under review, he was giving notice that he as a representative of the Committee was going to San Francisco in approximately two to three weeks, and it was his intention to interview SAC Charles W. Bates, former SA David E. Todd, and former Assistant to the Director Alan H. Belmont. He also requested Assistant Director Gebhardt be made available for staff interview in Washington, D. C. He asked that the Bureau take the necessary steps to release the Agents from any existing employment or secrecy agreements. For the purposes of this interview, he stated he would inquire of each of the interviewees as to their knowledge and participation in counter-intelligence activities directed against the Black Panther Party. With regards to this discussion, he specifically mentioned a Bureau airtel to San Francisco dated 5-11-70, titled "Counterintelligence and Special Operations (Research Section)." He stated this document was one of the documents released by the court in the suit by newscaster Carl Stern. He was asked as to whether he could define more precisely the areas to be covered in the interviews and stated he could not inasmuch as he did not know the various aspects of the counterintelligence program against the Black Panther Party in the San Francisco area. Additionally, he advised he was making a request for documents,

in writing, which would coincide with the aforementioned topic of interview. He described these interviews as being "abuse" interviews which according to the Committee's understanding precludes the presence of an agency representative during interview. However, an Agent may be available for consultation purposes.

Mr. Seidell was advised by SA Daly that former Assistant to the Director Belmont was in poor health and that before attempting interview of Mr. Belmont, he should ascertain his current physical condition. Mr. Seidell requested SA Daly determine Mr. Belmont's physical condition. Assistant Director Cleveland advised SA Daly on 5-30-75 that Mr. Belmont was very seriously ill and was suffering from the Shy Drager Syndrome. This information was brought to the attention of John Elliff, Task Force Director on Domestic Intelligence Activities of captioned Committee, and Elliff expressed dismay that Seidell had made an inquiry concerning the interview of Belmont. Elliff requested that we not take any action concerning Seidell's request as to Belmont at this time.

Former SA David E. Todd had previously contacted this Division and as set forth in memorandum dated 5-16-75 from Legal Counsel to J. B. Adams, he was advised of his rights, the existence of an employment secrecy agreement signed by him, of the provisions of Attorney General Order 501-73, and to his right to a private attorney. He was also advised that an Agent would be made available for consultation during the interview if he so desired. Mr. Todd did not indicate at this point whether he was desirous of having a Bureau representative available for consultation during interview. Todd, according to Seidell, stated he would not consider to be interviewed in the absence of a release of a secrecy agreement by the Bureau.

RECOMMENDATIONS:

(1) That former SA David E. Todd, Assistant Director Robert E. Gebhardt, and SAC Charles W. Bates be released from their employment and secrecy agreements for purposes of a staff interview concerning our Cointelpro activities against the Black Panther Party.

Reference is made to the memorandum dated August 13, 1975, from Mr. Douglas R. Marvin, Counselor to the Attorney General, to Mr. W. Raymond Wannall, of this Bureau, captioned, "Senate Select Committee Request for Information on Warrantless Electronic Surveillances," which enclosed an SSC request dated July 7, 1975, and to my memorandum, captioned as above, dated August 25, 1975.

Enclosed is the original of a memorandum containing a response to question #24. The enclosed memorandum does not contain the identity of the requesting Presidential appointee within the specific agency nor the number of surveillances requested by that individual. This data is asked for in question #24. To give a clear response would require an explanation involving the fact that the Presidential appointee criteria did not become applicable until the recent Presidential Directive. Since the Directive is the subject of the SSC request question #23b, the response to which the Department has reserved for itself, our response has only identified the requesting agencies and the number of requests.

Senate Select Committee on Intelligence Activities (SSC)

Re: Request Pertaining to Warrantless
Electronic Surveillances for
National Security Purposes

Question #24b asked: "What have been the identities of the agencies and the Presidential appointees who have initiated requests for such surveillance for each year from 1966 to the present?"

With respect to this question, all surveillances noted in #24a above were initiated upon a request from the National Security Agency (NSA) except one which originated with the FBI. In the past all NSA requests were made by the head of NSA or a responsible official thereof. Currently all NSA recommendations, whether initial requests or continuations for surveillances, are originated by General Lew Allen, Director, NSA, and are considered by senior representatives of the Departments of State and Defense and the Director of Central Intelligence (DCI). The requests to be recommended are then submitted over the signature of Mr. William Colby, DCI, with the written concurrence of Dr. Henry Kissinger, Assistant to the President for National Security Affairs. Both the DCI and the Assistant to the President for National Security Affairs indicate that the requests are necessary for the conduct of foreign affairs matters which are important to the national security of the United States. Based on the above recommendations, the Director of the FBI then recommends Attorney General approval of the surveillances.

The chart which follows pertains to the questions #24c through f, which are:

c. "How many such requests have been initiated by each agency and each Presidential appointee for each year from 1966 to the present?"

d. "How many of such requests initiated by each agency and each Presidential appointee have been approved by the Attorney General for each year from 1966 to the present?"

Senate Select Committee on Intelligence Activities (SSC)

Re: Request Pertaining to Warrantless Electronic Surveillances for National Security Purposes

e. "How many requests have been made by each agency and each Presidential appointee for the continuation of such previously approved surveillance for each year from 1966 to the present?"

f. "How many of the requests made by each agency and each Presidential appointee for the continuation of such previously approved surveillance have been approved by the Attorney General for each year from 1966 to the present?"

Re: Request Pertaining to Warrantless
Electronic Surveillances for
National Security Purposes

The statistics for each year represent the number of surveillance operations directed at encoded non-conversational communication systems of a particular subject. Regarding the statistics in columns e. and f. it should be noted that one surveillance operation could generate more than one continuance request in one year. Also, several of the surveillance operations noted above involved plaintext non-conversational as contrasted to encoded non-conversational communications.

Question #24g asked: "For each year from 1966 to the present, how many such surveillances have been instituted in (1) the United States; (2) North America, other than the United States; (3) South America; (4) Western Europe; (5) Eastern Europe; (6) Africa; (7) the Middle East; (8) Southeast Asia; (9) the rest of Asia?"

With respect to this question, all surveillance operations noted above have been instituted within the United States.

Re: Request Pertaining to Warrantless
Electronic Surveillances for
National Security Purposes

NOTE CONTINUED:

The reference to "Presidential appointee" quoted in Question #24 is from the Attorney General's 6/24/75 letter to Senator Kennedy and ultimately from the President's 12/19/74 memorandum to the Attorney General. The SSC question attempts to measure by standard established on 12/19/74 activities which occurred in 1966. Since a listing by Presidential appointees would not account for all requests made it would require an explanation that the Presidential appointee criteria came into effect as a result of the Presidential Directive of 12/19/74. The directive is the subject of a separate question which the Department has reserved to itself for a response. No comment is therefore being directed to Presidential appointees or the directive. In view of this the response given here is appropriate.

This question pertains only to electronic surveillance of non-conversational communications. The statistics furnished were obtained by review of all Telex and EPCE requests conveyed by the Bureau to the Attorney General. These statistics do not include two 1975 surveillances of closed circuit television (CCTV) requested by FBI and approved.

Classified "Top Secret" since it contains information from the Presidential Directive, dated 12/19/74, which is so classified.

Re: United States Senate Select Committee

With Respect to Intelligence Activities (SSC)

Documents submitted by IRS with respect to requests for income tax information were filed in the substantive case file at FBI Headquarters. Copies of these communications were forwarded to interested FBI field offices by letter or routing slip. Where a routing slip was used, no copy of such was retained in the file; however, a notation was placed in the file that copies of IRS communications had been so forwarded. Inasmuch as IRS was the originating agency for income tax information furnished the FBI concerning the above-named individuals and/or organizations, any SSC request for copies of such information so supplied should be directed to IRS.

Set forth below is the identity of FBI personnel who would have had firsthand knowledge of the reason for a request for income tax information from IRS concerning the above-named individuals and/or organizations:

Re: United States Senate Select Committee

NOTE:

Review of matters pertaining to Mohammed, Dunham, Biafra Relief Services Foundation, Cobb, and Cox were handled by SA Robert Shea, IS-1 Section. Matters pertaining to Marcuse, IPS, Raskin, Barnet, and U. S. Students Press Association were handled and reviewed by SA George Lex, IS-2 Section.

Numerous references were located in Bureau files pertaining to Dowd, Beacon Press, and Cambridge Institute Center for Community Development; however, a review of these references did not reveal a request for income tax information. SA B. C. Rachner, CI-4 Section, was contacted regarding Dowd, Beacon Press, and Cambridge Institute Center for Community Development inasmuch as he currently maintains liaison with IRS. Mr. Rachner indicated a review of information available to him regarding past requests for income tax information failed to indicate such information had been requested in these three instances. During conversation between Mr. John T. Elliff, SSC Staff Member, and Messrs. W. O. Cregar and E. W. Larson, Jr., of the FBI on 9/10/75, it was agreed only documents pertaining to income tax information would be furnished the SSC staff and not the entire file concerning the above-named individuals and organizations as indicated in the SSC request.

SUBJECT: HERBERT C. MOHAMMED
RACIAL MATTERS - NATION OF ISLAM

This is to request income tax forms for the past three years concerning Herbert C. Mohammed, Public Relations Director of the black nationalist extremist Nation of Islam (NOI).

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10 27 00 BY

BACKGROUND:

Herbert C. Mohammed is the son of the national leader of the NOI, Elijah Muhammad. It is noted that father and son spell their last names differently. The NOI preaches hatred of the white race and advocates a separate nation for American Negroes. Herbert Mohammed is the logical successor to his father as leader of this extremist group.

Herbert Mohammed is involved in several NOI businesses and is the manager of former heavyweight boxing champion Cassius Clay. Herbert Mohammed has been described as money crazy and one who will do anything for money. A review of his income tax returns might indicate he is vulnerable in this area.

If Herbert Mohammed could be removed as successor to the leadership of the NOI, it would place our top level NOI informants in a better position to neutralize this extremist cult. The Chicago Division, where the NOI is headquartered, recommends we develop long-range counterintelligence measures to neutralize Herbert Mohammed. A first step would be to review his tax returns.

RECOMMENDATION:

Attached are original and one copy of a blind memorandum for the Liaison Section to use in requesting Internal Revenue Service to furnish us copies of Herbert Mohammed's Federal income tax returns.

In accordance with a request made by Springfield, this recommends that uncertified copies of Dunham's income tax returns for the past three years be obtained from Internal Revenue Service.

Charles Koen, former head of the Black Liberators, a black extremist group in St. Louis, Missouri, which patterns its activities after those of the Black Panther Party, has described Dunham as being very important to him because she handles "international contacts." Dunham has a history of Communist Party (CP) and CP front group affiliation, is closely associated with black extremists and is possibly Charles Koen's financial angel. Dunham, a Negro dancer and choreographer, is director of the Performing Arts Center, Southern Illinois University, East St. Louis, Illinois. She owns property in Haiti.

In connection with our investigation to develop information concerning the sources of funds of black extremists a review of the subject's Federal income tax returns is pertinent. In addition, there is a possibility that this check may disclose a violation of Internal Revenue laws which could result in action against the subject.

RECOMMENDATION:

If approved this memorandum should be referred to the Liaison Section to make the necessary contact with the Internal Revenue Service.

Recommend we determine from Internal Revenue Service (IRS) tax exempt status of captioned organization and obtain statements and forms filed concerning the organization from IRS records. If tax exempt status nonexistent recommended we obtain uncertified copies of 1968 tax returns (organization incorporated 2/68).

Department by letter 4/18/69 requested Registration Act investigation of captioned organization located in New York City. Request based on television short shown in 3/69 which requested funds for starving children of Biafra. Allegedly the organization has tax exempt status with IRS. The organization was incorporated in New York State in 2/68 as a charitable organization with operations limited to U.S. and Biafra. Its purpose is to extend aid to refugees and war victims in Biafra.

Records relating to tax exempt status, if any, could assist in determining existence of foreign principal or control. If not, income tax returns may indicate source of financing and foreign control which would be of assistance in Registration Act investigation.

ACTION:

It is recommended attached memorandum be furnished to IRS through liaison.

RE: BIAFRA RELIEF SERVICES FOUNDATION

In connection with an official investigation, we are interested in determining whether captioned organization has been granted a tax exempt status. This organization was incorporated in the State of New York on February 21, 1968. Its purpose, according to the records of the New York Department of State, Division of Corporations, Albany, New York, is to voluntarily extend aid to refugees and war victims in the territory of Biafra, Africa, as a charitable organization. Its places of operations are limited to the United States and Biafra.

It would be appreciated if copies of statements and forms filed by captioned organization relating to its tax exempt status, if any, be made available to this Bureau. If the organization does not have a tax exempt status, it is requested uncertified copies of the organization's 1968 income tax returns be made available.

PURPOSE:

To recommend that we send attached memorandum to Internal Revenue Service requesting income tax returns on IPS and on Marcus Goodman Raskin and Richard Jackson Barnet, codirectors of IPS, for years 1963 (when IPS was founded) through 1969.

BACKGROUND:

IPS has been characterized as the "Think Factory" of the New Left which helps train extremists who incite violence and whose educational research serves as a cover for intrigue and political agitation. It is a nonprofit, nontaxable organization which studies Government policies and offers alternative policies. It exerts considerable influence through contacts with educators, Congress and labor. Raskin and Barnet are two key leaders in IPS. IPS receives its funds from private foundations. In view of their New Left activity, additional investigation is warranted to determine the sources of income and assets of IPS, Raskin and Barnet. If you approve, attached memorandum should be returned to the Domestic Intelligence Division so that these income tax returns can be obtained and reviewed.

RECOMMENDATION:

That attached memorandum be approved requesting income tax returns of IPS, Barnet and Raskin for 1963 through 1969.

A copy of this communication, together with enclosures, is being furnished Denver as information has been received, but not yet verified, that the College Press Service (CPS) will divorce itself from the USSPA and relocate in Denver, Colorado.

Of particular interest in the attached material is the item of contributors, gifts, grants, etc. in the amount of $63,794.40, appearing on page one, line seventeen of form 990-A. The schedule accompanying form 990-A identifying the contributors has been blanked out apparently by the IRS.

The Bureau may desire to contact IRS on a high level basis in an effort to establish the identity of the contributors to the USSPA.

Referenced airtel advised that Internal Revenue Service (IRS) information contained in the LHM was obtained by SA Eugene Brennan and that this information is available to the public. WFO indicated Bureau might desire to contact IRS in an effort to establish identity of contributers to the U. S. Student Press Association (USSPA) which information had been obliterated on a page of the IRS material.

Prior to taking any such action, Bureau desires to be advised of the identity of the source which made the IRS material available to SA Brennan.

In addition, several pages of copies of the LHM furnished by WFO were reproduced in such a manner that material was deleted from the top or sides of the pages. This is true regarding both IRS form 990-A and IRS form 1023. Review LHM in detail and furnish revised pages where necessary with all information showing, and none cut off through duplication.

PURPOSE:

To recommend that we send attached memorandum to Internal Revenue Service (IRS) requesting income tax returns on United States Student Press Association (USSPA) for years 1966 through 1970.

BACKGROUND:

The USSPA claims to operate a press service for college newspapers and other organizations; however, the news releases it prepares are similar to those prepared by New Left underground press services, and are subscribed to by underground newspaper publications throughout the country. These releases contain information which discredit the Government and authority, and follow the New Left movement in expression and content.

Records of the Public Information Division, Reference Section, IRS, Washington, D. C., were reviewed by a Special Agent of WFO who was not required to identify himself as records were available to public. These records indicated USSPA incorporated in Washington, D. C., in 1966 and applied for tax exemption with IRS stating it was organized for educational purposes. Records available also indicated that for the taxable year ending 8/31/69 USSPA had income from contributions and grants in excess of $63,000. In view of the New Left type activity engaged in by USSPA and White House interest in sources of New Left funds, additional investigation is warranted to determine sources of funds and assets of this organization and its activities. If you approve, attached memorandum should be returned to the Domestic Intelligence Division so that these income tax returns can be obtained and reviewed.

ReBureau letter, 11/8/71, with enclosures.

Enclosed for Denver are copies of referenced Bureau letter, together with enclosures which are self-explanatory, being furnished Denver since the College Press Service (CPS) is now located in that Division.

Perusal of the Bureau's letter and enclosed material reveals the Carnegie Foundation contributed $48,500 to the United States Student Press Association (USSPA) during the period ending 8/31/69, and the Ford Foundation contributed $2,000 to the USSPA during the period ending 8/31/70. From the information submitted, it would appear the USSPA and its subsidiary, the CPS, could not exist without these and other Foundation grants.

The Bureau may desire to consider discussing this matter, on a high level, with officials of one or all of the Foundations involved. Further, the Bureau may desire to submit to these officials press releases of the CPS which have been furnished to the Bureau by the WFO for the purpose of informing Foundation officials of the nature of the material which is disseminated for reproduction in a great number of college newspapers by the CPS.

This is to request income tax forms for the past three years concerning Herbert C. Mohammed, Public Relations Director of the black nationalist extremist Nation of Islam (NOI).

BACKGROUND:

Herbert C. Mohammed is the son of the national leader of the NOI, Elijah Muhammad. It is noted that father and son spell their last names differently. The NOI preaches hatred of the white race and advocates a separate nation for American Negroes. Herbert Mohammed is the logical successor to his father as leader of this extremist group.

Herbert Mohammed is involved in several NOI businesses and is the manager of former heavyweight boxing champion Cassius Clay. Herbert Mohammed has been described as money crazy and one who will do anything for money. A review of his income tax returns might indicate he is vulnerable in this area.

If Herbert Mohammed could be removed as successor to the leadership of the NOI, it would place our top level NOI informants in a better position to neutralize this extremist cult. The Chicago Division, where the NOI is headquartered, recommends we develop long-range counterintelligence measures to neutralize Herbert Mohammed. A first step would be to review his tax returns.

RECOMMENDATION:

Attached are original and one copy of a blind memorandum for the Liaison Section to use in requesting Internal Revenue Service to furnish us copies of Herbert Mohammed's Federal income tax returns.

In accordance with a request made by Springfield, this recommends that uncertified copies of Dunham's income tax returns for the past three years be obtained from Internal Revenue Service.

Charles Koen, former head of the Black Liberators, a black extremist group in St. Louis, Missouri, which patterns its activities after those of the Black Panther Party, has described Dunham as being very important to him because she handles "international contacts." Dunham has a history of Communist Party (CP) and CP front group affiliation, is closely associated with black extremists and is possibly Charles Koen's financial angel. Dunham, a Negro dancer and choreographer, is director of the Performing Arts Center, Southern Illinois University, East St. Louis, Illinois. She owns property in Haiti.

In connection with our investigation to develop information concerning the sources of funds of black extremists a review of the subject's Federal income tax returns is pertinent. In addition, there is a possibility that this check may disclose a violation of Internal Revenue laws which could result in action against the subject.

RECOMMENDATION:

If approved this memorandum should be referred to the Liaison Section to make the necessary contact with the Internal Revenue Service.

REGISTRATION ACT - BIAFRA

Recommend we determine from Internal Revenue Service (IRS) tax exempt status of captioned organization and obtain statements and forms filed concerning the organization from IRS records. If tax exempt status nonexistent recommended we obtain uncertified copies of 1968 tax returns (organization incorporated 2/68).

Department by letter 4/18/69 requested Registration Act investigation of captioned organization located in New York City. Request based on television short shown in 3/69 which requested funds for starving children of Biafra. Allegedly the organization has tax exempt status with IRS. The organization was incorporated in New York State in 2/68 as a charitable organization with operations limited to U.S. and Biafra. Its purpose is to extend aid to refugees and war victims in Biafra.

Records relating to tax exempt status, if any, could assist in determining existence of foreign principal or control. If not, income tax returns may indicate source of financing and foreign control which would be of assistance in Registration Act investigation.

To recommend we send attached memorandum to Internal Revenue Service requesting tax returns for Cox for the years 1966 through 1969.

BACKGROUND:

Cox, an admitted black revolutionary, is one of the original hate mongers who operated under the guise of the civil rights movement. He led "sit-in" at U.S. Attorney General's office in Washington in 1962; was a leader of the "March on Washington" in 1963; and as an official of black extremist Student National Coordinating Committee (SNCC) and close confidant of the notorious Stokely Carmichael, led several civil rights marches throughout the South in the 1960s. This subject coined the label "Black Panther" for SNCC's independent political party in Alabama in the 1960s.

Cox is a widely traveled individual, having visited Hanoi, North Vietnam, London, Canada, and Africa and attacking the American way of life. He presently resides Washington, D.C., (WDC) and is an official with the Drum and Spear Bookstore, WDC, which dispenses extremist-type literature, and is a teacher for the Center for Black Education in WDC, which is operated by black extremists reportedly to train black technicians who will work to liberate the African people.

As a Key Black Extremist (KBE), we need to develop all information of subject's financial sources including his listed property, stocks, bonds, assets, and all employments. If you approve, attached memorandum should be returned to Domestic Intelligence Division so that the income tax returns can be obtained and reviewed.

The purpose of this memorandum is to recommend the attached memorandum be furnished to Internal Revenue Service requesting income tax returns for Cox for the years 1970 through 1972.

Investigation of Cox is based on information which indicates he is engaged in activities which could involve violation of Title 18, U. S. Code, Sections 2383 (Rebellion or Insurrection), 2384 (Seditious Conspiracy), 2385 (Advocating Overthrow of the Government) and 956 and 958-962 (Neutrality Matters - including illegal exportation of war materials).

In the past Cox has associated with well-known black extremists such as Stokely Carmichael and H. Rap Brown. He is widely traveled having visited Hanoi, North Vietnam, and making frequent trips to Africa and the Caribbean. In Washington, D. C., Cox has been connected with the Center for Black Education, operated by black extremists reportedly to train technicians who will work to liberate the African people.

PURPOSE:

To recommend that we send attached memorandum to Internal Revenue Service requesting income tax returns on IPS and on Marcus Goodman Raskin and Richard Jackson Barnet, codirectors of IPS, for years 1963 (when IPS was founded) through 1969.

BACKGROUND:

IPS has been characterized as the "Think Factory" of the New Left which helps train extremists who incite violence and whose educational research serves as a cover for intrigue and political agitation. It is a nonprofit, nontaxable organization which studies Government policies and offers alternative policies. It exerts considerable influence through contacts with educators, Congress and labor. Raskin and Barnet are two key leaders in IPS. IPS receives its funds from private foundations. In view of their New Left activity, additional investigation is warranted to determine the sources of income and assets of IPS, Raskin and Barnet. If you approve, attached memorandum should be returned to the Domestic Intelligence Division so that these income tax returns can be obtained and reviewed.

RECOMMENDATION:

That attached memorandum be approved requesting income tax returns of IPS, Barnet and Raskin for 1963 through 1969.

PURPOSE:

To recommend that we send attached memorandum to Internal Revenue Service (IRS) requesting income tax returns on United States Student Press Association (USSPA) for years 1966 through 1970.

BACKGROUND:

The USSPA claims to operate a press service for college newspapers and other organizations; however, the news releases it prepares are similar to those prepared by New Left underground press services, and are subscribed to by underground newspaper publications throughout the country. These releases contain information which discredit the Government and authority, and follow the New Left movement in expression and content.

Records of the Public Information Division, Reference Section, IRS, Washington, D. C., were reviewed by a Special Agent of WFO who was not required to identify himself as records were available to public. These records indicated USSPA incorporated in Washington, D. C., in 1966 and applied for tax exemption with IRS stating it was organized for educational purposes. Records available also indicated that for the taxable year ending 8/31/69 USSPA had income from contributions and grants in excess of $63,000. In view of the New Left type activity engaged in by USSPA and White House interest in sources of New Left funds, additional investigation is warranted to determine sources of funds and assets of this organization and its activities. If you approve, attached memorandum should be returned to the Domestic Intelligence Division so that these income tax returns can be obtained and reviewed.

ReBureau letter, 11/8/71, with enclosures.

Enclosed for Denver are copies of referenced Bureau letter, together with enclosures which are self-explanatory, being furnished Denver since the College Press Service (CPS) is now located in that Division.

Perusal of the Bureau's letter and enclosed material reveals the Carnegie Foundation contributed $48,500 to the United States Student Press Association (USSPA) during the period ending 8/31/69, and the Ford Foundation contributed $2,000 to the USSPA during the period ending 8/31/70. From the information submitted, it would appear the USSPA and its subsidiary, the CPS, could not exist without these and other Foundation grants.

The Bureau may desire to consider discussing this matter, on a high level, with officials of one or all of the Foundations involved. Further, the Bureau may desire to submit to these officials press releases of the CPS which have been furnished to the Bureau by the WFO for the purpose of informing Foundation officials of the nature of the material which is disseminated for reproduction in a great number of college newspapers by the CPS.

ReWFO letter 11/12/71, which advised that the Bureau might desire to consider furnishing information to foundations which contribute to the U.S. Student Press Association (USSPA) regarding the nature of the press releases disseminated to college newspapers by captioned organizations. As you were advised in Bureau letter 11/8/71, information obtained from the Internal Revenue Service (IRS) is for lead purposes only and is not to be incorporated in any communications prepared for dissemination and will not be discussed with anyone outside the Bureau. Accordingly, the Bureau most certainly will not discuss this matter with anyone, particularly representatives of foundations which furnish funds to captioned organizations.

NOTE:

With appropriate authority, Department was requested to obtain information regarding captioned organizations from IRS. Upon receipt of same, it was furnished to WFO by letter with caution that information obtained was for lead purposes and was not to be incorporated in any communications prepared for dissemination. In referenced letter, WFO suggested Bureau might desire discussing grants received by subject organizations from foundations in view of the nature of the press releases put out by them and furnished to college newspapers. Restrictions placed upon material received preclude any such action which, in addition to these restrictions, would be an undesirable step to take in view of the sources of funds.

This letterhead memorandum is classified ~~"Secret"~~ because it contains information from NY 4092-S* and NY 694-S*. The first source has furnished information of a sensitive nature with respect to the race question in the NY area and the Communist infiltration thereof; the second furnished a concentration of information in the characterization of STANLEY LEVISON. It is deemed necessary that a secret classification be used.

With regard to the scheduled "Research Committee" meeting, the NYO will institute a physical surveillance on STANLEY LEVISON to assure coverage of him during that period.

A confidential source, who has furnished reliable information in the past, furnished information on January 13, 1965 indicating that Clarence Jones and Stanley Levison were in contact on that date. Jones instructed Levison to set aside the date of the 29th (January 29, 1965) on his calendar because a meeting of the "Research Committee" would be held in New York City on that date.

It is to be noted that in the past, the same source has advised that when Jones uses the term "Research Committee" it means a meeting of Martin Luther King, Jr., President of the Southern Christian Leadership Conference (SCLC) and his advisors in New York City.

In continuing their contact, Jones related that King was in Dorchester Center (Mc Intosh, Georgia), on that date (January 13, 1965) and planned to be in Selma, Alabama,

Clarence Jones is the General Counsel to the Gandhi Society for Human Rights, 15 East 40th Street, New York, New York.

A confidential source, who has furnished reliable information in the past, advised on February 26, 1957, that he identified a photograph of Clarence Jones as a person whom he knew during late 1953 or early 1954, to be a member of and in a position of leadership in the Labor Youth League.

The Labor Youth League has been designated pursuant to Executive Order 10450.

A confidential source, who has furnished reliable information in the past, advised in April, 1964, that Stanley Levison was a secret member of the Communist Party, United States of America (CPUSA) in July, 1963. In late 1963 and early 1964, he criticized the Communist Party for not being sufficiently militant in the civil rights struggle. Levison was described by certain Communist Party leaders as being to the "left" of the Communist Party in his position on civil rights. His differences with the CP, however, are merely tactical and he continues his ideological adherence to Communism.

Confidential Source Number 1 stated on January 14, 1965, that ANDREW YOUNG (Executive Director of Southern Christian Leadership Conference, SCLC) on that date advised that MARTIN LUTHER KING, JR., President of SCLC, could not meet with HARRY WACHTEL and BAYARD RUSTIN in Philadelphia, Pennsylvania, on January 20 and 21, 1965, as they had planned. YOUNG stated that KING has other engagements and will not be able to keep a luncheon date on January 28, 1965, with a "New York Times" representative.

Source 1 also stated on January 14, 1965, that KING indicated that he could meet with WACHTEL and RUSTIN at their regular "Research Committee" meeting on January 28, 1965. KING stated that if they wanted a private meeting on January 29, 1965, he would meet with them and postpone the "Research Committee" meeting until the following Monday.

Source 1 has previously reported that the "Research Committee" of SCLC is a group of advisers in New York, including WACHTEL and RUSTIN. This committee advises KING on most of his major decisions in the operation of SCLC.

Source 1 further advised on January 14, 1965, that KING and CLARENCE JONES on that date discussed KING and SCLC receiving $5,000 from (FNU) REYNOLDS (a white female). KING told JONES that "they" would have dinner with Mrs. REYNOLDS and get the matter concerning a printing press over to her. Source 1 said it was indicated that Mrs. REYNOLDS had proposed to give $5,000 to SCLC each year. KING told JONES that he would see him in New York but did not specify the date.

Source 1 has previously reported that CLARENCE JONES is also a member of the above mentioned Research Committee.

As recipient offices are aware, the Bureau is very much desirous of obtaining as much factual information as possible concerning the relationship between Martin Luther King, Jr., and Stanley David Levison. These individuals have occasionally had personal meetings and discreet coverage has obtained desirable intelligence. Attention is invited to the most recent Bureau communication relating to this specific matter, Buairtel 12/10/64.

Buairtel 1/14/65, copies to Atlanta, forwarded a letterhead memorandum of same date which reported a contact between Clarence Jones and Stanley Levison on 1/13/65. Jones instructed Levison to set aside the date of the 20th (presumably 1/20/65) on his calendar because a meeting of King's advisors would be held in New York City on that date. Recipient offices should be extremely alert to all information obtainable from sources available relative to the forthcoming meeting of King and his advisors. New York should commence making plans for most discreet coverage of principals involved so that in the event Levison does meet with King, the desired intelligence will be forthcoming. Of course, no action should be taken which could cause embarrassment to the Bureau or in any way alert unauthorized individuals of the Bureau interest.

Keep the Bureau promptly advised of all pertinent developments.

ReATairtel 1/18/65, copies to New York, which enclosed a letterhead memorandum of same date. The letterhead memorandum (LHM) reported that subject King plans to meet with his group of advisors in New York City 1/28/65; possibly also on 1/29/65 (Friday), and also possibly the following Monday (2/ 1/65).

Bulet 1/21/65 to New York and Atlanta pointed out the necessity for coverage of the forthcoming meeting of King and his advisors. In view of the possibility that King may be in New York City over an entire weekend, New York should insure the effecting of discreet coverage of principals involved, particularly, Stanley David Levison, in an effort to obtain all available information possible bearing on the communist influences upon King. Bear in mind that security is paramount in any coverage in instant matter.

It was also reported in the LHM that King and Clarence Jones had discussed King and his organization, Southern Christian Leadership Conference, receiving $5,000 from one (FNU) Renolds (a white female). King told Jones that "they" would have dinner with Mrs. Renolds and it was also indicated that she had proposed giving $5,000 each year to the Southern Christian Leadership Conference. In connection with the lead set out in reairtel for the New York Office to identify Mrs. Renolds, New York should give consideration to effecting such coverage on a most discreet basis that might serve to identify her should she meet with either King or Jones or with the both of them.

It is noted that the original plan was for JONES to arrange with KING to meet with himself and LEVISON in Atlanta on either Sunday or Monday, May 2,3, 1965. NY instituted surveillance of JONES and placed him on the United Airlines Flight for Atlanta with HARRY BELAFONTE on the morning of 4/30/65. NY subsequently received information that JONES was returning to NY on Saturday, 5/1/65, which along with information that KING was going to Philadelphia, indicated that the conference between KING, LEVISON and JONES would not take place.

It also was felt that since JONES was going to Atlanta on Friday that he would be the person to bring KING the speech he requested for his Philadelphia speaking engagement.

When information was developed by Philadelphia that KING was coming to NY on Saturday evening, a surveillance was conducted on LEVISON to cover any meeting he might make with KING. As indicated by the attached LHM, LEVISON did not meet with KING in NY on the night of 5/1/65, and, in fact, as LEVISON stated there was a complete misunderstanding between the three of them and that JONES should arrange a new meeting now tentatively scheduled for May 10 or 11, 1965 in Atlanta.

A confidential source furnished the following information concerning contacts between Stanley Levison and Clarence Jones on May 2, 1965:

Levison told Jones that he saw the "person" in Philadelphia as he was being ushered into a meeting and this "person" told him that he would see Levison later. Levison said that he replied he would not be around. Jones stated that the only reason he would have stayed around would have been for the three of them getting together. Jones added that he was waiting to hear from either one of them as to whether he would go to Philadelphia. Levison commented that apparently there was a complete misunderstanding between the three of them and asked Jones to call Philadelphis and work out a meeting in the near future.

(It is noted that Martin Luther King was in Philadelphia over the weekend of May 1 and 2, where he was to address a bar association group).

Subsequently, Clarence Jones contacted Martin Luther King who told Jones that things went well on May 1, 1965, and that Stan (Levison) brought the "statement". King added that he used the "thing" he worked up in New York because he did not have time to look at the material Stan brought him before going on stage.

ENCLOSURE

Communist Influence in Racial Matters

King mentioned that he would return to Atlanta and be there until May 12, when he would go to New York for a meeting. Jones told him that there are a couple of pressing matters, both relating to the New York Office (of the Southern Christian Leadership Conference) (SCLC) that needed to be discussed because "our friend" is going on a trip soon. They tentatively set a meeting for themselves and "our friend" for May 11, 1965 in Atlanta.

The source has previously furnished information showing that when King and Jones discuss "our friend" they mean Stanley Levison.

Jones also said that when King attends an Administrative Committee meeting (of SCLC) on May 6,7, 1965, he hopes King will discuss the Summer Community Organization and Political Education Project because this is a problem between the SCLC and the Student Nonviolent Coordinating Committee.

Jones and King also discussed the handling of the proceeds from the "Broadway Answers Selma" show (held in New York City on April 4, 1965). King said the group should check with Wilie Branton (phonetic) about the money because he has handled gifts in the past. King wants the Anti-Defamation League to give the money directly to the Southern Regional Council since this league now has the money from the show. Jones agreed to discuss the matter with Branton (phonetic) who is now in Atlanta.

Wiley Branton was chosen recently by Vice President Humphrey to be Executive Secretary of the President's Council on Equal Opportunity.

NW 55241 DocId:32989659 Page 261

Later, Levison was again in contact with Jones who said he had spoken to King. Jones stated that King said the first chance they can meet will be the nights of May 10 and 11 in Atlanta. Levison said that he could make it and Jones added that all that remained was to confirm the date with King.

Levison proposed that they meet before seeing King, stating this would give them a framework from which to work and Jones agreed. Levison said the two main things to be considered are, the organization of the SCLC to make it a real organization and the questions around King personally.

Jones advised that King had placed top priority on a plan to find someone who could be what amounts to an executive vice president. King told Jones that if he knew anyone qualified he could hire him. Levison said he was glad King felt this way and that they would discuss it. Levison said he would like to suggest Larry Perkins of the United Negro College Fund. Jones remarked that he doubted that Perkins would be willing to go to Atlanta.

Levison further stated that they had to find someone who would work well with Jones and for this reason it is important that he and Jones find someone for this position. Jones commented that the problem is that there is a breakdown because there is nobody to take charge of things. Levison then added "in a certain sense it is what I do in New York in the New York Office. He never has any problems in connection with it because I make the decisions and then Adele (Kanter of the New York SCLC Office) just goes ahead and does it and that is what he needs in Atlarta on a far larger scale."

Levison and Jones agreed to discuss this at their next meeting.

Clarence Jones

Clarence Jones is the General Counsel to the Gandhi Society for Human Rights, 15 East 40th Street, New York, New York.

A confidential source, advised on February 26, 1957, that he identified a photograph of Clarence Jones as a person whom he knew during late 1953 or early 1954 to be a member of and in a position of leadership in the Labor Youth League.

The Labor Youth League has been designated pursuant to Executive Order 10450.

Larry Perkins

A confidential source advised on March 5, 1954, that Larry Perkins was known to him to be a member of the Communist Party.

Stanley Levison

A confidential source advised in April, 1964, that Stanley Levison was a secret member of the Communist Party, USA, in July, 1963. In late 1963, and early 1964, he criticized the Communist Party for not being sufficiently militant in the civil rights struggle. Levison was described by certain Communist Party leaders as being to the "left" of the Communist Party in his position on civil rights. His difference with the Communist Party, however, are merely tactical and he continues his ideological adherence to Communism.

COMMUNIST INFLUENCE IN RACIAL MATTERS

The following information was furnished by confidential sources of this Bureau who have supplied reliable information in the past.

At 10:08 a.m., May 13, 1965, Special Agents of this Bureau observed Stanley Levison enter the Sheraton Atlantic Hotel in New York City and take the elevator to the 16th floor where Martin Luther King, Jr. was registered in Room 1690. Commencing at 10:15 a.m., Levison conferred with some of King's advisors including Clarence Jones and Cordy Vivian. Their conference covered several matters including voter registration, Vietnam, peace and the civil rights movement in general. Levison said that what was needed in the civil rights movement was a broad base and that this could be realized by utilizing church groups and the clergy who have played a vital role in recent times. Concerning Vietnam and peace, Levison said that if King would join with other clergymen in urging peace, they would have a powerful voice due to King's having received the Nobel Peace Prize. King's stature could thus be capitalized on by urging others to join the movement for peace.

At 11:10 a.m., King joined the above group for a general conversation including the voter registration drive in Alabama. It was agreed by those present that they must insure that Alabama lives up to its promise to register 100 individuals per day.

At 12:40 p.m., King was observed to leave the Hotel with Jones. Levison was observed departing at 12:41 p.m.

ENTIRE PARAS LEFT IN PLEASE LAST SENTENCE IN

Levison, a frequent advisor of King's, is a long-time communist whose secret membership in the Communist Party, USA, has been established as recently as July, 1963. Jones is also a frequent advisor to King and during the mid-1950's held a position of leadership in the Labor Youth League, an organization which has been designated as subversive pursuant to Executive Order 10450. Vivian was a member of the Communist Party, USA, in 1947.

A confidential source, who has furnished reliable information in the past, advised on May 10, 1965, that Martin Luther King, (President of the Southern Christian Leadership Conference, SCLC), would leave Atlanta, Georgia, on May 12, 1965, on Eastern Airlines Flight 106, enroute to New York's Kennedy International Airport, where he would arrive at 2:34 PM.

On May 12, 1965, at 2:34 PM, Special Agents of the Federal Bureau of Investigation (FBI) observed Martin Luther King, Andrew Young (Executive Director of the SCLC), and a man believed to be Hosea Williams (Projects Director of SCLC), arrive aboard Eastern Airlines Flight 106, Kennedy Airport. They were met by Harry Wachtel, Bayard Rustin and John Lewis (Director of the Student Non-Violent Coordinating Committee, SNCC) and numerous newsmen.

Following an exchange of greetings, King, Wachtel and Rustin left the airport in a rented Cadillac limousine.

SCOPE
Racial Matters

On May 12, 1965, at 6:10 PM, a Special Agent of the FBI observed Bayard Rustin enter the Sheraton Atlantic Hotel, 34th Street and Broadway, New York City, and take the elevator to the 16th Floor. John Lewis was observed entering the hotel and taking the elevator at 6:22 PM.

A confidential source, who was in a position to furnish reliable information, advised on May 12, 1965, that he had been told that a meeting took place on that evening in Martin Luther King's suite at the Sheraton Atlantic Hotel, 34th Street and Broadway, New York, New York. The meeting, according to the source, was devoted to issues pertinent to the Summer Community Organization and Political Education (SCOPE), and was attended by Bayard Rustin (Organizer of the March on Washington), Andy Young, John Lewis and in addition the following were believed by the source to have attended: Hosea Williams, Wyatt T. Walker (Former Executive Director of the SCLC), and Norman Hill (Director of racial matters of the American Federation of Labor - Congress of Industrial Organizations, AFL-CIO), and one Bill Stein.

According to the source, the question of recruitment of personnel for SCOPE was afforded much attention. It was stated that in the New York area alone, a quota of 500 college students exists, and that only a fifth of the quota had been reached and that problems were expected in reaching the quota. This is so, because examinations are approaching, after which students are expected to go directly home. Stein, who is believed by the source to be in charge of coordination of public relations for SCOPE, was of the opinion that unless a crash program was commenced within one week, chances of success would be nil.

It was announced that budgetary matters in connection with the New York SCOPE were discussed. It was stated that $75,000 had been set aside for the New York area. The national budget for the project is $480,000.

Re: Communist Influence In Racial Matters

SCOPE
Racial Matters

The individual, believed by source to have been Hosea Williams, said plans call for students participating in the movement to go from New York to Atlanta, where they will be given a week's orientation. He said the date for the first orientation is June 14-20, 1965. He said he would like for them to take their second week's orientation in the area in which they would be assigned to work.

It was agreed by all those in attendance that the recruitment campaign must have immediate action and, in that regard, urged that the National Council of Churches and other leaders with whom they have contacts be approached for the purpose of getting them to issue a statement backing the SCOPE summer campaign.

The individual believed by source to be Stein, reported on public relations relevant to SCOPE. He said he had approached all the major networks along with various local television and radio stations around the country and had found that at the present there are some problems in connection with getting exposure for civil rights matters. He said the three major networks in New York had been surveyed and concluded that on the problem of civil rights, audiences expressed what they felt was an overexposure attitude.

He said that at these networks, the present policy appears to be that only if a noted person, such as King or Rustin, or other leaders have something to say on a specific newsworthy item, would they give it coverage. He added, however, that he had been assured by all the networks throughout the country that any time King or other leaders were available to speak in this "fashion", they would give them time, if possible. He felt that this situation had to be handled independently so as to get the maximum effect from any coverage given.

Stein then brought up the name of Charles Percy, Jr., former Republican candidate for Governor of Illinois. He said Percy was very interested in the civil rights movement and had let it be known through channels that he was approachable

NW 55241 DocId:32989659 Page 288

on a number of fields in the movement. Percy, according to Stein, is personally engaged in a project in Chicago in behalf of a group which is teaching literacy, and is the type who should be used for fund raising and other activities.

Bayard Rustin, after hearing the ideas of those in attendance, suggested that he and Norman Hirt take over the joint directorship of the SCOPE campaign in the New York area. His suggestion was accepted. Rustin then laid down the ground rules for those active in the campaign. In that regard, he said, all decisions would cross his desk in New York, and that he would deal with Hosea Williams in Atlanta, who is in charge of the overall program of SCOPE.

Rustin, in discussing office space, said he would move to the SCOPE offices which are now in the SCLC offices on 125th Street, New York City. He said he would be there full time, and would have a representative from SCOPE in Atlanta to work with him.

With regard to fund-raising, Rustin said he had in mind the use of a woman's committee, which would probably be headed by such a person as Marion Logan (northern member of the SCLC Board of Directors).

On May 13, 1965, Lieutenant Neil Costello of the Nassau County Police Department, Long Island, New York, advised that on May 12, 1965, Martin Luther King, accompanied by Harry Wachtel and others in King's party, went directly from Kennedy Airport on a tour of Long Island towns, namely: Inwood, Rockville Center, Long Beach and Hempstead. In these towns, according to Costello, they observed slum conditions.

Costello further advised that King, Rustin, Wachtel and John Lewis appeared at a voting rights rally, which was held in the Island Garden Arena, West Hempstead, Long Island, that night. King, Costello reported, did not arrive until 11:10 PM.

On May 13, 1965, on page 2 of "Newsday", a Long Island daily newspaper, there was an article captioned, "Rights Leaders

Hit U.S. Foreign Policy". The article reports that a rally in Martin Luther King's honor was held on May 12, 1965, in the Island Garden Arena, West Hempstead, Long Island.

The article reports that King appeared at the rally following remarks of Senator Jacob K. Javits of New York, Bayard Rustin, John Lewis of SNCC, and Lincoln Lynch, Director of the Long Island Congress of Racial Equality (CORE), all of whom assailed the federal government for becoming involved in Viet Nam and the Dominican Republic instead of doing more for civil rights and the war on poverty.

King criticized President Johnson for not having made the abolition of the poll tax an integral part of the voting rights bill, but made no mention of Viet Nam or the Dominican Republic.

On May 13, 1965, at 10:08 AM, a Special Agent of the FBI observed Stanley Levison enter the Sheraton Atlantic Hotel, 34th Street and Broadway, New York City, and take an elevator to the 16th Floor.

An inquiry at the hotel registration desk by the Special Agent disclosed that Martin Luther King's suite was 1690-1.

The second source, previously mentioned, advised on May 13, 1965, that he learned that on the morning of May 13, 1965, Stanley Levison paid a visit to Martin Luther King's suite at the Sheraton Atlantic Hotel, New York City. According to the source, Levison conversed with Clarence Jones, C. T. Vivian and Andy Young about several items, specifically: voter registration, Viet Nam and peace, and the civil rights movement in general.

Levison stated that what was needed in the civil rights movement was a broad base, and said it could be reached by utilizing church groups and clergy who have played a vital role in recent times.

Re: Communist Influence In Racial Matters

SCOPE
Racial Matters

In regard to Viet Nam and peace, Levison said if King would join with other clergymen in urging peace, they would have a powerful voice due to his having received the Nobel Prize. This stature, Levison said, could be capitalized on by urging others to join their Movement for Peace.

According to the information ascertained by the source, King also joined the group at 11:10 AM for a general conversation. He mentioned his visit on Long Island the day before, and mentioned the voter registration drive in Alabama. In regard to the drive, they all agreed that they must insure that Alabama lives up to its promise to register at least one hundred voters per day.

At 12:40 PM, King, Dick Gregory (popular entertainer), Andrew Young and Clarence Jones were observed by Special Agents leaving the hotel. Levison was observed leaving at 12:41 PM.

A confidential source, who has furnished reliable information in the past, advised on the night of May 13, 1965, that Stanley Levison and Clarence Jones were in contact earlier that night. Levison said he would summarize the business of the reorganization (probably the SCLC) in a short memo and send it to Jones for forwarding to "him" (King). Levison said he felt good that so much was gotten across on SCOPE, the need to limit it and the fact that King was responsive to it.

Communist Influence In Racial Matters

Harry Wachtel is the Executive Vice President of the Gandhi Society for Human Rights, 15 East 40th Street, New York, New York. He resides at 29 Split Rock Drive, Kings Point, Long Island, New York.

A confidential source, who has furnished reliable information in the past, furnished information in December, 1949, that Harry H. Wachtel, 41 Broad Street, New York, New York, was on a list of individuals carried as active members of the National Lawyers Guild.

A characterization of the National Lawyers Guild is attached hereto.

On March 5, 1944, another confidential source, who has furnished reliable information in the past, furnished information which revealed that the name Harry Wachtel was on a list of names, significance not known, which was maintained at the Headquarters of the Kings County Communist Party (CP) at 26 Court Street, Brooklyn, New York.

Regarding Harry Wachtel's wife, Leonora, it is noted that the same confidential source furnished information on March 5, 1944, which revealed that her name and address were on a list of names of newly elected officers of the Bath Beach Club of the Kings County CP.

With respect to the Gandhi Society for Human Rights, it is to be noted that this organization is an adjunct of the Southern Christian Leadership Conference (SCLC), of which Martin Luther King, Jr., is the president, and serves to raise funds for the SCLC.

Communist Influence In Racial Matters

In "The Saturday Evening Post", issue of July 11-18, 1964, page 76, Bayard Rustin is the subject of a feature article captioned: "The Lone Wolf of Civil Rights". In it, Rustin is said to have come to New York in 1938, as an organizer for the Young Communist League (YCL), and as such, he had the job of recruiting students for the "Party". Furthermore, the article reports that during his first years in New York, Rustin gave most of his earnings to the "Party". He reportedly left the "Party" in 1941, the article states.

The YCL has been designated pursuant to Executive Order 10450.

The "Daily Worker", February 11, 1957, page 1 column 2, reported that Bayard Rustin, Executive Secretary, War Resisters League, was an observer at the 16th National Convention of the Communist Party, United States of America (CP, USA), held in New York City, on February 9-12, 1957.

The "Daily Worker" was an East Coast Communist publication until it ceased publication on January 13, 1958.

A confidential source, who has furnished reliable information in the past, advised on September 25, 1963, that during a meeting of the National Board, CP, USA, on that date, Benjamin J. Davis remarked that, "Rustin calls me constantly--openly."

Another confidential source, who has furnished reliable information in the past, advised on February 19, 20, 1964, that Bayard Rustin contacted Benjamin J. Davis on those dates

and sought his advice as to how he could escape from a speaking engagement to which he was committed. On the latter contact, Davis told Rustin that he was working on his request and had contacted friends who had contacts with the group to which Rustin was to speak.

A confidential source, who has furnished reliable information in the past, advised on January 21, 1964, that as of that date, Benjamin J. Davis was National Secretary of the CP, USA.

"The New York Times", August 24, 1964, page 27, column 4, reports that Benjamin J. Davis, National Secretary, CP, USA, died in New York City on the night of August 22, 1964.

A confidential source, who has furnished reliable information in the past, in November, 1947, advised that C. T. Vivian was a member of the Communist Party (CP) in Peoria, Illinois. On June 24, 1948, this source advised that C. T. Vivian had not been active in CP affairs in the Peoria area for some time and advised he had not been in the area for a long period of time.

A confidential source, who has furnished reliable information in the past, advised in April, 1964, that Stanley Levison was a secret member of the Communist Party, United States of America (CPUSA), in July, 1963. In late 1963 and early 1964, he criticized the Communist Party (CP) for not being sufficiently militant in the civil rights struggle. Levison was described by certain CP leaders as being to the "left" of the CP in his position on civil rights. Levison's differences with the CP, however, are merely tactical and he continues his ideological adherence to Communism.

(OO: NY)

The following information is being furnished the Bureau concerning HAROLD WEAVER because his background, his timing in contacting HENRY WINSTON (mentioned herein) and the apparent suspicion of WINSTON all indicate the possibility that WEAVER could have been or is a contact of CIA:

1. WEAVER attended the Eighth World Youth Festival in Helsinki, Finland, during the Summer of 1962. He also applied for a passport in 1959, stating that he intended to participate in a program of the United Student Christian Council as a part of the U.S.-U.S.S.R. Cultural Exchange Program. WEAVER again went to Moscow in 1963, where he was registered with the Consulate as a student and correspondent of the "Afro-American."

In January, 1965, it was determined that he was attending the graduate school of New York University maintaining matriculation through 1965, and that his field of research is Soviet-American Relations. It also was determined through a pretext that he intends to travel to the Soviet Union later in the year.

2. NY-2010-S* advised on May 11, 1965, that one HAROLD WEAVER contacted CP Headquarters, NYC, and asked for HENRY WINSTON who was not in.

3. NY 2745-S* furnished the following information on May 13, 1965, concerning a conversation between HENRY WINSTON and HELEN WINTER:

HELEN asked WINSTON if he knew who the person was. WINSTON said he knew him very well which is why he was interested. She also asked if WINSTON wanted to know what "they" looked like "health-wise." WINSTON told her to generally size "him" up that "he" was in the Soviet Union the last time he, WINSTON, was there. WINSTON added that "he was booted out because he, everybody is of the common opinion, was instrumental among the Africans which started this big to do over there. So he, while I was over there, tried to get me, which I didn't do at all. He went over there under the pretext that he wanted to become a student-Marxist."

WINSTON continued that "he" came back and that he, WINSTON, saw him at the PAUL ROBESON affair (probably the Salute to PAUL ROBESON sponsored by "Freedomways" magazine on April 22, 1965). WINSTON added that then the news came "the other day" that a Negro was "booted out" and "it was after this that he called me."

NW 55241 DocId:32989659 Page 299

HELEN WINTER inquired if WINSTON knew what the circumstances were surrounding the attache who was "booted out." WINSTON did not know. WINTER mentioned that he was a Negro and WINSTON said he knew he was, that "that is why he called me."

WINSTON added that "he" was coming to see him and HELEN WINTER remarked that she would "keep an eye open" and would "certainly watch him". WINSTON also mentioned that "you know he is associated with 'Freedomways' which we didn't know....JIM JACKSON called me last night." WINTER stated she would talk to JIM about it.

(It should be noted that WINSTON is almost completely blind which may explain WINTER's remarks about "watching him.")

4. ELSUR NY 2360-S* advised on May 14, 1965, that a HAL WEAVER (ph) was in contact with HENRY WINSTON at CP Headquarters that date. Their discussion which will be disseminated by separate memorandum concerned what WEAVER (ph) is doing now and their meetings "there" (in Moscow). WEAVER remarked that he is working on a project for Haryou-Act and is also working on a book, "Russia and the Negro" to be published by an anti-Soviet publisher, according to WEAVER. He said he would like to get WINSTON's comments. WINSTON told him he was agreeable to any time after Thursday (May 20, 1965).

WEAVER (ph) noted that he had left "there" around the middle of February. "It was urgent because - had not been renewed...." WEAVER mentioned also that it "might have been for political reasons, whether they felt I was stirring up trouble, I don't know. It's difficult to say."

NW 55241 DocId:32989659 Page 300

ELSUR
~~NY 4092-S*~~ advised on May 12, 1965, that STANLEY LEVISON told CLARENCE JONES that one HAROLD WEAVER (ph) was interested in a possible job with MARTIN (LUTHER KING). LEVISON said he had a tentative appointment with him for 2:30 p.m. on Friday (5/14/65) at JONES' office. JONES said he thought that would be all right.

On May 14, 1965, a Special Agent of the NYO observed an unknown male Negro departing from CP Headquarters and identified a photograph of WEAVER as that person. On the afternoon of the same date, surveillances were conducted at CLARENCE JONES' office, 165 Broadway, NYC, and at STANLEY LEVISON's office, 1841 Broadway, NYC. JONES was observed returning to his office at 2:35 p.m., but LEVISON and WEAVER were not observed.

It should be noted that LEVISON and JONES met with MARTIN LUTHER KING, Jr. in NYC, on May 13, 1965, and that discussion could have been had concerning WEAVER at that time negating the necessity for the tentative 2:30 meeting of May 14, 1965.

Concerning the Negro attache whom WINSTON and WINTER discussed, it is noted that the "New York World Telegram", 5/12/65, page 3, contained an article "Russia Ousts American Diplomat as Meddler" which states that "Norris D. Garnett a cultural attache on the U.S. Embassy Staff in Moscow was expelled by the Soviet Government on a charge of carrying on work hostile to the U.S.S.R. among African students."

ELSUR It is also noted that information has been furnished by NY 3246-S* that JOHN HENRIK CLARKE, Associate Editor of "Freedomways" magazine had corresponded with WEAVER in 1963, while WEAVER was in Moscow. WEAVER has been a subscriber to "Freedomways."

NW 55241 DocId:32989659 Page 301

The timing of his contact with WINSTON (5/14/65) which coincides with the dismissal of the cultural attache, NORRIS GARNETT, appears strange in view of the fact that WEAVER had been in New York prior to this time and could have contacted WINSTON earlier.

It is further noted that WEAVER told WINSTON that he "hoped" to be going to Europe in about 3 weeks, a combination of "work and pleasure" trip. As of 3/5/65, WEAVER resided at 3250 Broadway, NYC, apartment 2F.

WEAVER was the subject of a VOA investigation in 1959. (Bufile 123-15607).

Attached are letters to the White House, the Attorney General and the Secretary of State enclosing copies of a memorandum entitled "The Position of Martin Luther King, Jr. and the Communist Party, USA, On Vietnam".

This paper covers the following specific matters: (1) King's injection into the Vietnam situation; (2) Communist influences on King relative to Vietnam, including advice from such as Stanley Levison, the long-time communist; (3) The current Party line on Vietnam as seen through its directives and propoganda urging peace and attacking the U.S. policy; (4) Evidences of implementation of the Party line through a Party spokesman and a communist front; (5) Planned activities of the Student Non-Violent Coordinating Committee further illustrates the tie between the civil rights movement and Vietnam; and (6) Potential for Party exploitation of King's influence.

THE POSITION OF MARTIN LUTHER KING, JR. AND THE COMMUNIST PARTY, USA, ON VIETNAM

King Declares Himself Concerning Vietnam

Martin Luther King, Jr., declared in a speech on July 1, 1965, that he and his aides would study the use of "peace rallies" and so-called teach-ins to bring pressure to bear in foreign policy matters. Speaking at Petersburg, Virginia, King reportedly said that he "was not going to sit by and see war escalated without saying anything about it," and he called for a negotiated settlement, demanding that we "even negotiate with the Vietcong."

As head of the Southern Christian Leadership Conference, one of the main civil rights organizations in this country, King's announced intention to inject himself and his organization into foreign policy issues was significant for several reasons.

Communist Influence on King Relative to Vietnam

Of primary significance in connection with King's announcement is the fact that several of his advisors with communist backgrounds are known to have been in favor of having King inject himself into the peace movement in opposition to our foreign policy on Vietnam. On May 13, 1965, Stanley Levison, Clarence Jones, and Cordy Vivian, advisors to King, met in New York City. They discussed the situation in Vietnam and the civil rights movement. Concerning Vietnam, Levison, a long-time communist whose secret membership in the Communist Party, USA, has been established as recently as July, 1963, told Jones and Vivian that if King would join with other clergymen in urging peace it would constitute a powerful influence because King had received the Nobel Peace Prize. Levison pointed out that King's stature could thus be exploited in that it would serve as a means of urging others to join the movement for peace.

It is to be noted that King confers with Levison, Jones, and Vivian frequently, and, in fact, on that particular

occasion subsequently joined them at the meeting. Vivian was a member of the Communist Party in 1947, and Jones held a position of leadership during the mid-1950's in the Labor Youth League, an organization which has been designated as subversive pursuant to Executive Order 10450.

It should also be noted that another individual with a communist background who has been close to King wrote a speech which King's wife, Coretta, made at an "Emergency Rally on Vietnam" at Madison Square Garden in New York City on June 8, 1965. The speech was written by Bayard Rustin and was given by Coretta King in place of her husband at the Rally, the purpose of which was to ask President Johnson to stop the bombing, seek a cease fire, and press for negotiations in connection with the situation in Vietnam. Rustin, who also spoke at the Rally, was, during the early 1940's, a member of the Young Communist League, an organization which has been designated as subversive pursuant to Executive Order 10450.

The Party Line Concerning Vietnam

The determination of King's advisors with communist backgrounds to have him inject himself into the peace movement surrounding the Vietnam situation at this time is another significant factor bearing on his announced intention to do so. The announcement comes at a time when the Communist Party, USA, has placed the Vietnam situation foremost among issues about which to center communist action in this country.

Beginning in the Fall of 1964, the Party began issuing instructions to rank-and-file members to concentrate on the Vietnam issue. Since that time, the Party has issued a virtual avalanche of directives to all Party districts containing instructions on activities to be followed to achieve the Party's objectives in regard to Vietnam. Condemning the "military aggression" of the United States against North Vietnam, Party Headquarters instructed district leaders to organize activities in trade unions, youth groups, religious organizations, peace groups, and the like. It instructed that steps be taken to cooperate in regard to activities of these groups involving picket lines, peace walks, student assemblies, and demonstrations aimed at protesting this Nation's foreign policy position on Vietnam.

THE POSITION OF MARTIN LUTHER KING, JR.
AND THE COMMUNIST PARTY, USA, ON VIETNAM

Illustrating the increased tempo of communist activity in this regard is the fact that an analysis made of communist propaganda media during the six-month period beginning January 1, 1965, reveals that the "peace-in-Vietnam" theme was the predominant issue exploited.

Implementing the Party Line

Communists, their supporters, and their sympathizers have responded to the Party's campaign and the Party instructions on a broad scale. Typical was the communist exploitation of the student uprising which took place on the campus of the University of California at Berkeley, California, this past school year. Seizing the opportunity presented on that occasion, Herbert Aptheker, a leading national functionary of the Communist Party, appeared and spoke at a demonstration involving some 1,300 students in February, 1965. Encouraging the students to demonstrate in protest against the United States foreign policy on Vietnam, Aptheker declared that the war in Vietnam was the fault of the United States and a direct result of our intervention there.

Similarly, communists and individuals with communist backgrounds have exploited opportunities of a like nature in connection with the widespread demonstrations which have occurred in the country this past year. One of the best examples of the Party's tactics in this regard involves the communist-inspired W. E. B. DuBois Clubs of America. At a national conference of that organization held in Chicago, Illinois, during the last three days of May, 1965, plans for mass protests against the policy of the United States in Vietnam, ties with international front groups, and cooperation with other organizations to protest United States policy were the principal topics of discussion.

Civil Rights Group Follows Party Line

In this connection, it is noteworthy that an announcement was made concerning the plans of the Student Non-Violent Coordinating Committee to dramatize opposition to

NW 55241 DocId:32989659 Page 310

THE POSITION OF MARTIN LUTHER KING, JR.
AND THE COMMUNIST PARTY, USA, ON VIETNAM

United States policy in Vietnam. It was stated that this organization, which is one of the more militant civil rights groups, would attempt to recruit 2,000 people this summer for the purpose of surrounding the White House in a sit-down in September. The Student Non-Violent Coordinating Committee is a prime target for communist infiltration since it has made it clear that it will accept support for its endeavors from anyone, including communists.

This announcement of the plans of the Student Non-Violent Coordinating Committee is of particular interest because it constitutes the injection of a civil rights group into foreign policy protests, something the communists are most desirous of achieving to further their own objectives.

It can be clearly seen from the communist directives that the key to communist action on the central issue of Vietnam today is infiltration of all groups in our society through which the communists might in any way work to create opposition to our foreign policy. Since the civil rights movement embraces widespread groups and supporters constituting a major force on the national scene, the Communist Party sees in it a ready-made vehicle to organize widespread protests in line with its program of opposition to foreign policy if the Party's campaign is carefully executed.

King's Influence Potential for Party Exploitation

In this regard, Martin Luther King's emergence on the scene with the announced intention of participating in protests against our foreign policy in Vietnam cannot be lightly dismissed or underestimated. Whether it constitutes a witting or unwitting move on his part in relation to serving communist objectives, it holds out the prospect of additional support being engendered among civil rights groups for protest demonstrations against our current policy in Vietnam, and in turn holds out the prospect of additional opportunities for communist exploitation of the situation.

NW 55241 DocId:32989659 Page 311

THE POSITION OF MARTIN LUTHER KING, JR.
AND THE COMMUNIST PARTY, USA, ON VIETNAM

As to King's witting or unwitting role in this matter, it is most interesting to note that the heads of two other principal civil rights organizations in the country today have taken a position contrary to King's by opposing a merger of the issues of civil rights and Vietnam. James Farmer, head of the Congress of Racial Equality, told that organization's convention at Durham, North Carolina, on July 5, 1965, that their organization should stay out of the peace movement and concentrate on civil rights. Roy Wilkins, head of the National Association for the Advancement of Colored People, is reported as having commented concerning King's involvement in the Vietnam situation to the effect that his, Wilkins's, organization was too busily engaged in civil rights matters to have any time left for becoming involved in the Vietnam crisis.

Clarence Jones is the General Counsel to the Gandhi Society for Human Rights, 15 East 40th Street, New York, New York.

A confidential source, who has furnished reliable information in the past, advised on February 26, 1957, that he identified a photograph of Clarence Jones as a person whom he knew during late 1953 or early 1954 to be a member of and in a position of leadership in the Labor Youth League.

The Labor Youth League has been designated pursuant to Executive Order 10450.

A confidential source, who has furnished reliable information in the past, advised in April, 1960, that Stanley Levison was a secret member of the Communist Party, United States of America (CPUSA), in July, 1963. In late 1963 and early 1964, he criticized the Communist Party (CP) for not being sufficiently militant in the civil rights struggle. Levison was described by certain CP leaders as being to the "left" of the CP in his position on civil rights. Levison's differences with the CP, however, are merely tactical and he continues his ideological adherence to Communism.

In "The Saturday Evening Post", issue of July 11-18, 1964, page 76, Bayard Rustin is the subject of a feature article captioned: "The Lone Wolf of Civil Rights". In it, Rustin is said to have come to New York in 1938, as an organizer for the Young Communist League (YCL), and as such, he had the job of recruiting students for the "Party". Furthermore, the article reports that during his first years in New York, Rustin gave most of his earnings to the "Party". He reportedly left the "Party" in 1941, the article states.

The YCL has been designated pursuant to Executive Order 10450.

The "Daily Worker", February 11, 1957, page 1, column 2, reported that Bayard Rustin, Executive Secretary, War Resisters League, was an observer at the 16th National Convention of the Communist Party, United States of America (CPUSA), held in New York City, on February 9-12, 1957.

The "Daily Worker" was an East Coast Communist publication until it ceased publication on January 13, 1958.

A confidential source, who has furnished reliable information in the past, advised on September 25, 1963, that during a meeting of the National Board, CPUSA, on that date, Benjamin J. Davis remarked that, "Rustin calls me constantly--openly."

Another confidential source, who has furnished reliable information in the past, advised on February 19, 20, 1964, that Bayard Rustin contacted Benjamin J. Davis on those dates

and sought his advice as to how he could escape from a speaking engagement to which he was committed. On the latter contact, Davis told Rustin that he was working on his request and had contacted friends who had contacts with the group to which Rustin was to speak.

A confidential source, who has furnished reliable information in the past, advised on January 21, 1964, that as of that date, Benjamin J. Davis was National Secretary of the CPUSA.

"The New York Times", August 24, 1964, page 27, column 4, reports that Benjamin J. Davis, National Secretary, CPUSA, died in New York City on the night of August 22, 1964.

This letterhead memorandum is classified "~~Secret~~" because it contains information from NY 5276-S* and NY 3810-S*, sources who furnish highly sensitive information with respect to racial matters in the New York area and the Communist infiltration thereof. In addition, the characterization of STANLEY LEVISON also contains a concentration of information from NY 694-S*, which is a basis for a "Secret" classification.

INFORMANT

The slight delay in submission of letterhead memorandum was caused by the poor quality of information furnished by NY 5276-S* and necessity of prolonged recontact of source for complete and full identification.

A confidential source, who has furnished reliable information in the past, advised on October 30, 1965, that Stanley Levison and Clarence Jones were in contact earlier on that date regarding an appointment they had for that morning with Martin Luther King (President of the Southern Christian Leadership Conference, SCLC). According to the source, the appointment was for 11:30 a.m.

A confidential source, who was in a position to furnish reliable information, advised on October 30, 1965, that he had learned that Martin Luther King, Stanley Levison, Clarence Jones and an unknown man, conferred in King's hotel suite at the New York Hilton Hotel, New York, New York, on the morning of October 30, 1965. The conference, according to the source, concerned the following:

An intensive debate was had regarding Vietnam. It was agreed in that regard, that a position should be projected to the effect that to criticize Vietnam would be patriotic. The unknown male said the position of the National Council of Churches on Vietnam, was very strong, but the council had done nothing to implement its position. He said the "Pro-American" policy on Vietnam was the same as the position taken by many with regard to Red China.

Re: Communist Influence in
Racial Matters
Internal Security - C

Stanley Levison brought up the question of an article which is being prepared (for King) for publication in the "Red Book" magazine. Following that, a discussion and examination ensued as to what the article should contain, and whether it should be published in "Red Book" or some other publication, preferably "The New York Times."

Clarence Jones, in referring to what the source believed was a statement in the article that the people (Negroes) could lift themselves by their own bootstraps, said that statement was nonsense. He said the idea that since Jews, Italians and others had pulled themselves up, Negroes should do the same, was nonsense. He said there was no comparison.

King said if the article could be published prior to the White House Conference (President Johnson's conference on civil rights scheduled for November 17, 18, 1965) it would have a tremendous impact.

In regard to whether he would speak at the White House Conference, King said a planning meeting would be held prior to the conference and it would be decided at that time.

Stanley Levison inquired as to the date of the conference, prompting King to remark that it was on the 17th and 18th of November, thereby giving ample time to print the article in "The New York Times." King said the article would have a much wider audience if it were printed in "The New York Times." Levison suggested having the article printed in "The New York Times", then follow up in "Red Book" with something quite different.

NW 55241 DocId:32989659 Page 327

Re: Communist Influence in
Racial Matters
Internal Security - C

Following the lengthy discussion on the article, Jones raised the question of the statement on the letters King was to have written (the letters to the heads of state urging an end to the Vietnam war and recommending immediate negotiations). He said the question was such a complex one that he had wanted to put into memorandum form his thoughts, but had not done so because he was not sure as to the status "they" were in since their previous statement. He said nothing should be "put out" (a statement) until there was a precise clarification and a tactical implementation of King's position.

Jones said he was recently called by someone and asked why King had not been invited to the Vietnam protest March on Washington. King said he had been invited but did not accept although they had him listed as a sponsor. He said he noticed that he was listed as a sponsor in the "Amsterdam News," but did not know how it got there. Everyone agreed that listing King as a sponsor was a very serious matter. Jones said he was afraid of such a thing as the article (in the "Amsterdam News"). King answered that he did not fight the article because he decided that it was his way out by being a sponsor rather than a speaker.

Levison opined that King's name got in the "Amsterdam News" as a consequence of being a sponsor of Sane. He said no doubt what happened was that the paper listed him as a sponsor but not a sponsor of the specific project in question (the March on Washington). King concurred with Levison's opinion, adding that James Farmer's name (James Farmer, National Director of the Congress of Racial Equality, CORE) and A. Philip Randolph's name also appeared in the "Amsterdam News" as sponsors. He said such things as these articles were becoming increasingly bothersome.

In outlining ways to prevent involvment in some of the peace organization drives, King said he could always state that his civil rights movement precluded him from being a

NW 55241 DocId:32989659 Page 328

Re: Communist Influence in
Racial Matters
Internal Security - C

participant. He said he had used that excuse on prior occasions.

According to the source, King was shown a petition by one of the conference participants and was asked if he would sign it as a sponsor. He said he thought the statement was a very good one and he hated not to sign (as a sponsor) it, especially since he was not going to send the letters (the Vietnam letters) and in view of the fact that it was an appeal to all parties involved. He was told that his signature was desired as an initiator, not just as a signor.

After hearing the various positions of those in attendance, King said he wondered if it was urgent that the many questions presented dealing with the peace issue be answered at this time. He said the people of the press had so many people to criticize that they had laid off him on the peace issue. He said he was convinced that the wave of the future was on "our" side, and said his opinion was based on the fact that there were people who had taken a very strong stand although they were not militant demonstrators.

King said President Johnson knows he has the consensus as far as the majority of the people agreeing with him is concerned, but said, no President wants a minority constantly saying, "you are wrong."

On October 30, 1965, at 12:25 pm, a Special Agent of the Federal Bureau of Investigation observed Martin Luther King, Stanley Levison, Clarence Jones and Bernard Lee (Personal assistant to King), exit from the elevator at the New York Hilton Hotel, New York City.

Stanley Levison

A confidential source, who has furnished reliable information in the past, advised in April, 1964, that Stanley Levison was a secret member of the Communist Party, United States of America (CPUSA), in July, 1963. In late 1963, and early 1964, he criticized the Communist Party (CP) for not being sufficiently militant in the civil rights struggle. Levison was described by certain CP leaders as being to the "left" of the CP in his position on civil rights. Levison's differences with the CP, however, are merely tactical and he continues his ideological adherence to Communism.

Reference is made to SSC letter dated September 12, 1975, which requests, in part, that priority consideration be given to a request for all materials pertaining to the acquisition by the FBI of a letter dated March 25, 1970, sent by Jane Fonda to Leo Matarasso, 29 Rue de Touron, Paris 5, France.

In response to the above request, there are enclosed two documents which appear in the Jane Fonda file maintained in this Bureau's Los Angeles Office. The explanation as to how these documents were received by the Los Angeles Office is contained in Los Angeles report of Special Agent Richard Wallace Held, dated January 20, 1972, captioned "Jane Fonda; SM - Subversive," which report sets forth verbatim the contents of the enclosed letter.

Above report, which contains extensive material not germane to the scope of instant inquiry, explains that the enclosures were furnished the Los Angeles Office of the FBI during November, 1971, by Sergeant Don Beasley, Criminal Conspiracy Section, Los Angeles, California, Police Department. These documents were obtained by the Los Angeles Police Department, in connection with a homicide investigation, as

Dear Matarasso:

Elizabeth has spoken to me of your activities over the years involving the war in Viet Nam and the Russell War Crimes Tribunal. We are asking you now to join us in an action concerning the crimes perpetrated against the Black Panthers and do whatever possible to make these crimes known and create a committee supporting the Panthers with signatures as you did in opposition to the Vietnamese War. If possible, money should also be raised to help them in their present legal battles.

The primary purpose of such a committee would be to demystify the absurd and ignoble myth created by the American and European press which portrays the Panthers as criminals and rapists. Moreover, we wish to alert the people of Europe to the terrifying realization that the Government is seeking to exterminate the leadership of the Black Panther Party. At this moment the State of Connecticut is dead set on trying to frame Panther Chairman Bobby Seale and execute him in the electric chair.

We have naturally at our disposal photographs, taped interviews, the testimony of lawyer, Luke McKissack, and any other material which may be necessary for you.

We put ourselves at your disposal and ask your advise as to the steps that should be taken in France through you.

You can contact us at the address below or, if you wish to contact the lawyer, Mr. McKissack, his address is: Suite 521, 6430 Sunset Boulevard, Hollywood, California 90028.

RE: INTERVIEW OF FBI SPECIAL AGENT (SA)
J. ROBERT NEWTON BY SSC STAFF MEMBERS

Set out below is information concerning an interview of FBI SA J. Robert Newton by SSC Staff Members. Newton is currently assigned to FBI Headquarters. The details of the interview are as furnished by Newton.

On advance notice from the SSC, Newton was advised that he was to be interviewed at 2:00 p.m., September 9, 1975, in the SSC offices. Newton was informed by the Legal Counsel Division of the FBI that he was being released from any applicable employment agreement for purposes of the SSC interview concerning the FBI's investigation of the Women's Liberation Movement. It was explained to Newton that he had a right to counsel; however, the FBI was unable to provide private counsel. Newton was also told that there were certain privileged areas concerning which he would not be required to answer questions. These areas concerned information which might divulge the identities of FBI sources; information relating to sensitive methods and techniques; information which might adversely affect ongoing FBI investigations; and information which had originated with other agencies, including foreign intelligence agencies. Newton was informed that if a question arose during the interview in one of these areas, he had the privilege, before replying, of consulting with an FBI Headquarters representative either by telephone or by returning to FBI Headquarters.

The following is a first-person statement furnished by Newton concerning the interview.

Re: Interview of FBI Special Agent (SA)
J. Robert Newton by SSC Staff Members

On September 9, 1975, I, J. Robert Newton, was interviewed by Ms. Martha Talley and Ms. Mary DeOreo, Staff Members of the U. S. Senate Select Committee on Intelligence Activities. The interview took place in Room G 308, Dirksen Senate Office Building, Washington, D. C., between 2:00 p.m. and 3:00 p.m. At no time did either Ms. Talley or Ms. De Oreo advise me of my rights.

I was advised that the subject matter to be discussed concerned the FBI's investigation into Women's Liberation Movement. This was a case which was assigned to me during my tour of duty in the New York Office.

Prior to questions concerning the case, I was asked to provide biographical information including my name, present address, date of entry into the FBI, and places and dates of assignment as an SA.

I responded that I reside at 8610 Commonwealth Boulevard, Fairfax, Virginia 22030. I entered on duty with the FBI in 1945 and served in the following field offices: Cleveland, from 1958 to 1959; New York, from 1959 to 1972; and Alexandria, from 1972 to 1974. Since April, 1974, I have been assigned in the Identification Division at FBI Headquarters.

To the best of my recollection, and not necessarily in chronological order, the following are the questions which were asked of me and my replies.

Question (Q): Under what circumstances was the case entitled Women's Liberation Movement opened and what was the original information which caused the case to be opened?

Re: Interview of FBI Special Agent (SA)
J. Robert Newton by SSC Staff Members

Answer (A): Information, the exact nature of which I cannot recall, came to the attention of the New York Office and based on this information it was the opinion of the supervisor of the unit to which I was assigned that an investigation should be instituted.

Q: Who was the supervisor who assigned the case to you?

A: Mr. Thomas Croke.

Q: What steps did you as the case Agent take to begin the investigation to obtain information relative to the matter?

A: I obviously cannot recall in detail the exact steps taken in this particular instance. However, I am sure that I solicited information from appropriate established sources and informants for any information pertinent to the case.

Q: What was the purpose of the investigation?

A: Attempt to determine if any individuals reported to be connected with the case in question were known to be affiliated with subversive organizations and any evidence that they were attempting to control or influence the Women's Liberation Movement, and to what extent.

Q: Were there any other Agents assigned to work on the case?

A: None were assigned on a regular basis; however, from time to time other Agents assisted.

Q: Was investigation concerning the Women's Liberation Movement conducted in all other field offices?

A: No, only in those field offices where information was developed that investigation might be warranted.

Re: Interview of FBI Special Agent (SA)
J. Robert Newton by SSC Staff Members

Q: Do you remember which other field offices conducted investigation on the Women's Liberation Movement?

A: I do not recall the other field offices which might have been involved.

Q: Did other field offices which conducted investigation in this matter submit reports to the New York Office?

A: In some cases, but only where a report was necessary.

Q: Did the New York Office report the information furnished by other offices to FBI Headquarters?

A: Yes.

Q: Who designated New York Office as the one which would submit reports to FBI Headquarters in this case?

A: FBI Headquarters, Washington, D. C., designated New York as Office of Origin which means that the New York Office would submit periodic reports concerning the organization.

Q: Did you submit periodic reports to FBI Headquarters concerning the Women's Liberation Movement and how often were they submitted?

A: Yes, I submitted periodic reports but I do not recall at this time exactly how often the reports were written.

Q: Were there occasions in which you furnished information to FBI Headquarters regarding this organization other than the periodic reports?

Re: Interview of FBI Special Agent (SA)
J. Robert Newton by SSC Staff Members

A: No specific communications are recalled. However, it is possible that other types of communications such as teletypes, airtels or letters might have been furnished to FBI Headquarters if the occasion so dictated.

Q: Did the local police department assist the FBI in this investigation?

A: The local police department did not assist in investigating this matter as such. However, police cooperation regarding information on individuals might have been brought to the attention of the FBI, although I cannot specifically recall instances of this.

It was noted by Ms. Talley and Ms. DeOreo that the report concerning Women's Liberation Movement, which they had in their possession, reflected dissemination to other government agencies.

Q: How was this dissemination determined?

A: I do not know at this point in time specifically why these other government agencies were furnished a copy of the report.

It is apparent from the above that questions raised by Ms. Talley and Ms. DeOreo dealt mainly with procedures and had to do primarily with administrative handling by the FBI of the Women's Liberation Movement case.

Ms. DeOreo commented at the conclusion of the interview that there could be additional questions as they delve deeper into such matters and felt that they would possibly wish to recontact me in the future if the need arises.

Reference is made to FBI memorandum dated July 8, 1975, which reported the results of an interview of retired FBI SA Wilfred L. Bergeron by SSC Staff Members.

The SSC advised the FBI of its desire to have another staff interview of Bergeron. Consequently, Bergeron was advised as follows by the Legal Counsel Division of the FBI:

Bergeron was told that he had a right to counsel during interview but that the FBI could not provide him with private counsel. He was advised that he was released from his employment agreement relating to confidentiality for purpose of answering questions concerning electronic surveillances and surreptitious entries. He was also advised that the Department of Justice was in the process of determining whether there may have been criminal conduct by FBI personnel who made or were otherwise involved in surreptitious entries. It was pointed out to Bergeron that any statement he gives to the SSC could be used against him if the Department of Justice initiates prosecution. He was advised that his appearance before the SSC was voluntary and whether to appear and respond to particular questions is a decision he alone must make. He was further advised that the SSC must issue a subpoena before it could demand he answer questions and that, absent such a subpoena, he was not compelled to submit to interview.

Subject - Interview by James V. DICK + Mike EPSTEIN, staff counsel to Senate Select Comm ..... Intelligence Activities

Date - Sept 5, 1975

Witness - Wilfred L. Bergeron (retired 1940-'65)

The interview started by my being presented with a paper to sign, advising me of my rights (under MIRANDA). This was not done when I was interviewed by Epstein on 6/27/75 re M.L. King case and the Willard Hotel.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 02/00 BY SP2 ALM/PW

I expressed my distress at this type of treatment, that I was not a criminal. Whatever I did while employed by the FBI was authorized by the FBI and in the best interests of the U.S. Gov't. There was never any criminal intent on my part, none of the intelligence obtained was for my benefit or gain but for the sole benefit of the FBI and the U.S. Gov't.

The interview:

In response to their questions I gave my length of service, Sept 9, 1940 - to Sept 24, 1965 (retired). Then a resumé of my service, type of work and the periods involved.

They wanted the names of SAC's in W.F.O. from 1960 to 1965. Told them the last was Joseph Purvis, could not recall who preceded him ~~and~~ nor in what sequence or period of assignment. I could give wrong info. It could be obtained from the Bureau.

They wanted the field office set up re security squads. I answered I previously gave this to Mr. Epstein on 6/27/75 but they wanted it again. In response, I explained in a general way the functions of the various squads, which were divided up because of the ever increasing workload due to the mushrooming of Soviet and Satellite personell.

Then they zeroed in on Belter's (E. H. Belter) squad and its functions. I replied I recalled reading a very detailed account of this matter in the Washington Post earlier this summer. However, in reply to their questions, the following matters were

discussed: authorizations; leased lines; my contacts with the Tel. Co., whom they knew was Horace R. Hampton; paper flow; surveys; monitoring. They asked about taps without authorization, or maybe on just a phone call. I explained there might be a call but the authorization always came either later the same day or the next.

They got into the numbers of taps and mic's. Explained limitation by Bureau, and that the Bu counted differently than Hampton. Hampton counted lines, the Bureau counted establishments. I didn't know how the numbers were arrived at, that was Bu policy.

Then got into when did I go to sound school? Ans. - sometime in '52 or '53. Was lock training a part of that course? Ans. I think so. Q. Where was lock training given? Ans. - In Lab. Q. Where in Lab? Wasn't it on the floor above? Ans. I think so, its all the Lab, what difference. Q. - Was Geo Berley the instructor? Ans. He could have been.

Then many questions on "misurs" which Epstein, when I asked where he got that word, replied "its Bureauese".

Concerning "misur's" they asked about surveys, authorizations, could anyone below Mr Hoover authorize. To which I gave answers in a general way but to my knowledge only Mr Hoover could authorize & I recalled his initials on the letters of authorization.

They asked about mic installations in Embassies or Consulates. I told them two, that I recalled. One was by penetrating a common wall from an adjoining building & the other was by utilization of telephone lines outside to activate the instruments within. Q.- Was that an R.F.M.T.? Ans. Yes. Q- What were the names of these two establishments? Ans.- Sorry - not cleared to give you that.

They asked questions about the use of "laser beams" which I told them had been experimented with but not practical - at least in my time; Nor were shotgun and parabolic mic's - because of outside traffic noise, etc.

They wanted to know in what cases, beside King, had Bu officials come to Field Off to "put pressure on". I told them I didn't think it was pressure - more to emphasize importance. The only other case was the Fred Black case (also previously discussed by Epstein).

They asked about mic's on other criminal cases. I recalled two; one an M.P.D. detective, Praether, indicted for bribery and a fugitive, which entailed surveillance of Praether's wife + boy friend on a motor trip to upper N.Y. state - contact mic. used in motels; the other, a robber, whose name I don't recall, involved installation of a mic in a duplex prior to his moving in.

To questions, I stated preponderance of mic installations were national security. They wanted figures. I could not give them figures but said it was like the Ivory soap add - maybe $99\frac{44}{100}\%$.

Q. Did I ever receive commendations and awards? ~~Yes~~. Ans. Yes.

Q - How many?

Ans. - 16 commendations - 14 in nat'l security

2 in crim. cases. Of these there were 6 cash awards - and two outstanding performance ratings - for a total of 8 awards. They wanted the period of time covered? From 1955 to 1964. They wanted to know what the cases were - told them I couldn't recall - and showed James Dick a letter of commendation. (which tells you nothing to identify the cases)

Back to locks again - did I get refresher course - was Berly the instructor. Was I ever accompanied by lock expert from Lab to open doors etc.. Maybe once, I don't recall who. How many times did I pick a lock? - Ans. Maybe 10 or 12 - in my entire career. Usually had keys obtained by case agents etc.

Then into photographic equipment. I related one case of closed circuit T.V. on a Satelite establishment & the reason for it. Refused to give name of the establishment. Q. - Did Lab experts help with this. Ans. Yes.

Did I ever take photo equip on a mic installation? Ans. Yes, once

on case of wall penetration - satellite establishment - a Polaroid camera I think.

Q. - But didn't you ever take photo. equip to copy documents on these mic. inst.? Ans. No.

Q - Did anyone ever tell you to look for doc's?

A. - No.

Q. - Did you ever place a microphone near a coding mch. in an Emb or Consulate?

A. - No.

Q - Did you ever place any devices in an Emb. or Consulate that would pick up sounds other than voice?

A. - No - but you are getting into an area I am not cleared to answer.

There were several other questions concerning entries of Emb.'s & Consulates, photo equip., teletypes, cryptographic equip etc. and to install mic's, which I declined to answer.

They asked about the Elsur Index. Told them I didn't know it. I asked Dick, what is it? He explained it to me.

Did I ever install any mic's for the CIA or any other agencies? Replied I recalled two, which I understood were for CIA - but did not recall names of cases. Did I ever get training from CIA? Ans: No.

Did I ever have any close calls? No.
Did I " " " arrangements with the police? No
When was the RFMT developed? Don't recall - maybe in the 50's.
Besides ML King did I ever place a mic. on any other famous person? No.
On other civilrights leaders? No.
On any activists org? No.
On any organizations? - Yes, there was one case involing several groups, I recall some were cited as subversive on AG's list. Could not recall the names which they asked for.

On Sat. Sept 6, 1975 James V. Dick telephoned me at home to clear up two more points he had forgotten the day before. I agreed to answer over the telephone.

Q.- How were the files for mic's + tel. taps maintained?
Ans.- In a Conf. File Room - apart from the

General files.

Q. – Would there be one file which would contain a record of all the tel. taps and mic's for a certain period – like a year?

Ans – Not to my knowledge – I don't think so – I don't recall any such file.

Q – How would the info re mic's + taps be maintained?

Ans – They were a sub-file to the main case file.

Q – Then there would be no general file for all mic's + taps.

A – I don't think so – not to my knowledge.

Q – <u>Were you ever told that what you were doing was illegal?</u>

A. – No – whatever I did was on authorization from the Bureau and I assumed their authority came from the A.G., the President, the Nat'l Security Council or some high authority. If I had been told it was illegal I would not have done it. What I did was for the benefit of the United States.

<u>MR Dick</u> – Thank you – I assumed that from our interview yesterday. Sorry to trouble you. Thank you.

Reference is made to the letter from the Chairman of the SSC to the Attorney General dated August 28, 1975, requesting delivery of previously requested FBI materials pertaining to Martin Luther King, Jr. Reference is also made to prior FBI communications which have, on a continuing basis, effected delivery to the SSC of materials concerning King and responsive to SSC requests dated July 8 and 14, 1975.

The purpose of this memorandum is to effect delivery to the SSC of information and materials relating to Items 1 and 11 of the July 8, 1975, request.

The following should be noted regarding Item 1. During the FBI investigation of King, information pertaining to King's travel and public appearances was in many instances furnished to appropriate local law enforcement agencies. This practice had as its purpose the advising of these authorities of possible large gatherings and demonstrations which could result in racial or other type violence. In most instances, the information was furnished orally through local liaison channels between FBI field offices and local law enforcement agencies. In view of the nature and volume of this type of dissemination, and since specific details of same are retained in the files of many of the FBI field offices, the SSC is not being furnished this type of information wherein dissemination and/or contacts were made regarding King outside the Executive Branch of the Government. The above was discussed and agreed upon at a meeting on September 10, 1975, between SSC Staff Member Michael Epstein and representatives of the FBI's Intelligence Division.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

Included in the information being delivered to the SSC in response to Item 1 is testimony by the FBI Director before the House Subcommittee on Appropriations for fiscal years 1965, 1966 and 1967. A review of the Director's testimony for fiscal years 1963, 1964 and 1968 was conducted but no additional information was located pertinent to the SSC requests concerning King.

The following should be noted concerning Item 11. A review of logical files at FBI Headquarters disclosed two instances indicating that electronic surveillances of King were effected by state or local agencies or governments. These instances involve the New York City Police Department (NYCPD) and the Dade County Sheriff's Office, Miami, Florida. FBI field offices in New York City and Miami were instructed to contact appropriate officials of these two departments to secure their comments relative to the FBI releasing to the SSC material involving their electronic surveillances of King.

On September 9, 1975, Deputy Chief James Meehan, Intelligence Division, NYCPD, advised that his department had been unable to locate any record of an electronic surveillance of King. He advised that the NYCPD considers information in FBI files regarding any such surveillance as FBI records and that any disclosure of same is the FBI's prerogative.

On September 8, 1975, Mr. Walter J. Laugheed, Assistant Director, and Mr. Robert Wennerholm, Legal Counsel, both of the Dade County Public Safety Department (DCPSD), were advised of the SSC request. Laugheed advised that his department has no objection to the FBI releasing to the SSC information in FBI files indicating electronic surveillances of King by his department. He further advised that any requests by the SSC for information regarding King in the files of the DCPSD would have to be in the form of a subpoena before compliance with the requests.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

The material in FBI files relating to the above matters in response to Item 11 is being delivered to the SSC with this memorandum.

With respect to the excisions in materials being delivered herewith, where no notation appears as to reason for excision, the excision was made for the reason that the information actually summarizes or quotes from conversations monitored during electronic surveillances of King. In some cases, it can be ascertained precisely what information in FBI files came from electronic surveillances of King; however, there exist areas where documentation of the information is not precise and no accurate determination can be made. Therefore, no assurances can be given that portions of the material being furnished do not contain information developed as a result of electronic surveillances of King.

With the delivery of the materials with this memorandum, we have fulfilled all requests contained in the July 8, 1975, request.

Dear Mr. O'Connor:

Pursuant to Section III. A. of the notification attached to the Committee's letter of June 27, 1975, I am forwarding herewith an additional request for materials which relate to this matter.

The specificity of this request is not, of course, intended to limit in any way the agreement to come forward with all relevant information and materials, including documents, whether or not they have been brought to the Committee's attention or have been specifically requested by the Committee.

As Mr. Schwarz and I indicated in our meeting with you a few days ago, there are still outstanding several items relating to this matter which the Committee requested some time ago. This request should in no way delay further the availability of the previously requested items, and we would expect that individual items will be supplied whenever they become separately ready for submission.

Your cooperation is appreciated.

Sincerely,

John T. Elliff

S. Senate Select Committee on Intelligence Activities. This was a temporary measure but it has been continuing to date and Miss Korb's services continue to be vital to Senstudy 75.

Effective 9/29/75 Miss Korb should be officially transferred to INTD to be placed in a trial assignment of 30 days in a proposed GS-7 position. Arrangements are being made between Senstudy 75 Project and the Administrative Division for the early preparation of a job description relating to the proposed GS-7 position.

Reference is made to the SSC request dated August 20, 1975, and specifically to Part V, Item 3, which called for delivery of "A list of all 'control files,' 'set-up files,' and 'functional files' maintained by the FBI Intelligence Division."

Reference is also made to FBI memorandum dated September 9, 1975, through which there was effected delivery to the SSC of materials in response to Part V.

After review of the materials relating to Part V, Mr. John T. Elliff of the SSC advised a representative of the FBI that the material relating to Item 3 appeared to be all in the foreign intelligence field and that there appeared to be no listing of control files relating to the domestic intelligence field. Mr. Elliff requested further research in an effort to locate any additional list which would contain matters in the domestic intelligence field.

For the information of the SSC, the material we furnished included the only lists which were retrievable as a matter of record in FBI files. We do recognize that the list of control files contains a preponderance of subject matters in the foreign intelligence field. However, it should be recognized that some of the subject matters listed do pertain to domestic matters and other subjects listed pertain to both foreign and domestic matters.

Re: United States Senate Select Committee
To Study Governmental Operations
With Respect to Intelligence Activities (SSC)

The above-mentioned communications have been inserted in unexcised form in date order with other material being delivered pertaining to this request. In connection with the above, Mr. Elliff indicated a letter to SAC, Albany, and all offices from the Director on April 24, 1961, indicated an SI list was attached for review by field offices. Mr. Elliff requested the file be reviewed to determine if this list was in fact attached to this letter. A file review was conducted and it was determined no list was attached to this letter in the file.

Item 4 requested delivery of material pertaining to FBI indices and lists not made available pursuant to the SSC request of May 14, 1975, part III, item 17, as follows:

a. Materials relating to plans for action regarding the Reserve Index (RI) in times of national emergency.

Materials relating to the RI are included in communications being furnished under item number 3. The RI was instituted during 1960. The RI represented a group of individuals who, next to SI subjects, presented the greatest potential threat to the internal security of the United States in time of an emergency. In the event of a national emergency following any action then deemed necessary with respect to individuals on the SI, cases of those individuals on the RI would have been closely reviewed and evaluated to determine if any further action was warranted.

b. Materials indicating Justice Department policy with regard to review of the SI in the years 1946-1970.

During meeting mentioned above with Mr. Elliff copies of communications between the FBI and the Department of Justice were exhibited which indicated a review had been conducted on individuals who at that time were on the SI.

NW 55241 DocId:32989659 Page 403

Re: United States Senate Select Committee
To Study Governmental Operations
With Respect to Intelligence Activities (SSC)

Mr. Elliff requested copies of these forms, with the name of the individual deleted, be delivered to the SSC. Copies of these forms are being made available per this request. Additionally, communications being submitted under item 3 above reflect the Department of Justice received on a monthly basis copies of the SI list for their review. Also being enclosed is a copy of a letter from Director to AAG, Internal Security Division, dated November 24, 1970, which indicates a then current list of names of individuals maintained on the SI was being forwarded.

c. Materials relating to the decision to expand the criteria for the Rabble Rouser Index (RRI) to include security subjects.

There is enclosed, along with other documents furnished in connection with this request, a copy of a memorandum from G. C. Moore to W. C. Sullivan dated November 22, 1967, regarding this matter.

d. Statistics as to the percentage of Agitator Index or RRI subjects or Key Activists who were also Cointelpro targets.

During the conversation mentioned above with Mr. Elliff it was pointed out no statistics of this type were ever maintained. Mr. Elliff then requested the identities of all individuals who were considered Key Activists. Enclosed is a list of those individuals who at one time or another were listed as Key Activists; however, it should be noted the list never contained more than 76 names at any given time.

e. Materials relating to the establishment of the Key Activists Program (KAP), including any cover memorandum or note accompanying the airtel establishing the Key Activist list.

55241 DocId:32989659 Page 404

Re: United States Senate Select Committee
To Study Governmental Operations
With Respect to Intelligence Activities (SSC)

During the conversation mentioned above it was pointed out to Mr. Elliff that material pertaining to the KAP had previously been made available for access for review by SSC Staff Members and these documents are now being furnished in accordance with item 3 above. Set forth below is quoted the note which appears on the airtel dated January 30, 1968, establishing the KAP: "NOTE: Item (C) on page 45 of Section 87D of the Manual of Instructions states that consideration should be given to placing those persons on the SI who have anarchistic or revolutionary beliefs and are likely to seize upon the opportunity presented by a national emergency to endanger the public safety as shown by overt actions and statements within the past three years."

Item 5 requested delivery of the below-mentioned materials pertaining to FBI and Justice Department emergency plans.

a. The Attorney General's Portfolio "Program for Apprehension and Detention of Persons Considered Potentially Dangerous to the National Defense of the United States," provided to the Bureau on August 3, 1948, and any subsequent versions.

A copy of the AG's Portfolio has been located at FBIHQ and is being forwarded to the Department for their review in submitting an answer to this request inasmuch as this document originated with the Department of Justice.

b. Sealed instructions to U. S. Attorneys and U. S. Marshals from the Department of Justice, retained in FBI field offices for use in a national emergency.

During the above-mentioned conversation with Mr. Elliff it was explained these sealed instructions which had been retained in FBI field offices had been destroyed in accordance with the desires of the Department. Mr. Elliff requested copies of communications between the Department and the FBI concerning the destruction of these materials and per his request the following items are being enclosed:

NW 55241 DocId:32989659 Page 405

Re: United States Senate Select Committee
To Study Governmental Operations
With Respect to Intelligence Activities (SSC)

Robert C. Mardian letter to Director dated February 9, 1972; Director airtel to SAC, Albany, and all offices dated February 14, 1972; and letter from Acting Director to Acting Assistant Attorney General dated May 8, 1972; all captioned "Emergency Detention Program."

c. All Presidential Emergency Action Documents.

During the conversation with Mr. Elliff as mentioned above it was explained these documents had originated from an agency other than the FBI and had been furnished the Department of Justice. Mr. Elliff indicated he would seek additional information concerning these documents from the Department.

During the meeting with Mr. Elliff on September 15, 1975, it was indicated that during a briefing held on August 28, 1975, at FBI Headquarters between Assistant Director W. R. Wannall, Section Chief J. G. Deegan, Unit Chief E. P. Grigalus, Special Agent K. A. Mendenhall, all of the FBI, and Mark Gitenstein, Michael Epstein, and Martha Talley, Staff Members of the SSC, answers to questions raised during the briefing regarding the SI and other indices of the FBI would be furnished orally at a later date. During the meeting with Mr. Elliff on September 15, 1975, the following questions which had been raised during the previous briefing were answered. Mr. Elliff requested these answers be reduced to writing and copies of communications which were exhibited to him be furnished. Set forth below are the questions which had previously been raised.

1. Was there a memorandum which established the RRI and does it indicate Mr. Hoover appeared before the Civil Unrest Commission?

A memorandum dated August 3, 1967 from C. D. Brennan to Mr. W. C. Sullivan indicates Mr. Hoover instructed an index be compiled of radical agitators and individuals who had demonstrated a propensity for fomenting radical discord, however, this memorandum did not indicate Mr. Hoover had appeared

NW 55241 DocId:32989659 Page 406

before the Commission on Civil Disorder. Mr. Elliff requested a search be made to determine if a memorandum existed which indicated Mr. Hoover had appeared before such a Commission. A review was conducted and a memorandum dated August 1, 1967, from C. D. DeLoach to Mr. Tolson captioned "Director's Testimony Before National Advisory Commission on Civil Disorders, Tuesday, August 1, 1967," was located. Copies of these two memoranda are being furnished.

2. Was there a memorandum concerning the expansion of the AI to include individuals of local prominence?

Memorandum of G. C. Moore to Mr. W. C. Sullivan dated November 22, 1967, which is included in material submitted under item 4c above, answers this question.

3. Were individuals included on both the AI and the SI and, if so, wasn't this a duplication of effort?

Individuals were included on both the AI and the SI; however, this was not necessarily a duplication of effort inasmuch as the SI was to be utilized in the apprehension and detention of individuals considered dangerous and the AI was an administrative aid to follow the activities and movement of individuals attempting to cause racial disorders.

4. When did the SI become automated and was the RI ever automated?

The SI became automated during the early 1950s and was updated throughout the years with the advancement of computer technology and purchases by the FBI of more advanced equipment. The first electronic computer was obtained by the FBI during 1955 and the SI was incorporated in this equipment. Following discontinuance of the SI in 1971, the Adex was continued in the computer system. While stored in the automatic data processing (ADP) equipment, the SI and Adex have been and are being maintained in an "off-line"

NW 55241 DocId:32989659 Page 407

manner. The RI-A was placed on ADP the same as the SI. RI-B was maintained at the field level only and was never placed in the ADP equipment.

5. Has the Bureau's copy of the Attorney General's portfolio concerning the Emergency Detention Program (EDP) been returned?

As mentioned above, one copy of the Attorney General's portfolio concerning the EDP was located at FBI Headquarters and is being forwarded to the Department of Justice.

6. Who were the Bureau individuals who (a) maintained the Attorney General's portfolio during 1968, and (b) involved with the EDP during the 1940s?

The following individuals were identified through review of pertinent communications during time period in question (a) - 1968-C. D. Brennan, P. F. Enlow, T. P. Rosack; (b) 1946-D. M. Ladd, J. C. Strickland; 1948-Lish Whitson, W. H. Winterrowd, J. W. Yeagley.

7. When did the Department start reviewing and approving the SI list?

Matters pertaining to the old Custodial Detention List were first referred to the Department during March, 1941. Copies of the SI were submitted to the Department during 1951, and the Department, on a continuing basis, reviewed matters pertaining to the SI except for brief periods of time when funds and manpower were not available until the SI was discontinued in 1971. Additional comments regarding this question may be located under item 4b above.

8. Was there a form used by the Department concerning the continuance or cancellation of individuals on the SI and, if so, what does the form look like ? Forms were utilized by the FBI and the Department, and excised copies as requested above by Mr. Elliff are being enclosed.

NW 55241 DocId:32989659 Page 408

Re: United States Senate Select Committee
To Study Governmental Operations
With Respect to Intelligence Activities (SSC)

9. Do we have a copy of the form for including or deleting an individual from the AI? A copy of form FD-397 which was utilized in connection with the Agitator Index is being enclosed. This form, with the heading of Rabble Rouser Index, was the form utilized and when the name of the index was changed to the AI, the heading on the form was so changed also. Set forth below per Mr. Elliff's request, is the list of those organizations which are set forth under that part of the form captioned "organizational affiliation."

In view of the growing problems created by local rabble rousers from the standpoint of internal security, it is felt necessary that the criteria for recommending individuals to be included in this Index should be expanded.

Under the existing criteria the Rabble Rouser Index served as an index only for individuals who traveled extensively engaging in rabble rousing activities and was limited to racial disorder. The expanded criteria will cover (1) agitators who have demonstrated by their actions and speeches that they have a propensity for fomenting disorder of a racial and/or security nature and (2) have attracted such attention, nationally or locally, as to be of significant interest with regard to the over-all civil disturbance picture.

In the attached proposed SAC Letter instructing the field with regard to the expanded criteria, it is being pointed out to the field that it is the intent of this criteria to have within each division as well as nation-wide an index of agitators of all types whose activities have a bearing on the national security. Appropriate Manual and Handbook changes are being prepared.

On 9/24/75, Robert Kelley, designee on the Senate Select Committee for Senator Charles McC. Mathias, advised that the Senate Select Committee has scheduled open hearings for October 29th and 30th concerning informant matters. These hearings will set forth the Bureau's policies, procedures, controls, etc., concerning informants. Additionally, according to Kelley, it is the intention of the Committee to have "surfaced" Bureau informants appear to testify and also to have the Agent personnel who handled these particular informants testify.

Kelley requested that since he will be handling this particular aspect of the Committee hearings that he be given a briefing on informant matters on Friday, 9/26/75. Arrangements have been made for this briefing with the Intelligence Division.

RECOMMENDATION:

You will be kept advised of any additional details concerning this particular aspect of the Senate Select Committee inquiry.

Reference is made to memorandum dated 9/26/75 captioned as above.

Pursuant to the recommendation contained in the referenced memorandum, Assistant Director John A. Mintz telephonically contacted Mary Wagner of the Deputy Attorney General's office and expressed Section Chief Robert L. Shackelford's desire that he have personal representation during his appearance in open session before the Senate Select Committee. (9/30/75) It was explained that while there was no personal involvement in the topic of the hearing, namely the "Bureau's relationship with IRS by Shackelford," the possibility of questions during the open session being directed toward areas involving personal involvement by Section Chief Shackelford concerned this Bureau. Mary Wagner indicated she would look into this matter and recontact the Legal Counsel Division concerning this matter.

Subsequently, she telephonically contacted SA Paul V. Daly of the Legal Counsel Division and advised that the Department would furnish counsel to Section Chief Shackelford and that that counsel would be David Anderson from the Civil Division who accompanied Section Chief Shackelford during his deposition on 9/25/75. She explained it was the Department's position that Section Chief Shackelford did not experience difficulty during the deposition and that since the same topic was to form the basis of the open hearing testimony that an attorney serving the interests of the United States Government would be sufficient to likewise protect the interests of Section Chief Shackelford. She stated that if the Committee during open

Dear Mike:

The Select Committee plans to hold hearings on October 8 regarding NSA "watch list" activity. In preparation for that hearing the Committee plans to consider in executive session on Tuesday October 7, at 10 a.m.. the question of making public certain names of American citizens placed on the "watch list". In that connection, the Committee desires to have by that time, a statement from the FBI setting forth the reasons for including the following individuals and organizations on the NSA "watch list":

1. Grover C. McArthur (Racial Matters - Black Panther Party)
2. Black Student Union, University of Southern Alabama
3. Roy Innis (Black Nationalist Movement)
4. Muhammud Ali (aka Cassius Clay)
5. Richard Gregory
6. James Forman

Where the file on the individual or organization does not disclose a specific reason for placing the name on the "watch list", the FBI should supply a statement as to the reasons for its investigative interest in the individual or organization at or about the time of its inclusion on the "watch list".

With regard to this interview, SCHMIT advised he was interviewed in the Everette Dirksen Senate Building from 10:05 AM until 12:15 PM on 9/16/75. At the time he was put under oath by the female who operated the stenotype machine. He did not know the name of this woman, but did notice that she was unknown to the two attornies who were conducting the interview as they had to introduce themselves to her. The attornies' names were JIM DICK and TOM DAWSON.

Regarding his conference with former Attorney General ROBERT F. KENNEDY, SCHMIT stated that at the time of this conference there was a general criminal intelligence conference being held in the NYO and that at one point in this conference he was asked to brief the Attorney General on the espionage situation. SCHMIT advised that at this time he arrived at the conference with three members of his staff, former Supervisors ARNOLD BRANDT, JOHN DANAHY and JOHN MABEY. SCHMIT stated that in addition to these people the individuals who were already present at the conference were all the SACs and JOHN F. MALONE, the ADIC. In addition to the Attorney General, there was a public relations man who accompanied him whose name was not recalled by SCHMIT, and former Assistant Director COURTNEY EVANS. SCHMIT did not recall ever reducing this conference to writing, but stated that if it was, and it may well have been, it would have been done somewhere in the criminal intelligence files that were reporting the general criminal intelligence conference.

With regard to who might recall specifics of this file, SCHMIT suggested contacting former NYO Supervisors JOHN DANAHY or JOHN JOYCE, or former SAC WILLIAM ALEXANDER, whom he thinks might have been the SAC of the Criminal Division at the time.

Regarding what he discussed with the Attorney General, SCHMIT stated that he could not really recall the specifics, but probably discussed the programs we were conducting such as SAM, SUN, GUS and Z, because in effect we were telling the Attorney General what accomplishments we were making, so SCHMIT felt that these would have been mentioned. However, he could not specifically recall the details. In addition, SCHMIT felt that he probably discussed contemporary espionage cases at the time.

In addition to this conference, SCHMIT advised that KENNEDY received a second briefing which he, SCHMIT, did not recall. However, when he was discussing his testimony with former NYO Supervisor FRANCIS GALLANT, GALLANT told SCHMIT that KENNEDY came back a second time at a later date and that he, GALLANT, brought KENNEDY up to date in what was being done in the espionage field. SCHMIT stated, however, he did not even recall this happening after GALLANT had told him on a previous occasion.

SCHMIT stated that all of this information, including the fact that he had a right to review the transcript, would be placed in his memo and he would furnish this memo to the NYO, to be forwarded to the Bureau.

Review of the pertinent files in Division III failed to reflect any record of former SAC JOSEPH SCHMIT's discussion with the then Attorney General ROBERT F. KENNEDY.

Supervisors and Agents with extensive experience in the field of espionage were contacted and did recall that former Attorney General KENNEDY visited the NYO during early 1960s, but these individuals were not aware of the details of the discussions which took place in the NYO between the then Attorney General KENNEDY and the executives of the NYO.

It is brought to the attention of the Bureau that the NYO did not attempt to review the criminal intelligence files and will take no action in this area unless advised by the Bureau.

Mary Triplett is a retired employee who worked in the Intelligence Division. She processed the Hunter mail (mail intercepts received from CIA) for the Bureau. She is single and is 60-plus years old. Miss Triplett was a very intense person, and Division personnel who worked with her over the years believe, should she be interviewed by the Staff of the Senate Select Committee (SSC) without the benefit of an Agent present, it could adversely affect her physical and mental health.

The Justice Department is looking into possible criminal sanctions on behalf of CIA and FBI personnel involved in the Hunter Project. It is conceivable that an interview by the Staff of the SSC could work to Miss Triplett's detriment in light of the Department's inquiry.

Previously, the Department, with the concurrence of the White House, did not make available for an abuse interview two female clerical employees of the Newark Office without these employees being accompanied by a Departmental representative. Under current guidelines for interviews during abuse situations, we can seek to have a representative present during such an interview subject to the approval of SSC.

Miss Triplett will be made aware of the Department's inquiry and advised that she may desire to seek legal counsel. As you are aware, the Attorney General is presently considering the legal question as to whether the Department can provide legal counsel to former and current FBI employees. Until such time as the Attorney General arrives at a decision, it is felt we should recommend to the Department that Miss Triplett's interview be postponed.

ADDENDUM CONTINUED PAGE 3

ADDENDUM CONTINUED:

RECOMMENDATION:

1. Prior to furnishing the SSC the current address of Miss Triplett, the Legal Counsel Division will query the Department as to the status of the Attorney General's decision regarding legal representation for former and current employees.

2. In the event the Attorney General determines legal representation cannot be provided Miss Triplett, we will attempt to obtain the SSC's approval to have an Agent present during the interview of Miss Triplett to assure her the Bureau has not abandoned her.

Admin Dept, we do not feel she should be made available until legal rep. issue is resolved.

Dear Mr. Levi:

At the close of his testimony on September 25, Mr. Charles Brennan, former Chief of Domestic Intelligence Division, indicated that he could not answer a question posed to him by me. The question relates to the status of a so-called "closed" FBI Domestic Intelligence case file. Suppose that the individual who is subject of the file is a member of the military service or applies for employment with a federal government agency, and the agency requests an FBI name check. What information would be provided to the federal agency by the FBI as the result of that name check? What information would be provided to that agency if the FBI conducted a background investigation on that individual?

With respect to surreptitious entries for the purpose of installing electronic surveillance equipment, which are referred to on page three of the September 24, 1975 letter from Michael E. Shaheen, Jr., to myself, I would appreciate answers to the following additional questions:

1. What has been the number of such entries for each year since 1960?

2. What has been the number of separate targets for each year since 1960?

3. What has been the total number of separate targets since 1960?

I would also request access, under agreed upon procedures, to a list of such targets, and the dates of the entries.

Sincerely,

Frank Church

Re my memorandum to you 4/11/75, by which approval was obtained for the maintenance of the file relating to captioned matter in Room 4063, J. Edgar Hoover Building, rather than for the maintenance of it by the Files and Communications Division.

This matter concerns the Bureau-wide effort to service the numerous requests of the U. S. Senate Select Committee on Intelligence Activities. We are still immersed in this effort and the absolute necessity for maintenance of the file with our Project relating to Senstudy 75 continues.

Memorandum to All Bureau Officials and Supervisors 7/24/75, requires semiannual renewal for maintenance of files away from the Files and Communications Division. In accordance with the provisions of that requirement and because of the compelling reasons for maintaining the file in place as we have for the past six months, we are recommending it continue as is.

RECOMMENDATION:

Captioned file continue to be maintained in Room 4063, J. Edgar Hoover Building.

On 9/23/75, Arthur Harrigan and Mark Gitenstein of the Senate Select Committee telephonically contacted SA Paul V. Daly of this Division and advised him that the Committee desired to depose a current Bureau official concerning the Bureau's relationship with the Internal Revenue Service (IRS) and, in particular, requests concerning tax returns and audits. Gitenstein stated, ultimately the Bureau official deposed would subsequently testify in open hearings with an IRS representative concerning these matters. They stated that the interview of the Bureau official involved would be based on documents currently in possession of the Committee relating to the Bureau and IRS.

They indicated the Committee would prefer only one witness from the Bureau for this particular matter; however, it was acceptable if the Bureau should have two witnesses.

Gitenstein also stated the Bureau will be informed of what documents were going to be used in the deposition and testimoney prior to the deposition being taken. After consultation with Inspector Hunter E. Helgeson, it was determined that the appropriate Bureau representative to be deposed and to testify was Section Chief Robert L. Shackelford inasmuch as he was a Section Chief of a section which made requests in this area.

In this regard, it is noted that a representative of the Committee has been briefed concerning these matters by Liaison Officer Bernard C. Rachner and Sections Chiefs Robert L. Shackelford and Joseph G. Deegan.

Regarding our request for so-called IRS audits, Gitenstein was asked to explain exactly what he meant by this particular terminology inasmuch as our request generally pertained to income tax information and in some instances a notification to IRS that a particular individual was the

subject of an investigation who had not filed an income tax statement despite being employed. Gitenstein could not explain what the Committee meant by the term audits and implied that it may have been the action that IRS took on information furnished by the Bureau which action was initiated by IRS on its own.

Michael E. Shaheen, Jr., Special Counsel for Intelligence Coordination in the Department, was telephonically contacted by SA Daly on 9/23/75 at which time he advised he was familiar with the Committee request concerning the testimony of a current Bureau official and, in fact, referred the Committee to this office so that the Bureau might comply with this request. Shaheen interposed no objections to the Bureau providing a witness for testimony concerning this matter.

RECOMMENDATIONS:

(1) That Robert L. Shackelford be released from existing employment agreement and the provisions of the Code of Federal Regulations for purposes of being deposed and testifying concerning the Bureau's relationship with IRS as stated above.

(2) That Legal Counsel Division will advise the Committee that the Bureau representative to be deposed and testify concerning this matter will be Section Chief Robert L. Shackelford.

On 9/12/75, John T. Elliff, head of the Domestic Task Force for captioned Committee, was contacted regarding the 9/2/75 interview of former SA Edward Gamber by the Senate Select Committee Staff. By way of background, former Agents of the FBI were contacted without prior Bureau knowledge by the Senate Select Committee Staff Members concerning their knowledge of the Bureau's relationship with Sam Jaffee. Jaffee is a former source of the Bureau.

Upon learning of these contacts without prior notification of the Bureau, this matter was discussed with Elliff and Elliff assured SA Paul V. Daly of this Division that prior to future interviews concerning this matter he would insure that the Bureau would receive prior notice. During the course of this conversation, it was specifically mentioned that the Committee may be arranging an interview with former SA Gamber. Subsequently, the Committee did interview Gamber and the Bureau was not notified prior to the interview.

When this matter was brought to the attention of Elliff on 9/12/75, he indicated he would look into this matter and ascertain why the Bureau had not previously been notified. He indicated that it was his intention that the Bureau receive notification prior to interview. 62 116395-815

RE: REINTERVIEW OF FBI SPECIAL AGENT (SA)
WILLIAM D. CAMPBELL BY SSC STAFF MEMBERS

ALL INFORMATION CONTAINED

DATE 10/27/00 BY

Reference is made to FBI memorandum dated July 14, 1975, which reported the results of an interview of FBI SA William D. Campbell by SSC Staff Members.

Set out below is information concerning a reinterview of Campbell by SSC Staff Members. The details of the reinterview are as furnished by Campbell.

On advance notice from Mr. Michael Epstein, SSC Staff Member, Campbell was advised that he was to be reinterviewed at 10:00 a.m. on September 3, 1975.

At approximately 10:00 a.m., September 3, 1975, Campbell was met at the SSC offices by Epstein and SSC Staff Member Mary DeOreo and taken to Room 610 of the former Carroll Arms Hotel.

Epstein told Campbell that there had been a change of procedure relating to SSC Staff interviews and asked Campbell to read and sign a waiver of his rights. The waiver stated, in substance, that Campbell had the right to an attorney; that the SSC did not have prosecutive powers, but any information furnished could be turned over to a prosecutive body; and that the interview could be terminated at any time. Campbell stated that he did not sign a waiver prior to the initial interview, and since he considered this reinterview a continuation of the initial interview, he did not see why it was necessary to sign the waiver.

Epstein replied that it was a change in procedure and then read the waiver to Campbell and asked Campbell if he had any objection to the reinterview. Campbell stated that he had no objection. Campbell also advised Epstein that he felt he had done nothing wrong but that if someone else thought he had done something wrong, he certainly would like to discuss it with an attorney.

Epstein then asked, "Who made your assignment to the Laboratory while you were working at the Washington Field Office (WFO); was it Mr. Belter?" Campbell replied that he did not recall specifically, but that Belter was his supervisor at the time and in all probability Belter would have made the assignment. Epstein hesitated and said he felt that Campbell was not convinced that he, Campbell, wanted to continue with the reinterview.

Epstein then said that the matter he wanted to discuss was the period Campbell had spent in the Laboratory while still assigned to WFO. Epstein asked how much time had elapsed from the time that Campbell had performed a monitoring function at the Willard Hotel until Campbell reviewed certain tapes in the Laboratory. Campbell responded that he did not specifically recall but thought it was several months.

Epstein again hesitated and stated he thought Campbell had some reservations about the interview. Epstein asked if Campbell was an attorney and Campbell responded in the negative. Campbell indicated he did not have any objections to the continuation of the reinterview. Campbell stated that everything he did in connection with "this investigation" was in response to orders he had received from his FBI superiors and that if anything turned out to be in a gray area, Campbell felt that the Bureau would assist in representing him.

NW 55241 DocId:32989659 Page 467

Epstein then stated that he did not feel right in continuing with the reinterview at this time and felt that Campbell should "sort out" in his own mind whether he wanted to be represented by someone during the reinterview. Epstein said that Campbell should think about the matter and let Epstein know at a later date. The reinterview was then terminated at approximately 10:20 a.m.

INVESTIGATION OF THE NEW LEFT
(KEY ACTIVISTS)

During your investigations of organizations which fall under the category of "new left" organizations, you have furnished information indicating that certain individuals in the Students for a Democratic Society and anti-Vietnam war groups are extremely active and most vocal in their statements denouncing the United States and calling for civil disobedience and other forms of unlawful and disruptive acts. These individuals, because of their leadership roles and activities in these organizations, could be considered to be Key Activists.

Airtel to SAC, Boston
RE: INVESTIGATION OF THE NEW LEFT
(KEY ACTIVISTS)

At this time, the Bureau is designating the following individuals as Key Activists in the "new left" movement:

Of this group, the following are not on the Security Index: The offices handling these individuals are instructed to immediately reopen their investigations concerning them and submit reports together with a recommendation concerning their Security Index status. When considering these individuals for the Security Index, particular attention should be placed to current Bureau instructions on page 45, Section 87D, of the Manual of Instructions concerning the Security Index criteria and especially Item (C).

Furthermore, an intensive investigation of each of the above-mentioned individuals should immediately be initiated with the objective of developing detailed and complete information regarding their day-to-day activities and future plans for staging demonstrations and disruptive acts directed against the Government. Because of their leadership and prominence in the "new left" movement, as well as the growing militancy of this movement, each office must maintain high-level informant coverage on these individuals so that the Bureau is kept abreast of their day-to-day activities as well as the organizations they are affiliated with, to develop information regarding their sources of funds, foreign contacts, and future plans.

In the event adequate live informant coverage is not immediately available on these individuals, other types of coverage such as technical surveillances and physical surveillances should be considered as a temporary measure to establish the necessary coverage.

Airtel to SAC, Boston
RE: INVESTIGATION OF THE NEW LEFT
(KEY ACTIVIST)

Each recipient office in which a Key Activist resides is instructed to submit a separate letter to the Bureau within 30 days from the date of this communication under the caption of each individual outlining what steps have been made to insure adequate informant coverage of these individuals.

Each recipient office is also instructed to remain alert for the addition of any individuals in their respective territories which would warrant intensified investigation and who fit the Key Activist category and sulet their recommendations to the Bureau. In the future, when submitting communications concerning the individuals designated as Key Activists, these words should be added after the character except on communications such as reports and LHMs which will be disseminated outside of the Bureau. This will facilitate handling these cases at the Bureau. Reports should also be submitted to the Bureau every six months concerning these Key Activists.

This matter is being closely followed by the Bureau and you are expected to give the investigation of them individual continuous attention.

In January, 1968, the Bureau designated certain individuals as Key Activists in the New Left movement. At that time, appropriate offices were instructed to conduct continued and intensive investigations of these individuals with the objective of developing detailed and complete information regarding their day-to-day activities and future plans for staging demonstrations and disruptive acts directed against the Government. These individuals were extremely active and most vocal in their statements denouncing the U. S. and calling for civil disobedience and other forms of unlawful and disruptive acts.

Due to the success of the Key Activists Program, consideration is being given to expansion of this Program. Recipient offices are to review pertinent files to determine those individuals who are leaders or prominent in the New Left movement in their divisions for possible inclusion in an expanded Key Activists Program. In making this determination, you should consider if the individual was rendered ineffective would it curtail such activity in his area of influence.

This document is prepared in response to your request and is not for dissemination outside your Committee. Its use is limited to official proceedings by your Committee and the content may not be disclosed to unauthorized personnel without the express approval of the FBI.

Within 30 days of receipt of this communication, recipient offices are to advise under this caption the identities and file numbers of individuals to be included under the expanded Key Activists Program on a UACB basis. Included should be a brief statement relating the basis for designating each individual as a Key Activist. At that time, under individual case caption, a communication is to be forwarded to the Bureau outlining what specific steps are being taken to obtain adequate informant coverage of the individual.

It is expected the Key Activists Program will be given intensive investigative attention and close supervision by participating offices. You should be continuously alert to recommend additions or deletions where warranted and not wait for the Bureau to call to your attention the need to include an active, obvious leader of New Left activities in your division. Such communications should set out Key Activist in parentheses after the character and contain adequate justification for recommended action. Key Activist should not, however, be used in the caption of any communication prepared for dissemination. These individuals will be included in the Security Index in Priority I.

To insure that the Bureau is kept abreast of the day-to-day activities of the individuals designated as Key Activists, each office must maintain high level informant coverage on them as well as the organizations they are affiliated with to develop information regarding their sources of funds, foreign contacts and future plans. Live informant coverage of these individuals and groups is absolutely essential and is expected to receive priority attention. You should explore all avenues of investigative coverage and submit any recommendations under appropriate case caption for consideration by the Bureau.

All investigative matters pertaining to the New Left movement are being closely followed by the Bureau. Key Activists are considered to be of primary investigative importance and cursory handling of these cases will not be tolerated. The overall objective of this Program is to render Key Activists ineffective and thereby radically restrict their influence and the effectiveness of the New Left movement. In order to obtain the desired results, it is expected intensive, aggressive investigation will be afforded these cases.

NW 55241 DocId:32989659 Page 479

It is imperative to note the shift to violence in the New Left movement. Sabotage, arson, bombing and a variety of obstructive tactics have been openly advocated during the past year. In September, 1968, within a five-day period three ROTC establishments were sabotaged and a fourth threatened. In addition, a Central Intelligence Agency office at Ann Arbor, Michigan, was bombed during that month. These instances of openly made plans for violence and the brazen follow-through of action are examples of the problems facing the Bureau in this field and the absolute need for intensive investigative efforts in these matters. Successful prosecution is the best deterrent to such unlawful activity. Intensive investigations of Key Activists under this Program are logically expected to result in prosecutions under substantive violations within the Bureau's investigative jurisdiction.

DATE: May 24, 1968

FROM : Mr. C. D. Brennan

SUBJECT: INVESTIGATION OF KEY ACTIVISTS IN THE NEW LEFT
INFORMATION CONCERNING

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 10-27-80 BY SP2 [illegible]

This memorandum recommends uncertified copies of Federal Income Tax Returns filed by Key Activists in the New Left movement, for the years 1966 and 1967, be obtained from the Internal Revenue Service through the Liaison Section.

OBSERVATIONS:

Recent events on many college campuses throughout the nation point up the true anarchistic nature of the New Left movement. It is abundantly clear that this movement is bent on revolution. As a result, it is incumbent upon us to closely follow this movement. In part, this can be done through the investigations of its Key Activists. We have been conducting exhaustive investigations of the activities of certain of the Key Activists in the New Left.

As a part of our intensification program, we are inquiring into the financial activity of these individuals. Part of this inquiry is to consist of a survey of their tax returns to determine their financial status, the source of their income, and to determine whether their income supports their ability to travel throughout this country, and abroad as part of the New Left revolt. A blind memorandum for each Key Activist considered for this phase of our investigation is attached.

This memorandum is to recommend that uncertified copies of 1966 and 1967 Federal Income Tax Returns filed by additional Key Activists in the New Left be obtained from Internal Revenue Service.

Following a request approved in my memorandum 5/23/68, Internal Revenue Service furnished copies of Federal Income Tax Returns for certain Key Activists. For others, it was determined that no returns had been filed and Internal Revenue Service has initiated investigations.

We have recently expanded the Key Activist Program to include additional individuals. As a part of our over-all intensive investigation designed to neutralize these individuals in the New Left movement, inquiry into their financial status has proven productive. Information from their Federal Income Tax Returns is of value and, in addition, Internal Revenue Service action may be initiated where no return is filed or a return is filed showing only minimal income not in keeping with outlays for travel and other activities.

A blind memorandum on each Key Activist now considered for this phase of our investigation is attached.

RECOMMENDATION:

That Liaison deliver attached blind memoranda to Internal Revenue Service with the request that uncertified copies of Federal Income Tax Returns for the last two years be furnished.

Analysis of recently received tax returns through 1962 and Internal Revenue Service investigation of KING and the Southern Christian Leadership Conference for the years 1957, 1958 and 1959, reflects that the main question and contention was the status of money received by Southern Christian Leadership Conference.

PLEASE NOTE: The fact that King and the SCLC were under IRS investigation raises privacy and disclosure statute problems. For public use, please paraphrase. We suggest "tax returns of King and the SCLC and information from IRS investigative files were recently received and analyzed." * * *

It is believed that donors and creditors of SCLC present two important areas for counter-intelligence activities. In regard to the donors it is suggested that official SCLC stationery bearing KING's signature, copies of which are available to the Atlanta Office and will be furnished by separate communication to the Bureau Laboratory for reproduction purposes, be utilized in advising the donors that Internal Revenue Service is currently checking tax records of SCLC and that KING through this phoney correspondence wants to advise the donor insuring that he reported his gifts in accordance with Internal Revenue requirements so that he will not become involved in a tax investigation. It is believed such a letter of this type from SCLC may cause considerable concern and eliminate future contributions. From available information it is apparent that many of these contributors to SCLC are doing so in order to claim tax deductions and in order to be eligible for such deductions, the contribution is being made to the (privacy excise) Church, which in turn is forwarded to KING or the Southern Christian Leadership Conference.

RE: PROJECT HUNTER

We are in the process of reviewing the Watch List and will advise you of additions and deletions. The following types of traffic have been of assistance and continue to be of interest to us:

1. Current and former Soviet exchange students, visitors, researchers and scientists.

2. Current and former Soviet official visitors.

3. Current and former Soviet nonofficial visitors whose U.S. contacts are subversive, would be of interest to the Soviets because of their access to classified data or are in a position to be of assistance to the Soviets.

4. U.S. exchange students, researchers and persons who have been in the USSR with American exhibitions and delegations.

5. Current and former U.S. students and researchers in the USSR who do not come under official East-West Exchange Program. This does not include the short-term student tours but does include individuals who are in the USSR for some time. We would, of course, like to receive any traffic on individuals who are there for a short time if they have been sponsored by subversive organizations and subversive individuals or have received special invitations or special treatment from the Soviets.

6. We have no interest in the hundreds of legitimate travelers who visit the USSR on regular tours or go to see relatives. We do have an interest in travel and contacts involving persons on the Watch List; known communists, New Left activists, extremists and other subversives; suspected and known espionage agents; individuals known to be of interest to the Soviets because of their specialized knowledge or work on classified matters; individuals who appear to have been compromised; and persons who meet with Soviets connected with organizations known to specialize in propaganda or in obtaining information regarding the U.S.

7. Communist Party and front organizations (such as American Russian Institute, National Council of American-Soviet Friendship and "Ukrainian News"), extremist and New Left organizations.

8. Protest and peace organizations, such as People's Coalition for Peace and Justice, National Peace Action Committee and Women's Strike for Peace.

9. Communists, Trotskyites and members of other Marxist-Leninist, subversive and extremist groups, such as the Black Panthers, White Panthers, Black Nationalist and Liberation groups, Venceremos Brigade, Venceremos Organization, Weathermen, Progressive Labor Party, Worker's Student Alliance, Students for a Democratic Society, Resist, Revolutionary Union and other New Left groups. This would include persons sympathetic to the Soviet Union, North Korea, North Vietnam and Red China.

10. Cubans and pro-Castro individuals in the U.S.

11. Traffic to and from Puerto Rico and the Virgin Islands showing anti-U.S. or subversive sympathies.

12. Contacts with the Soviet Red Cross, particularly those made or received by individuals.

13. Soviet Committee for Cultural Relations with Compatriots Abroad (contacts with emigres and emigre organizations in U.S.).

14. Traffic between U.S. nationals and aliens in the U.S. with individuals attending such institutions as the Central Komsomol School and Friendship University. This would include any aliens in the U.S. who have previously been in the USSR as students.
