Re Bureau letter, 8/25/67.

The following information in regard to the Nation of Islam is set forth for consideration by the Bureau:

It is noted that the Nation of Islam (NOI) requests $12.00 weekly dues from each member in the NYC area. Each member is also requested to purchase 150 copies of "Muhammed Speaks" newspaper per week from the local Mosque at a price of $24.00. If the member is able to sell all 150 copies at 20 cents each, he is able to net $6.00 for himself. Thus, each participating NOI member must turn in approximately $96.00 in paper money plus $48.00 per month in dues to Mosque #7, NYC. This represents a total of $144.00 from each member. With approximately 500 people in NOI contributing dues and paper money each week, the NYC Mosque is able to take in approximately $72,000.00 each month.

Add to this the regular collections which are taken up each Sunday, Wednesday and Friday nights, plus the Savicrs Day collection for which each member is expected to contribute $100.00. In addition, the restaurants, bazaars and bakeries all contribute money to the Mosque. Admittedly, a good portion of this money eventually finds its way to ELIJAH MUHAMMAD in Chicago; however, it is felt that the leaders of the NYC Mosque take care of themselves before any funds are sent to MUHAMMAD.

Three of the leading officers of the NYC Mosque who are also on the Security Index of the NYO are as follows:

3. JOSEPH GRAVITT aka Captain Joseph X. Gravitt (Bufile 105-32655, NYfile 105-9669).

LOUIS EUGENE WALCOTT, who is commonly known as Minister FARRAKHAN, born May 11, 1933, in NY, NY, resides at 2311 97th Street, East Elmhurst, Queens, NY, and is the Minister-In-Charge of Mosque #7 in NYC. He has never been interviewed by the Bureau. FARRAKHAN is reported to have expressed hostility towards the FBI.

On 3/8/59, he is reported to have made the statement that if he caught any "spies" in the NOI, he personally would kill them. He is married to BETSY ROSS WALCOTT and has seven children. Prior to his NOI affiliation, he attended Winston-Salem Teachers College and earned his living as a calypso singer and dance man. He is an articulate speaker who constantly condemns Christians and Jews and speaks disrespectfully of the U.S. flag. He has stated that all white people are to be destroyed.

On 3/26/67, at a Muslim meeting he told the audience that he did not owe any loyalty to the U.S. FARRAKHAN wears good suits, lives in a rent-free NOI owned house and receives a salary of $150.00 weekly.

In August, 1967, it was reported that H. RAP BROWN planned to have dinner at FARRAKHAN's residence. In September, 1967, upon FARRAKHAN's recent arrival from Chicago, Illinois, where he met with ELIJAH MUHAMMAD, he told NY members that MUHAMMAD wants each brother to sell 250 newspapers, pledge not less than $100.00 and up to $1,000.00 and raise $1,000,000.00 by September, 1967. Another $1,000,000.00 was to be raised outside NYC.

MACEO OWENS, born 12/21/31, Cleveland, Ohio, has the full-time position as Secretary of the NOI Mosque #7. He resides at 2354 95th Street, East Elmhurst, Queens, New York. He married RENTHA BROOKS in 1954 and served in the U.S. Army from 1952 to 1954. Prior to coming into the NOI, he was a musician in a small dance band.

On 5/20/58, he refused to be interviewed by the FBI. As Secretary of the NOI, his main duty is the administration of financial matters. From July 1, 1965, through December 30, 1966, MACEO OWENS cashed checks which were made out to Cash at the Manfacturers Hanover Trust Company, 67 West 125th Street, NY, NY, in the amount of $511,835.00. OWENS drives a 1967 Imperial automobile and he has been assigned FBI Number 121369D.

JOSEPH GRAVITT aka Captain Joseph X. Gravitt resides at 2342 102nd Street, Corona, Queens, New York, and is employed as Fruit of Islam (FOI) Captain in Mosque #7. He is also in charge of the FOI of the entire Eastern Seacoast area. GRAVITT was born 5/6/27, in Detroit, Michigan, and served in the U.S. Army in 1946 and 1947. He had been second in command to MALCOLM X at Mosque #7 and was formerly in charge of all NOI restaurants in the NYC area. In August, 1967, GRAVITT refused to cooperate with Bureau agents. He drives a 1967, four-door Buick sedan. GRAVITT, who was formerly employed as a cook, has been assigned FBI Number 818163B. He has been known to point to the American flag and state "This is your enemy".

It is obvious that FARRAKHAN, OWENS and GRAVITT are living well on the NOI dues and other funds supplied to them by the NOI members in NYC. It is felt that an effort should be made to enlighten the NOI membership as to how well their leaders live on the hard-earned cash of the followers. If it can be pointed out to the membership that they are being swindled by these men, it would undoubtedly cause the NOI leaders a great deal of concern and might even shake the foundation of the organization. It could cause the leaders to feel less secure when the membership has some knowledge of the economic benefits the leaders receive in the form of automobiles, homes, and other benefits.

NW 55290 DocId:32989682 Page 5

To date, the NYO has been unable to make a penetration into the top leadership of the NOI in NY, as far as informant development is concerned. Some penetration of the top leadership might occur when their economic security is jeopardized; when funds and salaries are diminished and the NOI itself is threatened. Efforts must be made to shake the confidence of the membership in their leaders.

The information that ample NOI funds are available to the leaders of the NOI must be made known to individual NOI members.

In order to make this information known to the members, the NYO has prepared the following:

A large comic-book type publication made up to ridicule the leaders. This book depicts FARRAKHAN, OWENS and GRAVITT, who is commonly known as Captain JOSEPH, living the good life, having good homes, big cars and wearing fine suits. It is felt that this type publication would be an effective method of securing initial interest and would appeal to a wide, a generally uneducated audience.

The publication would be mailed in unmarked envelopes, purchased locally and would be sent to 36 members of the NOI who are on the Security Index of the NYO. It would also be mailed to a selective number of 237 other individuals in the NYC area whose names have appeared on membership records of the NOI. These latter individuals reportedly joined the organization in 1963 and 1964 and in all probability many of them are still members or have close friends in the organization.

When the membership receives the publication, it can reasonably be assumed that it will cause some of them to start thinking and begin asking questions concerning the leadership. They may become disenchanted in the organization, cause others to be disillusioned and perhaps future membership might also be reduced.

NW 55290 DocId:32989682 Page 6

It is also to be noted that FARRAKHAN, OWENS and GRAVITT are only three of the leading NOI officials in the NY area. When this publication is disseminated to the membership, it could cause these above three individuals to feel that the literature was made up by other NOI leaders in the NY area who desire to get rid of these three individuals and takeover the NOI in NY for themselves. In other words, it is hoped that the dissemination of this publication will result in internal strife, distrust and disorder within the NOI itself.

Therefore, Bureau authority is requested to place the above described counter-intelligence device into effect. If approved, the Bureau is requested to have made up at the Bureau 273 comic-book type publications which can be anonymously mailed to the membership. The actual size of these publications is being left to the discretion of the Bureau.

The NYO will insure that steps will be taken so that this mailing cannot be traced as originating from the FBI.

The Bureau will be advised of any tangible results which might occur from this action and recommendations will also be forwarded for appropriate follow-up counter intelligence action.

Enclosed for the Bureau is one copy of a sample comic book type publication.

PURPOSE:

To secure approval for the anonymous mailing of 273 cartoon leaflets to members of the militant Nation of Islam (NOI) in New York City exposing the financial chicanery of the NOI.

BACKGROUND:

The New York Office has determined that members of the highly militant, anti-white race, Nation of Islam are required to contribute $48 a month dues plus sell the group's newspaper, "Muhammed Speaks," in the amount of $96 a month for a total of $144 per month. With 500 people in the NOI in New York this represents a "take" of $72,000 per month in the New York "Mosque," or Temple. Of course, not all members fully comply with the newspaper and dues requirements, but any loss in this area is made up by collections at meetings, the "Saviors Day" collection (Elijah Muhammed's birthday), and the businesses run by the NOI.

EX-116 REC-52 100-448006-81

The top NOI leaders in New York, Minister Farrakhan, Secretary Maceo Owens, and Captain Joseph Gravitt, live very well off this money. Farrakhan lives rent-free in an NOI house and receives $150 a week. All drive new, expensive, automobiles. New York feels that if the facts of the NOI financial situation are brought to the attention of the membership, it will cause disillusionment and reduce membership. It would also cause internal strife, factionalism, distrust and disorder within the NOI.

Re: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS

New York has prepared a cartoon-type leaflet in rough-draft form pointing out how NOI leaders live well off the membership's money. New York recommends this leaflet be prepared in final form by the Exhibits Section, 273 copies be made and mailed anonymously to 36 members of the NOI who are on the Security Index and to 237 members who joined the NOI as shown on a 1964 membership list. The mailing would be made in commercially purchased envelopes to protect the Bureau.

Attached for the Exhibits Section is a work order and a sample pamphlet furnished by New York. Minor changes have been made in the pamphlet to conform to NOI terminology. The pamphlet will be reduced in size to facilitate mailing.

ACTION:

That this memorandum be routed to the Exhibits Section for preparation of 273 copies of the pamphlet and thereafter New York be authorized to mail them anonymously to NOI members in New York.

A review of counterintelligence suggestions submitted by the New York Office shows very few suggestions being submitted for an office with the number of black nationalist groups that your office has. New York should immediately review its Counterintelligence Program for the purpose of developing imaginative counterintelligence suggestions.

New York has numerous black nationalist groups that should be the target of concentrated counterintelligence action. The Student Nonviolent Coordinating Committee, the Black Panther organization, the Revolutionary Action Movement and the American Mau Mau, are but four examples of extremist groups that should receive counterintelligence attention on a continuing basis. The leaders of these groups, including James Forman, Charles 37X Morris and Herman Ferguson should all be considered for counterintelligence action whether they are under surveillance or not. Obviously, any counterintelligence action recommended should be such that it cannot be traced to this Bureau. Thus a special status of a person awaiting court action is not usually relevant to this program.

The Bureau is following this matter closely to insure that New York fulfills its responsibilities in this area. It is important to use every possible technique to disrupt and neutralize the extremist black nationalists.

ReBulet, 3/4/68 and NYlet, 4/4/68.

1. Operations Under Consideration

It is noted that information recently received has indicated that the Black Panther organization now occupies desk space in the New York office of SNCC. It would appear that these two groups might be at least organizationally affiliated at this time. During our continued investigation and scrutiny into the SNCC operation, we may be presented an opportunity to learn more concerning the affiliation between these two organizations. In that event, every opportunity will be seized to disrupt their seemingly harmonious relationship.

2. Operations Effected

In accordance with New York request in letter dated 4/17/68, a representative of the NYO has telephonically contacted NOI leaders Minister WALCOTT, MACEO OWENS and Captain JOSEPH GRAVITT and clearly conveyed the impression to them that several NOI brothers were going to "take care of them" for stealing the dues of the membership.

The NYO has decided not to contact JAMES FORMAN because at the present time, he and other members of SNCC are under surveillance by NYO Agents.

Additionally no attempt was made to contact HERMAN FERGUSON who is presently out on bail after his recent conviction. It was felt that no contact should be made at this time since he is awaiting court action.

No contact has been made with CHARLES 37X MORRIS due to his unavailable status. At the present time, the NYO is unaware of his exact place of residence and employment, if any.

3. Tangible Results

In April the NYO mailed 273 copies of a comic book publication to members of the NOI in the New York area. This publication suggested to the membership that the leaders of the NOI in the New York area were stealing dues and paper money contributed by the membership. It was hoped that the dissemination of this publication would result in internal strife, distrust and disorder within the NOI itself.

At a NOI meeting held on 5/3/68, Minister HENRY X said that there was talk going around that high officials like Minister FARRAKHAN and Captain JOSEPH were not turning in all the money and this information was passed on to the main office in Chicago.

At a NOI meeting held on 6/9/68, Secretary AUBREY read a letter from Chicago advising all members to get a receipt for money they turn in. If they did not get a receipt from Chicago it indicates that someone did not turn in the money. The fact was made clear that the person who did not turn in the money will be dealt with by ELIJAH MUHAMMAD.

Later it was revealed at an NOI affair that the Supreme Captain from Chicago was coming to New York to investigate the possibility that some high officials of the New York NOI were not turning in all the money to ELIJAH MUHAMMAD.

ReBulet, 3/4/68 and NYlet, 4/4/68.

1. Operations Under Consideration

It is noted that information recently received has indicated that the Black Panther organization now occupies desk space in the New York office of SNCC. It would appear that these two groups might be at least organizationally affiliated at this time. During our continued investigation and scrutiny into the SNCC operation, we may be presented an opportunity to learn more concerning the affiliation between these two organizations. In that event, every opportunity will be seized to disrupt their seemingly harmonious relationship.

2. Operations Effected

In accordance with New York request in letter dated 4/17/68, a representative of the NYO has telephonically contacted NOI leaders Minister WALCOTT, MACEO OWENS and Captain JOSEPH GRAVITT and clearly conveyed the impression to them that several NOI brothers were going to "take care of them" for stealing the dues of the membership.

The NYO has decided not to contact JAMES FORMAN because at the present time, he and other members of SNCC are under surveillance by NYO Agents.

Additionally no attempt was made to contact HERMAN FERGUSON who is presently out on bail after his recent conviction. It was felt that no contact should be made at this time since he is awaiting court action.

No contact has been made with CHARLES 37X MORRIS due to his unavailable status. At the present time, the NYO is unaware of his exact place of residence and employment, if any.

3. Tangible Results

In April the NYO mailed 273 copies of a comic book publication to members of the NOI in the New York area. This publication suggested to the membership that the leaders of the NOI in the New York area were stealing dues and paper money contributed by the membership. It was hoped that the dissemination of this publication would result in internal strife, distrust and disorder within the NOI itself.

At a NOI meeting held on 5/3/68, Minister HENRY X said that there was talk going around that high officials like Minister FARRAKHAN and Captain JOSEPH were not turning in all the money and this information was passed on to the main office in Chicago.

Authority is granted to send the anonymous letter described in relet to militant black nationalist Reverend Albert B. Cleage, Jr., in an effort to cause dissension between Negro numbers operators and the Italian hoodlum element.

Insure the letter is prepared on commercially purchased stationery in such a way that it cannot be traced to the Bureau. Detroit should be alert for possible follow-up techniques to this operation and should promptly submit any results or further recommendations to the Bureau.

NOTE:

We have received information that Negro numbers operators in Detroit are being forced to contribute money to the black power movement there. Reverend Cleage is the best known black militant in Detroit. La Cosa Nostra, which controls numbers operations in Detroit, is reportedly concerned about this situation and would like to take action against black power advocates who are cutting into their profits. The letter suggested by Detroit, consisting of a drawing of a black hand and the notation "Watch Out" is the type of warning the general public associates with La Cosa Nostra. This sort of anonymous letter to Cleage might cause him to complain to Negro numbers operators, causing them to further resent La Cosa Nostra and causing further friction between the two groups. We will be alert for possible follow-up action to this technique. The use of an anonymous letter precludes any possibility of embarrassment to the Bureau.

Re Detroit airtel dated 3/25/68, captioned "TCIP" and Bureau letter to Detroit, dated 4/3/68, captioned as above.

The Detroit Office has carefully scrutinized the information contained in referenced Bureau letter indicating that all Negro numbers men in Detroit are being forced to contribute money to the black power movement in Detroit.

Referenced letter further indicates that the nationalistic spirit among the Negro numbers house operators has risen and many have become followers of Reverend ALBERT B. CLEAGE, JR., the best known black militant in Detroit.

However, to date Detroit has been unable to devise any feasible counterintelligence technique which would be susceptible of widening the breach between the La Cosa Nostra and the Negro numbers operators.

Detroit suggests that an anonymous letter containing a black hand and inscribed thereon the notation, "Watch Out!!" be mailed to Reverend CLEAGE. It is felt that if CLEAGE receives such a letter he will assume that the Italian hoodlum element was responsible for this letter, report this to the Negro numbers operators, and thereby cause them to further resent the Italian hoodlum element.

It is felt that such a letter could be mailed to CLEAGE without the Bureau being identified as the source of the letter, however, the proposed counterintelligence action will not be taken without prior Bureau authority.

1. The identity of agent assigned to coordinate this program is SA DONALD C. STEINMEYER.

2. There are currently two Black Nationalist groups in the Houston Division, i.e., Houston SNCC and Houston NOI Mosque No. 45. There are approximately 15 current active SNCC members and the NOI membership at Houston is estimated at approximately 60 persons. The SNCC group presents the greatest potential for violence, as their members and their leaders lean towards violence in achieving Negro goals by any means. The NOI, while active, does not appear to be violence-prone; however, the minister teaches that if members are provoked by the white man, the white man should be killed.

Those individuals on the Houston Rabble Rouser Index include LEE OTIS JOHNSON (SNCC), F. D. KIRKPATRICK (SCLC), STANLEY WAYNE WRIGHT (proposed)(SNCC), JOHNNIE WESLEY MORRIS (SNCC), RAYMOND WATLINGTON (proposed)(NOI).

LEE OTIS JOHNSON - one of the original organizers of Houston SNCC, former chairman of Houston SNCC, recently removed from Houston SNCC on orders of RAPP BROWN. JOHNSON has the greatest potential for violence in the Houston Division of all the SNCC members.

STANLEY WAYNE WRIGHT - Treasurer of Houston SNCC, is currently a good target for counterintelligence action as money is of utmost importance to the SNCC group. WRIGHT is reported to be the one SNCC member who could successfully embard on a guerrilla warfare program.

JOHNNIE WESLEY MORRIS is one of the original organizers of SNCC and is a believer in the general ideologies advocated by STOKELY CARMICHAEL and RAPP BROWN. He has participated in various demonstrations in Houston.

RAYMOND WATLINGTON, the Houston NOI Minister, is a teacher of "hate the white man" and advocates killing the white man if he provokes the Muslim members. Money is WATLINGTON's primary objective and counterintelligence along these lines could possibly be effected.

3. Houston Division considers Houston SNCC and Houston NOI as possible targets for counterintelligence action. The leaders of these groups are also considered targets and the primary avenue which offers the most potential is attacking the financial structure of the groups.

4. As the Bureau is aware, Houston has recently obtained copies of all the SNCC records in Houston and these records contain information concerning financial contributors. The identities of these contributors present an excellent avenue for counterintelligence. Specific proposals will be made by separate communication.

5. Suggestions for field-wide counterintelligence action being submitted by separate letter.

Reese has made derogatory remarks about King. MO noted that although Reese has furnished the FBI information, it is not felt an Agent should contact Reese. We concur. Instead, this letter would be sent from another city (BA) with a copy to the editor of the local newspaper, the "Selma Times-Journal," to give the newspaper an opportunity to interview Reese about the letter and possibly publicize its contents. This newspaper has a wide Negro leadership. The letter will note the march is for King's personal aggrandizement, he is interested mainly in donations, there is no provision to house or feed marchers, and there might be violence if black nationalists take over the march.

MARTIN LUTHER KING
RACIAL INTELLIGENCE

ReBuTelCall to me 3/12/68, and BuRad 3/21/68.

I have considered this matter, discussed it with appropriate agent and supervisory personnel of the Mobile Office and the following is proposed as a counterintelligence move on KING's Washington Spring Project.

KING has quite a following in and around the Selma, Ala. area and has appeared recently in Selma on one occasion at the church of Reverend L. L. ANDERSON, who, at the time of KING's appearance, was running for mayor of Selma. ANDERSON was tentatively endorsed by KING and was subsequently defeated in his race for mayor of Selma.

Reverend FREDERICK DOUGLAS REESE, who is head of the Dallas County Voters League and is quite influential among the Negro community in the Selma area, did not endorse ANDERSON for mayor and informed sources indicate he more or less contributed to the defeat of ANDERSON. REESE has been known to make derogatory remarks concerning KING and was allegedly miffed that KING did not advise him, REESE, of his, KING's, contemplated visit to Selma.

In view of the above, it is felt that if some method can be devised whereby REESE can be advised of certain items relative to the Washington Spring Project, he would take action to discourage individuals from participating therein.

It is not believed that REESE could be contacted by a Bureau Agent, although he has on occasion furnished us information which has proven to be reliable.

It is, therefore, proposed that an anonymous letter be directed to REESE at his home address, 1566 Range, Selma, Alabama 36701, wherein it is called to the attention of REESE that KING is merely using the Negroes of the Selma area for his own personal aggrandizement; that he is not genuinely interested in their welfare, but only in their donations; that in all probability the individuals going to Washington for the Spring Project will be left stranded without suitable housing or food. The letter should also play up the possibility of violence, particularly the fact that although CARMICHAEL and BROWN of SNCC have a so-called gentlemens' agreement with KING not to take over this action, there exists a strong possibility that such will occur. There is also the possibility of RAM and NOI taking over the project since it lacks organization and direction. The letter should also point out that KING was in Alabama on about 3/21/68, and did not make his schedule in the Selma and adjoining counties area, which was another indication that KING was talking out of both sides of his mouth.

It is felt that this letter should be mailed from either Washington or Baltimore since, if the letter is mailed from anywhere in the south, REESE may feel it is the work of the Klan or some other racist group. It is felt that Baltimore would probably be the best since a letter from Washington would indicate the possibility of the government doing this.

Simultaneous with mailing the letter from Baltimore, it is proposed that a copy of the letter to REESE, together with a cover letter, be mailed to ROSWELL FALKENBERRY, Editor and Publisher, Selma Times-Journal, Selma, Alabama. The cover letter should indicate that attached was a letter directed to REESE and that he, FALKENBERRY, might want to contact REESE relative to REESE's receipt of the letter and what it said.

The thought behind this is to give FALKENBERRY a chance to interview REESE concerning receipt of the letter and thereby create a news story which could legitimately be published and read by the Negro community in the Selma area. It is known that the Selma Times-Journal has a large circulation among the Negro community in Dallas and adjoining counties and has taken a rather liberal attitude in connection with civil rights movements.

By handling as above, we would eliminate the possibility of these rumors being attributed to the FBI.

Consideration has been given to some method of discouraging [redacted], who is [redacted] for KING's project, and is spear-heading the recruitment throughout our territory and other portions of Alabama. From our contact with [redacted], who is [redacted], it is the opinion of contacting agents that he is so sold on the project that it is almost impossible to disillusion him.

It is also felt that some method of getting an article in the "Southern Courier" along the lines of the above would have a discouraging effect on the Negro community in and around Montgomery, Ala., since the Courier is very widely read. Consideration is being given to the method of accomplishing this.

The Bureau is requested to consider the proposal set forth above and advise.

Martin Luther King has urged Negroes in Memphis, Tennessee, to boycott white merchants in order to force compliance with Negro demands in the sanitation workers' strike in Memphis.

When violence broke out during the march King led in Memphis on 3-28-68, King disappeared. There is a first class Negro hotel in Memphis, the Hotel Lorraine, but King chose to hide out at the white owned and operated Holiday Inn Motel.

DO AS I SAY, NOT AS I DO

Martin Luther King, during the sanitation workers' strike in Memphis, Tennessee, has urged Negroes to boycott downtown white merchants to achieve Negro demands. On 3-29-68 King led a march for the sanitation workers. Like Judas leading lambs to slaughter King led the marchers to violence, and when the violence broke out, King disappeared.

The fine Hotel Lorraine in Memphis is owned and patronized exclusively by Negroes but King didn't go there from his hasty exit. Instead King decided the plush Holiday Inn Motel, white owned, operated and almost exclusively white patronized, was the place to "cool it." There will be no boycott of white merchants for King, only for his followers.

In accordance with referenced airtel, the following information is set forth:

1. SA ROBERT C. PUCKETT is coordinating the Counterintelligence Program, Black Nationalist-Hate Groups in the New Haven Office.

2. The following organizations are active in the black nationalist movement in the State of Connecticut:

The Nation of Islam (NOI) is active in Hartford, New Haven, and Bridgeport. An auxiliary NOI Mosque currently exists in Waterbury and is considered part of the New Haven Mosque. Activity has recently been instituted to form a new Mosque in the New London area. The largest Mosque in the state is Muhammad's Mosque #14, Hartford, which has a reported membership of 150. Muhammad's Mosque #40 in New Haven has an active membership of 65 and Muhammad's Mosque #41 in Bridgeport has a reported active membership of 50. The Mosque in the Waterbury area is still in the formation stages and reportedly has a membership of approximately 15. NOI activities in the New London area are still in the development stage and there is no known membership figure at this time.

On 8/13/67, ABDUL MC CULLOUGH, Minister of Mohammad's Mosques #40 and #41, made the statement that he was in agreement with the racial riots and violence which have taken place in New Haven, Conn., during August, 1967, but that the NOI was not to take part in any of this violence.

The Hill Parents Association (HPA), 662 Congress Avenue, New Haven, Conn., was described by Community Progress, Inc., a local anti-poverty agency, as a resident action group in the Hill Section of New Haven which conducts employment, education and recreation programs in an effort to improve the neighborhood. Ninety per cent of the members of HPA are Negroes and during the Summer of 1967, conducted a summer program financed with funds from the Office of Economic Opportunity.

The President of HPA, FREDERICK HARRIS, JR., a Negro, was recently arrested in New Haven on charges of possession of heroin, stolen goods and breach of peace. He was subsequently convicted on the charge of possession of heroin, sentenced to one year in jail and is presently free on appeal bond. Other officers and workers of HPA and/or their affiliate, Operation Breakthrough, have recently been convicted in Connecticut State Court on charges of conspiracy to blow up public buildings in New Haven. RONALD JOHNSON, a Negro and co-director of Operation Breakthrough, was sentenced to 8-12 years in prison and HARRY BONNER, an HPA worker, was sentenced to 6-8 years in prison. Both of these individuals are free on appeal bond. The HPA has been a very closely run organization and since the arrest and conviction of the leaders has been virtuely inactive. At the present time there is no reasonable estimate of membership in this near defunct organization.

The Black Caucus is located in Hartford, Conn. and has confined its activities to that city. The Black Caucus reported was created to be a new political power to produce changes in the political life and social life of Hartford Negroes. The Black Caucus has utilized a residence in the apartment building at 30 Auburn Street, Hartford, as their headquarters and has been described as an organization that has no single leader or Board of Directors or executive committee nor membership cards and no bylaws. One member described the key theme of Black Caucus as non-violence. Members are sympathizers of the Black Caucus, which participated in demonstrations in the greater Hartford area for open housing, objections to behavior and tactics of police officers,

discrimination and exploitation by Hartford insurance companies, banks and private businesses, equal housing opportunities, improved welfare benefits, equal justice for all and similar complaints.

The spokesman for Black Caucus is JOHN BARBER, a Negro who operates a low class restaurant in Hartford, maintains a residence with his white mistress in Hartford and also maintains a residence with his wife in West Haven, Conn. It is apparent his Negro wife is aware of his white mistress in Hartford and does not present an opportunity for counterintelligence activities against BARBER.

Members, as well as the leaders of the above mentioned organization, have participated in violence in the past in Conn. and continue to make veiled threats and/or outright statements advocating violence.

Although these leaders are all in considerable difficulty with the local authorities, as long as they are free on appeal bond they represent a threat since they do have some control and influence over members and sympathizers of their respective organizations.

The following individuals are on the agitator index of the New Haven Office:

FREDERICK L. HARRIS, JR., aka Fred Harris. A Negro born 9/27/37 or 38, at New Haven, Conn., and is president of the HPA. HARRIS was arrested in September, 1966, at Hartford, Conn., on charges of disorderly conduct and resisting arrest. He was subsequently convicted and sentenced to 90 days in jail, suspended after 30 days. He was placed on 1 year's probation. HARRIS was arrested in New Haven on 8/20/67, during a civil disturbance and was charged with loitering and disorderly conduct. In October, 1967, he was arrested in New Haven and charged with possession of heroin, stolen goods and breach of peace. He was subsequently convicted on the possession of heroin charge and on the stolen goods chage. He is presently free on appeal bond.

RONALD SHERWOOD JOHNSON, aka. Ronnie Johnson. A Negro, born 3/12/42, at New Haven, Conn. He is co-director of Operation Breakthrough, an affiliate of HPA. JOHNSON has an extensive criminal record with the New Haven PoliceDept., reflecting in excess of 25 arrests for offenses including lascivious carriage, breach of peace, theft, nonsupport of wife and children, intoxication, violation of probation, defrauding an innkeeper, operating a motor vehicle without a license, speeding and resisting arrest. On 12/23/67, JOHNSON and four others were arrested by the New Haven Police Dept. in possession of 46 sticks of dynamite and were charged with conspiracy to use explosives to destroy public property and was held on $100,000 bond. JOHNSON was subsequently convicted on this charge and sentenced from 8 to 12 years in prison. He is presently free on appeal bond.

HARRY J. BONNER, JR., aka. Buddy Bonner. A Negro was born 5/13/38, in North Carolina. He resides at 111 Lamberton Street, New Haven, Conn., and is a worker for HPA. BONNER has an extensive criminal record with the New Haven PoliceDept. and on 12/31/67, was arrested and charged with conspiracy to use explosives to destroy public property and was held on $100,000 bond. He was subsequently convicted on this charge, sentenced to 6-8 years in prison. He is presently free on appeal bond.

JOHN BARBER. A Negro, was born 10/13/36, at Detroit, Michigan. He is spokesman for the Black Caucus in Hartford, Conn., where he operates a low-class restaurant. He maintains a residence in Hartford as well as one in West Haven, Conn. In 1959, BARBER attempted to contact BENJAMIN J. DAVIS, JR., a national functionary of the CP, USA, at CP Headquarters, New York City. In 1963 at a meeting of the local branch of the SWP in New Haven, BARBER discussed methods of splitting the New Haven Chapter of the Congress of Racial Equality (CORE). BARBER is a former president of the New Haven Chapter of the NAACP and was formerly employed by the late MARTIN LUTHER KING, JR. in the Southern Christian Leadership Conference as Executive Assistant to the President

of the SCLC. On 8/5/67, BARBER was arrested in Hartford, Conn. and charged with two counts of arson. On 4/5/68, at a rally held on the New Haven Green in memory of MARTIN LUTHER KING, JR., BARBER addressed those present stating, "We're going to break the backs of law and order in this state" and said from this moment he would refuse to obey "Whitey's curfews." BARBER concluded by stating, "The day belongs to the white man but the night is ours." On 4/11/68, BARBER was arrested by the New Haven Police Dept., in connection with a warrant issued by the Hartford Police Dept., charging him with inciting to injure persons or property. BARBER was charged by New Haven Police with carying a dangerous weapon which was a six foot spear, breach of peace, resisting arrest and failing to submit to fingerprinting. At the time of his arrest BARBER was wearing a long flowing robe, beads around his neck and an embroidered felt African-type pillbox hat and carrying the 6 foot spear which was taken from him. Subsequently BARBER appeared in local court dressed in a similar fashion with a knapsack on his back. The Judge asked BARBER the purpose of the knapsack, whereupon he said he was "leaving for the promised land." The Judge subsequently ordered that BARBER be examined by a psychiatrist, and continued his case until such examination could be conducted.

ALONZO OLIVER RUSSELL, is a Negro, born 11/27/40, in North Carolina. He is a worker for the HPA. He has been arrested on at least 4 occasions by the New Haven Police Dept. and charged with offenses including Breach of peace, resisting a police officer, and unnecessary noise with a motor vehicle. RUSSELL was arrested by the New Haven Police on 12/23/67, along with four others and charged with conspiracy to blow up public buildings in New Haven. RUSSELL was subsequently excused from trial because of ill health and will be tried on a later date.

NW 55290 DocId:32989682 Page 44

WILLIE ROBERT COUNSEL, aka. PeeWee. A Negro, born 8/22/40, at Tuskegee, Alabama. He is vice-president of HPA. COUNSEL was arrested by the New Haven Police Dept. in September, 1966, for nonsupport. He was also arrested in Hartford, Conn., in September, 1966, on charges of disorderly conduct and resisting arrest. He was subsequently convicted and on 11/10/67, he was sentenced to 60 days in jail to be suspended after 30 days and was placed on 1 year's probation. At a recent "workshop" held at Guilford, Conn., and sponsored jointly by the Black Coalition of New Haven and the Guilford Human Relations Counsel, COUNSEL informed those present that "This is violent country" and "our survival has to be violent," and "if it takes a book of matches to burn America down, it's coming."

WILLIS ALBERT BROOKS, aka. Nobby. A Negro, born in November, 1936, in Georgia or New Haven, Conn. He is a worker for the HPA. BROOKS has been arrested on at least 33 occasions by the New Haven Police Dept. on charges including interfering with a police officer, abusing a police officer, breach of peace, theft, violation of motor vehicle laws, violation of traffic regulation, drunkenness, loitering, resisting arrest, inciting a riot, nonsupport of wife and children, trespassing and injury to property. CHARLES GREEN ASHE, JR. A Negro, born 10/17/34 or 8/17/34, at New Haven. He is employed by the New Haven Redevelopment Agency. ASHE is a close associate of the above mentioned individuals and is an outspoken black power advocate.

JE ROYD WILEY GREENE, aka. Jay Greene. A Negro, born 2/10/40 at New York City. He is a graduate student at Yale University Law School and is president of Operation Breakthrough. GREENE, during a rally held at the New Haven Green on 4/5/68, made the statement, "We're going to bring Whitey to his feet in this town tonight," and "I don't want to see any of you; I just want to smell the smoke and see the ashes."

(KENNETH JOHN WATSON)

Kenneth John Watson is the editor of a violent black nationalist newspaper and was recently appointed editor of a college newspaper. It is recommended Watson's black nationalist background be exposed through cooperative news sources on a confidential basis by the Crime Records Division.

Watson was formerly active in Detroit, Michigan, in the Revolutionary Action Movement (RAM), a black nationalist Chinese communist oriented group. In 1967, Watson was a key figure in the establishment of a black revolutionary newspaper entitled, "Inner City Voice," and has been editor of this newspaper since its inception. Editions of this paper have contained highly inflammatory and obscene articles and articles instructing in guerrilla warfare and how to make a bomb, principally for the purpose of sabotage.

It was recently learned that Watson has been named editor of the Wayne State University, Detroit, Michigan, daily newspaper, "The South End," and he has indicated he intends to use this media as a vehicle to further the black man's revolution. This newspaper is supported by the University and has a $100,000 budget. After his election as editor, he appointed Harry Wesley Clark, a Negro, as coeditor without the approval of the Student Faculty Council or the Staff.

Memorandum G. C. Moore to W. C. Sullivan
RE: COUNTERINTELLIGENCE PROGRAM

Watson has been experiencing difficulty in getting the "Inner City Voice" published and, in fact, was unable to put out the May issue due to the refusal of union members and reputable printers to print such "trash." The difficulties along this line were caused at least in part by a program of our Detroit Office of bringing to the printer's attention the true facts concerning the "Inner City Voice."

Exposure of Watson's background could influence public and University officials to have him removed from his editorial position or at least limit his effectiveness through close supervision by these officials. Since legitimate daily newspapers are not being published in Detroit at the present time, the exposure should be through the use of a national magazine, if possible and feasible.

ACTION:

Attached for approval is a blind memorandum containing pertinent background data concerning Watson. If approved, this memorandum should be forwarded to the Crime Records Division for appropriate referral to a cooperative news media source.

KENNETH JOHN WATSON

Watson was formerly active in Detroit, Michigan, in the Revolutionary Action Movement (RAM), a black nationalist Chinese communist oriented group. He, along with General Gordon Baker, Jr., acknowledged leader of the RAM, was instrumental in the formation of the Fox and Wolf Club, a rifle club controlled by members of that group. In 1967, Watson was a key figure in the establishment of a Detroit newspaper entitled "Inner City Voice." Watson has been its editor since its inception and editions of the paper have contained highly inflammatory and obscene articles, as well as articles instructing in guerrilla warfare and how to make a bomb, principally for the purpose of sabotage. He has recently been unable to obtain printers to print the "Inner City Voice," due to the fact that the union members object to printing such material.

Watson was recently elected editor of "The South End," the Wayne State University daily newspaper. Watson indicated in the June 4, 1968, edition of "The South End" on page four, that the editors intend "to double up on the pressures to bring down the old, crumbling, oppressive American ---." He expressed the hope "you choose the side of the revolution, because, in the words of Rap Brown, 'we will win without a doubt.'"

"The South End" operates on a $100,000 budget from Wayne State University. Watson has also indicated that he wants to set up a corporation to print the University newspaper, as well as other student and community publications.

Attached are copies of four issues of the "Inner City Voice" which vividly shows its revolutionary nature and copies of three issues of "The South End" showing Watson's election and his editorial policy.

This is to recommend item about number of teen-agers in the Poor People's Campaign be furnished news media source on confidential basis by Crime Records Division.

BACKGROUND:

The Poor People's Campaign (PPC) is the campaign of massive civil disobedience initiated by the late Martin Luther King, Jr., to force passage of legislation favorable to Negroes. We have learned that at least two of the PPC caravans moving toward Washington, D.C., are composed largely of teen-agers and young men in their early twenties.

This is an unstable element with a real potential for violence. The recent riot in Washington started with looting by teen-agers and young men. This information has been disseminated to appropriate interested agencies and it is felt it should also be publicized by the news media. Attached is a summary of these facts which protects our sources.

ACTION:

That attached summary be given a cooperative news media source by the Crime Records Division on a confidential basis to publicize the number of young people involved in the PPC.

POOR PEOPLE'S CAMPAIGN
OR "CHILDREN'S CRUSADE"?

The Poor People's Campaign may be turning into a "children's Crusade" and the number of teen-agers descending on the Nation's Capital reminds officials that the recent riot in Washington began with teen-age looting. Of the 369 "poor people" in one of the caravans moving North on Washington, there are 315 of school age. Most of those in the "Midwest Caravan" are teen-agers or young men in their early twenties. Members of a teen-age group called the "Invaders" are in one caravan.

Parents of these young people have protested, knowing the potential for trouble in this situation. But the "children" come anyway and Washington, D.C., faces an explosive situation. The presence of so many teen-agers and youngsters only adds another unpredictable element to the Poor People's Campaign.

Unity Incorporated was started about February, 1968, in Pittsburgh as a coordinating body for grass roots organizations in the Homewood - Brushton area, a ghetto section. In view of recent developments, this organization is now under investigation and information suitable for dissemination will be furnished to the Bureau.

Unity Incorporated is headed by CARL NICHOLAS FLOURNOY and DAVID OWENS, both of whom are on the Agitator Index of the Pittsburgh Office. During May, 1968, it was developed that Unity Incorporated had rented a store front at 717 North Homewood Avenue, Pittsburgh, which is being operated as a Black Power Center, Library and Reading Room. It was also reliably reported during May, 1968, that DAVID OWENS stated the basement of 717 North Homewood Avenue was being remodeled for use as a target range and OWENS displayed a suitcase containing several pistols, ammunition and knives.

For several months [redacted] for the Mellon Foundation of Pittsburgh, has been furnishing information on a confidential basis relating to racial matters and requests for financial grants made by various civil rights and racial - type organizations. Re Bureau airtel to Albany dated 3/4/68; and Pittsburgh letter to Bureau dated 6/24/68.

There have been no significant changes in the overall Black Nationalist Movement since submission of referenced Pittsburgh letter.

1. Operations Under Consideration

It was learned on 8/23/68, that the University of Pittsburgh, Pittsburgh, Pa., was financing the attendance of ten members of the Black Action Society, a campus approved student organization, to attend the Third National Conference on Black Power to be held at Philadelphia, Pa., 8/29 - 9/1/68. This appears to be an excellent counterintelligence target in view of the fact the University of Pittsburgh is a state related school using state funds and other campus approved organizations are not known to have received similar financial assistance. The propriety of using state funds for such a purpose appears questionable. It is realized that a counterintelligence operation involving this matter will not be in sufficient time to prevent or affect attendance of these individuals at the Black Power Conference; however, it is considered possible for a counterintelligence operation being effective in preventing use of school funds in the future for a similar project.

EDWARD DONALD ELLIS, Head of the United Black Front in Pittsburgh, Adult Advisor to the Organizers and an Agitator Index subject, is publicly known as a Black Nationalist. ELLIS has a white wife, although he is separated from her, and it is being considered that an avowed Black Nationalist with a white wife could be a logical target in a counterintelligence operation, probably by use of a "letter to the editor" to a local newspaper.

2. Operations Being Effected

Efforts continue to locate public source data concerning The Organizers to be sent to JOHN W. TODD, JR., Vice President, United States Steel Corporation, Pittsburgh, who has been reliably reported to financially aid the Organizers.

Contact is maintained with the source in the Mellon Foundation, Pittsburgh, which receives requests for financial grants from various groups and organizations, including Black Nationalist Groups. Success involved with utilizing this source is set forth under Item 3 in this letter.

A counterintelligence operation aimed at use of Presbyterian Church funds in irresponsible racial projects continues and results of this effort are being set forth under Item 3 in this letter.

3. Tangible Results

In connection with previous Bureau approval to conduct a counterintelligence operation, to attempt to prevent Unity, Inc., from receiving a $150,000 grant from the Mellon Foundation, a source at the Mellon Foundation was utilized. Unity, Inc., did not receive a grant from the Mellon Foundation although Canon JUNIUS CARTER, one of the founders of Unity, Inc., received a Mellon Foundation Grant of $33,000 and it is considered possible that some of this money was utilized by Unity, Inc. It can be stated with certainty that Unity, Inc., did not receive a grant from the Mellon Foundation because of this counterintelligence operation.

Unity, Inc., is now defunct and has been replaced by an organization known as Forever Action Together (FAT). The same individuals are involved with FAT as were involved with Unity, Inc. To date FAT has not requested a grant from the Mellon Foundation, although it is expected it will do so. The source at the Mellon Foundation is aware that FAT is the successor to Unity, Inc., and that the same individuals are involved.

Prior Bureau authority was granted to utilize a Racial Liaison Source in a counterintelligence operation designed to curtail use of Presbyterian Church funds in irresponsible racial projects which are actually worsening racial conditions and possibly contributing to the threat of racial violence. This effort has been moderately successful in that it is known three individual Presbyterian churches have refused to further financially support Pittsburgh Presbytery until some reason is applied to the use of church funds in racial matters. While the number of churches influenced to date is small, it is considered the ultimate effect of this effort will be very beneficial.

4. Developments of Counterintelligence Interest

WILLIAM ASHBY HADEN, President of the United Movement for Progress, Agitator Index subject, and an unspoken advocate of militant violence in the past, was almost singlehandedly responsible for the removal of a Planned Parenthood Association (PPA) Office in the Homewood-Brushton Section of Pittsburgh, a predominately Negro area. HADEN accused the PPA of black genocide, referred to PPA efforts as "death in a douche bag" and reportedly threatened riots and bombings if anyone tried to operate a birth control project in the area. A group of about seventy Homewood-Brushton women banded together and publicly opposed HADEN and his position on the PPA and stated that HADEN did not speak for the women of the area. Under the female onslaught, HADEN backed down and the PPA returned to Homewood-Brushton.

PURPOSE:

To advise of counterintelligence results that kept black nationalist extremist group from receiving $150,000 grant.

BACKGROUND:

The Pittsburgh Office has an established source at the Mellon Foundation and recommended advising him of the true nature of Unity Incorporated. This was approved.

RESULTS:

Pittsburgh advised that as a result of this counterintelligence operation Unity Incorporated did not get the $150,000 grant from the Mellon Foundation. In addition, Unity Incorporated is now defunct.

Reurlet, 7/30/68.

Recent information obtained indicates that the break between SNCC and the Black Panthers appears severe and perhaps final.

There is no working alliance between these two groups in NYC, and information has been received that there has also been a complete disassociation of these two groups nationally as well.

JAMES FORMAN and RAP BROWN, who were honorary members of the Black Panther Party (BPP) have reportedly resigned their BPP membership because they find it difficult to go along with BPP violent schemes.

On 7/25/68 and 8/7/68, the NYO submitted a suggestion for counterintelligence action against SNCC and BPP. This suggestion is presently under consideration by the Bureau.

In order to increase the friction between SNCC and BPP the NYO proposes to make several pretext telephone calls to the office of SNCC and attempt to convey the impression to them, using a Negro dialect and ghetto language, the fact that the Black Panthers are "out to get them". The thought will be placed with them that the BPP is especially after the SNCC leaders who have caused them trouble. The person making the call will be identified as JESSE 8X, a Black Muslim who heard the information at a secret meeting of Black Panthers.

Accordingly, Bureau approval is requested to place above two suggestions into operation.

1. Operations Under Consideration

Since relet various counterintelligence techniques were considered by the NYO and suggested. Some of these techniques are as follows:

a. Convey the impression that CARMICHAEL is a CIA agent.

b. _____, was instructed to _____ within SNCC and to reduce to an ineffective status the other six Deputy Chairmen of SNCC.

c. The NYO desired to xerox 5000 copies of a circular and distribute throughout NY Negro sections of Harlem and Bedford-Stuyvesant. It was felt that this circular might dissuade future Black Panthers and SNCC membership and cause others interested in the organization to be disillusioned.

Concerning this suggestion the Bureau recommended it be held in abeyance until the results of the dispute between SNCC and the Black Panthers are known.

This counterintelligence device was effected and _____ has reported that JAMES FORMAN, SNCC leader was recently threatened by BPP members who said they would "get him". FORMAN was making himself scarce with his location known only to his wife and SNCC officials.

On 9/4/68, a pretext phone call was placed to the residence of STOKELY CARMICHAEL and in the absence of CARMICHAEL his mother was told that a friend was calling who was fearful of the future safety of her son. It was explained to Mrs. CARMICHAEL the absolute necessity for CARMICHAEL to "hide out" inasmuch as several BPP members were out to kill him, and it would probably be done sometime this week. Mrs. CARMICHAEL appeared shocked upon hearing the news and stated she would tell STOKELY when he came home.

It is noted STOKELY CARMICHAEL and his wife left the US for Africa on 9/5/68, aboard PAM flight which departed JFK airport at 5:00 PM.

4. Developments of Counterintelligence Interest

As it now appears that the BPP at this time has developed into a violence oriented group, every effort will be made to direct the major counterintelligence thrust against this organization. The NYO is presently conducting many interviews with BPP members which might provide fuel for further counterintelligence action.

Sergeant Ungvary has been an established source of the Cleveland Office for several years. He is aware of Nation of Islam activities generally because he is in the Special Investigations Unit of the Police Department. He also has contact with the executives of Warner and Swasey Company, who are running this Negro enterprise. Two copies of an article from the 8/28/68 issue of the Cleveland "Plain Dealer" are enclosed for the Bureau.

The individual identified as L.C. BOLIN in the photograph appearing with this article is L.C. X (BOLIN), the Assistant Minister of the Cleveland Temple of the NOI (MTI #18). BOLIN has worked for the Robert L. Coles, referred to in this article, for several years when COLES operated the C & B Machine Company in Cleveland. The C & B Machine Company was operated as a small manufacturing company in a residential area of the city of Cleveland with a very limited number of employees.

Investigation in early 1966 developed that L.C. X (BOLIN) had apparently obtained jobs at this small company for rank and file members of the NOI and it was reliably reported in March, 1966 that BOLIN had stated that there were six other members employed by the C & B Machine Company. It was also established that COLES knew that BOLIN was a Black Muslim.

It is believed that the above information should be made available to the executives of the Warner and Swasey Company, primarily to prevent the newly established Hough Manufacturing Company from becoming a financial support to the NOI and possibly a recruiting ground. It is also possible that the NOI may eventually gain control of this enterprise.

The Warner and Swasey Company is a very large manufacturing company with headquarters in Cleveland, Ohio. It is engaged primarily in the manufacture and construction of machine tools, textile testing and control systems with annual sales ranging in the $110,000,000 to $150,000,000 bracket.

By HARRY STAINER

Hough Mfg. Co. went into production yesterday at 6800 Made Park Avenue N.E.

The company has only eight employes, seven turret lathes and a product line that consists of small machined parts on a contract basis for bigger manufacturers.

NORMALLY its birth would have gone unnoticed, but:

It is Negro-operated and eventually will be fully Negro owned.

It is designed to train the hard-core unemployed for high-skill jobs.

It is located in an area shunned by manufacturers and is designed to demonstrate to them the advantages of a nearby labor pool—the ghetto residents.

And it is to do all this at a profit.

Hough Mfg. is being supported by Warner & Swasey Co. to the tune of $300,000, but it will not be controlled by W&S or owned by it.

To run Hough Mfg., a ghetto demonstration company, W&S picked Robert L. Coles as president. Hough Mfg. also absorbed Coles' company, Cuyahoga County C&B Machine Co., formerly at 9821 Bessemer Avenue S.E.

COLES IS one of the fewer than six Negroes to own and operate industrial-type companies in the Cleveland area.

To get into production quickly, Hough Mfg. absorbed the contracts, tools and employes of C&B in exchange for 200 shares of the 2,000 authorized. W&S received 500 shares on an initial basis for cash supplying operating funds. It also bought the building and leased it to Hough Mfg.

W&S is expected to help in opening the doors for financing and customer acceptance of the firm.

THESE WERE the biggest problems Coles faced in building up his C&B Machine Co. in the past 18 years. Another handicap was that to get machine operators to work for a Negro, he had to train unskilled and unemployed persons to become skilled workers, such as turret lathe operators.

This makes him just about perfect for running a company designed to give skills to the unemployed at work at a profit, associates said.

With W&S help the company is expected to expand to about 50 employes by the end of the year and increase the sales level from about $100,000 to about $250,000.

THE COMPANY also is expected to diversify beyond machine shop operations to other manufacturing work depending on contracts it receives. The purpose is to provide lower-level job skills to those unable to run machine tools.

"The ultimate goal of Hough Mfg. Co. is to become a wholly independent, employe and community owned company," Coles said. He added that provisions for buying back shares are included in the company's articles of incorporation.

W&S SAID the new company was an investment and not charity. Calling it a modest first step for the city, C&W said: "It is our hope that the success of Hough Mfg. Co. will encourage new growth through further business investments in the inner-city."

On the board of directors are D. C. Mitchell, associate professor of business at Cuyahoga Community College; A. B. Cummins, professor of industrial management at Case Western Reserve University; N. R. Bliss, Cleveland Electric Illuminating Co.; N. H. Corbin, W&S; J. H. Tinsley, W&S, and Coles. Mitchell also is secretary of the company and Corbin is treasurer.

Enclosed for Pittsburgh are three Xerox copies of page H 3389 of the Congressional Record, 5/6/68. One copy is enclosed for Columbia for information.

It is felt that the mailing of these copies of the Congressional Record from Pittsburgh to the people suggested in referenced airtel would be more effective than a mailing of the Herald newspaper from South Carolina. There would be less chance the information would be discounted as a Klan trick if the information was received from Pittsburgh in a way to indicate a member of the local community sent it. Also the same page in the Herald contains an article condemning Martin Luther King, Jr., and accusing him of traveling to Puerto Rico with a young girl. If the paper were used, this information on King would only serve to "muddy the water," and make less effective the information on Abernathy.

Ralph Abernathy, President of the SCLC, is to speak at a Pittsburgh Church on 11/2/68 to educate the black community on the elections. The Congressional Record dated 5/6/68, on Page H3389, contains an article which indicates that the ~~6th~~ June 19, 1965 edition of the "Herald," 407 Butler Street, Anderson, S. C., South Carolina's oldest Negro newspaper, contains the testimony of a 15 year old female member of ABERNATHY's church. The testimony relates to a filthy and perverted sex scandal between ABERNATHY and the girl according to the Congressional Record. It is believed that if information relating to this sordid episode on the part of ABERNATHY were made public in Pittsburgh, his effectiveness would be curtailed.

Re Miami letter, 10/3/68 and Bulet, 11/8/68.

Referenced Miami letter sets forth a suggestion for the Counterintelligence Program and enclosed two copies of a letter Miami proposed to send ELIJAH MUHAMMAD regarding extra-marital activities of the Minister of Mosque 29.

The Bureau advised by referenced Bureau letter that a similar program had just been approved for another office and suggested Miami's request be resubmitted in 60 days if conditions warrant.

The Minister of Mosque 29 continues to have difficulty with some members of that Mosque, particularly the former Captain, SAMUEL SAXON, who had been expelled from the NOI and who is now currently acting as Minister of a NOI group at Ft. Lauderdale, Florida.

Information has been received from informants that both the Minister and SAXON blame each other for attempting to undermine their authority within the NOI and it is evident that both wish to see the other expelled from the NOI.

This, together with previous rumored extra-marital activity on the part of the Minister would certainly have the effect of weakening the Minister's position within the organization.

There is no reason to believe that the submission of this letter at this time would cause any embarrassment to the Bureau.

Re Miami letter, 2/19/69, and Bureau letter, 3/10/69.

The letter referred to in referenced letters was mailed in accordance with Bureau instructions from Miami, March 13, 1969. Miami received information that during the week of March 23, 1969, Minister EARL KING, of Mosque #29, was removed from that position. EARL has been replaced with a new minister and currently remains in Miami as a rank in file Nation of Islam (NOI) member.

It is not yet known what future plans are held for Minister EARL in the NOI. It is also not known specifically the reason for his being removed as minister of Mosque #29. It was known that there had been complaints about Minister EARL by members of Mosque #29. It appears, however, that the counterintelligence letter submitted by the Miami Office may very well have some effect in the removal of EARL as minister of the Miami mosque.

NOTE:

MAILED 3

COMM-FBI

A group of San Diego Black Panthers who were in Los Angeles, California, were arrested by the Los Angeles Police Department. Walter Wallace, a San Diego Black Panther leader, was also in Los Angeles at the time of the arrests but was not arrested himself. These facts establish a prima-facie presumption that Wallace could have been the individual responsible for the arrests. This presumption, which is incorrect, could be given some credence through the placing of an anonymous telephone call to one of the Black Panthers who was arrested insinuating that Wallace was the one who tipped off the Los Angeles Police Department. San Diego recommends that the anonymous call be placed to David Combs, second in command of the San Diego Black Panthers, advising Combs that Wallace was prompted to tip off the police because Combs is acquiring too much power in the Party and may intend to overthrow Wallace. This is being authorized since the action could not result in embarrassment to the Bureau.

RACIAL INTELLIGENCE

For the information of the Bureau, reliable informants of the San Diego Division have reported that the Black Panthers who were arrested recently in the Los Angeles Division while attending the funeral for the murdered Black Panther Party (BPP) members have absolutely no idea what prompted their arrest. The general consensus of opinion is that the arrest resulted from a routine shakedown.

In view of the fact that WALTER WALLACE, current leader of the BPP in San Diego, subject of San Diego file 100-14236, was also in Los Angeles at the time of the arrest but was not himself arrested, the following Bureau permission is requested:

It is requested that an anonymous telephone call be placed to DAVID COMBS, current number two man of the BPP in San Diego, advising him that the arrest took place as a result of information furnished to the Los Angeles Police Department by WALTER WALLACE. It will also be indicated to COMBS that the reason for WALLACE's action is due to the fact that WALLACE is becoming fearful that COMBS is acquiring too much power within the party and is attempting to take over WALLACE's position of leadership.

For the additional information of the Bureau, when COMBS returned to San Diego from his confinement in Los Angeles, Friday, 2/7/69, he found WALTER WALLACE sleeping with his, COMBS, girlfriend. This has caused some consternation on the part of several BPP members and the above requested action would undoubtedly further the split between WALLACE, COMBS, and the party.

Informants also report that BETTY HORNE, San Diego 157-672, spent the night with WALTER WALLACE a short time ago. It has now been reported that BETTY HORNE is presently ill as a result of a miscarriage. It is felt that the time is very opportune to send the anonymous letter to TOMMY HORNE as requested in San Diego letter to the Director 1/31/69. It is therefore requested that Bureau consideration of this request be afforded expeditious attention.

I. OPERATIONS UNDER CONSIDERATION

At the present time there are three proposals awaiting Bureau evaluation. Two of these involve the placing of anonymous telephone calls and the third concerns a protest to the attorney representing the San Diego City Unified School District.

In addition, due to the favorable results thus far observed concerning the mailing of cartoons to Black Panther Party (BPP) members, additional cartoons are being prepared. Upon completion they will be mailed to the Bureau for evaluation.

Due to the recent seizure of what appears to be the complete records of the BPP in San Diego, additional requests, as the results of the review of these records, are anticipated.

Information has also been received that DAVID HILLIARD, Chief of Staff, BPP, San Francisco, has ordered WALTER WALLACE and KENNY DENMON to stop arguing and "go to work" for the party. In view of this, consideration is being given toward crediting DENMON with the formulation and mailing of the cartoons which attack WALLACE. It is felt that this

would be effective due to the fact that DENMON is one individual who was mentioned as being suspect of the mailing of the first cartoon concerning KARENGA.

II. OPERATIONS BEING EFFECTED

The first of the five Bureau authorized cartoons has been mailed and the second is currently being prepared for mailing. Reactions from the San Diego area are just beginning to come in and will appear in Section III of this letter. Repercussions are still being noted concerning WALLACE's confrontation by SYLVESTER BELL and JOHN HARVEY. Attempts are still being made by the California State Attorney General's office to have WALLACE's parole revoked and this situation is being very closely followed.

III. TANGIBLE RESULTS

On 3/5/69, DAVID COMBS, San Diego 157-558, was returned to Chino Prison to begin serving a one to five year sentence. The Los Angeles Police Department was advised of the sentence and immediately placed a hold against COMBS stemming out of his 1/24/69 arrest in that city. This hold will preclude COMBS being sent to an honor farm or released on parole prior to the completion of his entire sentence.

A felony warrant charging TOMMY HORNE, San Diego 157-690, with being a convicted felon in possession of a firearm, was obtained at Los Angeles by theSan Diego office of the State Attorney General on 3/7/69. This warrant was obtained as a direct result of HORNE having been arrested in Los Angeles on 1/24/69 on information furnished through the Counterintelligence Program concerning the fact that the Black Panthers were travelling to Los Angeles and were armed.

On 3/10/69, HORNE was arrested by the warrant obtained by the State Attorney General's office with the assistance of the San Diego Police Department. In addition to the arrest of HORNE, an individual who has thus far been unidentified and who was in the house at the time, was arrested for possession of marijuana.

In addition, and of prime importance, is the fact that at the time of the arrest a briefcase was confiscated and determined to contain what appear to be the entire San Diego Branch of the BPP records. These records were apparently the property of WALTER WALLACE who has been staying at the HORNE residence. The records were immediately made

available to the San Diego Office. A cursory review of the records reflect that notes of WALLACE and many other officers of the BPP are contained therein. These include private notes of WALLACE, conversations WALLACE has had with other members of the party including KENNY DENMON, weekly reports submitted by BPP officers, lists of BPP officers in San Diego and numerous other cities, and letters exchanged between various BPP offices. As a result, the local San Diego authorities are presently seeking felony warrants for the arrest of WALTER WALLACE and KENNY DENMON.

At the present time the records are being very carefully reviewed and will be reported in the first BPP letterhead memorandum after completion of the review.

At the same time the felony warrant was obtained concerning TOMMY HORNE, a misdemeanor warrant was obtained for LARRY BAKER in connection with and as the result of his purchase of the hand weapon found in HORNE's possession on 1/24/69. BAKER has currently dropped out of sight but when he is located he will immediately be arrested by the San Diego Police Department. In the event San Diego Office receives any information concerning the current whereabouts of BAKER, this information will be immediately made available to the San Diego Police Department.

On 1/25/69, Bureau approved anonymous telephone call was placed to SYLVESTER BELL, BPP Lieutenant of Security, accusing WALTER WALLACE of being a "police agent." On 3/5/69, BELL, along with JOHN HARVEY, approached WALTER WALLACE in the presence of several other BPP members and told WALLACE, "We know that either you, Larry Baker, or Zeke Tate is a police agent and I can prove it." WALLACE at this time was disturbed to the point of visible shaking and replied, "Well then it's Baker."

Since that time BAKER has not been seen in the SanDiego area. Informants have been canvassed and believe BAKER is in hiding since having been accused of being a police agent and believe he has gone to either the Los Angeles or San Francisco areas.

On 3/3/69, the first cartoon, that of RON KARENGA, was mailed to five BPP members, one FOBP member, and two underground newspapers, all in the San Diego area.

On 3/10/69, _____ displayed one of the cartoons and stated that _____ knew of five BPP members who had received them. _____ continued that the cartoons created mass confusion and apprehension over who could have sent them. Some members accused KENNY DENMON of having drawn and mailed them as a result of DENMON's close association with the white community. Others accused DAVID BULLARD, SanDiego 157-651, of having drawn and mailed them due to the fact that he recently left the BPP and joined the US organization, coupled with the fact that BULLARD is a fair artist. JOHN HARVEY, San Diego 157-766, has also been mentioned as suspect but informants could furnish no specific reason for this suspicion.

There was also a brief discussion that the San Diego Police Department could have mailed the cartoons but this was dismissed because the police department would not like to see a direct confrontation between US and BPP. _____ also advised that the final consensus of opinion around BPP members is that the US organization is responsible and the cartoon depicts an attack of the BPP by US.

The BPP is presently conducting a vigorous "investigation" in an attempt to determine the source of the cartoons.

On 3/10/69, _____ advised of the receipt of the cartoon by BPP members. He stated that the members originally thought that the SanDiego Police Department may have sent them out to provoke a confrontation between US and BPP. He continued that this idea was almost immediately abandoned and that the cartoon has the BPP members "completely paranoid." He continued that the members are "shook up" and "afraid." They feel that US is "ready to move against the panthers now."

_____, also stated that the Oakland and Los Angeles parties are completely disgusted with the San Diego Branch. Oakland reportedly sent a car from Oakland to San Diego and took back the machine gun which had formerly been given to the San Diego Branch along with "most of their rifles." The weapons were all taken back to Oakland. Both Los Angeles and Oakland are reportedly "completely" through with the San Diego Branch of the BPP.

_____, concluded by stating that the BPP in San Diego is now "one hell of a mess."

IV. DEVELORMENTS OF COUNTERINTELLIGENCE INTEREST

advised on 3/10/69 that SYLVESTER BELL, Minister of Security, is now openly campaigning for the Captain's job in San Diego. This development should present no particular problem due to the fact that BELL is a close friend and associate of JOHN HARVEY. HARVEY is a confidential informant of the California Bureau of Criminal Identification and Investigation. It is believed BELL can be influenced and actually controlled through HARVEY in the event BELL is successful in taking over the party in San Diego.

O'NEAL ACKLES, San Diego 157-705, seems to be the most prominent of the younger group of BPP members in San Diego. His parents are reportedly opposed to the black militant movement and counterintelligence action is being contemplated to neutralize ACKLES through his parents before he becomes too effective.

KENNY DENMON was reportedly seen in the company of WALTER WALLACE at San Diego State College recently so it appears as though he is following HILLIARD's orders on "patching things up" with WALLACE. It appears as though this could be a last ditch effort to save the BPP at San Diego and HILLIARD contacted DENMON due to the fact that DENMON is the only member left in San Diego with any leadership ability. This development is being closely followed and permission for appropriate counterintelligence action will be requested when an opportunity presents itself.

Number One shows RON KARENGA with a list containing the names of HUGGINS and CARTER which have been crossed off. The names of SEALE and WALLACE remain on his list.

Number Two indicates that BOBBY SEALE is simply using WALLACE, FORD, and RUSH and is in complete control of all factions of the BPP. This is a sensitive area since it is reported that many local BPP leaders feel that they are more qualified to control their own groups than is SEALE.

Number Three suggests that possibly SEALE is himself a "police agent" and, in addition to demanding substantial amounts of money from the local BPP membership, is also passing information on to local police authorities. This caricature is aimed at BOBBY SEALE's announced program of purging the BPP of informants.

Number Four attacks a very sensitive point among BPP members in that there is a prevalent feeling that the individual member chapters are being exploited by SEALE. The drawing depicts SEALE extracting his 50% from the local BPP chapters and in effect returning them to a subserviant role within the BPP framework.

Number Five depicts HILLIARD, who is Minister of Security, as being a "paper tiger." It is felt that the paper tiger terminology is in keeping with the BPP's espousement of MAO TSE TUNG's teachings.

The cartoons will be mailed anonymously one at a time, one week apart. Five copies of each cartoon will be sent to BPP offices on a weekly basis.

The Bureau indicated in referenced airtel that the resident addresses of local BPP leaders should be obtained from the BPP newspaper. A complete review of BPP newspapers available to the San Diego Division has failed to reveal any resident addresses of any BPP member. San Diego has submitted five cartoons containing caricatures of high BPP officials in which they are portrayed as exploiting rank and file members. The cartoons indicate that the US organization, another West Coast black extremist organization, considers the BPP to be ineffectual and corrupt. These are clever cartoons which belittle the Panthers and should further differences among BPP leaders and members.

You should reproduce these cartoons in sufficient numbers to send several cartoons each to known BPP offices in the field divisions listed above as well as to Panther officials whose resident addresses can be obtained from the BPP newspaper.

Enclosed for the Bureau are five caricatures directed at the Black Panther Party (BPP) on a nationwide basis.

The purpose of the caricatures is to indicate to the BPP that the US organization feels that they are ineffectual, inadequate, and riddled with graft and corruption.

Most of the caricatures are self-explanatory to individuals who are familiar with the activities of the BPP. For clarification, however, BOBBY SEALE is the BPP Chairman with headquarters in Oakland, California. DAVID HILLIARD is the Minister of Security and second in command of the BPP, also in Oakland. JOUDAN FORD is the BPP leader in New York and BOBBY RUSH is the leader of the BPP in Chicago. WALTER WALLACE is the current leader of the BPP in San Diego. RON KARENGA is leader of the US organization with headquarters in Los Angeles, California. JOHN HUGGINS and BUNCHIE CARTER are the two Black Panthers who were killed by US members recently in Los Angeles.

Explanations concerning the caricatures are as follows:

Number One shows RON KARENGA with a list containing the names of HUGGINS and CARTER which have been crossed off. The names of SEALE and WALLACE remain on his list.

Number Two indicates that BOBBY SEALE is simply using WALLACE, FORD, and RUSH and is in complete control of all factions of the BPP. This is a sensitive area since it is reported that many local BPP leaders feel that they are more qualified to control their own groups than is SEALE.

Number Three suggests that possibly SEALE is himself a "police agent" and, in addition to demanding substantial amounts of money from the local BPP membership, is also passing information on to local police authorities. This caricature is aimed at BOBBY SEALE's announced program of purging the BPP of informants.

Number Four attacks a very sensitive point among BPP members in that there is a prevalent feeling that the individual member chapters are being exploited by SEALE. The drawing depicts SEALE extracting his 50% from the local BPP chapters and in effect returning them to a subserviant role within the BPP framework.

Number Five depicts HILLIARD, who is Minister of Security, as being a "paper tiger." It is felt that the paper tiger terminology is in keeping with the BPP's espousement of MAO TSE TUNG's teachings.

Bureau approval is requested to reproduce the enclosed caricatures and thereafter distribute them to all offices who currently have an active BPP membership. In view of the fact that San Diego is not aware of the size or effectiveness of the various BPP memberships in the different field offices, the Bureau is requested to advise San Diego the number of copies which should be sent to each Division. This, of course, is contingent upon Bureau approval for distribution of the above mentioned caricatures.

Since Ackles' parents are opposed to black extremism, San Diego requests authority to place an anonymous telephone call to the parents advising them of Ackles involvement in the BPP. The beneficial effect anticipated by this action is that Ackles' parents will discourage him from further BPP involvement. San Diego recently mailed a cartoon to various BPP members in San Diego and Los Angeles designed to create friction between the BPP and the US organization. In reairtel San Diego requests permission to have one of its racial informants take the cartoon with him on his next trip to Los Angeles to show it to BPP members in that city for the purpose of ascertaining their reaction to the receipt of the same cartoon. For the information of the Bureau, O'NEAL ACKLES, San Diego 157-705, appears to be emerging as the "leader" of the younger faction of BPP members in San Diego. The parents of ACKLES are reportedly opposed to the black militant movement and are probably not aware of their son's participation in this movement.

Bureau authority is therefore requested to place an anonymous telephone call to the parents of ACKLES expressing concern over ACKLES' involvement with the black militant movement. The caller would indicate that all of the BPP members are being arrested and/or sustaining bodily harm at the hands of other BPP members and urge them to preclude the continued participation of their son in these activities.

For the additional information of the Bureau and _____ are both on the mailing list for the Bureau approved cartoons for the purposes of evaluation and effectiveness of these items. Both informants received the first cartoon and immediately made them available on their next contact. Neither expressed any indication whatsoever that the Bureau is in any way suspect of having prior knowledge of the cartoons.

Bureau permission is therefore requested to have _____ take a cartoon that he has received in the mail with him on his next Los Angeles trip and make inquiry as to whether or not they have received similar cartoons. They, of course, would have also received them and would be familiar with them. _____ could then logically inquire if the Los Angeles Branch has any idea as to the possible source of the cartoons and indicate that SanDiego has conducted an extensive investigation in an attempt to locate this source. He could then suggest that possibly the US organization is mailing the cartoons from San Diego in order to protect themselves as the original source.

_____ would be asked to make the above inquiry due to the fact that the Bureau is also interested in the source of the cartoons thus assuring the Bureau of additional protection as the source.

In this manner, _____ could then return to the San Diego area and indicate to local members of the BPP that individuals in Los Angeles are also receiving the cartoons. This then would make it appear as though the "attack" by US is on a large scale.

The San Diego caricatures which have arrived at various locations have surprised and angered the BPP recipients. They do not know the source and have blamed first the U.S. Organization in Los Angeles. However, they are not certain of this, and also think it may be the CIA or FBI who are responsible. In any case, according to [redacted] the program is causing comment among the "brothers".

On April 17, 1969, [redacted] advised that MELVIN NEWTON, brother of HUEY, was organizing a "peace" meeting with the "renegades" to see if any accommodation could be had with these people. The Oakland Police Department was advised of this and they got in touch with LARRY POWELL, one of the listed renegades, warning about a possible "set-up". POWELL appeared thankful for the tip and indicated he would not attend. POWELL is close to TOMMY JONES and other BPP "renegades". How far the [illegible] was spread is not known.

There has been no information that any renegade attended the "peace" meeting originally, supposedly scheduled for 4/19/69. It is believed that such quick dissemination of this type of information may have been instrumental in preventing the various dissidents from rejoining forces with the BPP.

HARVEY MC CLENDON was interviewed again on 4/7/69. MC CLENDON is a leader among the renegades and expressed a desire to prevent an armed conflict between the rival groups. He voluntarily turned over a supply of explosives to interviewing agents. Every effort is being made to remain on friendly terms with MC CLENDON and to encourage his continued dissassociation with the BPP.

For future action the following is being considered.

One of the primary problems af the BPP at the moment is the promiscuity existing at BPP headquarters between leader BOBBY SEALE and the office secretaries, mostly teen-aged girls. ROSEMARY GROSS, Seale's private secretary and one of the hardest working girls, who displays considerable intelligence on the job, is annoyed at this development, and has so advised RAY HEWITT (MASSAI), BPP leader in Los Angeles. This office is considering ways to cause ROSEMARY to become dissillusioned. At this time it is not clear if she is attracted to MASSAI or if her primary interest is in SEALE. In any case, GROSS is aware of SEALE's activities and so far there has not appeared any point where this could be further exploited. At least to the public, GROSS has exhibited a devoted diligence to the BPP and a firm adherence to orders from SEALE.

San Diego requests authority to make an anonymous telephone call to Zeke Tate, another BPP member, telling Tate that Wallace has named Tate as a police informant in order to take suspicion off himself. This is being authorized. San Diego's request to place an anonymous telephone call to Sylvester Bell, Lieutenant of Security of the BPP in San Diego and advise him that another Panther by the name of Baker is about to be arrested, is being denied. Although San Diego states it will not place its call to Bell until after Baker is arrested, the call is not being authorized since it could possibly interfere with local prosecution of Baker.

Re San Diego letter to the Bureau 2/27/69.

For the information of the Bureau, at the time the five members of the Black Panther Party (BPP) were arrested in Los Angeles, California, on information furnished under the Counterintelligence Program, TOMMY HORNE was among those taken into custody. At the time of the arrest 17 rounds of ammunition were found in HORNE's pocket. Located behind the front seat of the vehicle was a blue steel automatic Beretta Pietro made in Italy.

Investigation has revealed that the weapon was purchased by LARRY BAKER, the current Treasurer of the BPP in San Diego, in the company of WALTER WALLACE on 1/2/69.

As a result, the California State Attorney General's Office, San Diego, California, is currently attempting to obtain a felony warrant charging HORNE, who is a convicted felon, of possession of the weapon and a misdemeanor warrant charging BAKER with the purchase of the weapon.

On 3/5/69, JOHN HARVEY and SYLVESTER BELL, who is Lieutenant of Security of the BPP in San Diego, approached WALTER WALLACE in the presence of several other BPP members and told WALLACE, "We know that either you, Larry Baker, or Zeke Tate is a police agent." WALLACE was disturbed to the point of visible shaking and replied, "Well then it's Baker."

It is pointed out to the Bureau that a Bureau-approved anonymous telephone call was placed to SYLVESTER BELL indicating that WALTER WALLACE was a police agent. It is felt that the confrontation of WALLACE by BELL and HARVEY is primarily the result of this anonymous telephone call.

As a result of the anticipated arrest of BAKER on the above warrant which the California State Attorney General's Office is attempting to obtain, WALLACE will appear as being a suspected informant more strongly than ever.

Bureau authority is therefore requested to place an anonymous telephone call to ZEKE TATE advising TATE that WALLACE has named him as a police agent in order to protect his own hide.

It is also requested that authority be granted to place another anonymous telephone call to SYLVESTER BELL on the day that BAKER is arrested asking BELL if he had had a chance to check the information previously furnished him concerning WALLACE. In the same call a warning will be issued to BELL that LARRY BAKER is about to be arrested as a result of WALLACE informing on him.

If the call is placed the same day or the day after BAKER is arrested, it will in no way jeopardize the arrest and will be considered reliable information by BELL who will either be aware of the arrest at the time of the call or will learn of it shortly after the call.

It is not felt that the above will in any way jeopardize the security or confidential relationship of any informant.

In view of the pending arrest of BAKER and the necessity of placing the call, if approved, at the most opportune moment, the Bureau is requested to expedite their evaluation of the above requests.

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

Re San Diego letter to the Bureau 3/26/69, and Bureau airtel to San Diego 3/17/69.

For the information of the Bureau, information has just been received that ZEKE TATE became extremely upset over WALTER WALLACE's having accused him, TATE, of being a police informer. As a result, ZEKE contacted SYLVESTER BELL, Lieutenant of Security, and complained of the fact that WALTER WALLACE had accused him of being an informant when the truth of the matter was WALLACE himself was an informer. TATE also met with [redacted] and JOHN HARVEY (informant of the CII) over the fact that WALLACE had accused him.

REC 29 100-448006-132

At this time HARVEY produced a complete list of Black Panther Party (BPP) offices nationwide, along with some other BPP papers and told TATE and [redacted] that those papers, along with others, had been turned over to the police department by WALLACE.

As a result, [redacted] left San Diego the morning of 3/28/69, bound for Oakland. The purpose of the trip is to have WALTER WALLACE completely ousted from the BPP in San Diego.

For clarification of the Bureau, at the present time there appear to be two factions remaining in the BPP San Diego. The one faction, which has approximately six supporters, is headed by WALTER WALLACE. The second faction is apparently headed by JOHN HARVEY and includes [redacted], [redacted]. Both factions are at the present time vying for the leadership position of the party. All efforts are being made to cause the leadership to fall into the hands of the faction headed by the informants. This matter is being closely followed by San Diego.

Remyairtel and LHM, 1/20/69, captioned, "REVEREND AUGUSTUS TAYLOR, JR., RM."

BACKGROUND

Referenced LHM provides personal background of subject, Reverend AUGUSTUS TAYLOR, JR., and also disclosed subject said he was a Black Panther and had visited HUEY NEWTON. Since submission of that LHM, TAYLOR has written an article for the National Catholic Reporter concerning his visit with NEWTON. This article was subsequently reprinted on Page 12 of the Black Panther newspaper in the Monday, 2/17/69, edition. This article is laudatory concerning NEWTON and makes him appear as a martyred idealist. On 1/14/69, TAYLOR also wrote a personal letter to NEWTON in which he expressed his admiration and hope that they could become closer associated.

As of the beginning of February, 1969, TAYLOR has a television show on WSTV-TV in Steubenville, Ohio, area. This program is broadcast on Sundays from 12:30 to 1:00 P.M. This show provides the subject with a forum for his Black Nationalist ideas and his new left type philosophy. The one television show observed by SA ARTHUR J. HOLDER was primarily concerned with an attack upon the United States defense policy, especially the possession of atomic, biological and chemical warfare agents when a large segment of the population lives in poverty.

RECOMMENDATION

It is recommended that the following anonymous letter be mailed to the Manager of WSTV-TV from Steubenville, Ohio. The letter reads as follows:

"Dear Sir:

"As long time residents of the upper Ohio Valley, we have been very interested in WSTV-TV as it has such a pervasive influence in our area. Your station has in large part been a positive factor in the progress of the area and your programming has always consisted of a responsibility balance between the national and local events. WSTV has always, we feel, fairly reflected the public interest.

"Frankly, the compelling reason for this letter is Father Taylor's program, "The Greatest of These." We feel that by supporting Father Taylor and giving him a forum for his views, WSTV is encouraging civil disorder, violence, and is directly leading to the undermining of the citizens' confidence in government, both local and international.

"To support our charge, you need only review some of his programs and note the importance of many of his seemingly innoculous statements and reflect upon them.

"We think that it behooves you, as a public broadcasting facility, to take cognizance of Father Taylor's activities and pronouncements. To help you in this matter, the following information is being brought to your attention:

NW 55290 DocId:32989682 Page 160

"On February 17, 1969, the "Black Panther," the official newspaper of the Black Panther Party (BPP), carried an article by Father Taylor which was a cleverly disguised piece of propaganda concerning Huey Newton, who is, as you know, a founder of the BPP. Newton was convicted by a California court of killing a police officer. We do not feel that a man who eulogizes Newton should have a forum on television for the further dissension of his views.

"The BPP calls for its members to arm themselves, use their guns and start a revolution. They openly claim that they will use guerrilla tactics and overthrow the American Government. To check on this, you need only to subscribe to or read one issue of their newspaper.

"Can you be sure that ROBE, an organization that Taylor belongs to locally, is not really a chapter of the BPP? He has openly criticized the Community Action Council, COMBAT and the NAACP. By criticizing these groups and causing people to question their actions and integrity, he poses as the only individual who truly has the black man's interests at heart. This, you know, is false. Will he not some day turn on you also? Is he not now calling upon his followers to arm themselves and create a disturbance in our schools and at our athletic contests?

"We think it would be most illuminating for you to determine why the trustees, all black, of the Phyllis Wheatley Association, no longer allow Taylor to use their premises for his meetings with high school students. We feel you should determine who the black militant hate mongers are whom he introduces into the community. Why has Taylor so antagonized many of his colleagues in the civil rights field?

"Thank you for your consideration in this matter."

NW 55290 DocId:32989682 Page 161

The Cincinnati Division, at Steubenville, Ohio, recognizes that it will be more effective if this information could be given to a personal contact at the television station. This is not being considered as the risk of exposure is too great for the following reason:

There is a great deal of prostitution and gambling in the Steubenville area and two announcers, who work for the television station, are involved in these matters. It is felt that the anonymous letter technique is the more prudent approach at this time, and therefore it is recommended.

OBJECTIVE

It is felt that by bringing this information to the attention of the television station, they will have to consider its implications.

They have numerous alternatives, but it is hoped that they will consider terminating subject's (TAYLOR's) contract at a suitable time after a preliminary inquiry reveals the facts in the letter to be true. If they do not make an inquiry and do not consider terminating TAYLOR's services, it is felt that they at least will show the letter to TAYLOR and it is felt that this will cause him to tone down many of his statements.

FOLLOW UP

Depending upon any tangible results obtained from this letter, the Cincinnati Division could send the same letter to various advertisers with a different forward, and requesting them to withdraw their advertising from WSTV-TV. In connection with this follow up, the Cincinnati Division would utilize as enclosures anti-sematic statements made by Black Nationalists.

It is recommended that the Bureau approve the above measure to be instituted by the Cincinnati Division at the earliest possible date.

Donald Jackson, who also uses the name Muhammed Kenyatta, is an independent black extremist who is sympathetic with the aims of the Student Nonviolent Coordinating Committee and the Black Panther Party. Jackson was involved in intimidating white professors and students during a recent Black Spring Weekend held 4/10-13/69 at Tougaloo College, Tougaloo, Mississippi. As a result of his activities other Negro students formed a Defense Committee to oppose Jackson and his associates. Jackson recommends, and we concur, this situation be exploited by sending a letter to Jackson ostensibly from this Defense Committee. The letter is designed to discourage Jackson from returning to the Tougaloo campus and is a logical follow up in this situation. COUNTERINTELLIGENCE PROGRAM -
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

Re Jackson letter to Bureau dated 2/26/69.

The following is a counterintelligence proposal of the Jackson Division submitted for Bureau approval:

I. BACKGROUND

DONALD WILSON JACKSON, aka Muhammed Kenyatta, is a Negro male, age 24, who is an independent black extremist of the Jackson Division, who is sympathic with the aims and purposes of the Student Non-Violent Co-Ordinating Committee (SNCC), the Black Panther Party (BPP) and related extremist groups. He is presently unemployed and resides in a private residence near the Tougaloo College campus. Until recently, he was a Tougaloo College student, however, he was dismissed from school for failure to pay his bills. He is on the Jackson Division Agitator Index and is originally from the Chester, Pennsylvania, vicinity.

II. RECENT ACTIVITIES

In early 1969, a warrant was issued for JACKSON based on his attempted theft of a television set from the Tougaloo College campus; during this attempt he was shot at, but not hit, by students; he paid a fine and was released regarding this matter.

A Black Spring Weekend was held from 4/10-13/69, at Tougaloo College and was attended by WILLIE RICKS, BPP Southern representative, CHICO NEBLETT, East Coast Field Marshal of the BPP and JAMES FORMAN, former International Director of SNCC; activities at this weekend included, among other things, forums on the BPP and on the Republic of New Africe (RNA). During this weekend associates of DON JACKSON assaulted three white professors, struck one Negro student in the face with a pistol and conducted firearms firing in woods in near area of the campus. They also generally intimidated all white students and professors on the campus.

As a result of these activities of JACKSON and his associates, 20 Negro Tougaloo College students met in the college chapel and formed a Defense Committee, as of 6:00 p.m , 4/11/69. Three pistols were handed out to members of the Defense Committee in the event JACKSON and his associates should try to take more serious action and provoke additional incidents on the campus.

Following the incidents previously related President GEORGE OWENS, Negro male of Tougaloo College, placed a notice on the school bulletin boards urging all students to remain calm despite several incidents caused by outside agitators. President OWENS personally contacted Jackson SNCC representative HOWARD SPENCER, who is a Tougaloo College graduate, and told SPENCER to tell some of JACKSON's associates who were not students and causing trouble to "cool it."

[redacted] advised during the Black Spring Weekend that JACKSON held one marihuana party at his residence attended by many militants and extremists and also was distributing packets of marihuana to various weekend attendees.

During the weekend JACKSON and his associates were frequently at odds with RNA representatives at the school. They boycotted the RNA forum and as a protest measure fired guns in a wooded area in an extreme area of the campus.

NW 55250 DocId:32989682 Page 175

The faculty and a great majority of the students at the school were very distressed and upset with the foolish and extremist activities of JACKSON and his associates, as was evidenced by the forming of the Defense Committee. Additionally, they felt that the programs of the BPP and its representatives and associates was a program of nihilism.

III. PROPOSED COUNTERINTELLIGENCE MEASURE

It is proposed that the following letter be typewritten on commercial paper and forwarded to DONALD JACKSON at his Hillcrest Street residence at Tougaloo, Mississippi, bearing Tougaloo, Mississippi, postmark:

"Tougaloo College
Tougaloo, Mississippi

Date

"Muhammed Kenyatta---

"The deplorable activities and conduct of you and your Black Panther brothers at the recently completed Black Spring Weekend have shocked the Tougaloo College community into realizing the basic errors in the intimidation methods and nihilistic doctrines which you promote. Your immature actions of discharging firearms near the campus on Saturday afternoon, April 11, further alienated you and you 'outsiders' from the spirit and tone in which all desired the BSW to take. Your recent involvement in various criminal activities in and near Tougaloo College as well as your irresponsibility in paying your school bills while at Tougaloo College further exemplify the inappropriateness of you, of all people, in any manner acting as a representative of blacks in Mississippi or anywhere for that matter. Your conduct and demeanor is representative of traits and habits we in our quest are trying to rise above.

"Accordingly, it has been determined by solidity representative elements of the Tougaloo College Student Body that you are directed to remain away from this campus until such time as your conduct and general demeanor reach the desired level. This directive also applies to your bringing any of your unruly and undisciplined associates to the campus.

"Should you feel that this is a hollow directive and not heed our diplomatic and well thought out warning we shall consider contacting local authorities regarding some of your activities or take other measures available to us which would have a more direct effect and which would not be as cordial as this note.

"Tougaloo College Defense Committee"

IV. OBJECTIVE

It is hoped that this letter, if approved and forwarded to JACKSON, will give him the impression that he has been discredited at the Tougaloo College campus and is no longer welcomed there. It could discourage him from inviting out of state extremists to visit him and while here to speak at Tougaloo College. It may possibly also cause him to decide to leave Mississippi and return to his original home in Pennsylvania.

None of the above information in above proposed letter will compromise any Jackson Division informants.

V. RECOMMENDATION.

It is requested that the above letter be approved for preparation and execution by the Jackson Division at the earliest possible date, noting that timing in this matter is most important since the Black Spring Weekend ended Sunday, 4/13/69. This letter has been prepared in terms of the present thinking of some of the students at Tougaloo College.

ReBulets captioned as above and dated 7/2,11/69.

As noted in relet of 7/11/69, Milwaukee has developed info that the BPP is operating the Breakfast for Children Program in Milwaukee. BPP members have approached numerous churches about using their facilities for this program but to date they have been unsuccessful.

In addition, the BPP has solicited money and food from numerous grocery stores in the Milwaukee area. Milwaukee sources indicate that the BPP may be receiving as much as $500 per week in money and food contributions.

It is felt that copies of the articles attached to relet should be mailed anonymously to main offices of grocery stores which are already involved or who may become involved in contributing to the breakfast program. It is also felt that copies should be sent to churches in the area which are being approached by the BPP for the purpose of obtaining facilities for the breakfast program.

Since the Breakfast for Children Program and other BPP activities have been widely publicized in Milwaukee, there would be no reason for recipients of the above material to identify the Bureau as the source.

NOTE:

Detroit has proposed the mailing of a disruptive anonymous communication to a representative number of Detroit BPP leaders and members. The letter will be signed, "A Concerned Sister," and it is believed will cause the recipient to suspect a female leader of the BPP as the authoress of this letter. The letter questions the death of a BPP member who is believed to have committed suicide some time ago. This communication raises the possibility that national BPP leaders were the cause of this so-called suicide. We are authorizing this communication. There is no chance that the Bureau would be divulged as the source and there is no chance that an informant could be compromised. It is essential that we continue to keep the BPP disrupted.

Detroit proposes utilizing the following counter-intelligence technique as a disruptive measure within the Detroit Black Panther Party (BPP). The counterintelligence technique would be in the form of an anonymous letter sent to a representative number of Detroit BPP leaders and members. This letter will be signed "A Concerned Sister" with the expectation that it will cause suspicion of JACKIE SPICER, a Detroit BPP leader, as the author of the letter. The letter will read as follows:

"Dear Brothers and Sisters:

Who's next? You, me, who knows. Do you really believe Brother Baynham blew his brains out. Do you believe he shot the top of his head off and then took the time to hide the gun in a safe hiding place so that the pigs couldn't find it. The pigs call it 'suicide' and none of the local brothers or sisters challenge this. Who's kidding who. Why was Brother Baynham's rich black blood splattered all over a dirty room in a lousy racist city. Was this 'suicide' and the 'mercy killing' of one of our other brothers in New Haven arranged by Chief Executioneer Hilliard. Why doesn't Chief Brother Hilliard speak out on our lost brothers.

Enclosed for San Francisco is a copy of a letter mailed out to the Detroit area Black Panther Party (BPP) members and leaders. Bureau authority was given 9/15/69 to mail this letter under the CIP both to Detroit members and to DAVID HILLIARD of the national office.

On 9/19/69 [redacted] advised that this letter has caused considerable consternation among members of the Detroit chapter. He said that the local people were convinced that JACKIE SPICER and ANITA HARTMAN, two local members, had gotten together to write this letter; consequently FRANK MEYERS of Detroit contacted national BPP headquarters 9/18/69 to advise them of this. Source said that MEYERS was told by national headquarters to stay away from JACKIE SPICER inasmuch as she was probably a police informant and that the letter had come from the police through her. However, the Detroit BPP members are quite shaken by this letter because

Enclosed for the Bureau are an original and two copies of a pamphlet, and for San Francisco one copy of a pamphlet, prepared by the Detroit Division.

For the information of the Bureau and San Francisco, [redacted] has advised that one of the areas of sensitivity and contention among members of the Detroit BPP is the sale of the BPP newspaper. As a matter of fact one of the members of the Party, SELENA JACKSON, was quite vocal in her opposition to the sale of the newspaper and has since left the Party over this issue.

BPP members in Detroit feel that National BPP Headquarters regard them as little more than newsboys. This is especially evident in the fact that the Detroit Chapter has been closed since 6/69 by order of the National Party; however, the one function that the Detroit Chapter was allowed to continue was sale of the BPP newspaper.

OCT 21 1969

CIP, Detroit, feels that this situation can be exploited by distribution of copies of the enclosed pamphlet or a pamphlet similar to it prepared by the Exhibits Section. This pamphlet could obviously originate in Detroit--and thereby point to SELENA JACKSON as its author--or, if other Chapters of the BPP are similarly disenchanted with the BPP newspaper program, it could be made to appear as though it originated in another city and sent to other Chapters, including Detroit.

Detroit is suggesting that this weakness in the BPP be exploited by use of a pamphlet rather than a letter, not only because of the necessity for variety and diversification in approach to CIP, but also because the Detroit Division has recently sent out a letter which was made to appear as though it had been written by one of the Detroit BPP members (It should be noted that this letter was in fact attributed to this member; and, consequently she (i.e. JACKIE SPICER) and another member, ANITA HARTMAN, were purged from the Party.)

RACIAL INTELLIGENCE
(BPP)

For the information of the Bureau, Reverend FRANK CURRAN, Christ the King Roman Catholic Church, 32nd and Imperial, San Diego, California, has indicated an open advocacy of the BPP Breakfast Program and the black militant movement in general. He has utilized his church as a sanctuary for BPP members and has alleged that the San Diego Police Department is racist and is creating terrorism in the SanDiego area.

Bureau authority is requested to send the following letter to Bishop LEO MAHER, Bishop of the San Diego Diocese.

Dear Excellency:

I know that you are new to our Diocese and therefore hesitate to greet you with a problem of such magnitude so close to your recent arrival. However, the problem is reaching such proportions that I feel compelled to make you cognizant of it in the hopes that something can be done before more serious problems arise throughout the Church in San Diego.

Father Frank Curran, our Pastor at Christ the King on 32nd and Imperial, has reached what I consider almost a psychotic state concerning his fight for what he refers to as the plight of the black man. I personally support equal rights and privileges for all people, but Father Curran has gone far beyond what would be considered the efforts of a rational individual.

For example, he has on a couple of occasions, allowed members of the violence prone Black Panther Party to use our church as a "sanctuary." The Lord only knows from what Father Curran believes these individuals need a "sanctuary." He alleges that our fine San Diego Police Department is composed of a bunch of racists and often used his office to promulgate the demands of the militant groups.

Your Excellency, approximately 80% of our church is non-black and I would venture to guess that roughly 95% of the financial support comes from this group. In talking with other parishioners, the general feeling is that if Father Curran is not replaced as our Pastor immediately, one of two things will happen. Either all financial support normally designated for the church will be channeled to individual charities outside of the San Diego area and/or the parishioners will fulfill their spiritual requirements in some other church.

I have been a member of Christ the King for many years now, as have the majority of our parishioners. We would certainly not want to do anything which would in any way jeopardize the continuance of what we have come to regard as "our church." I sincerely hope that you will be sympathetic to our grievances and will conduct your own inquiry to personally evaluate the mental condition and activities of our Pastor. Please help us Excellency, you are the only one who can preserve what we have for so many years cherished.

The Black Panther Party (BPP) in San Diego (SD) has utilized the Catholic Church as a sanctuary through the cooperation of the pastor, Reverend Frank Curran. Father Curran is at the very least naive and has withstood several counterintelligence endeavors aimed at neutralizing this cooperation. He has gone so far as to make statements that the San Diego Police Department is racist and is creating terror in the area. SD has requested authority to place three anonymous phone calls to the Auxiliary Bishop of SD. These calls would protest Father Curran's using the church as a sanctuary, would object to Father Curran's utilization of the church for the notorious BPP Breakfast Program, and would protest various sermons given by Father Curran in which he advocates support of black militants. The second call, placed on a Monday, would protest homilies given by Father CURRAN in which he advocates support of black militant groups.

The third call would specifically object to the utilization of the church for the BPP Breakfast Program in which the caller would indicate that in theory this program has merit but in San Diego is simply being utilized as a media of propaganda for the militant BPP.

Fictitious names will be utilized in the event a name is requested by the Bishop.

It is felt that complaints, if they do not effect the removal of Father CURRAN from southeast San Diego, will at least result in Father CURRAN becoming aware that his Bishop is cognizant of his activities and will thus result in a curtailment of these activities.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS
RACIAL INTELLIGENCE-BPP

The following successful counterintelligence action taken by the NYO with respect to the Black Panther Party (BPP) Breakfast Program is set forth for information purposes.

On 10/28/69, information was received that CHARLENE LANE, BPP Free Breakfast Program Coordinator had contacted a priest at St. Anthony's Church, somewhere in New York, and made arrangements to institute a Breakfast Program at the church.

Investigation by the NYO determined that the church referred to was probably St. Anthony of Padua, 832 East 166th St., Bronx, NY, and the priest possibly one Father STELTZ.

On 10/29/69, Father STELTZ was interviewed by SAS JOHN T. DOWNEY and JAMES G. FITZGERALD. He stated that he had been approached by one CHARLENE LANE from the BPP on 10/27/69. She requested space at St. Anthony's in order that the BPP could serve free breakfast to the local children. She said the food would be solicited from local merchants, the BPP would serve it and the BPP would clean the premises after breakfast.

Father STELTZ stated that he readily agreed to the program but stipulated to CHARLENE LANE that no political overtures could be made to the children. She agreed and he approved of the program which was to begin on 11/3/69. Father STELTZ stated that he was aware of the reputation of the BPP, but felt that he could oversee the program and control it fully.

REC 85

The interviewing agents proceeded to fully discuss the BPP with Father STELTZ. It was pointed out to him that while, as he stated, he is aware of the BPP reputation, such action on his part would provide the BPP with an aura of respectability. The agents related to him the problems which could arise should he one day decide to discontinue the program after it started. Children would

have been indoctrinated with BPP ideology, others in his school would be recruited into the BPP, parents would be discontented with a discontinuation of free breakfast and local merchants would be chagrined at possibly being forcibly persuaded to give free food to Father STELTZ.

Father STELTZ appeared apprehensive at the possible repercussions of such a program and stated that he knew of no way to call it off at this late date.

He was advised that another Pastor, in a similar situation, called a meeting of his Parish Council (PC) submitted the BPP program to them and by unanimous vote the PC voted against the idea.

Father STELTZ thanked the agents for their consideration of his problem and expressed his appreciation for the FBI alerting him to what could have been a disasterous situation. In conclusion, he stated that he would call an emergency meeting of his non-existent Parish Council and advise the BPP of the decision not to have a BPP sponsored Free Breakfast Program.

On 11/3/69, Father STELTZ was recontacted at which time he stated that the BPP Free Breakfast Program did not begin as planned on this date nor would he permit it at St. Anthony's in the future.

"Dear Captain Washington:"

"The sisters here in San Diego have a complaint. We're all sick and tired of Tony Dumas. He keeps holding trials for us for little things that don't amount to nothing and then he sentences us to sleep with him as punishment. Sometimes the punishment lasts for four or five nights. It isn't that we don't like this type punishment except that Dumas is such a dirty pig.

NOTE: San Francisco developed information that a Rochester, New York, high school teacher was in contact with the Circulation Manager of the Black Panther Party (BPP) newspaper in San Francisco on 12/18/69 and advised that the Rochester School System would send a check in the amount of $102 for BPP newspaper subscriptions. Buffalo recommends sending a letter signed "A Black Parent" to the Rochester School System which would protest the school's subscription to the BPP newspaper which preaches violence and hate. The letter would be sent to the Mayor of Rochester, the Superintendent of Schools, the Commander of the American Legion in Rochester, and to two Rochester newspapers. ReSFairtel captioned, "BPP, BUFFALO, RACIAL MATTER - BPP," dated 12/22/69, and Bulet to BU dated 1/9/70.

Referenced San Francisco airtel set out information indicating an ALAN BARISH (phonetic), a Rochester, N.Y., high school teacher, on 12/18/69 was in contact with SAM NAPIER, Circulation Manager of the BPP newspaper in San Francisco. The purpose of this contact was to advise NAPIER the Rochester, N.Y., School System would soon be sending a check in the amount or $102.00 for BPP newspaper subscriptions.

Buffalo is submitting the following counterintelligence proposal which, if authorized, could possibly result in the canceling of the subscriptions to the BPP newspaper or in banning future subscriptions to the newspaper at taxpayers' expense. Further, it would focus attention on ALAN J. BARASCH, a Black History teacher at East High School, Rochester, so as to deter him from implementing black extremist literature and philosophy into the Black History curriculum of the Rochester, N.Y., Public School System. The proposal would be in the form of an anonymous letter from a black educated and concerned parent. The letter would be mailed to appropriate responsible community leaders who, in turn, it is expected, would exert pressure and influence to eliminate any use of BPP literature at taxpayers' expense from being available in the Rochester School System. This letter would read as follows:

"Dear Sir:

"My son is a student at East High School, Rochester, N.Y. I am a long-time resident, home owner, and taxpayer of Rochester.

"I am proud of my family, our city, and our school system. I make every effort to raise my family in a Christian manner and to help them become good citizens of our community. I want to be proud of my family and I want them to respect me. I want my children to have all the benefits of a good education that were not available to me.

"I write this letter because I think it is my civic duty and I want to be sure that responsible people know about what I think is a bad situation. It is bad because it can influence my son in a way which is exactly the opposite of the way our son is being raised. I am talking about this Panther Party newspaper which preaches violence and hate that is available at East High School. When I called the school to find out about this paper, I was told that Mr. Barasch, a teacher at East, was authorized by the Board of Education to get 15 to 20 Panther Party papers each week sent to the school at the school's expense. I don't like the idea of spending our tax money for such trash that can poison the minds of our kids and possibly lead to more violence between the races. Our racial problem can be solved, but certainly not by reading the Black Panther Party newspaper.

"I hope you will share my interest in this problem to be sure that the taxpayer money is not being wasted to create more racial tension, hate and violence among our school children in our city.

Remylet, 3/3/70, captioned as above, and mylets dated 4/10 and 6/4/70, captioned "COUNTERINTELLIGENCE PROGRAM, BLACK NATIONALIST - HATE GROUPS, RACIAL INTELLIGENCE (BLACK PANTHER PARTY)."

Referenced letter of 4/10/70 set out information concerning a mailing of an anonymous letter to various community leaders in Rochester, N.Y., regarding a subscription to the Black Panther Party newspaper by East High School, Rochester, N.Y. One of these letters was directed to HERMAN R. GOLDBERG, Superintendent of Schools, City of Rochester, Rochester, N.Y.

HERMAN R. GOLDBERG, supra, when recently contacted on an unrelated matter, acknowledged to Bureau Agents receipt of the aforementioned anonymous letter. Mr. GOLDBERG stated that as a result of receiving the anonymous letter, he caused a thorough inquiry to be made into the purpose of East High School, Rochester, N.Y., subscribing to the BPP newspaper. Mr. GOLDBERG stated he did not favor the availability of the BPP newspaper for East High School students nor any other school in the Rochester School System. He described the BPP newspaper as an obscene, race baiting newspaper, and advised the School is no longer receiving the publication. Mr. GOLDBERG expressed great satisfaction that a letter such as this would be directed to him from a black parent, as it indicates to him the strong sense of responsibility

Referenced Bureau letter contained information indicating that FRED MATTHAEI, a Director of Lear Siegler, Incorporated, Detroit, Michigan, was recently approached by Reverend ALBERT B. CLEAGE, JR., MILTON HENRY, and his brother, RICHARD BULLOCK HENRY, all of whom are officials of a Detroit militant black nationalist organization, known as the City Wide Citizens Action Committee (CCAC) and requested by them to form a corporation composed of other local businessmen to provide money for rebuilding ghetto areas in Detroit under control of a black power group.

The Bureau requested Detroit to advise the extent to which CLEAGE and his associates are known to be friendly towards Chinese Communist philosophy and submit possible recommendations for counter intelligence action.

A review of pertinent Detroit files in this matter discloses no information that could be utilized to indicate that CLEAGE and the HENRYs are friendly or sympathetic towards the Chinese Communists.

Both Reverend CLEAGE and the HENRY brothers are currently under investigation by the Detroit Office and the possibility of utilizing counter intelligence measures to expose them where feasible, will be submitted to the Bureau for consideration under captioned program.

I think you should know about a Negro who calls himself Muhammad Hunt and who asked me to help him in plan to make money at your expense.

I am a salesman of used farm equipment and machinery and I have always been noted for my honesty.

About one week ago Hunt, who said he was in charge of the "SNICK" Club in Georgia (Carmichael's old group), was introduced to me by a friend. Hunt said he wanted to buy junk farm equipment and that he would pay the price of new equipment for the junk.

I told Hunt that it sounded like he was crazy and was throwing his money away. Hunt said he wasn't crazy and that if I would just get him titles for the junk equipment he would give the titles to the Inter-Religious Foundation for Community Organizing, 475 Riverside Drive, New York City, and tell them that they represented new equipment. Then your group would pay Hunt as though he had brought brand new stuff.

Hunt said we could go 50-50 on the difference between what the junk cost and what your organization gave us.

Now I have my reputation to protect and I will not get involved in any criminal activity. I am a Negro and it has taken a lot of hard work to get where I am.

I hope this information may help you.

Gentlemen:

During the middle of June of this year I was contacted by a young Negro man from New York City who said his name was Muhammad Hunt.

I feel you would be interested in the type of "business deal" Mr. Hunt offered me.

First let me explain that I am a Negro and a Real Estate Agent by profession. Most of my business is concerned with the sale and leasing of farm land in the Knoxville, Tennessee area.

As I said before I was contacted by a Mr. Hunt who had this "deal" for me which went as follows:

Mr. Hunt asked me to quote him a price on a 200 acre parcel of land in the vicinity of Morristown, Tennessee. This land was to be used for tobacco and general farming purposes. When I told Mr. Hunt that there was no such land available which I could get for him he told me not to worry as he would pay me top dollar for whatever I could sell him because his friends did not intend to work the land anyway.

I told Mr. Hunt I still didn't understand what his deal was and he said to me "you think like a real nigger. You don't know a good thing when you see it."

He then told me that if I could get him the piece of land for $5,000 he would tell "the Church" it cost $50,000 and that he and I could split the $45,000 difference in a way that would make us a good bit of money. Mr. Hunt told me there were other people involved with him but he did not tell me who they were.

I must confess that I did show an interest in what he had told me but I said to him I didn't understand why a Church would want to buy land in Tennessee. He told me that he was president of an organization that was sponsored by a group called the Inter-Religious Foundation for Community Organizing, 475 Riverside Drive, New York City, which was really not a church, but a bunch of Honkie and Uncle Tom Churchmen who were real liberal with money and never asked questions.

I would like to tell you that I consider myself a good Christian and I am a Deacon in my Church.

I made no further contact with Mr. Hunt and never did find out what organization he is president of but I think you should know about his actions anyway since he did use the name of your organization.

I hope you understand that due to my occupation and position in my home town I cannot give you my name.

Gentlemen:

During the middle of June of this year I was contacted by a young Negro man from New York City who said his name was Muhammad Hunt.

I feel you would be interested in the type of "business deal" Mr. Hunt offered me.

First let me explain that I am a Negro and a Real Estate Agent by profession. Most of my business is concerned with the sale and leasing of farm land in the Knoxville, Tennessee area.

As I said before I was contacted by a Mr. Hunt who had this "deal" for me which went as follows:

Mr. Hunt asked me to quote him a price on a 200 acre parcel of land in the vicinity of Morristown, Tennessee. This land was to be used for tobacco and general farming purposes. When I told Mr. Hunt that there was no such land available which I could get for him he told me not to worry as he would pay me top dollar for whatever I could sell him because his friends did not intend to work the land anyway.

I told Mr. Hunt I still didn't understand what his deal was and he said to me "you think like a real nigger. You don't know a good thing when you see it."

He then told me that if I could get him the piece of land for $5,000 he would tell "the Church" it cost $50,000 and that he and I could split the $45,000 difference in a way that would make us a good bit of money. Mr. Hunt told me there were other people involved with him but he did not tell me who they were.

I must confess that I did show an interest in what he had told me but I said to him I didn't understand why a Church would want to buy land in Tennessee. He told me that he was president of an organization that was sponsored by a group called the Inter-Religious Foundation for Community Organizing, 475 Riverside Drive, New York City, which was really not a church, but a bunch of Honkie and Uncle Tom Churchmen who were real liberal with money and never asked questions.

I would like to tell you that I consider myself a good Christian and I am a Deacon in my Church.

I made no further contact with Mr. Hunt and never did find out what organization he is president of but I think you should know about his actions anyway since he did use the name of your organization.

I hope you understand that due to my occupation and position in my home town I cannot give you my name.

RACIAL INTELLIGENCE

ReNYlet to Bureau 5/21/70.

1. Operations Under Consideration

The NYO realizes that one of the most effective Black Nationalist propaganda operations is the sale and distribution of the BPP newspaper, "The Black Panther" in the New York City area.

In line with the above statement the NYO is considering counterintelligence proposals which would be directed against (1) the production of the BPP newspaper; (2) the distribution of that newspaper and (3) the use of information contained in particular issues for topical counterintelligence proposals.

The NYO realizes the importance of negating the financial benefits coming to the BPP through the sale of their newspaper. Continued efforts will be made to derive logical and practical plans to thwart this crucial BPP operation.

2. Operations Being Submitted

On 6/12/70, an anonymous letter was sent to BPP Headquarters in New York City, which indicated that DOUGLAS MIRANDA, a BPP member from New Haven, Connecticut, was dissatisfied with his assignment within the BPP.

On 6/22/70, an anonymous note with an enclosed xerox copy of an atricle entitled "Four Pigs Were Offed This Week.....A Victory For The People", which appeared in "The Black Panther" on 4/11/70, was mailed to LEONARD BERNSTEIN, an individual who has aided the BPP in the past.

On 6/19/70, data was discreetly furnished to DOUGLAS LOVELACE, Bureau Chief of Associated Press, New York City, highlighting the friction between East and West Coast BPP leadership personnel.

On 6/26/70, two anonymous letters were prepared by the NYO for mailing from Atlanta, Georgia. The purpose of these letters was to neutralize attempts by SNCC to obtain funds from the Episcopal Church in New York City.

On 7/14/70, the NYO submitted to the Bureau counterintelligence suggestions concerning a Bureau proposal designed to cause conflict between the NOI and the BPP over the sale of their respective newspapers.

On 7/23/70, two anonymous letters were prepared by the NYO for mailing from the Atlanta and Knoxville Offices to be sent to the Interreligious Foundation for Community Organizing (IFCO) in New York City. These letters were designed to negate SNCC's attempt to obtain a grant from IFCO to further SNCC's aims.

On 8/11/70, three proposals concerned with the effect of the return of BPP leader HUEY P. NEWTON on the operations of the BPP were submitted and the NYO is awaiting the Bureau's decision on this matter as to whether or not they are of sufficient merit to warrant implimentation.

3. Tangible Results

On 8/18/70, [redacted] who has furnished reliable information in the past, and who is familiar with [redacted] advised that SNCC had not as of that time received the grants or funds it was requesting from IFCO or the Episcopal Church in New York City.

In view of the above actions by IFCO and the Episcopal Church in delaying or refusing monies to SNCC it is felt that the counterintelligence measures of the NYO have produced tangible results.

4. Developments of Counterintelligence Interests

With the return of HUEY P. NEWTON to an active role in the conduct of BPP matters it appears that there is the possibility of exploiting the feelings of those BPP members who will now be put in a lesser position within that organization.

Questions will arise as to source of monies used to raise NEWTON's bail as well as with the apparent ease it was raised. These questions will be the source of future counterintelligence proposals by the NYO.

The NYO will immediately inform the Bureau of any situations or developments that occur where counter-intelligence techniques may be used.

No action will be taken on any counterintelligence proposals without prior Bureau approval.

Re: Counterintelligence Program

NOTE:

Richard Henry (Brother Imari) recently visited Jackson for purpose of re-establishing a RNA consulate there and he has proposed RNA regional conference be held in Jackson 7/31 - 8/1/70. RNA is violence-prone, black extremist, separatist organization. In March, 1970, we confidentially furnished Ward public source information regarding Black Panther Party and he published series of articles concerning Black Panther Party which is credited with the disbandment of Black Panther Party chapter in Mississippi. Jackson proposed Ward be furnished information concerning violent nature of RNA so he could consider publishing articles concerning it. Jackson believes such articles will hinder RNA recruiting activities and possibly preclude re-establishment of RNA activities in that state. Ward has previously been utilized in connection with the counterintelligence program and there is no chance of embarrassment to the Bureau in this matter.

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE (REPUBLIC
OF NEW AFRICA)

The following is a counterintelligence proposal of the Jackson Division:

1) BACKGROUND

The Republic of New Africa (RNA) is a black extremist group originally established at Detroit, Michigan. In recent months, there has been a split in leadership of this group between two brothers, MILTON HENRY and RICHARD HENRY. For the past couple of months, RICHARD HENRY, who goes by the name BROTHER IMARI, has allegedly moved his faction's headquarters to the New Orleans, Louisiana, area, which has in the past been the headquarters for the Southern Region of the RNA.

RNA activity in Mississippi has consisted in the past primarily of a small RNA Consulate of three to four members. Consul is CAROLYN WILLIAMS of Jackson.

EX-109 REC-52 100-448006-1893

The RNA has been seeking to obtain land in Mississippi, and has made several false claims in the past that they have purchased land in Mississippi.

RESEARCH SECTION
REGIONAL INT. SECT.

Within the past two weeks, BROTHER IMARI has visited the Jackson Consulate and has indicated he is interested in setting up an RNA office in Jackson, Mississippi. He has proposed that a conference of the RNA be held in Jackson during the period 7/31/70 to 8/1/70, and while in the Jackson area recently, made several contacts with legitimate Negro figures regarding a possible site for this conference.

He has indicated he would like to get an office established in Jackson "before any confrontation occurs between his group and the 'establishment' in Mississippi, as once he is established, it will be hard for them to root him out".

Within the past week, representatives of BROTHER IMARI from New Orleans have been in the Jackson area making contacts for the publishing of an RNA newspaper to be prepared in Jackson and distributed in Jackson and New Orleans. (It is noted that the Jackson Division has [redacted]

In this regard, it is requested that if the Bureau approves this proposal, the Bureau provide Jackson with any public-type information available regarding the RNA, showing involvement of its members in violence or in situations showing them in an unfavorable light.

It is requested that if this proposal is approved that this data be forwarded to the Jackson Division by 7/28/70, so that the article proposed to be written [redacted] could be prepared and published immediately prior to proposed RNA conference at Jackson 7/31 to 8/1/70.

SUBJECT: REPUBLIC OF NEW AFRICA
RACIAL MATTERS

This is to advise of highly successful counter-intelligence action against the Republic of New Africa (RNA) which disrupted a regional conference and eliminated support by Jackson, Mississippi, residents.

The RNA, a violence-prone, black extremist, separatist organization, is split into two factions. The more militant faction scheduled a regional conference from 7/31/70 to 8/2/70 in Jackson where it would like to establish a RNA group. Jackson Division was granted Bureau authority on 7/27/70 to furnish public source data concerning violent nature of RNA to trusted newspaper source on a confidential basis. The source wrote an article exposing the violent nature of RNA which appeared on front page of 7/30/70 issue of "Jackson Daily News," the only state-wide evening newspaper in Mississippi.

This publicity, the evening before the conference began, jolted RNA leaders and Negro representatives from Jackson were shocked to learn RNA was such a violent group. A heated argument erupted as to what the real goals of the RNA were and individuals from Jackson indicated they could not support RNA if it promoted violence. Scheduled agenda was shelved and discussion was virtually confined to the newspaper article. The last day's activities were cancelled as Negro Masonic Temple refused to allow RNA to use their facility due to group's prior participation in violence as exposed in the newspaper article.

Retel reported anticipated arrival in New York City on 10-2-70 by Constance Matthews, a native of Jamaica, who functions as the international representative of the BPP. Matthews has contact with BPP leader Eldridge Cleaver in Algiers. Retel suggested New York advise immigration authorities of her anticipated arrival in attempt to deny her entrance into the United States and thereafter to leak information through [redacted] abroad to indicate BPP fugitive Nathaniel Burns was responsible for U.S. authorities obtaining information concerning her arrival. San Francisco suggested this activity might result in Burns' expulsion from the Algerian BPP organization thus forcing him to seek asylum in some other country with a reciprocal extradition treaty with the United States.

NOTE:

This is part of our continuing effort to foment internal dissension within ranks of Black Panther Party (BPP). Anonymous letter suitably prepared in handwriting with appropriate number of misspellings will be sent to Panther chapter, BPP headquarters, Washington, D.C., (WDC).

Letter alleges that Jacob Bethea (distribution manager of BPP, WDC chapter) is a police informant and during his recent confinement in jail cooperated with police officers. Bethea was arrested by Metropolitan Police Department officers on 2/7/71 for creating a disturbance in WDC. Some local BPP workers have alleged that Bethea is an informant. Bethea is actually a vicious and belligerent person who has refused to talk to local officers and Bureau Agents.

The WDC BPP chapter is presently in a state of confusion and with recent purges from the chapter the WDC chapter is being operated by members from Baltimore, Chicago and WDC. All workers are extremely sensitive to informants within their ranks. I recently read in the Black Panther newspaper about that low dog Gaines down in Texas who betrayed his people to the pigs and it reminded me of a recent incident that I should tell you about. Around the first part of Feb. I was locked up at the local pigpen when the pigs brought in this dude who told me he was a Panther. This dude who said his name was Bethea said he was vamped on by six pigs and was brutalized by them. This dude talked real bad and said he had killed pigs and was going to get more when he got out, so I thought he probably was one of you. The morning after Bethea was brought in a couple of other dudes in suits came to see him and called him out of the cell and he was gone a couple hours. Later on these dudes came back again to see him. Bethea told me the dudes were his lawyers but they smelled like pig to me. It seems to me

This latter group has been highly critical of Dellinger and his National Mobilization Committee (NMC). THE Mouse Crap → REVOLUTION

It ain't very big yet, schoolmates, but the Mouse Crap Revolution (MCR, for short), has arrived on our fair Columbia campus. Chief Mouse Crapper is our old friend Tony Papert - lately of SDS and Progressive Labor and worshiper at the feet of Chairman Mao - who is trying to screw SDS into the ground. He and his fellow mice, including cheeze eaters Paul Milkman, Leif Johnson, Peter Wilcox, Jeff Malter and lovable Bob Dillon, have assumed the name of the NY SDS Labor Committee as the vehicle for their treachery. To this the NY Region of SDS says loud and clear: THE LABOR COMMITTEE THEY RUN IS NOT IN ANY WAY CONNECTED OR ASSOCIATED WITH THE STUDENTS FOR A DEMOCRATIC SOCIETY!

These finks still have the absolute gall to pass themselves off as offical representatives of SDS and have sucked legitimate Black organizations into their rather stupid demonstrations or symposiums. Our Black friends will be suprised to know that Papert and the NY Labor Committee supported the Teachers Union against Ocean Hill - Brownsville during the last strike! The UFT owns Papert and his crew. Tony has accused Mark Rudd of busting up his meetings, stomping on his demonstrations and pissing on his social reforms. Mouse crap! The fact is that Mark effectively creamed the Labor Committee's little tea party on March 11th to expose Papert's Mice for what they are. That meeting, by the way, blessed itself with the balls-up title of "People For Tomorrow". Wow!

Tony, baby, we suggest you take your Mouse Crap elsewhere. Go swap spit with your hero, Albert Shanker of the UFT. Go back to burning joss sticks before the altar of Mao. As for the rest of the so-called NY SDS Labor Committee, we say.....

NOTE:

By reairtel New York Office submitted a pamphlet which it suggested be mailed anonymously to selected persons and organizations active in the New Left. New York notes that David Dellinger the leader of the National Mobilization Committee To End The War in Vietnam plans to hold a meeting of various peace groups during the July 4th weekend in Cleveland. The pamphlet prepared by New York ridicules the efforts and results obtained by the National Mobilization Committee To End The War in Vietnam, Students for a Democratic Society, and other New Left groups. It is written in the language of the New Left and from the point of view of a New Leftist who is frustrated and disappointed in the results attained so far by demonstrations and the protest movements. Since this pamphlet may serve to further fragment the New Left, it is being authorized.

Enclosed herewith are two copies of a suggested leaflet entitled "Whither Doth We Go Davy, Baby?", designed to ridicule the National Mobilization Committee To End The War in Vietnam and its leader, DAVID DELLINGER. It is also designed as an attempt to disrupt a planned meeting of various peace groups scheduled for the July 4th week-end in Cleveland, Ohio.

On 6/6/69, NY 6000-S furnished information that one of the actions to be taken at the above conference will be an attempt to "take over" control of the NMC from its current leadership (DELLINGER).

This leaflet was written in the jargon of the New Left, necessitating the use of a certain amount of profanity.

Bureau authority is requested to prepare and mail anonymously the enclosed leaflet to selected persons and organizations active in the New Left movement.

It is suggested that this request be expedited by the Bureau so that it may be distributed prior to and during the planned meeting in Cleveland, Ohio.

WHITHER DOTH WE GO DAVY, BABY?

Now, that the year of confrontation (such as it was) has jazzed its way into oblivion, perhaps, we should look to the future. Where has the turmoil and strife led us? Is the mess in Vietnam over? Has racism in Amerika diminished? Did we screw up the Nixon inaugural? Are the pigs beating our asses with less energy?

* * * HeLL NO! * * *

Where, then, are you taking us now, Mr. Dellinger? National Mobe is dead and stinking up the atmosphere. Most of the well-known movement organizations are flat on their ass, financially and otherwise. The student "revolts" at Columbia and City died in the hiss of piss. At City our Black Brothers told us to stick it which we did....to the hilt. sds has folded into a limp mass of stringy kids rapping at each other in a jargon devoid of all meaning. The fountain has dried - their minds impotent. They froth at the mouth and wave their fists to the sounds of laughter. Their contribution to the Third World has turned to dog shit.

On the bridge of our sinking ship stands Captain Davy with the wind screaming through his teeth. With the waves of reaction lapping at his knees, Capt. Davy merely smiles and says, "Just wait, fellows. We'll soon have another victory for the S. S. Mobe". He flutters his pinkies like a bird ready for flight. "Just wait 'till we get to Chicago this fall."

Special Bulletin, Dave. When you get to Chicago the pigs will be waiting. They'll kick the shit out of you, buddy. The same goes for any of us nuts who follow you there. I well remember the last time. I've got the bloody shirt hanging in the pad. I look at it every night and cry a little - for the bloodletting was for naught. It was smash, smash and smash.

I humbly suggest it's time for a change. We, who still support the movement, should take our stand on the corpse of Mobe and chuck Davy baby over the side. Give him a nice salute and play the pipes slowly.....he at least deserves that much.

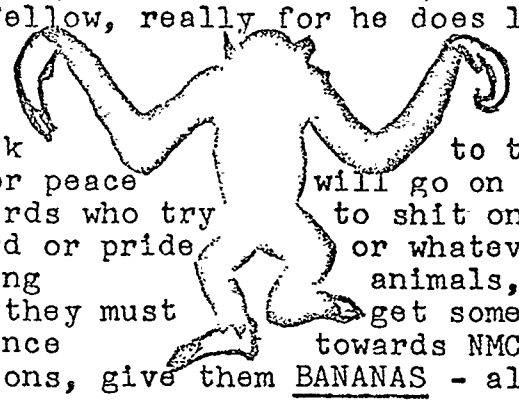
Give Them BANANAS!

We see where the New Mobilization Committee - organizing group for the march on Washington November 15th - has had the blocks thrown to it by the so-called BLACK UNITED FRONT, which demands much bread for any peace activity in the Amerikan capital.

BUF leader, the Rev. Douglas Moore, at first requested the modest sum of a buck a head - hoping to blast a hundred grand out of poor old NMC. Later, he asked for a mere $25,000. Right now the Zulu King would settle for two-bits if it came from the blood and sweat of the movement. Mr. Moore, whose brain is as sharp as a limp dishrag, is nothing but a black blackmailer.....his stock in trade is the color of his skin. His built in prejudices against whites are typical of those arising from the festering sores of ignorance and lack of intelligence. We might mention Mr. Moore's fantastic grasp of the English language - sometimes his grunts actually make sense. Not a bad fellow, really for he does like colored balls and old automobile tires.



Well, to get back to the BUF blackmail ploy. The march for peace will go on as scheduled in spite of any blackbirds who try to shit on it. Mr. Moore and his pack or herd or pride or whatever you call a group of bloodsucking animals, are in for a shock. We say: if they must get something in return for their non-violence towards NMC during these days of demonstrations, give them BANANAS - all they can eat.

We'll be in Washington on November 15th, Douglas. You can mark that on your calendar in RED, pal. If you won't join us you're against us. It's as simple as that. We consider you and your kind as black bandits and the most dangerous of the elements eating away at the movement.

The Steering Committee of NMC can feed you all the shit they want, Mr. Moore but lip-service isn't money...none that you'll ever see.

Suck on your bananas, brother and someday you might learn how to make fire or build a wheel.

Affectionately,

Sid

SUBJECT: COINTELPRO - NEW LEFT

Reference is made to New York letter dated, 10/2/69.

Enclosed for the Bureau are two copies of a suggested letter designed to take advantage of the current atmosphere of confusion in the New Left movement over the extent of FBI infiltration into their ranks through the press media. It is aimed specifically at the Liberation News Service (LNS) in New York by casting suspicion at their activities.

Each letter enclosed has a xerox copy of an article entitled "Press Agents" by JAMES A. WECHSLER attached. This article appeared in the October 29, 1969, issue of the "New York Post".

It is noted that Former (NY 6000-S) (LOUIS SALZBERG) testified for the government on 10/22/69, at the trial of the "Chicago 8" in Chicago, Illinois. At that time, SALZBERG revealed that the "New York Press Service" (NYfile 100-164974), had been established by him as a "cover" for his activities as a free-lance photographer in the New Left for this Bureau. His appearance resulted in howls of anguish from the liberal and New Left press over FBI use of a "journalist" as an informant.

Enclosed letter will be sent to CAROL LIPMAN, Staff Member, Student Mobilization Committee To End The War In Vietnam, 857 Broadway, New York City (10003), with a copy to JAMES A. WECHSLER of the "New York Post". The letter is signed "HOWIE", in hopes some suspicion might fall on the shoulders of HOWARD HARRISON, well-known New Left free-lance photographer.

Bureau authority is requested to prepare and mail anonymously enclosed letter as set forth above.

4 NOV 25 1969

Dear Carol:

As one who has long been associated with the forces of peace in Nixon's Amerika, I'm taking the liberty of sending you a copy of James Wechsler's October 29th article which appeared in the Post.

I too wonder just how many of our friends in the press are working for the fbi, cia, or what have you? The fbi's support and direction of the New York Press Service really amounts to just the top of an ice berg which only emerged as a result of the Chicago trial of Dave and the others. Without the trial, I'm sure Salzberg would still be plying his despicable trade.

Now, for the good of the movement, I must ask one question. How has the Liberation News Service survived these many years? It has suffered internal splits time and again. Its books are in the red and have been so for a long time. M. Bloom, one of its founders, recently took his own life. Yet, Lns continues to operate much like the New York Press Service, which leads me to the obvious conclusion that federal bread constitutes its main support.

Lns is in an ideal position to infiltrate the movement at every level. It has carefully concealed its books from all but a select few. Former employees have openly questioned its sources of operating funds.

I shall write you further on Lns for I (and several others) am taking steps to expose this fraud for what it really is - a government financed front.

Howie

ps - Lns representatives all carry police press cards too!

Press Agents

JAMES A. WECHSLER

On any roster of innocent victims of wartime absurdity, Sheldon Ramsdell deserves prominent mention.

A talented 34-year-old free-lance photographer who served as a press aide for Sen. Eugene McCarthy during the 1968 campaign, Ramsdell subsequently associated himself with an outfit known as "New York Press Service" headed by one Louis Salzberg.

Now Ramsdell has discovered that in the performance of his duties for that enterprise, he was unknowingly working as an agent for the FBI in its militant surveillance of the peace movement. One might says that he was so secret an agent that he was denied access to his own secret.

Revelation of his unwitting role came as a result of Salzberg's emergence as a government witness in the Chicago "conspiracy" trial of anti-war leaders. It is now clear that the "Press Service" was at least in part an FBI-subsidized operation, and pictures of peace demonstrators taken by Ramsdell have presumably been immortalized in the FBI's galleries of suspicious characters.

Ramsdell's conscience may be partially appeased by the knowledge that his labors were highly unremunerative; Salzberg kept telling him that money obtained from photo sales (to newspapers and peace-groups) had to be used for expansion plans, intimating a large payment once the business prospered.

Now, in Chicago, Salzberg has testified that his own reward from the FBI has amounted to about $8000 plus $2000 in expenses since 1967.

* * *

Ramsdell might be understandably uncertain as to whether to laugh or weep about his own predicament. His photographs can hardly have contributed to any serious human discomfort; people who participate in peace rallies do not view themselves as underground operatives, and their faces are continuously exposed to cameras.

But he is not without anger about what he quite rightly regards as the misuse of press credentials by investigative agencies—and, of course, by the misuse of his own work.

"All that I've gotten out of this is a credibility gap," he remarked yesterday. "People begin to distrust me because of the connection. And I begin to wonder how many press people may be working for the FBI."

The cycle of suspicion is obviously endless.

* * *

Ramsdell first encountered Salzberg at peace assemblages and their paths crossed intermittently during the McCarthy venture. He recalls that Salzberg seemed to be continuously on the fringe of things and especially zealous about pursuing friendly contacts with such activist leaders as David Dellinger, who proved a trusting soul.

Then, after the McCarthy drive ended, Salzberg approached him about the "Press Service." A letter of soliciation signed by Salzberg outlined the project:

"The next time your organization schedules a demonstration, march, rally or office party, let us know in advance. We'll cover it like a blanket and deliver a cost-free sample of our work to your office. No obligation to purchase, naturally.

"A unique service is our individual coverage. We will photograph any single individual during any type of demonstration or bash. Prints and negatives furnished on order. What better way to show you were with it, or in it, or whatever."

It was not a big business; there were only two others on the "staff" and, at one point, Ramsdell expressed some concern to a colleague about Salzberg's real involvement.

"That's funny," the associate replied. "He just warned me about you."

Ramsdell has some other intriguing recollections. It was not uncommon, for example, for the service to offer its products at modest fees to the Communist Daily World and other left-wing publications. The photos might have been appropriately captioned: "Courtesy of the FBI."

* * *

A few months ago Ramsdell walked away from the place and continued his free-lance existence. Among his recent campaign clients have been Herman Badillo and Norman Mailer.

He talks without rancor about Salzberg; "I feel sorry for him. In a way he seems rather pathetic."

Ramsdell—a native of Maine "from a conservative family"—is not an organization man. But his anti-war convictions are obviously earnest, and his distaste for FBI policing of peace activity increased his resentment over the portrait of himself as an "FBI dupe."

He sees the ludicrous notes in the story, including the essential worthlessness of his contributions to the FBI's archives. (Consider the number of FBI agents whom he must have photographed in the peace assemblages.)

But beyond the comic-opera aspects of the saga remain the serious questions of press infiltration by the FBI. Salzberg initially established himself by obtaining a police card as a representative of a Spanish-language newspaper. How many other journalists—TV and newspaper variety—are on the FBI payroll? In a sense the Salzberg saga and comparable episodes place every man with a press credential under suspicion. It is time for a Congressional committee to explore the whole story.

By relet, the NYO submitted a flyer (copy attached) designed and written in such a vein as to foster friction between the SWP, its youth group the YSA, and the NMC. The two former groups have been actively infiltrating the NMC. Prior to the 11/15/69 demonstrations in Washington, D. This flyer, designed by the NYO, is prepared in a New Left fashion with some resulting obscenity.

MEMO TO: National Steering Committee

RE: The Absolute Racial Imbalance of The NSC

Having for a short time served as a member of the NSC, and currently active in the Moratorium Committee - both in Washington and New York, I find it necessary to call attention to certain facts overlooked or shovelled under the rug by NMC leadership.

My understanding at the time I joined NMC was that it was to be run as a non-exclusionary organization - devoted to one primary cause, the immediate end of the frightful war in Vietnam. We were not to be side-tracked into supporting the aims of the militant left. We were not to be sucked into protests against the government's trial of the Conspiracy 8 in Chicago and the like. Our sights were to be adjusted at some later time when the war terminated. Or, so I thought.

Over the past several years the Trotskyites have literally taken control of the body proper and have repeatedly resisted efforts to recruit black brothers into NMC leadership. In addition, they have seen fit to use the good offices of the NMC to further their own political aspirations, nebulous as they are.

I have been sickened - on more than one occasion - by the promises made to the Black United Front, promises not kept, promises made with the mouth and not the heart. The attitude of the Steering Committee towards the BUF was and is a matter of disgrace. In the main, NMC leadership has been no better than the racist politicans and phony liberals who give lip service to the black community and turn their backs on any positive action.

The NMC leadership has demonstrated an appalling lack of sensitivity towards the largest minority in the country. If NMC is to survive the coming months, the situation must be rectified immediately. Our leadership - including the omni-present Trotskyites and other radicals - had better take positive steps before those who disagree with current policy, and there are many, either withhold future support or take decisive action to remove NMC leadership. It is my belief the NMC would greatly benefit under a leader like Sam Brown of MC.

To avoid senseless imbroglio, I choose to remain anonymous until the proper time. Just for the record - I am not Black.

NOTE:

A member of the Venceremos Brigade, a group of New Leftists which recently went to Cuba reportedly to cut sugar cane, has stated that the Gay Liberation Front wanted to form their own unit inside the next brigade to go to Cuba. Cuban officials did not like the idea as, in effect, they felt homosexuals do not make good communists. The Gay Liberation Front is a homosexual organization. New York suggested a leaflet be prepared in the format of a teletype and addressed to David Dellinger, who has been previously arrested for homosexual behavior, which would infer that Dellinger was supporting the homosexuals' efforts to form this brigade for the next trip to Cuba. Copies would be mailed to various New Leftists to impugn Dellinger.

Reference is made to New York letter dated 4/21/70, and Bulet dated 5/1/70.

Enclosed are two copies of a suggested leaflet designed to ridicule the Venceremos Brigade (NY 100-166943), the GAY LIBERATION FRONT (NY 100-167120), DAVID TYRE DELLINGER (NY 100-121672) and the New Left movement in general.

By way of background - re suggested leaflet - on 5/5/70, (NY 6909-S) advised that on 5/2/70, at Yale University, New Haven, Connecticut, a member of the Vebceremos Brigade stated that members of the Gay Liberation Front wanted to form their own unit inside the next brigade. He pointed out that various "gay" members of the first two brigades didn't like the attitude of some Cuban officals who had stated that homosexuals did not make good communists.

Bureau authority is requested for New York to prepare this leaflet (in telegraphic form as shown) and mail anonymously to selected individuals in the New Left movement with particular emphasis on members of the Venceremos Brigade.

NOTE:

By relet, New York submitted a two-page leaflet entitled "Newsreel Films." It is designed to ridicule Newsreel in particular and the New Left movement in general. It does this by setting forth a list of films supposedly available at Newsreel. The description set out for each of these films is satirical in nature. The New York Office states that New Left has sanctified the three individuals killed in a New York townhouse explosion and has accepted homosexuals and the Women's Liberation Movement into its ranks with studied seriousness. New York's leaflet would ridicule each of these phases of the New Left movement.

Since there is no possibility of embarrassment to the Bureau and since the leaflet would tend to divide the New Left movement, it is being approved.

SUBJECT: COINTELPRO - NEW LEFT

Reference is made to New York letter dated 6/30/70.

Enclosed herewith are two copies of a two page leaflet entitled "Newsreel Films", which is designed to ridicule the "NEWSREEL" (NY 100-162668) in particular and the New Left movement in general.

New York has observed a tendency on the part of people in the New Left to sanctify the three individuals killed in a "bomb factory" explosion in New York in March, 1970. In addition, the New Left has been forced to regard the "fight for homosexual rights" and Women's Liberation with a studied seriousness that allows no room for humor of any kind.

New York feels that the interjection of a little "black humor" into the New Left field - as set forth in the enclosed leaflet - might serve to further divide the various factions and splinter groups. It is felt the New Left will attribute this leaflet to some dissentient group fed up with the "ego trips" which characterize Women's Liberation, Gay Liberation and the like.

Bureau authority is requested for New York to prepare enclosed leaflet and mail anonymously to selected individuals and organizations in the New Left movement.

Newsreel 100: "WILLIAM KUNSTLER - CHILD OF THE WIND"
Here's the movement's Clarence Darrow in action before your eyes. You'll gasp as this legal clown performs his amazing barristry in Chicago, New York and elsewhere. You'll follow Kunty - as he is known to his friends - throughout the land, on campus after campus, preaching his own brand of revolution. "He's one of us" you'll say "See his long hair flying in the wind and hear the dirty words he uses!" But a hectic life is not without its quiet moments.....there's good footage of Kunty counting his bread...lots and lots of bread. Who says revolution doesn't pay? Old Bill smiles up a storm as he trots to the bank where his rainy day fund is reaching the six figure mark. Then back on the mad cap trail.....speech follows speech at a thousand clams each. In his wake the radical students get smashed by the pigs. "Hell," says Kunty, with that funny smile of his. "Somebody always gets hurt in a revolution!"

Running Time: 40 minutes
Rental: $100
($50 of which is donated to the Kunstler Rescue Fund)

Newsreel 101: "WOMEN'S LIBERATION" (Or, Put Up Your Dykes!)
A compilation of news footage and stills of bull dykes in action against the pigs in New York and San Francisco. These wonderful kids have made "lesbian" a household word all over the world. Politically committed lesbos are seen lifting weights, tearing Manhattan phone books in half and punching movement males into line. Others - more petite - are seen scrawling obscenities on the walls of men's rooms and drawing beards on photos of Mr. Margaret Mead. Have a good look at the wave of the future, men. It's coming right at you from Hunter, Vassar, City and Columbia.

Newsreel - 34: "BOMBING TECHNIQUES". A brilliantly conceived instructional film featuring Weathermen Ted Gold, Diana Oughton and Terry Robbins. Here's an exciting strip - a little gem - crafted to teach the uptight radical all there is to know about the manufacture and use of explosives. Bombs and bombing is the name of the game. Learn how to handle dynamite, how fuses are cut, how TNT can be formed like potter's clay. Rules of safety emphasized. A MUST for every revolutionary!

Running Time: 50 minutes
Rental: $60

Newsreel 35: "A MEMORIAL TO COMRADES GOLD, OUGHTON AND ROBBINS" (True Heroes of The Amerikan Revolution)A solemn tribute to three soldiers of the revolution in Amerika. This is their story - their life and how they lived it. Tears will spring from your eyes as Ted, Diana and Terry smile at you from the silver screen as they work surrounded by a hundred sticks of dynamite ear-marked for the establishment. You'll watch them making bombs while nonchalantly smoking Benson and Hedges filters. The word "fear" wasn't in their vocabulary.

Running Time: 5 minutes
Rental: $10

Newsreel 69: "AFTERNOON OF A FAG" (A critical Appraisal of The Gay Liberation Front . This is not just a spit swapping exhibition between consenting males, kiddies. This film is a dry-mouth, hard, hard look at the fastest growing liberation movement in Amerika. Watch these earnest sweeties engage the pigs in a slapping fight on Fifth Avenue, followed by a wild "gay in" in Central Park. See Allen Young of LNS mincing his way through straight Amerika - a real doll in every sense of the word. A must for GLF clubs - Put your mouth where the action is!

Running Time: 69 minutes
Rental: $69

Newsreel 90: "UNDERGROUND WITH TED GOLD" Originally produced as an instructional film featuring Ted Gold, child revolutionary and Weatherman, a change in direction was made necessary by Ted's untimely demise. In the broadest sense Ted did go underground, way underground. Admittedly short in length - how long can you look at a man in a box - there's something to be learned here. Just what, is up to the viewer. (Film slightly charred and spotted).

COINTELPRO - NEW LEFT

Reurlet 7/31/70.

Authority is granted to prepare and anonymously mail copies of the leaflet submitted as an enclosure to relet to selected individuals in the Progressive Labor Party (PLP) in the New York area and other parts of the country. Prior to mailing this, however, the leaflet should be changed to have the last block read "He found out we were Negroes!" This should be done to remove a racist overtone that the leaflet now has.

In preparing and mailing this leaflet, all necessary steps are to be taken to protect the identity of the Bureau as its source.

Advise of any results noted.

NOTE:

William Epton, a Negro, was recently expelled from the PLP. Epton has made statements that his expulsion was based on racism on the part of national leaders of the PLP. New York has prepared a comic strip-type leaflet exposing this charge by Epton. New York recommends it be anonymously sent to various recipients charging PLP with racism. Since there will be no possibility of embarrassment to the Bureau and it can possibly disrupt PLP, it is being approved.

SUBJECT: COINTELPRO - NEW LEFT

Reference is made to Bureau Airtel dated 7/6/70, captioned "PROGRESSIVE LABOR PARTY, IS-PLP" and as above.

Enclosed herewith are two copies of a leaflet designed to take advantage of the factional split in the ranks of PLP with particular regard to recent statements of former PLP leader, WILLIAM EPTON, that his expulsion from the party was based on nothing more than racism on the part of PLP national leaders.

New York feels that the racial issue in this matter is the ideal base from which to launch a counterintelligence campaign against the PLP. It is believed that the enclosed leaflet could help in the exploitation of the PLP internal struggle.

Bureau authority is requested for New York to prepare enclosed leaflet and mail anonymously to selected individuals in the PLP movement both in the New York area and other parts of the country.

NOTE:

New York previously mailed a "comic strip" causing disruption in PLP. One hundred sixty copies of "comic strip" were mailed anonymously to PLP members, supporters, allied organizations and members and officers of SDS/WSA. PLP mentioned the "comic strip" in the 11/1/70 issue of "Challenge - Desafio" and blamed it on the police; however, it caused much embarrassment because of the charges in the "comic strip" of racism among PLP National Steering Committee.

Reference is made to New York letter dated 7/31/70 and Bulet 8/13/70, which authorized New York to prepare and mail anonymously a "comic strip" aimed at causing disruption in the Progressive Labor Party (PLP).

Enclosed for the Bureau are two copies of a letter which New York proposes to be sent to the editor of the PLP newspaper "Challenge-Desafio" in the near future.

The purpose of the above letter may be seen from the following:

During the period 9/24-25/70, 160 copies of the PLP comic strip were mailed anonymously to PLP members, supporters and allied organizations. On 10/26/70, 35 additional copies were mailed to members and officers of Students For A Democratic Society - Worker Student Alliance (SDS-WSA) on a country-wide basis.

The 11/1/70, issue of "Challenge-Desafio", page 2, contains an article entitled "Police Forgeries Won't Stop PLP", sub-titled "Cops Spend Thousands to Mis-Print PLP'S Program * Mail Out Racist Cartoons and Egg On Nationalist Attacks * Those Using These Police Lies Ought To Think Where That Action Leads."

The article reports various items that have been received by PLP members and friends during the past several weeks including a "Racist comic strip cartoon distorting the above mentioned internal report showing the worst kind of stereotype of a black person, sent to many members and friends of PLP as well as others".

New York feels the above article was forced on PLP by the impact of the cartoon and other items. The only defense posture left to them is to blame

in print police agencies for the distribution of such disruptive material. It is obvious, however, that a certain amount of editorial agony was involved in PLP'S attempted refutation of the racial charges being brought against the National Steering Committee.

It is felt that the enclosed letter, hand-written and mailed anonymously, should be sent to the editors of "Challenge-Desafio" immediately to add a little more fuel to the fire.

Bureau authority is therefore requested for New York to prepare and anonymously mail enclosed letter.

Comrades:

I read with interest your article on page 2 of the Nov. 1st "Challenge-Desafio" which pointed out attempts of the pig establishment to disrupt PL through obvious forgeries and whatever.

A word of caution, however. I am convinced that it is a mistake to make the basic assumption that all such filthy devices can be laid at the dishonored door of the pigs. Unfortunately, there are today in PL disruptive elements who are not above such tatics. I also feel that many of these leaflets or comic strips (I have one before me) attacking and distorting the report of the Nat'l Steering Comm. are not police in origin!

I would suggest a little internal investigation is in order - in fact, absolutely necessary. I would further suggest that PL take a good look at the current activities of people like Epton and others of his ilk. They are out to destroy the party in every respect.

I am, of course, concerned that the bosses and their flunkies will continue to attack our party and the working class but they are the least of our worries. My biggest concern is the traitors in our midst. And, brothers, I for one am going to help ferret them out.

For that reason, you may know me only as...

SUBJECT: COINTELPRO - NEW LEFT

Reference is made to New York letter dated 9/30/70.

1. Potential Counterintelligence Action:

By letter dated 7/31/70, Bureau authority was received for New York to prepare and mail anonymously a two page leaflet entitled "Newsreel Films", designed to ridicule the "NEWSREEL" (NY 100-162668).

Above leaflet will be mailed at the opportune time.

It is noted that (NY 6816-S) has recently reported signs which indicate that the New York Newsreel is involved in internal dissension. Information received from this source in December, 1970, indicates that the New York Newsreel is being taken over by a "female collective", with most of the "old" male leadership being thrown out of their offical positions.

By letter dated 11/13/70, Bureau authority was received for New York to prepare and mail anonymously a letter regarding Dr. GILBERT STEINER's sexual liaison with his step-daughter (Age 13) to educational authorities in New Jersey. STEINER is the subject of NY 100-164524; Bufile 100-439539 and a teacher at Fairleigh Dickinson College, Teaneck, New Jersey.

Above letter under preparation and will be mailed during January, 1971.

By Airtel dated 12/7/70, Bureau authority was granted for New York to prepare and mail anonymously a leaflet entitled "Abbie "Oink" Hoffman", designed to take advantage of the split between HOFFMAN and JERRY RUBIN, leaders of the YOUTH INTERNATIONAL PARTY (YIP).

Above leaflet is in preparation by New York and will be mailed in the near future.

2. Pending Counterintelligence Action

By letter dated 11/9/70, Bureau authority was received for New York to prepare and mail an anonymous letter to the Editor of "Challenge - Desafio", the publication of the Progressive Labor Party (PLP). This letter was designed to cast suspicion on former PLP leader WILLIAM EPTON, as being the author of a "racist comic-strip" which upset PLP leaders in September and October, 1970.

Above letter mailed by New York on 12/23/70.

3. Tangible Results

By letter dated 8/13/70, Bureau authority was received for New York to prepare and mail anonymously a leaflet - in the form of a comic-strip - designed to exploit a factional dispute within the ranks of the PLP.

During the period 9/24-25/70, 160 copies of the above leaflet were mailed to selected individuals and organizations active in both the New Left and PLP. On 10/26/70, 35 additional copies of this leaflet were mailed anonymously to persons active in the PLP in the New York area.

The 11/1/70, issue of "Challenge - Desafio", page 2 contained an article entitled "Police Forgeries Won't Stop PLP", sub-titled "Cops Spend Thousands to Mis-Print PLP'S Program * Mail Out Racist Cartoons and Egg On Nationalist Attacks * Those Using These Police Lies Ought To Think Where That Action Leads".

The article reports various items that have been received during the past several weeks by PLP members and friends including a "Racist comic strip cartoon distorting the above mentioned internal report showing the worst kind of Stereotype of a black person, sent to many members and friends of PLP as well as others."

New York feels the above article was forced on PLP by the impact of the cartoon and other items. The only defense posture left to them was to blame in print police agencies for the distribution of such disruptive material. It is obvious, however, that a certain amount of editorial agony was involved in PLP'S attempted refutation of the racist charges being brought against the National Steering Committee.

NW 55290 DocId:32989682 Page 355

On 12/18/70, (NY 711-S) advised that according to ESTHER LINDER, wife of WALTER LINDER, Editor of "Challenge - Desafio", the PLP leadership is now convinced that WILLIAM EPTON is a "cop" and blamed the recent influx of anti-party literature on him. She stated that EPTON is using PLP mailing lists to send out material designed to disrupt the PLP. She mentioned that years ago several PLP members had stated EPTON was a police agent but no one listened to them. Now, the leadership believes these persons were correct.

New York feels that the comments of ESTHER LINDER are the direct result of actions taken under captioned program against the PLP. Several primary objectives have been achieved, namely, the disruption of the PLP and its leadership and the shifting of the blame for such disruption on the shoulders of WILLIAM EPTON.

Any additional information re above will be promptly furnished to the Bureau.

THE THIRD.....WHAT?

According to Chief White Fag Dave Mc Reynolds of the lily-white War Resisters League and the sickening pale Nat'l Peace Action Coalition, the "massive" demonstrations in Washington on April 24th, will change the course of Amerikkkan history and - laughingly - force the establishment to recognize ALL THE POWER OF THE PEOPLE! Bullshit, Dave, baby.....

The flood of crappy position papers and senseless pronouncements vomited from the headquarters of NPAC and the People's Coalition For Peace and Justice, in recent weeks reveals the usual Queer Cats - like Sweet Dave Dellinger, Fruity Rennie Davis, Old Faggot Stewart Meacham, Nutty Sid Peck and Old Folks Abernathy, have once again combined to give the kiss of death to what could have been a meaningful demonstration of the people's rage against Amerikkka. Together, with the stone-heads from the racist Socialist Workers Party and their dead abortion, the Young Socialist Alliance, they will skillfully produce what they produce best: COMPLETE AND UTTER FAILURE!

We note with a high degree of nausea that every white Fag group in the country has been urged to mince their way to the capital. Every Jew landlord in the stinking slums of Harlem and Bed-Sty have been told to take their hands out of BLACK pockets for just one day. Every white, female Lib group, every lesbian collection of cuckoos, every ranting pervert, every liberal maniac...will be in D.C. on the 24th. They forgot two small items: TWENTYFOUR MILLION BLACKS and thousands of NORMAL PEOPLE!

The outrageous rejection of BLACK participation by the chauvinistic TROTS and their homo friends was bad enough, but sticking Uncle Tom Abernathy up front for all the world to see was a smack in the face of BLACK Liberation everywhere. The good Reverend has stepped in too much mule shit to be of any value to anybody....

Reurairtel 10/4/68 captioned "Students for a Democratic Society, IS - SDS."

Authority is granted to contact (Mr. George Killenberg) in the event information is received that a specific high school is being targeted for organizing by the SDS. This may be done only in the event that such a contact will not jeopardize your investigation of SDS or your sources therein.

Enclosed herewith are one copy of a pamphlet entitled "Students for a Democratic Society, Front Runner of the New Left" and ten copies of a leaflet entitled "Campus or Battleground? Columbia is a Warning to All American Universities." As these publications may be of value to (Mr. Killenberg) in providing him with background on the SDS, you may furnish copies of this material to him at that time.

During your contact with (Killenberg) you should impress upon him that the Bureau's interest in this matter is to be kept in strictest confidence.

By reairtel St. Louis reported that SDS, locally, has announced its intentions to make inroads in local high schools. In one effort at one school, SL notified (Killenberg, the Associate Editor of the "St. Louis Globe-Democrat," who conducted an expose) which countered further attempts by SDS to infiltrate this school. SL suggested that should information be received concerning efforts by SDS to infiltrate other high schools, this information be furnished to (Mr. Killenberg) who would use it to frustrate their efforts (by exposing them in his paper. TO : DIRECTOR, FBI (100-449698) DATE: 12/31/69

FROM : SAC, SALT LAKE CITY (100-10351)(P*)

SUBJECT: COINTELPRO - NEW LEFT

ReBulet dated 5/10/68, and SU let to Bureau, dated 9/30/69.

1. Potential Counterintelligence Action

During the past quarter contact has been maintained with Captain GARTH WILKINSON and J. ELROY JONES, Security Department, University of Utah, Salt Lake City, Utah, both of whom are Confidential Sources of the Salt Lake City Office, and they have advised during this period that the University of Utah Chapter of Students For A Democratic Society (SDS) has held several meetings on the University of Utah Campus but has been otherwise inactive to date. Both were contacted on 12/29/69 and advised that the SDS, University of Utah Chapter, has held only one meeting during December, 1969. They stated these meetings have attracted very little attendance by students of the University of Utah, and SDS has not participated in any disruptive activities on the University of Utah Campus. Both noted they were of the opinion that the SDS is without issues or problems with which they can gather student backing and cause disruptions on the University of Utah Campus. They advised the absence of these issues has thoroughly handicapped the University of Utah Chapter of SDS, and they do not anticipate any problems with this organization at the present time.

Sources of the Salt Lake City Division, who are aware of University of Utah SDS activities, have furnished essentially the same information regarding SDS activities on that campus during the past quarter as above. The SDS Chapter of the University of Utah has afforded the Salt Lake City Division little opportunity for counterintelligence action, due mainly to its inactivity.

During the past quarter contact has been maintained with sources, Utah State University (USU), Logan, Utah, in regard to New Left-type activities on that campus. On 12/4/69, (DWIGHT LEROY DENNIS) Confidential Source, USU, advised that a chapter of SDS is not present on the USU Campus. He also advised that the Young Socialist Alliance has not been active during the current semester, and he does not anticipate any problems or disruptions from this organization. He noted that Students For A Democratic Action failed to renew activity on the USU Campus during the past semester, and he does not anticipate this organization being reactivated during the current year.

Contact will be maintained with (DENNIS) and other Confidential Sources on the USU Campus so as to insure the securing of all information of value from a counterintelligence standpoint.

Salt Lake City will continue to closely follow activities of the University of Utah Chapter of SDS in an effort to secure all opportunities to discredit this organization and the individual members by means of counterintelligence action.

2. Pending Counterintelligence Action

None.

3. Tangible Results

The Salt Lake City Division received Bureau permission to anonymously mail a letter previously submitted to the Bureau to JAMES LUCIEN BEVER, Salt Lake City file 100-10534, Bureau file 100-451807, the President of the University of Utah Chapter of SDS, and this communication was forwarded to BEVER on 10/3/69, the date Bureau authority was granted. Sources of the Salt Lake City Division who attend University of Utah Chapter of SDS meetings reported that at an SDS meeting held at the University of Utah on 10/7/69, BEVER appeared at this meeting with the above-mentioned letter which had been anonymously forwarded to him in an effort to cause dissension and hard feelings between the SDS Chapter at the University of Utah and LAURY HAMMEL, a University of Utah student leader who had resigned his position as a University of Utah student officer and past chairman of the Organizations Board in order to

NW 55290 DocId:32989682 Page 366

devote time to SDS goals. Sources advised that BEVER confronted HAMMEL at this SDS meeting on 10/7/69 and indicated he had received information to the effect HAMMEL was a traitor to SDS principles and an informant for the "Feds." Sources advised HAMMEL was very disturbed by BEVER's remarks and attempted to assure those present at this meeting that he was indeed faithful to the SDS cause and was not an informant for the "Feds."

It is felt this letter was successful in creating dissension among members of the University of Utah Chapter of SDS and particularly in causing members of the University of Utah SDS Chapter to have doubts about their current leader's loyalty to SDS. It is noted sources have reported that SDS meetings subsequent to the meeting held on 10/7/69 have been extremely unorganized, with members disagreeing on almost everything that is brought up. It is felt this letter was successful in fomenting confusion within the University of Utah Chapter of SDS, since it is noted this group has been totally inactive and unable to obtain any student following at the University of Utah.

Reurairtel 2/3/69.

Reairtel requests authority to use (SD 1095-R) to spread suspicion that Lee Raymond Kellison is a police informant and through his assistance, two arrests have been made.

Your airtel does not set out the relationship that (SD 1095-R) has with the Message Information Center nor how this informant could logically introduce his suspicions of Kellison. Your communication also does not indicate whether such a procedure could jeopardize your source.

Prior to authorizing this action, San Diego should comment on the above.

NOTE:

By reairtel, San Diego pointed out that Kellison, who is considered an activist in the New Left movement and who is affiliated with the Message Information Center (MIC), has been active in draft counselling. On two occasions Kellison has been at the MIC during or just prior to the arrest of two individuals by Bureau Agents for draft violations. San Diego suggested that (SD 1095-R) introduce at MIC meetings suspicions of Kellison since he was present during or prior to the arrests. Such a procedure could neutralize Kellison by casting suspicion on him as an informant. However, San Diego's communication does not clearly establish the informant's relationship with the Center.

COINTELPRO - NEW LEFT

For the information of the Bureau, LEE RAYMOND KELLISON, subject of San Diego file 157-624, is considered to be sufficiently active in the New Left Movement to be targeted in the counterintelligence program.

KELLISON is active in the Message Information Center, particularly in the field of draft counselling. He has assisted in the organization of demonstrations for various reasons throughout the San Diego area.

On 1/27/69, NEIL DOUGLAS BLANTON, subject of San Diego file 42-31481, was arrested by Bureau Agents at 4029 Dove Street. This address is that of a "crash pad" operated by Message Information Center. KELLISON was at the Dove Street address and left just prior to the arrival of the Bureau Agents who effected BLANTON's arrest.

100-449698-46-15

On 1/31/69, MICHAEL WAYNE SHEELER, subject of San Diego file 42-32027, was arrested at 7534 Cabrillo, La Jolla, California. Present at the time of SHEELER's arrest was KELLISON. At this time KELLISON counselled SHEELER by telling him to remember that he should not tell the, referring to the Agents, anything. KELLISON also told him to remember his rights and said something to him concerning his conscientious objector status. He also advised SHEELER that their "spiritual consultant" would be down to the jail to talk with him and that he was to remember that they had 500 brothers in the San Francisco area.

It is felt that due to the fact that KELLISON was present shortly before or at the time of the arrest of two deserter fugitives, it might appear to his associates in Message Information Center and the New Left Movement that KELLISON could possibly be responsible for the arrest of these individuals.

Bureau permission is therefore requested to have SD 1095-R suggest at a Message Information Center meeting that it is strange that two of the individuals being assisted by Message Information Center were arrested by Federal Agents shortly after KELLISON became aware of their locations.

It is felt that dissemination of information of this nature could logically result in KELLISON obtaining the reputation of being a police informer.

A report containing complete background information along with known activities of LEE RAYMOND KELLISON has been prepared and should arrive at the Bureau on or before 4/1/69.

Provided full security to your source is assured, authority is granted for (SD 1095-R) to mention at an appropriate time that Kellison was at the Message Information Center (MIC) on the two occasions when selective service violators were arrested by the FBI.

You must bear in mind that this must be done in such a manner as not to leave the impression that the source is trying to undercut Kellison nor in a manner that would draw attention to the fact that the informant was keeping track of who was visiting this Center.

On one occasion, Kellison counselled one of the subjects arrested as to his rights and as to his status as a conscientious objector. SD states that such action in no way would jeopardize informant's security. The MIC is an organization which furnishes draft counselling and abortion counselling service, as well as a temporary hideout for fugitives, deserters, and AWOL servicemen.

For the information of the Bureau, (SD 1095-R controls one of the four hour telephone answering shifts) at the Message Information Center (MIC). KELLISON frequents MIC on an irregular basis.

It is felt that (SD 1095-R) who is familiar with the fact that two deserters were recently arrested by the FBI, could mention this fact along with information known throughout MIC that KELLISON has assisted in counselling the two individuals who were arrested.

It is also pointed out to the Bureau that KELLISON was present during the arrest of one of these individuals and was a frequent visitor in the residence of the second individual who was also arrested.

Without making any specific allegations, (SD 1095-R) could simply discuss the coincidental facts pertaining to KELLISON's close association with the arrested individuals and their subsequent arrest. It is felt that this could be accomplished through the normal "gossip sessions" at MIC and that it would in no way jeopardize the security or confidential relationship of the informant.

A. POTENTIAL COUNTERINTELLIGENCE ACTION

Dr. LEON NOWER, San Diego 157-594, is being considered as a target for the Counterintelligence Program. NOWER is becoming more and more active in various groups and demonstrations throughout the San Diego area. He appears to be vulnerable in several areas and immediately upon determining what counterintelligence action would be most effective, Bureau approval will be requested.

B. PENDING COUNTERINTELLIGENCE ACTION

At the present time evaluations are still being made concerning the Bureau approved dissemination of the information that LEE RAYMOND KELLISON was present during the arrests of two Selective Service violators. Tangible results thus far observed appear in the following section of this letter.

C. TANGIBLE RESULTS

JOHN WATANABE and JON WAGNER, both former members of Students for a Democratic Society (SDS) in San Diego, have reportedly moved to the Los Angeles area along with approximately four other individuals who formerly belonged to the same group. It is pointed out that the parents of both of these individuals were recipients of the Bureau approved letter concerning their activities. Although it cannot be definitely

established, it is felt that their reported move to the Los Angeles area, where their parents reside, could logically be the result of the exposure of their activities in the San Diego area.

On 2/14/69, information was received that marijuana and dangerous drugs were being utilized at 4029 Dove Street, a "crash pad" operated by Message Information Center (MIC). This information was furnished to the San Diego Police Department in view of the fact that it involved a violation of local law. The police department subsequently raided the house but were unable to effect any arrests or locate any drugs on that particular day. As a result, however, the owner of the house was confronted by unknown individuals and apprised of the activities which were being conducted at the house. As a result, the owner reportedly got "fed up", had the house completely demolished, and sold the property. Thus, the "crash pad" at 4029 Dove Street no longer exists.

LEE RAYMOND KELLISON has reportedly been completely ostracized by members of MIC and all of the other individuals throughout the area who are associated with this and/or related groups. This seems to be occasioned by the fact that he is generally considered to be a police informant. This, of course, is due to the suspicion instigated by (SD 1095-R.) This suspicion was instituted through a normal "rapp" session and was done with absolutely no suspicion being cast on the informant.

D. MISCELLANEOUS

No substantial amount of public source information appears to be available concerning MICHAEL F. LUSTIG, San Diego 100-13607. At this time it is not felt that any counterintelligence action can be taken against LUSTIG without the possibility of jeopardizing the security of one or more informants. Therefore, no counterintelligence action is being requested against LUSTIG at this time. His activities, however, are being followed closely and when an opportunity presents itself, appropriate counterintelligence action will be requested.

SUBJECT: COINTELPRO - NEW LEFT

Reference Seattle letter to Director dated 10/14/70.

I. POTENTIAL COUNTERINTELLIGENCE ACTION

Following the mistrial in the "Seattle 8" conspiracy trial at Tacoma, Washington, in December, 1970, there appears to be some division within the leadership of the various New Left groups in the Seattle area. Informants are being canvassed for potential targets for future counter-intelligence action in this regard and further efforts will be made to divide the already fragmented "New Left" groups in the area. A hearing is scheduled during the middle of February, 1971 with regard to contempt actions on the "Seattle 8" defendants and following decision by the Ninth Circuit Court of Appeals, the Seattle Division will be in a better position to plan potential counterintelligence action.

II. PENDING COUNTERINTELLIGENCE ACTION

During December, 1970, in connection with the trial against the "Seattle 8" defendants (BUfile 176-2138 entitled "MICHAEL VICTOR ABELES, ET AL") it was noted that the defendants and their attorneys were apparently under the impression that the Government intended to uncover further informants in addition to HORACE L. PARKER, former (SE 1059-S.) There was considerable speculation among spectators, mostly in sympathy with the defendants, that one of the defendants or probably one of the co-defendants was actually a Government informant.

REC-56 100-449698-50-13

Following the declaration of a mistrial by Judge BOLDT, and the subsequent incarceration of the defendants in various federal penal institutions throughout the West Coast, there was additional speculation that one or more of the defendants was probably a Government informant.

NEW LEFT

To further capitalize on this speculation, on December 16, 1970, an anonymous call was placed to the Seattle Office of Defense Attorney JEFFREY STEINBORN. The anonymous caller offered to help STEINBORN in his defense of the "Seattle 8" but instructed STEINBORN that the information could only be given on a pay phone because the caller feared that STEINBORN's office was "bugged." The anonymous caller then instructed STEINBORN to go to a pay telephone on the corner of Third and James Street in Seattle which is directly across the street from the Seattle Police Department.

At 10:38 a.m., Seattle Agents observed STEINBORN enter a pay phone booth at the corner of Third and James and answered a call which was placed to that location on a coin pay phone telephone number MAin 2-9927.

The anonymous caller stated "I can observe you and I see that you arrived a little bit early." The anonymous caller then stated in effect "I am not in sympathy with your clients, but I would like to get even with that _____ (obscene) PITKIN and the FBI for what they did to my buddies in the Seattle Police Department. The real finks are MIKE JUSTESEN and an old guy named VAN LYDEGRAF. VAN LYDEGRAF has been a fink for the FBI for over 20 years and JUSTESEN wasn't arrested with your other clients because he is the FBI fink." STEINBORN replied "gotcha" and after hurriedly writing on a small notebook, was observed by Agents to leave the telephone booth after looking up toward the Seattle Police Department building. By way of background, it should be pointed out that USA STAN PITKIN, who handled the Government's case in connection with the "Seattle 8" also received considerable publicity during 1970 in connection with an expose of police payoffs before a Federal Grand Jury in Seattle, Washington, earlier in 1970.

It should further be pointed out that MICHAEL THOMAS JUSTESEN is a fugitive in connection with the "Seattle 8" matter and is subject of Identification Order #4424, BUfile 100-194648. CLAYTON VAN LYDEGRAF, BUfile 100-47617 has been involved in practically all "Old Left," and "New Left" activities for the past 20 years and his current whereabouts are unknown.

III. TANGIBLE RESULTS

On December 23, 1970, a Christmas Card was mailed from the Federal Penitentiary at McNeil Island, addressed

NW 55290 DocId:32989682 Page 379

to "MIKE JUSTESEN c/o LOU HARRIS, FBI, Seattle, Washington." On the outside of the envelope which had been postmarked at McNeil Island, was the notation "Please forward." Inside this Christmas card bearing the following note, dated 12/21/70 at McNeil Island:

"Dear Mike,

Good to see you in the courtroom last Monday. Come visit us.

Love,

Roger and Jeff"

This card was obviously sent by ROGER HENRY LIPPMAN and JEFF DOWD, both of whom were sentenced to McNeil Island for contempt following a mistrial in the "Seattle 8" matter. Another source of the Seattle Office indicated that the defense attorneys in the "Seattle 8" matter had evidentally received information concerning a possible Seattle FBI informant, name unknown, who they were attempting to expose.

Although this activity was connected primarily with a criminal matter, it is felt appropriate to mention it here inasmuch as the subjects involved are all "New Left" subjects currently under investigation.

A 90-day status letter will be submitted on or before April 7, 1971, unless additional information is developed concerning the foregoing action which is deemed pertinent in connection with "COINTELPRO - NEW LEFT."

II. PENDING COUNTERINTELLIGENCE ACTION

During December, 1970, in connection with the trial against the "Seattle 8" defendants (BUfile 176-2138 entitled "MICHAEL VICTOR ABELES, ET AL") it was noted that the defendants and their attorneys were apparently under the impression that the Government intended to uncover further informants in addition to HORACE L. PARKER, former [redacted] There was considerable speculation among spectators, mostly in sympathy with the defendants, that one of the defendants or probably one of the co-defendants was actually a Government informant.

REC-56 100-449698-50-13

Following the declaration of a mistrial by Judge BOLDT, and the subsequent incarceration of the defendants in various federal penal institutions throughout the West Coast, there was additional speculation that one or more of the defendants was probably a Government informant

To further capitalize on this speculation, on December 16, 1970, an anonymous call was placed to the Seattle Office of Defense Attorney JEFFREY STEINBORN. The anonymous caller offered to help STEINBORN in his defense of the "Seattle 8" but instructed STEINBORN that the information could only be given on a pay phone because the caller feared that STEINBORN's office was "bugged." The anonymous caller then instructed STEINBORN to go to a pay telephone on the corner of Third and James Street in Seattle which is directly across the street from the Seattle Police Department.

At 10:38 a.m., Seattle Agents observed STEINBORN enter a pay phone booth at the corner of Third and James and answered a call which was placed to that location on a coin pay phone telephone number MAin 2-9927.

The anonymous caller stated "I can observe you and I see that you arrived a little bit early." The anonymous caller then stated in effect "I am not in sympathy with your clients, but I would like to get even with that _____ (obscene) PITKIN and the FBI for what they did to my buddies in the Seattle Police Department. The real finks are MIKE JUSTESEN and an old guy named VAN LYDEGRAF. VAN LYDEGRAF has been a fink for the FBI for over 20 years and JUSTESEN wasn't arrested with your other clients because he is the FBI fink." STEINBORN replied "gotcha" and after hurriedly writing on a small notebook, was observed by Agents to leave the telephone booth after looking up toward the Seattle Police Department building. By way of background, it should be pointed out that USA STAN PITKIN, who handled the Government's case in connection with the "Seattle 8" also received considerable publicity during 1970 in connection with an expose of police payoffs before a Federal Grand Jury in Seattle, Washington, earlier in 1970.

It should further be pointed out that MICHAEL THOMAS JUSTESEN is a fugitive in connection with the "Seattle 8" matter and is subject of Identification Order #4424, BUfile 100-194648. CLAYTON VAN LYDEGRAF, BUfile 100-47617 has been involved in practically all "Old Left," and "New Left" activities for the past 20 years and his current whereabouts are unknown.

III. TANGIBLE RESULTS

On December 23, 1970, a Christmas Card was mailed from the Federal Penitentiary at McNeil Island, addressed

NW 55290 DocId:32989682 Page 382

to "MIKE JUSTESEN c/o LOU HARRIS, FBI, Seattle, Washington." On the outside of the envelope which had been postmarked at McNeil Island, was the notation "Please forward." Inside this Christmas card bearing the following note, dated 12/21/70 at McNeil Island:

"Dear Mike,

Good to see you in the courtroom last Monday. Come visit us.

Love,

Roger and Jeff"

This card was obviously sent by ROGER HENRY LIPPMAN and JEFF DOWD, both of whom were sentenced to McNeil Island for contempt following a mistrial in the "Seattle 8" matter. Another source of the Seattle Office indicated that the defense attorneys in the "Seattle 8" matter had evidentally received information concerning a possible Seattle FBI informant, name unknown, who they were attempting to expose.

Although this activity was connected primarily with a criminal matter, it is felt appropriate to mention it here inasmuch as the subjects involved are all "New Left" subjects currently under investigation.

A 90-day status letter will be submitted on or before April 7, 1971, unless additional information is developed concerning the foregoing action which is deemed pertinent in connection with "COINTELPRO - NEW LEFT."

COINTELPRO - NEW LEFT

During the Presidential Inauguration activities here in WDC, WFO ascertained that the National Mobilization Committee to End the War in Vietnam (NMC) was utilizing walkie-talkies to coordinate their movements and activities. A source furnished WFO the call letters and the frequencies which were being utilized by the marshals appointed by the NMC. These frequencies were on the "citizen" band which can be utilized by the public in general. It became apparent to WFO that some immediate action was necessary to counteract the very effective use of this equipment by the NMC in obtaining information about police and military movements.

WFO realizing the importance to the NMC of obtaining knowledge concerning police and military contingent movements, engaged in a "disinformation" program also utilizing the "citizen" band. This was done by identifying with the NMC network as a unit within that network and by countermanding NMC orders to the marshals and by supplying the marshals with misinformation.

In addition to being able to disrupt the planning of the NMC, WFO was obtaining information from the NMC about their plans and locations of contingents of the organization.

A source of WFO (who was a marshal and part of the NMC communication network) advised WFO that the NMC communications broke down and did not operate the way they had it planned. The source stated that very confusing orders were issued and then countermanded, that NMC groups were dispatched to areas that had no relevance to the Inauguration activities.

The Bureau may wish to suggest to other field offices this technique in the event other offices encounter demonstrations in which the demonstrators use radios operated on the "citizen" band for communication.

Dear Mr. Batten:

I was among the many who attended the Nixon rally at the Norfolk Arena.

When I approached the entrance, I was amazed to think that young people from Norfolk would appear in public dressed as these youngsters were. I felt that Norfolk had been spared o f the hippie element so prevelant on the campuses of the large Eastern and Western universities.

I was shocked when I learned from my son that most of these hippies were Old Dominion College students. I was even more upset when I learned that an ODC faculty member, a Professor Hellinger, was one of the demonstrators.

I feel, as many other Virginians do, that such young peopl e as those I saw demonstrate outside the Arena should= not be allowed to enroll at ODC.

I think the Board of Visitors should insist that the= Administration at ODC be more select in choosing their prospective students. It appears to me these young people are being encouraged by faculty members to revolt against everything that is right and decent. I don't think the majority of the demonstrators were freshmen students and even if they were, I believe such an element could be virtually eliminated before they are enrolled by more selectivity in choosing prospective ODC students.

If they were not freshmen then it appears that ODC is allowing a great number of undesirables to transfer from other colleges. In my opinion, the Board of Visitors should insist that the ODC Administrators either raise their standards of admission or be more probing in their inquiries before admitting this beatnik element to ODC.

I am enclosing a copy of this letter to Mr. Webb, ODC President.

It is my hope as a taxpayer and mother of an ODC student that the hippie element, who are probably members of the communist organization, SDS, does not turn ODC into another Col umbia University.

Re Bulets dated 5/10/68 and 7/5/68 and Columbia letter dated 6/26/68.

For the information of the Bureau during the previous school year, the Columbia Division had two New Left groups, one at the University of S. C. known as AWARE and a chapter of Southern Students Organizing Committee (SSOC). The AWARE group was organized in 1966. During the fall term of 1967, at the University of S. C. they had their largest membership, dropping to approximately 6 members by the time the group disbanded in late April, 1968. SSOC had a chapter at Furman University, Greenville, S. C. during the past school year with approximately 10 active members; disbanded about May 1, 1968.

During the summer months neither the SSOC or AWARE group members were active within their organizations or other New Left type groups. Information received as of 9/24 and 25/68 indicates that there has been no activity on the part of the AWARE Group at the University of S. C. or the SSOC Chapter at Furman University. Sources and informants state that it does not appear that either group will be active in the near future.

100-449695-66-4

The Columbia Division has been developing sources and informants to place in the New Left groups and will be in the position to immediately learn the identities of the members in the event they subsequently are organized at the respective schools. Due to the fact that the groups are now dormant and there is no activity on the part of the members who were in the groups the previous school year it is felt that no counterintelligence action can be taken by the Columbia Division. In the event they re-organize, the Columbia Division will be alert for possible situations to disrupt the group or groups through counterintelligence action. However, the Bureau will be advised previous to any direct action being taken by the Columbia Division.

(COINTELPRO - NEW LEFT)

Bulet 5/10/68 requested suggestions for counterintelligence action against the New Left. The replies to the Bureau's request have been analyzed and it is felt that the following suggestions for counterintelligence action can be utilized by all offices:

1. Preparation of a leaflet designed to counteract the impression that Students for a Democratic Society (SDS) and other minority groups speak for the majority of students at universities. The leaflet should contain photographs of New Left leadership at the respective university. Naturally, the most obnoxious pictures should be used.

2. The instigating of or the taking advantage of personal conflicts or animosities existing between New Left leaders.

4. The use of articles from student newspapers and/or the "underground press" to show the depravity of New Left leaders and members. In this connection, articles showing advocation of the use of narcotics and free sex are ideal to send to university officials, wealthy donors, members of the legislature and parents of students who are active in New Left matters.

5. Since the use of marijuana and other narcotics is widespread among members of the New Left, you should be alert to opportunities to have them arrested by local authorities on drug charges. Any information concerning the

fact that individuals have marijuana or are engaging in a narcotics party should be immediately furnished to local authorities and they should be encouraged to take action.

6. The drawing up of anonymous letters regarding individuals active in the New Left. These letters should set out their activities and should be sent to their parents, neighbors and the parents' employers. This could have the effect of forcing the parents to take action.

7. Anonymous letters or leaflets describing faculty members and graduate assistants in the various institutions of learning who are active in New Left matters. The activities and associations of the individual should be set out. Anonymous mailings should be made to university officials, members of the state legislature, Board of Regents, and to the press. Such letters could be signed "A Concerned Alumni" or "A Concerned Taxpayer."

8. Whenever New Left groups engage in disruptive activities on college campuses, cooperative press contacts should be encouraged to emphasize that the disruptive elements constitute a minority of the students and do not represent the conviction of the majority. The press should demand an immediate student referendum on the issue in question. Inasmuch as the overwhelming majority of students is not active in New Left matters, it is felt that this technique, used in carefully selected cases, could put an end to lengthy demonstrations and could cause embarrassment to New Left elements.

9. There is a definite hostility among SDS and other New Left groups toward the Socialist Workers Party (SWP), the Young Socialist Alliance (YSA), and the Progressive Labor Party (PLP). This hostility should be exploited wherever possible.

10. The field was previously advised that New Left groups are attempting to open coffeehouses near military bases in order to influence members of the Armed Forces. Wherever these coffeehouses are, friendly news media should be alerted to them and their purpose. In addition, various

NW 55290 DocId: 32989682 Page 394

drugs, such as marijuana, will probably be utilized by individuals running the coffeehouses or frequenting them. Local law enforcement authorities should be promptly advised whenever you receive an indication that this is being done.

11. Consider the use of cartoons, photographs, and anonymous letters which will have the effect of ridiculing the New Left. Ridicule is one of the most potent weapons which we can use against it.

12. Be alert for opportunities to confuse and disrupt New Left activities by misinformation. For example, when events are planned, notification that the event has been cancelled or postponed could be sent to various individuals.

You are reminded that no counterintelligence action is to be taken without Bureau approval. Insure that this Program is assigned to an Agent with an excellent knowledge of both New Left groups and individuals. It must be approached with imagination and enthusiasm if it is to be successful.

As an economy measure the caption "COINTELPRO - NEW LEFT" should be used on all communications concerning this Program.

It was previously reported that the National Mobilization Committee to End the War in Vietnam (NMCEWV) is sponsoring massive demonstrations at Chicago, Illinois, during the forthcoming Democratic National Convention.

One of the problems faced by the Committee is that of finding housing for the demonstrators who are coming from outside the Chicago area. The Committee has now circulated 25,000 forms requesting the recipients to indicate the number of out-of-town demonstrators they can house. Our Chicago Office has obtained a blank copy of the form and desires to duplicate 250 copies of it, fill them in with fictitious names and addresses, and return them to the Committee's office. This action would cause considerable confusion among the demonstrators and would hamper the Committee's efforts to house the demonstrators.

This can be done with no possibility of embarrassment to the Bureau and it is felt that Chicago should be authorized to undertake this counterintelligence action. Due to the time element involved, there is enclosed a teletype to the Chicago Office authorizing this action.

TO : DIRECTOR, FBI (100-449698) CONFIDENTIAL DATE: 9/4/68

FROM : SAC, CHICAGO (100-45316) (P)

SUBJECT: COINTELPRO - NEW LEFT

Re Bureau teletype, 8/15/68.

Referenced teletype authorized the Chicago Office to duplicate blank forms prepared by the National Mobilization Committee to End the War in Vietnam (NMC). These forms solicitated housing for demonstrators coming to Chicago for the Democratic National Convention (DNC).

217 of these forms were duplicated by the Chicago Office, completed with ficitious names and addresses and mailed to the NMC. The mailings were sent on a staggered basis during a period of one week prior to the DNC and the stationery and envelopes used were purchased at retail outlets.

CG 7218-S reported on September 3, 1968, that NMC had received numerous replies offering housing to demonstrators. Source stated that the majority of these replies proved to be utterly worthless as they bore non-existent names and addresses.

Source related that a number of demonstrators made long and useless journeys to locate these addresses and several became incensed at the NMC and RENNIE DAVIS for providing worthless leads on housing. Source reported that DAVIS in turn is now questioning the value of mailing lists obtained from other New Left organizations in view of the results of NMC's mailings.

100-449698-9-15

Source advised that replies received on NMC's housing forms compounded the confusion which existed at NMC headquarters immediately prior to and during the DNC. CG 7218-S advised that after considerable discussion among RENNIE DAVIS and other NMC activists it was decided to discard all replies received on the housing forms rather than have out of town demonstrators try to locate non-existent addresses.

NICHOLAS MICHAEL EGLESON

He is also employed as a humanities instructor by Massachusetts Institute of Technology (MIT), Cambridge, Mass., and is a resident of 10 Gilmore St., Cambridge, Mass.

GRIZZARD, a full-time organizer for the BDRG, is also a member of the New England Regional Committee of SDS and resides with EGLESON in Cambridge. EGLESON was also a national vice-president of SDS in 1965.

GRIZZARD's and EGLESON's appointments as employees in the Department of Humanities at MIT are subject to annual renewal as of 7/15/69, at which time recommendations will be made as to whether or not they will be reappointed for the coming academic year. Boston currently enjoys an excellent relationship with MALCOLM KISPERT, Vice-President for Academic Administration, MIT. Mr. KISPERT is an established source of the Boston Office and is also a member of the Selection and Faculty Appointment Committee.

Boston proposes to furnish Mr. KISPERT with numerous public source data concerning EGLESON's and GRIZZARD's background, which identifies their connections and associations with SDS and the BDRG. It will be further pointed out to Mr. KISPERT that EGLESON is also a contact of the Harvard Draft Union, an independent affiliate of SDS. He is also a former member of the advisory board of the publication "Paper Tiger," a defunct radical paper which was closely associated with SDS. He is also a representative of "Newsreel," a radical film-making group.

It is believed that if MIT is in possession of all the public source material concerning GRIZZARD and EGLESON they would not reappoint them to their respective positions with the Humanities Department at MIT. This counterintelligence action would also frustrate LOUIS KAMPF, who has been attempting to build up the Humanities Department of MIT with radical-type instructors such as GRIZZARD and EGLESON.

The Bureau can be assured that any information furnished to Mr. KISPERT will be kept confidential and that the Bureau's interest in this matter will be fully protected.

The Bureau's thoughts on the above will be appreciated so that this counterintelligence action can be shortly initiated.

In regard to captioned program, Boston proposes the following course of action:

The "Ole Mole," self-described as a radical biweekly newspaper published by the Ole Mole Chapter of SDS, 2 Brookline St., Cambridge, Mass., has written numerous articles in the past about the callous attitude Harvard University displays toward the residents of Boston and Cambridge, Mass., where Harvard owns low rent apartments. The university has in some instances evicted tenants from these apartments in order to implement their building program.

MICHAEL ANSARA (Boston file 100-36315, Bureau file 100-450214), Manager of the "Ole Mole," and VERNON GRIZZARD (Boston file 100-38478, Bureau file 100-441934), a key activist, SDS New England Regional Committee member and a staff member of the "Ole Mole," have, according to BS 1023-S, in the past been able to secure privileged information from the confidential files of Harvard University's Office of Civic Relations and publish stories in the "Ole Mole" about Harvard's future building plans much to the embarrassment of the university. The "Ole Mole" in these articles have indicated that the poor of Boston and Cambridge have been driven out of their homes by the unrealistic real estate policy of Harvard University and SDS has used this as an issue against Harvard.

On 9/11/69, the informant advised that a Mr. WHITLOCK, Special Assistant to the President, Harvard College, for civic and government relations, has several women secretaries working in his office to handle correspondence and carry on the business of that office. Source identified one of the secretaries as NANCY SCHWARZMAN (Boston indices negative regarding SCHWARZMAN). SCHWARZMAN, the source said, is the mistress of MICHAEL KAZIN (Boston files 176-6 and 100-37979), a Harvard College senior and an SDS committee member of the Harvard-Radcliffe chapter. Informant further advised that KAZIN is also friendly with GRIZZARD and ANSARA.

(BS 1023-S) learned on 9/22/69 that SCHWARZMAN has been pilfering confidential papers from Mr. WHITLOCK's office and has been furnishing this confidential information to KAZIN who in turn furnishes the information to GRIZZARD and ANSARA.

Boston with Bureau approval proposes to furnish this information confidentially to (ROBERT TONIS, Security Officer and Chief of the) Harvard University Police. (TONIS) an established source (and former SA) of this division, has been of incalculable assistance to this office in providing security information pertaining to the university.

Re Boston letter 6/6/69.

1. Potential Counterintelligence Action

By letter dated 8/26/69, Boston furnished the Bureau with plans to furnish GORDON HALL cooperative free lance lecturer and writer on extremist movements, who in the past has been furnished with Bureau approval public source data which he successfully used in several newspaper articles which graphically exposed radical and subversive local elements, some material and suggestions regarding the rift that exists between the Black Panther Party (BPP) and the Students for a Democratic Society (SDS) in an attempt to further inflame already injured feelings on both sides. This will be furnished to the Bureau as soon as possible for their concurrence.

Boston will also remain alert to initiate any counter-intelligence measures in furtherance of this program.

2. Pending Counterintelligence Action

Boston by letter to the Bureau dated 10/2/69 requested permission to furnish information to ROBERT TONIS, Security Officer and Chief of Harvard University Police, regarding pilfering of confidential papers from the office of Mr. WHITLOCK, Special Assistant to the President, Harvard College, by NANCY SCHWARZMAN. SCHWARZMAN has been identified as the mistress of MICHAEL KAZIN, a Harvard Senior and SDS committee member of the Harvard-Radcliffe Chapter. KAZIN is further identified as a friend of MICHAEL ANSARA, Manager of the "Old Mole," self-described as a radical biweekly newspaper, and VERNON GRIZZARD, a Key Activist of the Boston Division.

The "Old Mole" has published several articles in the past with information secured from Mr. WHITLOCK's confidential files. Boston feels that with Bureau permission this counter-intelligence measure would dry up a valuable source of information for SDS and the "Old Mole" as well as provide a valuable service for a good source of this Office. Security would be assured.

3. Tangible Results

Boston with Bureau approval furnished Mr. MALCOLM KISPERT, Vice President for Academic Administration, Massachusetts Institute of Technology (MIT), Cambridge, Mass., an established source of this Office, information to the effect that VERNON GRIZZARD, referred to above, and NICHOLAS EGLESON, a former president of SDS, were employed by MIT as Instructors in the Department of Humanities. Mr. KISPERT because of this information was able to have GRIZZARD and EGLESON's reappointments to the staff of MIT canceled. Mr. KISPERT said that GRIZZARD was being considered for the post of Instructor in Humanities for the 1969-1970 academic year and EGLESON's reappointment as an instructor would have been automatic. KISPERT was very grateful for this public source data received and indicated that all aspects of this operation would be kept confidential.

Boston in cooperation with the Cambridge PD provided a number of photographs of radicals operating in the Boston area as a result of a group of 15 youths who forcibly ejected 25 occupants of a Harvard University building. These youths held the building for fifteen minutes before leaving and several of the personnel in the building were injured while being ousted from the premises, two requiring medical attention.

The Cambridge PD does not have an intelligence unit and did not have any photographs of any of the radical elements in the Metropolitan Boston area. As a result of the furnishing of these photographs, one of the participants in the occupation of the Harvard building was identified as ERIC MANN, a Key Activist of the Boston Division. The Cambridge PD have sworn out a warrant for his arrest on charges of Assault and Battery and Trespass.

NW 55290 DocId:32989682 Page 419

During the course of a demonstration held in front of the John F. Kennedy Federal Building, 10/4/69, sponsored by local SDS groups, several SDS members from the Boston Univ. and Harvard-Radcliffe Chapters were observed parking their cars illegally in the vicinity of the JFK Federal Building. The fact that these cars were parked illegally was called to the attention of the Boston PD Traffic Division and parking tickets amounting to $80. were leveled against the SDS illegal parkers.

Memorandum

TO : DIRECTOR, FBI (100-449698) DATE: 12/1/69

FROM : SAC, ~~BOSTON~~ (100-38580) (P)

SUBJECT: COINTELPRO - NEW LEFT

ReBslet to Bureau dated 10/2/69 and Bureau letter to Boston dated 10/15/69.

In regard to captioned program, Boston proposes the following course of action:

It has been determined that JARED MICHAEL ISRAEL, a Harvard College undergraduate student currently designated as a key activist and a National Interim Committee member PLP-SDS, is presently employed at the Harkness Commons, a Harvard University restaurant utilized by graduate students.

ISRAEL has caused considerable embarrassment to Harvard University authorities in connection with his SDS membership and was involved in the takeover of University Hall, Harvard College by SDS Factions in 4/69. He was most recently involved on 11/19/69 in a sit-in at University Hall, Harvard, wherein SDS demonstrators demanded that all Harvard painters helpers be promoted to painters and that twenty percent of the labor force on all Harvard construction sites be "blacks" and "third world" workers.

Boston, with Bureau approval, proposes to furnish this information confidentially to ROBERT TONIS, Security Officer and Chief of the Harvard University Police. TONIS, an established source and former Special Agent of this Division, has been of incalculable assistance to this office in providing security information pertaining to the University. TONIS has advised previously that it would be possible to have an employee without tenure fired from his position for justifiable cause. TONIS has previously indicated that he appreciates Bureau interest in such matters and advised that these interests would be fully protected at all times.

It is believed that with Bureau permission this counter-intelligence measure would deny ISRAEL a source of income and disassociate him from the Harvard College community where he has been a constant source of irritation with his disruptive tactics. (TONIS) as the Bureau is aware, cooperated in a similar situation which resulted in the termination of employment of a secretary who was furnishing confidential information to the "Old Mole", a radical biweekly newspaper, published by the Old Mole Chapter of SDS, Cambridge.

The Bureau's thoughts on the above are solicited so that this counter-intelligence measure can be initiated promptly.

The Boston Office, through the cooperation of an established source, recently had occasion to photograph an apartment occupied by the Weatherman faction of SDS. Re New Orleans letter and LHM dated 9/25/70, captioned "STUDENTS FOR A DEMOCRATIC SOCIETY, WORKER-STUDENT ALLIANCE, IS - SDS;" no copies designated for the Atlanta, Miami, and New York Offices. Bureau letter to Detroit dated 10/13/70, captioned "STUDENTS FOR A DEMOCRATIC SOCIETY, WORKER-STUDENT ALLIANCE, IS - SDS;" copies designated for the below recipient offices with the exception of the Chicago and New York Offices.

For the information of the Chicago and New York Offices, referenced Bureau letter made reference to New Orleans LHM which contained a copy of a three-page statement written by VICTOR COFFIELD of the Berkeley, California, SDS. This article was highly critical of the SDS/WSA National Interim Conference report by ALAN SPECTOR, SDS/WSA National Educational Secretary. Referenced Bureau letter pointed out that it is apparent from the COFFIELD statement as well as from information furnished by (NO 1850-S) concerning the National Interim Committee (NIC) that there is a great deal of disagreement among SDS/WSA leaders. The Bureau instructed the Boston Office to consider exploitation of this dissension through the use of a counterintelligence measure (Cointelpro) and submit its observations concerning this matter. The following is submitted per these instructions:

NW 55290 DocId:32989682. Page 434

BS 100-35472
BS 100-33530

Information provided by (NO 1850-S) and other sources within SDS/WSA indicate that the most significant situation occurring within SDS/WSA at the present time appears to be the rising opposition developing among San Francisco, Chicago, and New Orleans SDS chapters against the National Headquarters (NH) in Boston. The basic issue involved is the role of the NIC in the organization. The above 3 chapters and possibly others have argued that the rank-and-file members within SDS have not been allowed to determine policy for the organization via National Council and national conferences. Activists within these chapters argue that the NIC of SDS is playing the major leadership role in the organization by setting policy for SDS. These 3 chapters view the above as an extremely undesirable trend within SDS and feel that it is thwarting SDS from becoming a mass-based anti-war revolutionary organization. Activists within these 3 chapters argue that SDS has been successful in the past and can be successful in the future only if the organization allows its rank-and-file members to formulate the national meetings.

In addition, members of the anti-NH faction within SDS, in particular, ANITA ROGER and VICTOR COFFIELD and ANN and NICK HICK from Chicago are advocates of far more militant tactics than are members of the NH faction.

Also, there are those within SDS who accept the Progressive Labor Party influence and others who resent it.

It is obvious that based on the above information, there is growing resentment among various SDS/WSA chapters who have taken an anti-NH stand. Unfortunately for their cause, the NH seems to disregard their complaints.

NW 55290 DocId:32989682 Page 435

A case in point is the situation in Florida where the SDS was overlooked when the Southern Regional Conference (held 10/9-11/70 in Atlanta, Georgia) was planned. A Miami source felt that Florida SDS was overlooked since it has been vocal in its feelings that there are too many Regional and MIC meetings which drain its local treasury and delegate expenses.

It seems that the above anti-NH forces are having difficulty uniting in order that they might achieve strength and influence within SDS/WSA. One probable explanation is that they have been unable to physically assemble as a united force and challenge the NH on its "lack of inner debate and struggle around ideas and practice" and "isolation from the ideas and interests of the majority of students," as COFFIELD alleges in his statement referenced to above.

It would appear that the SDS/WSA planned national demonstrations in San Jose, California, and Detroit, Michigan, on 11/3/70 would afford the anti-NH groups an opportunity to achieve universal assembly and simultaneously challenge the NH forces from a position of strength rather than having to express their resentment and complaints from various sectors of the United States, thereby eliminating the possibility of much-needed broad support.

In order to alert the anti-NH forces to the above opportunity, the Boston Office suggests that the Bureau authorize recipient offices to encourage sources who are affiliated with factional groups within SDS/WSA to discreetly suggest without creating undue suspicion that representatives of the SDS/WSA group in question be sent to the sites of the planned 11/3/70 national demonstration, principally to confront NH representatives on

their "undemocratic" and neglectful attitude toward rank-and-file members.

Indications are that the NH is planning conferences in the San Francisco, San Jose, and Detroit areas on 11/1/70 and 11/2/70 to prepare for the national demonstration on 11/3/70. Such conferences could serve as occasions for attending disgruntled SDS/WSA representatives to air their critical views of the NH and hopefully develop a strong platform, thereby substantially promoting the already existing factionalism within SDS.

Request of the Bureau

The Bureau is requested to study the above observations set forth by the Boston Office and, if found acceptable, authorize recipient offices to encourage their sources, particularly those who plan to attend the national demonstrations, to agitate in their respective SDS/WSA groups with a view toward confronting the NH on the above issues during the national demonstrations for the purpose of promoting factionalism within SDS/WSA, and thereby weakening its current unsteady posture.

Request of Recipient Offices

Canvass informants concerning their availability to travel to San Jose, California, or Detroit, Michigan, in order to achieve maximum coverage of SDS/WSA national demonstrations in those cities on 11/3/70.

Recipients also await Bureau's decision concerning the above suggested Cointelpro effort submitted by the Boston Office. Should the Bureau authorize the

NW 55290 DocId:32989682 Page 437

implementation of this suggestion, sources should be cautioned concerning engaging in any action that might jeopardize their confidential relationship with the Bureau and thus adversely affect their future value.

The Boston Office is presently canvassing informants in an effort to determine their availability concerning the national demonstration in Detroit on 11/3/70.

The Boston Office will await the results of the Bureau's review of the above suggestion.

COINTELPRO - New Left

Bureau concurs with Boston suggestion that the meetings and demonstrations at Detroit and San Jose would be an ideal time to take advantage of the factionalism currently so prevalent in Students for a Democratic Society/ Worker Student Alliance (SDS/WSA). Only those sources who are rank-and-file members of SDS/WSA should participate in promoting the factionalism and demonstrate disagreement with national headquarters concerning current policies.

UNDER NO CIRCUMSTANCES SHOULD ANY INFORMANT ENGAGE IN ANY ACTIVITY OR MAKE ANY STATEMENTS WHICH WOULD JEOPARDIZE HIS CONFIDENTIAL RELATIONSHIP WITH THE BUREAU OR AFFECT HIS FUTURE USE AS A SOURCE.

New Orleans should submit specific comments concerning any suggestions for the utilization of NO 1850-S in this counterintelligence operation in view of his position as a member of the National Interim Committee (NIC).

All offices submit replies to reach the Bureau no later than close of business 10/28/70.

NOTE:

Bureau suggested that Boston should consider exploitation of dissention in the SDS/WSA under COINTELPRO. SDS/WSA has called for national demonstrations at San Jose and Detroit on 11/3/70. There has been unusual dissention, particularly by chapters, at San Francisco, Chicago, and New Orleans against national headquarters, Boston. San Francisco and Chicago advocate far more militant tactics and are anti-Progressive Labor Party (PLP) influence. PLP predominates national headquarters. National headquarters continuously has avoided a national convention. Some members, as well as activity at recent regional conferences, indicate that national headquarters is afraid to hold national convention for fear of losing control. Proposal by Boston, as suggested by the Bureau believed to have merit under COINTELPRO and will cause considerable disunity and disruption among leaders and rank-and-file members. Action at San Jose and Detroit by member informants should spread throughout all chapters.

Re Bureau letter to Albany, 5/10/68.

The only "New Left" organizations in the Little Rock Division are chapters of the Southern Student Organizing Committee (SSOC) formed in February, 1968, at the University of Arkansas, Fayetteville, Arkansas, and during April, 1968, by students of Little Rock University (LRU) at Little Rock, Arkansas. The University of Arkansas SSOC chapter in reported to currently have approximately 30 members and the LRU SSOC chapter has approximately 10 to 12 members.

Neither of these organizations appear to have received any wide acceptance among the students at their respective universities and the members, for the most part, are considered "oddballs" and students who are not in the main stream of the student activity. In view of this, Little Rock Division does not recommend any specific counterintelligence action be taken against either of these chapters at this time.

On a national basis, it is felt that the most effective form of counterintelligence activity against these New Left groups would be for the Bureau to utilize all possible news sources in an attempt to ridicule the New Left and their activist leaders through cartoons and cooperative syndicated writers who specialize in satire since this type of humor is easily understood and accepted by the majority of college students. It has been the experience of the Little Rock Office that most college students do not want to become identified with these individuals involved in New Left type activities.

Rebulet to Albany dated 5/10/68 and Boston airtel to Bureau dated 5/13/68, captioned "COMMUNIST PARTY, USA, COUNTERINTELLIGENCE PROGRAM, INTERNAL SECURITY - C (THE NEW LEFT)."

ReBSairtel sets out information concerning a possible counterintelligence operation to be conducted by Boston with Bureau approval regarding "The New Left" which would involve the use of the services of GORDON HALL, a free lance lecturer and writer on extremist movements and a cooperative source of the Boston Office.

JOHY DAY, Vice President, Radio and TV Station WHDH, Boston, Mass., a reliable and cooperative source of this Office, also recently advised that "Look Magazine" is interested in doing a series of articles on the radical left.

Boston proposed to the Bureau to have HALL contact DAY in an effort to have an appointment made for GORDON HALL with a proper "Look" editor so that the possibility of authoring an article on the new radical left for national publication in that magazine might be discussed. GORDON HALL has been an extremely useful source in regard to the Counterintelligence Program of the Boston Office and has authored numerous articles that have appeared as featured stories in newspapers of the Boston area.

MCT 100-449698-5-1

In May, 1965, HALL authored an article on the "New Left" and with Bureau approval was given public source data on numerous individuals and organizations who were connected with the New Left in the Metropolitan Boston area. These articles were well-received and were most successful in exposing the participation of left-wing faculty members in several

Among the faculty members of local colleges who have been extremely active in espousing left-wing causes are NOAM CHOMSKY, Professor of Linguistics at MIT, Cambridge, Mass., and HOWARD ZINN, Professor of Government at Boston University, Boston, Mass. In this connection, both CHOMSKY and ZINN signed a statement supporting Rev. WILLIAM SLOANE COFFIN, JR., MICHAEL FERBER, MITCHELL GOODMAN, MARCUS RASKIN and Dr. BENJAMIN SPOCK. These individuals on 1/5/68 were indicted by a Federal Grand Jury at Boston and charged with a continuing conspiracy to aid, abet and counsel violations of the Selective Service laws. The indictment alleged a conspiracy calling for a nationwide program of resistance of the operations of the Selective Service System, including the counseling, aiding and abetting of registrants to surrender Classification and Registration Certificates and interruption of the induction process at induction centers throughout the country. These individuals are currently on trial at Boston. ZINN and CHOMSKY have indicated that they stood beside the above five who have been indicted for support of draft resistance. They further indicated that if they (the five) are sentenced, "we, too, must be sentenced. If they are imprisoned, we will take their places and will continue to use what means we can to bring this war to an end."

Boston will with Bureau approval attempt to develop a Counterintelligence Program directed against ZINN and CHOMSKY which will incorporate their support of the above five defendants and their active participation in anti-draft and anti-Vietnam activities. It is felt that an individual such as GORDON HALL would be a perfect vehicle for just such a program.

In regard to Key Activist NICHOLAS MICHAEL EGELSON, the May 8, 1967 edition of "New Left Notes," the weekly publicati of Students for a Democratic Society (SDS), listed NICK EGELSON as the then President of SDS.

BS 1023-S on 1/19/68 advised that NICK EGELSON attended a meeting of the Steering Committee of the Boston Draft Resistance Group on 1/18/68.

NW 55290 DocId:32989682 Page 444

Boston will attempt to develop a Counterintelligence Program concerning EGELSON which will be submitted to the Bureau for approval.

As other individuals are identified as Key Activists, special consideration will be given to the development of appropriate counterintelligence action against them and specific recommendations in this regard will be submitted to the Bureau.

As noted in referenced Bulet, Boston will, commencing 7/1/68 and every three months thereafter, submit to the Bureau a status letter which will include more specific comments concerning the above and will set out what further potential counterintelligence action, as well as pending counterintelligence action, Boston contemplates in regard to this program.

Re Charlotte letter to Director, 7/20/70.

1. POTENTIAL COUNTER-INTELLIGENCE ACTION

The recording of the banquet given by Praxis: Socialist Action Union, new left organization, Durham, N. C., as mentioned in relet, has been determined to be of such poor quality that it does not appear that any effective use can be made of it in instant program.

The Charlotte Office is currently conducting investigation on several new leftists who are students at University of North Carolina, Chapel Hill, and Duke University, Durham, to determine if they have a loan, scholarship or grant which is being paid from U. S. Government funds. If so, an LHM will be submitted for dissemination with end in view of having the financial aid terminated.

2. PENDING COUNTER-INTELLIGENCE ACTION

In August, 1970, JAMES EDWARD KEENAN, new leftist, took the North Carolina Bar Examination. The results of the examination have not yet been disclosed. Recently and prior to taking the examination, KEENAN instituted suit in U. S. District Court contesting the North Carolina residency requirements for bar admittance. Bureau authority is requested for the Cincinnati Office to undertake counterintelligence action against Students for a Democratic Society (SDS) at Ohio State University (OSU), Columbus, Ohio and Ohio University (OU), Athens, Ohio.

The SDS at OSU is planning to arrange for transportation to Washington, D. C., for students at OSU to participate in demonstrations preceding the Presidential Inauguration on 1/20/69.

Cincinnati believes their efforts can be disrupted by a series of anonymous telephone calls to the transportation company which they choose to use for the trip to Washington, D. C., as well as a series of anonymous telephone calls to the SDS leaders representing the transportation company.

Cincinnati desires to confuse both the transportation company and the SDS leaders as to the cost of transportation, time and place for leaving Columbus, Ohio and time and place for returning to the campus.

Cincinnati also desires to anonymously place confusing leaflets about the OSU campus which would show different times and places for meetings of the SDS to plan this activity as well as showing conflicting times

Reurairtel 8/1/68.

Authority is granted to contact Internal Revenue Service (IRS) Inspector Sam Gardner concerning Sidney Peck's 1966 and 1967 income tax returns.

Prior to this contact, you should thoroughly review your files for available public source material that can be furnished to Gardner. Specifically, point out to Gardner that Peck has listed contributions to the SDS as deductions. If you can document the Hall's Counseling Service from public source material as an SDS affiliate, also point this deduction out to the Inspector.

To be most effective and most disruptive of Peck's plans with regard to the Democratic National Convention, you should attempt to have Gardner notify Peck of an impending IRS audit prior to his leaving for Chicago and the Convention. Bear in mind that Peck may leave the Cleveland area in advance of 8/26/68, the date the Democratic National Convention is to convene.

During your contacts with Inspector Gardner, assure that no action is taken that could jeopardize your sources or the Bureau's continuing investigation of Peck.

Promptly advise the Bureau of the results of your contact with Inspector Gardner.

NOTE:

Sidney Morris Peck is an SI subject of the Cleveland Office and a Key Activist. He is a professor at Case Western Reserve University and is an official of the Cleveland Area Peace Action Council and the National Mobilization Committee to End the War in Vietnam (NMCEWV), both of which oppose U.S. policy in Vietnam. Peck, in addition, is a leader of proposed disruptive activities at the Democratic National Convention. We have obtained and furnished the Cleveland Office with copies of Peck's 1966-1967 income tax returns which show that out of a gross income of $16,689 he claims total deductions of $6,565. Included in his charitable contributions are the Spock Peace Fund, Hall's Counseling Service (operated by an SDS member), and the SDS. By reairtel, CV recommended bringing this matter to the attention of Inspector Sam Gardner of IRS, Cleveland, who has worked closely with the Cleveland Office in the past and has been found to be discreet and reliable. If through contact with Gardner we can institute an IRS audit, we may be able to eliminate Peck as Key Activist or disruptionist at the Convention. We may, at least, reduce his activity through the above efforts.

RE: COINTELPRO - NEW LEFT

By routing slip, 7/11/68 the Bureau forwarded to Cleveland copies of the income tax returns of SIDNEY MORRIS PECK (Security Index - Key Activist) for the years of 1966 and 1967. An examination of these returns reflects that PECK claimed deductions which, at the very least, provide a basis for questioning by IRS. For example, in the year 1967 he claimed total deductions of $6,565 from a total adjusted income of $16,689, or over one-third of his adjusted gross income. Included in these deductions were automobile expenses, other travel expenses, maintenance of office space in his home even though he has office space at Case Western Reserve University and the Cleveland Area Peace/Action Council, and charitable contributions. Included in the latter item were contributions to the SPOCK Peace Fund, HALL's Counseling Service (an anti-draft operation conducted by TIM HALL, local SDS member), Student Non-Violent Coordinating Committee and SDS.

Bureau authority is requested to call PECK's returns for 1966 and 1967 to the attention of local IRS officials with the view of suggesting that that Service may wish to afford his returns further auditing and examination. In so doing, Cleveland further suggests that local IRS be advised of public source material concerning PECK's activities in the National Mobilization Committee, of which he is a national co-chairman, and the anti-draft movement with which he has been publicly identified on numerous occasions. with this recommendation it is contemplated that information concerning PECK would be called to the attention of Inspector SAM GARDNER of the IRS office in Cleveland. Inspector GARDNER has worked closely with the Cleveland Office in relation to other matters and he has been extremely cooperative, discreet and reliable during the course of these relationships.

In the event IRS deems it feasible to proceed with further examination of PECK's returns, the following benefits could be expected to accrue therefrom:

1. Due to the burden upon the taxpayer of proving deductions claimed, PECK could be required to produce documentary evidence supporting his claims. This could prove to be both difficult and embarrassing particularly with respect to validating the claim for home maintenance deductions when, in fact, he doubtless has only the usual type of study found in many homes rather than actual office space. Validations of contributions to SNCC, SDS and the Hall Counseling Service may also be productive of embarrassing consequences.

2. If PECK is unable to substantiate his claims in the face of detailed scrutiny by IRS, it could, of course, result in financial loss to him.

3. Most importantly, if IRS contact with PECK can be arranged within the next two weeks their demands upon PECK may be a source of distraction during the critical period when PECK is engaged in meetings and plans for disruption of the Democratic National Convention. Any drain upon the time and concentration which PECK, a leading figure in Demcon planning, can bring to bear upon this activity can only accrue to the benefit of the Government and general public.

The Bureau is requested to consider this suggestion and afford Cleveland the benefit of its comments at the earliest possible time. No action will be taken by this office pending receipt of the Bureau's response to this COINTELPRO recommendation.

FROM SAC, CLEVELAND (100-28895) (P*)

SUBJECT: COINTELPRO - NEW LEFT
INTERNAL SECURITY

Re Cleveland letter to the Bureau, 3-31-70.

Set forth below is a resume of activity under captioned program in the Cleveland Division during the period of April 1, 1970 through July 15, 1970.

1) POTENTIAL COUNTERINTELLIGENCE ACTION

With reference to the possibility of the American Telephone and Telegraph Company (AT & T) initiating some type of college based program to counteract the anti-industrial emphasis prevalent on many campuses today, it is noted that Mr. EDWARD KEENAN, Vice-President of the Ohio Bell Telephone Company (an AT & T subsidiary), Cleveland, Ohio, stated on March 30, 1970, that he had discussed this matter with some of the principal AT & T officials in New York City and had received a favorable response relative to the possibilities of the corporation leading the initiation of a program to promote better understanding of the private enterprise system. Since that time, and particularly since receipt of Bureau letter of May 1, 1970, several attempts have been made to further discuss this matter with Mr. KEENAN, the last such effort being on July 24, 1970. Each time Mr. KEENAN, whose duties apparently require considerable travel, was out of the city and therefore, unavailable. Cleveland will continue to follow this matter and, at the first opportunity to confidentially discuss it with Mr. KEENAN, will seek clarification of the status of his suggestion to the AT & T management as well as the nature of any program contemplated by them and the individuals who will be involved in such a program.

At the present time, the Cleveland office is considering ways and means of establishing a fictitious cover organization to establish contacts with various radical groups in the United States and ultimately for the extension of such contacts to foreign organizations. Currently it is not believed that Cleveland has the type of informant or confidential source who would be compatible with such an operation. Recent increments in manpower available for security investigations have, however, for the first time in a substantial period of time created the possibility for further efforts in the area of informant development. It is hoped that these additional efforts will be productive of the type of informant or source who could be utilized in a cover organization operation as Cleveland regards this as a highly valuable source, not only of intelligence data, but of counterintelligence activities as well. Any pertinent recommendations or suggestions relative to this matter will be submitted to the Bureau by separate communication.

2) PENDING COUNTERINTELLIGENCE ACTION

By airtel, dated July 24, 1970, under instant caption Cleveland submitted a recommendation that public source material concerning the relationship between the Student Mobilization Committee and the SWP/YSA be furnished on a confidential basis to the Educational Research Council of America for inclusion in material which the Council supplies to its clients including most of the major school systems in Cuyahoga County, Ohio.

3) TANGIBLE RESULTS

In prior correspondence under the above caption, the Bureau has been advised concerning information furnished to the Cleveland District of the Internal Revenue Service concerning income tax returns submitted by SIDNEY MORRIS PECK (Key Activist). With the passage of time, and when repeated requests to Internal Revenue Service Inspector SAM GARDNER for the results of their investigation elicited no positive information, Cleveland assumed the Internal Revenue Service investigation had been terminated without punitive results. On July 13, 1970, however, Inspector GARDNER orally advised that the Internal Revenue Service investigation had been completed with the result that all of the "contributions" to SDS and other questionable groups, which PECK had claimed as deductible items

NW 55290 DocId:32989682 Page 465

had been thrown out and PECK had been required to pay an additional tax approximating $500, the exact amount being unknown to GARDNER.

By letter, dated May 27, 1970, Cleveland pointed out the results of a counterintelligence measure which resulted in providing an opportunity for representatives of the "straight" college students to present their viewpoint via the public news media. Through the cooperation of Mr. FRANK LECJAKS, Editorial Director of Cleveland TV station WJW (CBS affiliate), two students at Case-Western Reserve University were given the opportunity of appearing on a one-half hour TV program which was aired in Cleveland on June 21, 1970.

On May 21, 1970, Mr. LEO D'ARCY, News Director of radio station WELW, Willoughby, Ohio, (confidential source-protect) was provided a copy of the curriculum for an "alternative educational program" to be conducted at Cleveland State University, Cleveland, Ohio during the summer of 1970. This program included several courses of dubious academic value which, judging by the descriptive comments accompanying the course listings, appeared highly susceptible to the introduction of an anti-judicial and anti-law enforcement point of view. Through Mr. D'ARCY a copy of the "alternative program" curriculum was made available to Mr. GEORGE VOINOVICH, a member of the Ohio General Assembly, who has evinced serious interest in the current wave of student agitation and disruption. Mr. VOINOVICH subsequently discussed the matter with Dr. JOHN MILLET, Chairman of the Ohio Board of Regents, and Dr. HAROLD ENARSON, President of Cleveland State University. During this same period of time, the Ohio Legislature had under consideration a bill containing measures designed to provide state and local authorities a legal basis for control measures relative to campus militants who disrupt legitimate educational functions and infringe upon the rights of other students. Mr. D'ARCY followed very closely the proceedings surrounding this matter in the Ohio Legislature and he subsequently advised the document made available to Mr. VOINOVICH contributed significantly toward formulating opinion among Ohio State Legislatures which ultimately resulted in the passage of an act substantially

NW 55290 DocId:32989682 Page 466

strengthening the position of university administrators and local law enforcement officials with respect to campus disruption and violence. Since the act was passed after the wave of disruption in early May, 1970, and in view of the fact that it contained a 90 day waiting period to become effective, its efficacy as a means of controlling campus militancy will not be determined until after the beginning of the 1970-1971 school year. If properly utilized, however, the legislation should be very beneficial.

NOTE:

The Los Angeles Office has prepared and submitted a leaflet captioned "Don Freed is a Pig." This leaflet is designed to throw suspicion on Donald Freed, a key activist of Los Angeles Office, by inferring that he is an informant of a police agency. Freed has been active in developing a close working relationship between the Black Panther Party and New Left organizations in Los Angeles area. Los Angeles suggests that if suspicion can be thrown on Freed, he will lose his effectiveness both with the Black Panthers and with the New Left.

DISRUPTION OF THE NEW LEFT

ReBulet to Albany dated 7/5/68.

Enclosed herewith for the Bureau are two copies of a throwaway captioned "Don Freed IS A Pig," which tends to lead the reader of same to believe that DONALD FREED, a Key Activist of the Los Angeles Office (Bufile 100-447268, Los Angeles file 100-67274) is an informant for a police agency.

For the information of the Bureau, informants in the Los Angeles area have advised that many of the persons active in the New Left programs are suspicious of FREED and feel that though he talks a lot he never takes an active part in demonstrations and has never been arrested.

As recently as March, 1969, FREED was instrumental in helping to organize the FRIENDS OF THE BLACK PANTHERS. In addition, he has been active in numerous activities of New Left organizations in the Los Angeles area.

The plan of the Los Angeles Office is to send copies of this throwaway to the leadership and selected members of the Black Panther Party, to the leadership in the New Left organization such as the Peace Action Council, Dow Action

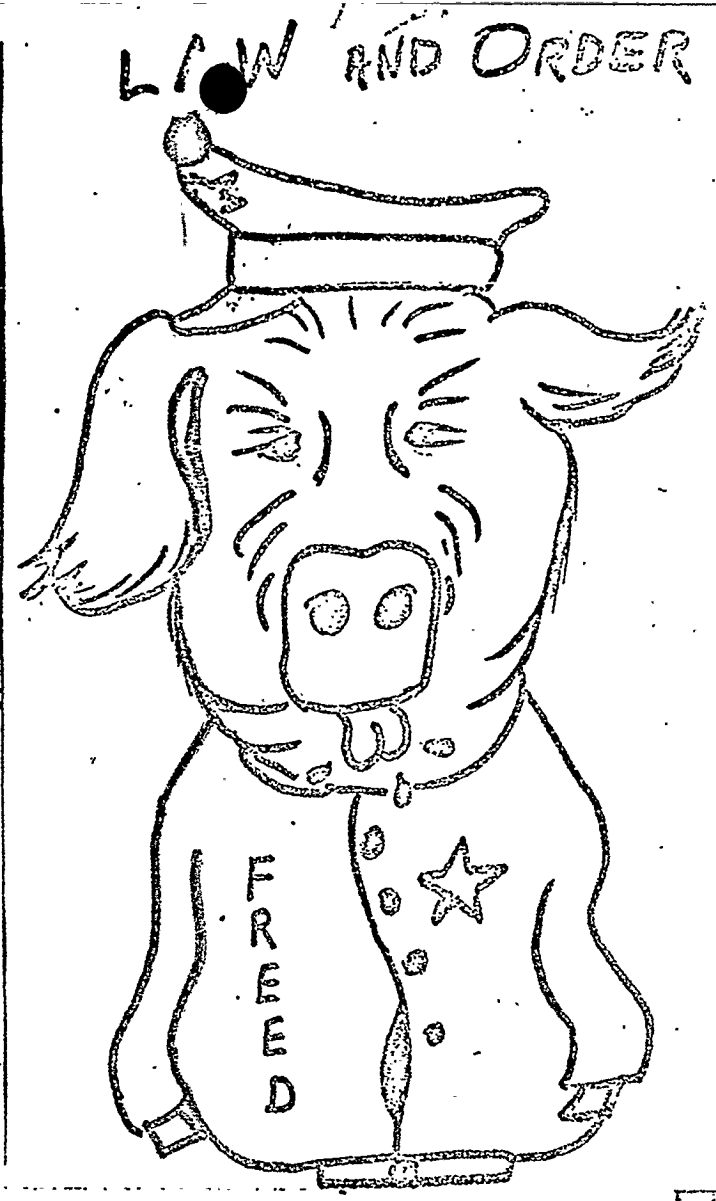
DON FREED IS A PIG



We don't know what breed of a pig he is, but Freed is a LAPD PIG, an FBI PIG, a CIA PIG or maybe even a Sheriff PIG ------but he is a pig, an informer who deals with his fellow pigs and betrays us all.

The pig as far back as 1967 appearing at meetings of the Peace Action Council urged acts, these acts against the president when he visited Los Angeles in June 1967. He said he'd lead a group to commit acts of civil disobedience at Century Plaza.....the PIG wasn't even arrested

Freed urged mass draft card burning at the Century Plaza....the PIG never lit a match.

Freed urged the burning of Johnson in effigy at Century Plaza....the PIG was in hiding.

This doesn't convince you.....especially our black brothers..... Remember the anti-draft demonstrations in front of the draft headquarters in Los Angeles.....everyone got arrested for blocking the entrance except the PIG.....and the PIG had urged the sitin.

Last month Freed spoke at the Huey Newton rally in front of the federal building. Remember his chanting,"We are All Panthers, We Are All Panthers".....and urging everyone to protect the Panthers.."with our lives if necessary".

Shortly after this rally the PIGS struck at the heart of the Panthers as our black brothers were arrested.

AND WHO WAS IT TALKING TO PIG FREED just ten minutes after this rally ?????????????

WE GOT NEWS FOR FREED**********PIGS WILL NEVER REPLACE PANTHERS.

COINTELPRO - NEW LEFT

Reurairtel 12/9/70 captioned as above.

The Cointelpro suggestion recommended in referenced communication has been carefully evaluated at the Seat of Government. It does not appear that interviews of NO 1850-S and Ed Clark, leader of the New Orleans Movement for a Democratic Society, would be of any great value as a Cointelpro step at this time. These interviews might serve to spotlight FBI interest in the forthcoming national convention of the Students for a Democratic Society/Worker Student Alliance (SDS/WSA) and have an adverse effect on informant's participation in the convention. It would appear that the proposed interviews be reconsidered after the national convention of SDS/WSA since the factions in this organization may be resolved. In view of the above the Bureau does not concur with your recommendation in referenced airtel at this time. You should reconsider the matter following the national convention of SDS/WSA and submit your recommendations at that time. Follow this matter closely and continue to submit recommendations under the Cointelpro.

NOTE:

New Orleans recommended interview of NO 1850-S and Ed Clark, a New Left leader in New Orleans, concerning bombing matters. The purpose of the interviews were to solidify status of NO 1850-S and to cause insecurity on the part of Clark since FBI interest would be shown in his activities. New Orleans suggestion is not concurred with pending national convention of the SDS/WSA at which time this matter may be evaluated on the basis of the events at this convention.
