The FOIA Improvement Act of 2010¹ established the Chief FOIA Officers (CFO) Council, which is tasked with:

OGIS Issue Assessment: Agency Compliance with the Estimated Date of Completion Requirement of the Freedom of Information Act

<https://www.archives.gov/files/ogis/assets/edc-assessment-31-march-2020.pdf>

CHIEF FOIA OFFICERS COUNCIL

What OGIS Found	What OGIS Recommends
<p>1. Agency responses to requests for estimated dates of completion (EDCs) as mandated by the Freedom of Information Act (FOIA) are mixed. (<i>Recommendation 1</i>)</p> <p>2. Agency use of online tools to provide requesters with EDCs and status information is mixed. (<i>Recommendation 2</i>)</p> <p>3. Agencies are challenged by EDCs and some use data to provide status information but not EDCs. (<i>Recommendations 3 & 4</i>)</p>	<p>1. Agencies must provide EDCs to requesters upon request to comply with the FOIA statute.</p> <p>2. Agencies should ensure that online tools that provide EDCs function properly, provide the most up-to-date information possible, and provide contact information for the FOIA program.</p> <p>3. Agencies should use average processing times for simple and complex requests to help determine EDCs.</p> <p>4. Agency Chief FOIA Officers should ensure that FOIA professionals have the necessary resources to provide EDCs to FOIA requesters.</p>
