## Resources Subcommittee

Paul Chalmers and  
Gbemende Johnson

National Archives Identifier 83228981

# Resources Subcommittee Mission Statement

To seek to improve the speed, efficiency, and effectiveness of FOIA processing by identifying gaps in agency FOIA office resources, investigating areas where existing resources can be used more economically, and considering potential solutions that will ensure that resources actually arrive in FOIA offices. The subcommittee will consider resources holistically, including technology, staffing, and general funding. We will conduct direct outreach to government FOIA offices at a variety of agencies and levels of leadership in order to get a better picture of FOIA resources and how resource-related issues affect processing of requests. We will then use this knowledge to propose recommendations, including, potentially, legislation, executive orders, and memos and investigations by other government agencies.
