These records are from in the Vice Presidential images collection from the White House Photo Office. The records are maintained in the Executive Office of the President instance of the Electronic Records Archive (EOP ERA) which contains electronic records created or received by the administration of President George W. Bush.

The White House Photo Office assigned each image a unique number based on its roll and frame numbers. Identifying numbers for the Vice Presidential photographs begin with "V" to distinguish them from the Presidential photographs taken by White House photographers.

Images are reviewed and released at the item level in contrast with textual records which are reviewed at the folder level.

The responsive images retrieved from EOP ERA are saved in search results lists (SRLs) within the system. The following is a list of the SRLs saved and processed:
