1	Office of the Under Secretary of Defense Program and Resources DoD Education Activity (DoDEA) District Profiles	N/A	

STANDARD FORM 115 (REV 3-91)
PRESCRIBED BY NARA 36 CFR 1228

BACKGROUND
Department of Defense Education Activity (DODEA) is responsible for the development of policy and programs for primary and secondary schools on military installations DODEA operates 200 public schools in 15 districts located in 12 foreign countries, eight states, Guam, and Puerto Rico

DoDEA's Educational Partnership Program (EPP) utilizes defense-wide operations and maintenance funds to provide programs for Local Education Agencies (LEA) who educate military connected students The four components are (1) data and research to enable us to best serve military connected students, (2) academic and other supports to ensure quality educational options, (3) social, emotional, and community supports to help address the stresses of military life, and (4) empowerment of military families to serve advocates for their child's education

DISTRICT PROFILES
The district profile database will be used to collect data on local educational agencies (LEAs) that serve military dependent children The data is at a macro level, individual data on the performance of DoD Dependents is not collected The data is used to inform decisions on ways to support the LEAs serving military children The system provides data collection/storage and reporting capabilities to the EPP on LEAs in the United States Designated EPP personnel currently compile public LEA data into spreadsheets The data stored in this application will come from the spreadsheets, Department of Education databases, and State Education websites/databases All data will be manually collected The application allows EPP personnel to more easily analyze the performance of LEAs that apply for DoDEA Partnership grants, and provides valuable information when visiting an installation

Master files include, but are not limited to public LEA data including the numbers of military connected students, impact aid figures, district and school names, associated military installations, demographic data, and national, state, and district testing results including math, science and English Language Arts

Inputs include, but are not limited to public LEA data including numbers of military connected students, impact aid figures, associated military installations, demographic data, national, state, and district testing results, etc, for grades K-12 via state public archives, local websites and Department of Education databases All data will be manually inputted

Outputs include, but are not limited to adhoc data (include names or types of reports that can be produced from this system) used for analysis (GRS 20 Item 16)
