ITEM DESCRIPTION OF ITEM & PROPOSED DISPOSITION

NO.

1. GEORGIA STATE ACCIDENT DATA. One of a collection of 27 states police reported accident data. Each state provides a census of all police accident reports, annually. The State Data are used to support National Highway Traffic Safety Administration's (NHTSA) identification of traffic safety problems, development and implementation of vehicle and driver countermeasures, and evaluation of motor vehicle safety standards.

State police, local police, sheriffs and other enforcement officers in Georgia fill out a Police Accident Report (PAR) for each motor vehicle accident resulting in \$250.00 worth of property damage, a personal injury, or a fatality. They record environmental and road conditions and accident, vehicle, and occupant characteristics. NHTSA obtains the data from the Georgia State Patrol Headquarters, Accident Report Section.
