1	<p><u>TORCH CUTTING, WELDING, AND OPEN-FLAME WORK PERMITS</u></p> <p>This form is issued by the shift engineer in duplicate and contains a certification that assures the supervisor or foreman that all necessary safety precautions have been taken during any torch cutting, welding, or open-flame work to prevent a possible fire.</p> <p>The original is posted in the area where the work is being performed; the duplicate is kept in the shift engineer's office. When the work covered by the permit has been completed, the original of the form is returned to the shift engineer who destroys the duplicate and forwards the original to the Supervisor, Administrative Services, for filing and disposal after 90 days.</p> <p>From July 1, 1975, to date we have accumulated approximately 100 linear inches. These records have short-term value. Should a fire occur during torch cutting, welding or open-flame work, the permit would be pulled and filed with other records created as a result of the fire.</p>
