MEMORANDUM

TO: All Personnel

SUBJECT: Erratum

It has recently come to the attention of the General Counsel's Office that there is an error in the order of the alphabetical listing - Table C - of the names of claimants under Title I, III and IV of the International Claims Settlement Act of 1949, as Amended. Since this Table is used frequently to ascertain whether or not a claimant has filed under a previous program, it is deemed necessary to explain the nature of the error.

Throughout the Table, where a name or series of names has a compound form (i.e., Steinbach, Steinfeld, etc.), the base name (i.e., Stein) FOLLOWS the compound forms rather than proceeding them, as in proper alphabetical arrangement. It is, therefore, necessary to go to the end of the compound forms to locate the base form. This misarrangement is consistent throughout Table C. It should be noted that the compound forms are in proper alphabetical order.

Andrew T. McGuire
General Counsel
