Dear Mr. Tully - Thank You
for your nice note. I love
it - I am so happy to feel
that you had missed the many
interruptions -

Her just talked with
Mrs. Shoumatoff - who will
motor down - visiting Aiken -
hopefully Sunday night -
bringing her photographs. She
she has known for 20 years or
more - I for whom she will
ouch catering - His name is
Nicholas Robbins - 321 W 189 St
N.Y. City - We will telephone
you on Sunday morning - or
Monday morning - We would probably

arrive on Monday at
either 3 or 30 - or
lunch here early & get
there just before dinner.
Depending probably on
whether she could paint
Monday afternoon - if the
subject becomes tired
after his rest? I know
her hair is of importance
& he though I know she
is thrilled at the prospect
of doing this.

If for any reason
Therese's bones fall by
the wayside I have
planned to take the train

to Atlanta from Augusta on Monday -
getting there about 7.30 on so you
see - So if I could be sent to
Atlanta - I could have dinner
before getting to W. S. so that it would
not matter if my train was late
which it probably would be! Will
you ask the "PB" of that matter with
his approval -

With many thanks again for being so
very understanding & thoughtful - If you
change your mind & think it would be
better to do not to come - Call me up -
I really am terribly worried - do not
imagine you at all are
appreciated
day Peterford

So I read a many envelopes
as I lie in bed - I must
remember to ask you - if I don't
perhaps you to do so?
No answer needed to this!
