

Nov. 26/43

Dear Grace - It was good to get your
note this morning & to know that all goes
well & that Mr. Crab has slaved down! I'm in
Cairo - busy all time - W.S.C. here - his daughter
Sarah, also Semantissina & Anne! If you'll
have Elmore & Russian I'll bring you the next
time as interpreted! We had a day in
Tunis - Elliott out for with us - the latter gave
news on his own wounded destroyer & Elliott
& John B. go with us on our next trip tomorrow.

Last night a fairly little family lambasting
party & the big turkey was delicious.

The conference goes fairly well - my side
is that of preservation. I've seen the
Pyramids & made close friends with the
Sphinx. Congress should know her.

Much love - Affec

T. M.
