Project: “Valentines” for us to “send” on social media.
- They should be sized for Instagram.
- Think *ironic hipster* but respectful to the First Ladies!
- The photo should be in the middle and shaped into a circle, with some kind of colorful background (maybe a heart? doilies?)
- Name above their head (maybe in a shaped box?)
- Attribute in a “ribbon banner” below the picture
- This is the feel we are going for: [https://www.bustle.com/articles/141646-what-is-galentines-day-leslie-knope-s-favorite-holiday-is-something-we-should-all-celebrate](https://www.bustle.com/articles/141646-what-is-galentines-day-leslie-knope-s-favorite-holiday-is-something-we-should-all-celebrate)
