

RG 26 Coast Guard
M/V Selendang Ayu Documentation
RW-AN 26-12-002

Extent: 26 linear feet, 3 inches

Inclusive dates: 2004 – 2005

ARC: 6740976

Count: 60 LGA-S

Location: 06/02/09 – 06/02/11

Media Type: Textual

Access Restrictions: Restricted, Possibly, FOIA (b)(6)

Use Restrictions: None

Copy Status: Research, Use and Preservation

Series Title: M/V Selendang Ayu Documentation

General Notes:

Administrative History: Sector Anchorage is the shore-based operational unit of the United States Coast Guard in Anchorage, Alaska. Each Sector is responsible for the execution of all Coast Guard missions within its Area of Responsibility (AOR), with operational support from Coast Guard Cutters and Air Stations. Subordinate commands within a Sector typically include Stations and Aids-to-Navigation (ATON) Teams. Some Sector commands also have subordinate units such as Sector Field Offices and Marine Safety Units that are responsible for mission execution in parts of the Sector's AOR. Sectors replaced Coast Guard Groups, Marine Safety Offices (MSO), Activities, and Vessel Traffic Services (VTS).

Series Description: This series contains records of the Coast Guard Sector Anchorage's involvement in the M/V Selendang Ayu cleanup. Records include daily reports, correspondence and memorandums, vessel and safety plans, permits, salvage plans and financial data.
