SUBJECT: Meeting on Presidential Assassination Threat

On April 8, 1977, I attended a meeting in the White House Situation Room chaired by Dr. Brzezinski. Also in attendance were David Aaron (NSC), Harry Gibbs (Secret Service), Hank Knoche (DDCI), Bill Wells (DDO), Richard Held (FBI), Tom Leavitt (FBI), Ben Civiletti, John Martin (Criminal Division).

The meeting was called to discuss an unsubstantiated report of an international plot to assassinate President Carter.

It was agreed that, among many other investigative steps, the papers which were found in the brief case of Letelier at the point of his death would be examined to determine whether he alleged that he had had a meeting with President Carter and Dr. Brzezinski, which might have alarmed people in Chile.

EO25x1

It was agreed that all further memos on this investigation would be disseminated to the FBI, CIA, Situation Room, and Secret Service.
