

Record Group 435
Records of the Indian Arts and Crafts Board

Cherokee Field Office Records, 1968-1983
National Archives Identifier 281596

This series contains general correspondence files, studies, reports, and lectures concerning Native American arts and crafts. Also included are lessons and instructions for weaving various baskets and mats using a variety of materials. Additionally, the collection contains photographs which depict many patterns used in weavings, drawings, paintings, carvings, and sculptures. Also included are cassette tape recordings of lectures given on Native American arts and crafts. Although the majority of this collection relates to the Cherokee Nation, there are some holdings which are associated with Native American Nations from across the country.
