REPORT OF SEPARATION

April 28,
1941

My dear Mr. Secretary:

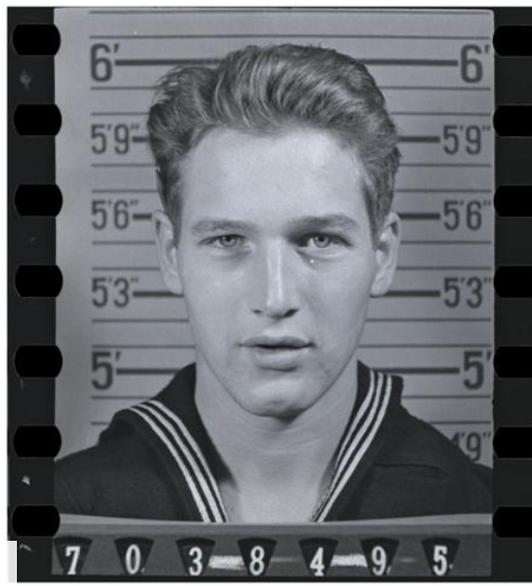

In view of the statements made by President Roosevelt at his White House press conference on April 28th, involving my commission as a reserve officer, and impugning my loyalty, character, and motives, I feel that I have no honorable alternative to resigning my commission.

I take this action with deep regret, for my commission in the Air Corps, and my association with its officers and personnel, have meant much to me during the last sixteen years. I had hoped that in time of peace I might advocate

Sir:

Some recent work by E. Fermi and L. Szilard, which has been com-
municated to me in manuscript, leads me to expect that the element uran-
ium may be turned into a new kind of energy in the im-
mediate future. Certain aspects of this new phenomenon which has

of the Administration. I believe therefore that it is my duty to bring
to your attention the following facts and recommendations:

This new phenomenon would also lead to the construction of bombs,
and it is conceivable - though much less certain - that extremely power-
ful bombs of a new type may thus be constructed. A single bomb of this
type, carried by boat and exploded in a port, might very well destroy

services of specialists in applied mathematics and physics.

have taken such early action might perhaps be understood on the ground
that the son of the German Under-Secretary of State, von Weizsäcker, is
attached to the Kaiser-Wilhelm-Institut in Berlin where some of the
American work on uranium is now being repeated.

Yours very truly,
