Series Identifier, Title (NARA Catalog ID Number)	Coverage Dates	Locations Included	Imagery Includes	Notes and Available Indexes
35-K: Photographs of CCC Activities	1940-1941	Idaho, Oregon and Washington	CCC's activities including control of soil erosion through irrigation, planting and proper road construction	188 color slides; Photos taken by Walter Mead; 35-KY (513424) and 35-KX (513423)
35-LC: Lantern Slide Set Showing National Youth Administration and CCC Emergency Conservation Work (513425)	1938			One incomplete lantern slides obtained from the National Youth Administration (NYA) to show the need for and results of NYA and CCC emergency conservation work; all photos are captioned.
35-MO: Oversized Photographs of CCC Enrollees (513426)	ca. 1936 - ca. 1942	Gettysburg National Military Park, PA; Westford, PA; Camp Oak Grove, NC; the Wallkill Valley Flood Control Project, NY; the Agricultural Research Center in Beltsville, MD; and at St. Croix, Virgin Islands.	Enrollees are shown doing various types of indoor and outdoor jobs such as cooking, cleaning, chopping wood, clearing roads, and erosion control work. Some are shown engaged in educational projects, operating machinery, taking care of personal needs, lined up for inspection, resting, reading or other recreational activities.	Includes mostly African-American enrollees; Series contains oversized mounted prints that *may* be duplicated in other series of the CCC photographic collection.
35-MOPB: Panoramas of CCC Companies and Camps (513428)	Bulk Dates: 1938-1939	Colorado and Wyoming (one photo MAYBE Arkansas)	Panoramas of CCC camp sites and of companies of enrollees and camp personnel.	All but one of the photographs has information giving the site, company or camp number, date and the name of the photographer.
35-MOPD: Composite Photographs of CCC Companies in Colorado and Wyoming	1939-1940	Colorado and Wyoming	Each photograph contains from four to seven images, mostly panoramas, of camps, enrollees and camp personnel.	Indicated on each composite are the company number, the name of the camp, the camp location, the names of camp personnel, and the date of the photograph.
35-NC: Photographic Negatives of CCC Activities in Army Corps Areas (513433)	1936-1937	States in Army Corps Areas 1, 3, 4, 6, 7, and 8	Activities photographed include classes in English, woodworking, and photography; models of camps; exhibits; camp buildings including libraries and workshops; and recreational activities such as archery and reading.	Negatives only; No negatives for Corps Areas 2, 5, and most of 9; 35-NCX (513434)
35-MP: Illustrated Reports of CCC Activities in National Parks and Monuments (513430)	1933-1935	Colonial National Monument, Chickamagua-Chattanooga, Crater Lake and Gettysburg National Parks; Chancellorsville, Cooper River, Petersburg, Platt, Shiloh, Spotsylvania, Temple (Texas) and West Point (Miss.)	CCC work in the parks involved general land maintenance including landscaping, tree surgery, building roads, repairing fences, controlling floods and fighting forest fires.	These reports detail the activities and work accomplished by the CCC over a specified time period in a particular national park.
