

Quickstart Guide to Amara

STEP 1

Go to the [US National Archives](#) team and click “Join our team”.

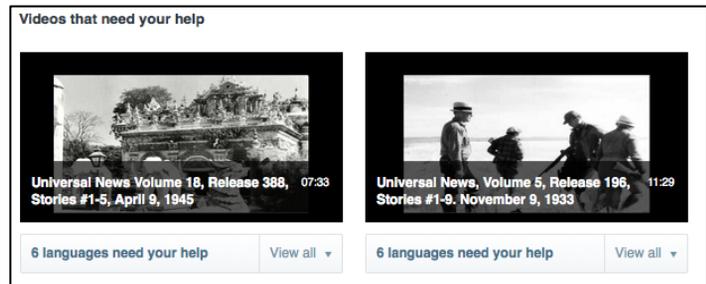

STEP 2

Then scroll down and create a new username.

STEP 3

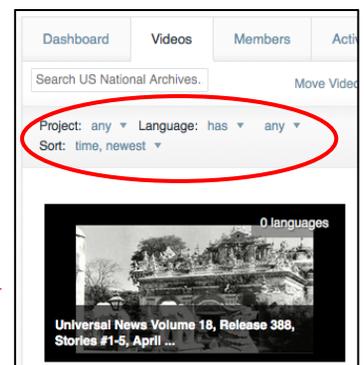

You can begin subtitling in two ways. First, by going to the “[Dashboard tab](#)”

STEP 4

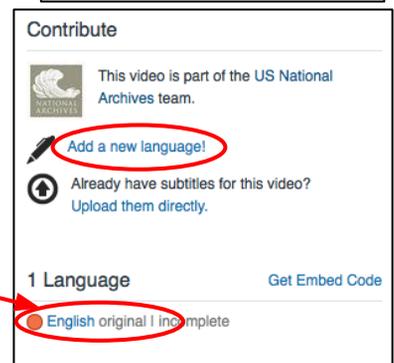

Second, you can use the “[Videos Tab](#)” to search and filter for specific videos.

Once you find a video, click on its thumbnail to get started.

To begin a new language, click “Add a language” on the left-hand side of the page.

To edit an existing language, click the language on the left-hand side, and then click “Edit Subtitles” on the next page.

STEP 5

If you can't finish a subtitle in one sitting, you can always save your work, and exit the Amara editor using the options in the top-right of the editor.
