*Annual Report*

## ***Letter from the Director***

The National Archives Trust Fund (NATF) provides administrative and financial support for the programs and strategic initiatives of the National Archives and Records Administration (NARA) including but not limited to document reproduction services and educational programs for our researcher community, records management training for government and private organizations, and financial stewardship of resources on behalf of NARA Archival operations and the activities of the Presidential Library system.

Our financial results for Fiscal Year (FY) 2014 reflected a slight increase in operating revenue over FY 2013 results, despite an expected continued decline in revenue from microfilm reproductions. Expenses for the period decreased slightly reflecting our continued commitment to provide up to date technical tools and solutions resulting in efficiency improvements across all locations. Of note during the past fiscal year, successful initiatives included a pilot program for new microfilm scanning equipment, additional payment kiosks, and the implementation of fees for public access printing. During FY 2015, new microfilm scanning equipment will be deployed to all locations. Moving forward, NATF will continue to implement new initiatives and update our technology to support greater access to our nation's historical documents.

# Who We Are and What We Do

## Who We Are

The National Archives Trust Fund (NATF) was initially established by Congress to receive gifts or bequests to finance specific projects of the National Archives. Today, the NATF plays a much broader role in supporting the efficient and effective delivery of the NARA mission.

- **1941** – Establishment of the NATF.
- **1948** – Amendment allowing the NATF to collect proceeds from the sale of reproductions of records.
- **1955** – The Presidential Libraries Act authorized the deposit of gifts and the proceeds from Presidential Library activities in Trust Fund accounts for each Presidential Library.
- **1984** – The National Archives and Records Administration (NARA) Act authorized the NATF to use, on a reimbursable basis, the services and employees of Federal Agencies, including NARA.
- **1986** – The Presidential Libraries Act required new Presidential Libraries to provide private endowments that are invested and managed by the Trust Fund.

## How We Did (continued)

### Reproductions Volume

Trust Fund order volume decreased 6% from FY 2013 to FY 2014 and has decreased by 27% since FY 2011. The NATF expects volume to continue its decline. However, the decline trend appears to be nearing a plateau.

The biggest drop in order volume has come from the reproduction of microform, both digitized and analog.

Reproduction volume numbers, by product category, are shown in the table below.

Products	FY 2012 Volume	FY 2013 Volume	Change (%)	FY 2014 Volume	Change (%)

The combined Trust and Gift Fund investment balance at the end of the fiscal year was \$65.1 million, consisting of \$49.7 million invested in securities held outside the U.S. Treasury and \$15.4 million invested in the U.S. Treasury. Total investment activity in FY 2014 was a gain of \$3 million, comprised of unrealized and realized gains and losses, and interest earned. ### Records Management

In FY 2014, NARA trained over 3,750 individuals in records management policy and practices. NARA's National Records Management Training (NRMT) program also awarded 265 *Certificates in Federal Records Management Training* to Federal agency customers. Additionally, NARA's staff of instructors delivered over 40 virtual training sessions, including *Basic Records Operations* and *Vital Business Information*.

In addition to instruction, the NRMT focused on developing new content and new methods for delivering the content. In FY 2014, the NRMT continued to develop more online content available on NARA's You Tube channel, tested online learning development software, and began development of an asynchronous Electronic Formats workshop. Additionally, the NRMT collaborated with the Federal Records Officer Network to design a Records Management 101 course; this course is designed to help agencies meet the *Managing Government Records* directive.

In conjunction with all of the course changes, the NRMT developed a set of materials to help instructors. The *Train the Trainer* project included a set of training videos to help newer instructors learn the NRMT curriculum as well as a tool to track changes in NARA policies and procedures that affect the NRMT course content.

### Prologue: Quarterly of the National Archives and Records Administration

*Prologue: Quarterly of the National Archives and Records Administration* published four issues in FY 2014. Subscription levels are holding steady. Prologue continues to sell subscriptions and single copies through the online retailer Zinio.

Fall/Winter 2013 – Highlighted the opening of the new National Archives permanent exhibition in Washington, DC: *Records of Rights*. Observing the 70th anniversary of D-Day, an article in the Spring 2014 issue tried to find out exactly what General Eisenhower said to give the order to start the Normandy invasion.

Summer 2014 – We examined the work of the National Archives' own *Monuments Man*, Fred Shipman. The Fall 2014 issue's cover story recounts the not-very-luxurious life aboard U.S. Revenue Cutter Service vessels in the early 19th century.

### *Trust Fund Notes to Financial Statements and Explanations of Significant Accounting Policies*

These financial statements are derived from the financial records maintained by the Bureau of Public Debt on behalf of the NATF and from NARA's consolidated financial statements for FY 2014 audited by Cotton & Company, LLP. NARA's consolidated financial statements are available at: <http://go.usa.gov/HTnP>.

**Revenue:** Revenue is derived from the sale of publications, reproductions of records, self-service electrostatic copies, store merchandise sales, website merchandise sales, Records Administration Conferences and Records Management Training, Presidential Library museum admissions and events, and investment income. Revenues are recorded on an accrual basis.

**Investment Valuation:** Investments in Federal securities are made daily and are reported at cost. The National Archives also employs the use of a third party capital management firm to monitor and manage the endowments, received pursuant to Title 44 U.S.C. section 2112, for the George H. W. Bush Library, Clinton Library, and George W. Bush Library. The purpose of the endowment is to provide income to offset the operations and maintenance costs of the corresponding Presidential library. Each endowment is reflected as a separate investment account. The National Archives continues to exercise its authority under Title 44 U.S.C. section 2306, to invest funds for the Presidential Libraries with a third party investment firm, The Vanguard Group.

All third party investments with Vanguard are classified as trading equity securities which have readily determinable fair values and are measured at fair value in the balance sheet. Unrealized holding gains and losses, as well as interest income earned are recognized in earnings on a monthly basis.

**Inventory Valuation:** The NATF inventories, which consist of merchandise, held for sale, are stated at the lower of cost or market, with cost determined using the average cost method. An allowance for damaged and obsolete goods is based on historical analysis and an evaluation of inventory turnover from year to year. Expenses are recorded when the inventories are sold.

**Property and Equipment Valuation and Depreciation:** Fixed assets are shown at original acquisition cost less accumulated depreciation. The capitalized cost of these assets is allocated over the estimated useful life by the straight-line method.

**Deferred Revenue:** The current liability for deferred revenue represents advance payments for products and services that are to be furnished within a year.

The information provided within these financial reports includes business activity that was not material to the balances reported in our audited financial reports.
