MEMORANDUM FOR MR. TOLSON

This afternoon former Senator John A. Danaher of Connecticut advised ^{b(6), b(7)(c)} had appointed Danaher as head of a Special Activities Committee of the Republican National Committee in order to channel special information to General Eisenhower, and in that capacity he had found assigned to the Special Activities Committee an individual named Charles McVicker, about 42 years of age, from New York City. Danaher had just heard from a Senatorial source he did not disclose, but in whom he has great confidence, that McVicker was a former State Department employee who had been let out, presumably at the time there was a letting out of employees for security reasons, and one of the reasons in McVicker's case was believed to have been that he had been caught in an act of perversion with a foreign government official.

Danaher stated he certainly, of all people, knew the most confidential nature of the Bureau's files but by the same token in good conscience he could not permit anybody like that to be on his committee or get close to Eisenhower. Accordingly, he wondered if there was any public source material we could give him which would not in any way be construed as confidential information coming from the FBI. Mr. Danaher was advised that we would be glad to help him if we could but, as he knew, our files were confidential and that we would make a check and get in touch with him.

There is no record in the Bureau showing that the Bureau has ever investigated Charles McVicker, nor is there any identifiable record indicating that this person was let out of the State Department for security reasons or otherwise. The Identification Division has been unable to locate any identifiable criminal record indicating an arrest for any act of perversion.

Three references in the Bureau's files do reflect that a Charles McVicker, Jr. in 1941 was special assistant to the Minister at Guatemala (64-4524-3) and, further, that one Charles P. McVicker, Jr. on October 25, 1950, was third secretary and vice-consul of the American Embassy at Tel Aviv, Israeli. ^{50X1, b(3), b(7)(d)} [It is also noted that the New York Office in monitoring Yugoslav funds was reported in the May 16, 1952 report of Special Agent James P. Since none of these or other references in the Bureau to McVicker appear to be related to the information Danaher had in mind, he was advised that we had never conducted any investigation of McVicker and were unable to be of any assistance to him in connection with his inquiry. At that time, Mr. Danaher expressed appreciation and stated he had since heard that b(6), b(7)(c) of the Vice Squad, Metropolitan Police Department, might possibly have a card on McVicker and that he was through another source making a check with b(6), b(7). He stated he felt it would be improper for him to make a request of the Bureau to go to b(6), b(7) and accordingly was not asking us to do it and again expressed appreciation.
