conduct a review of fighter and tanker requirements and make recommendations about required forces to support your mission. We currently have a large number of forces generated, and it may be unsustainable. Current posture has over 230 fighters on status. Use the following assumptions, and respond as soon as possible. 1) Mission is to provide air superiority for the US.

2) Plan for continuous coverage of 15 c

01/09/12 06:22:59 \*\*\* Quit: SEADSMCC1 (No such file or directory)

01/09/12 06:23:04 <CONR\_CCO> - continued - 3) Additionally advise your best estimate, how many alert sites need to be manned in your sector (in addition to the 15 airborne caps). CONR CC believes that 7 alert sites in CONUS is inadequate

01/09/12 06:24:10 <CONR\_CCO> - continued - 4) Purpose is to somewhat reduce the number of forces that are currently generated, down to a reasonably sustainable number which will allow us to fulfill our mission of air sovereignty WITHOUT FAIL. Thanks.
