W Not doing too well in north, not looks

stamp, I have said he must be in
pariah. Bad if he stays

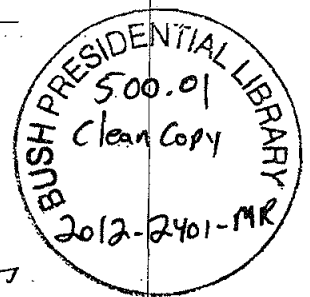

P What can we do about it?
I hate to see a clear edge of a
military end be eroded by this
messy sit.

W (Congress on whole over, VN syndicate)
P How do we keep it from eroding. We
must go forward in a 3 main
areas: Gulf, A-F, Lebanon.

W Israel's aren't showing much flex,
& that I fear is primarily a US prod.
N The Gans will be dig on I still. Esp
French. They will be keen on with
Conf & UN. But you are only a weak
cloud to make it. I think if you push that
hard on conf it will make I dig in
heels even more. France is asking for
a meeting "to see what lessons par Gulf

he was not pressing it. Tried hard to

be congenial. Talked a lot about
Palestinians + Jordan.

M The Sars will want to be involved -
French, & that points to P erms. ^{But} what
is best way to proceed?

P What did Carl tell you

M He wants to be involved, but didn't push
any particular scheme.

P I, now & later, will have to do
something, Shaviv want like, but
we have to do it right.

I want you to know that its
right moment I must be pushed.

Baker's suspect, & I as well, compared
to RR. But I would like to get your
views & those of others.

M I wish have a clearer Euro picture
on 8th. There is not a GB consensus
on proceeding. Much sympathy for
UN role. But would like to see what
can be done bilaterally.

P ~~From~~ Baker exploring 2 track idea.
Prob w/UN is I feel it is wholly out - I
(Discussion of Baker meeting)

It is a very big prob. Believe it or not
Shaviv is a moderate.

(Discussion of Dnelli's view)

M Draft came out badly. But Zislin
is who would replace him. We

suggesting no funding so long
as he is there.

P Baker had good meeting w/ Poles. but they
still don't think it will work.

How about King N. (Described set)

M I don't think we have a better alt.

E.O. 13526, section 1.4(b)(d)

P We have held back on Jordan because
of sensitivities of Arabs, but we will move
slowly.

M Should I try to get zero to give Baker
a few months before we press on
initiative.

P That would be helpful

M My argument is c Arabs are now more
flex. It is c I believe they are pressing
c UN would just make them then
dig in their heels.

x Better foreign office doesn't necessarily
agree, so I shouldn't want this to get
back to them.

Can I go back to Iraq. Should we
offer my help to Iraqis.

(Discussion, incl below. Agreed
not really to do much since it
might break up Iraq.)

P I think a consensus is just to sit still,
try to get cease fire, & not get engaged
in a resurrector.

Fredrick - UN vote

M How about a anti- Iraq broadcast?
Shouldn't we continue.

* S I don't think it has stopped, just changed.
~~It's~~ But I will check again.

M ~~It~~ Should we keep sanctions in place
if SA doesn't leave?

P I would like to, but we shouldn't wear
equal parts.

M True, but how about getting rid of
NB^C capability & hypotheating this
out.

P I agree, but how about explicitly
forcing SA out

M I don't know if a UN would go for it

P I would worry ~~also~~ about SU & maybe
Fr.

M But Carl was scolding to me about
SA

We are pulling out our troops at about
1000/week.

P Are you going to leave some?

M Not yet troops. Maybe ships in Gulf

P I not sure we have uncertainty w/in
our Govt, but I don't want to get troops or
perm presence - navy & air rotation, etc
but not get troops.

S I think we are all together now.

M I think keeping troops in Kuwait w/ a
uncertain political climate could be

a part

P (Pete) (Arab force in Kuwait)
How about Assad. I have never seen
anyone so anti-F. But I think we
have crossed a bit of a threshold w/ our
public on Syria.

M I think it is worth trying to bring him
back along with us for we can get
is questioned
(Terrorism)

P What else here? We had long discussion
w/ Witter and our neighbors. Don't see
much of a role here for a Gulf

M I agree. Do there a role for a UN
force in a Gulf? Do there merit in
a demilitarized zone?

P I think Baker is working on that.

M I think it is very useful to keep UN
involved. ^{It has} they were ^a incredibly
useful in a crisis ~~that~~ I can't believe
on keeping a UN role for that reason.

P I agree & we should keep UN involved.
we just must be careful where F
is involved.

M How about arms sales? Coats was
quite helpful on that, both w/ NBC
and congressional sales. We don't
want to stop defensive arms to our
friends but we must start thinking

about what to do about them + in what
venue - maybe Perm 5 since they
sell most of arms.

P Important issue. One prob is I, which
is an issue state. I got a question in
Ottawa which I handled.

M I make a point w/ Gov that we should
distinguish between quantity for defense
& that for offense. That doesn't actually
carry you far.

P I got a follow-up about cut off & I
said we had eliminated a biggest
threat so a need was down. Got
beat upon by my people, but haven't
heard serious repercussions.
What shall we say to a press.

(Discussion of press questions.)

M Do you think Gorb will survive?

P You just saw him, but I tend to
think not.

(P discussed Yeltsin flap)

M I got criticism for not seeing Yeltsin.
We have same probs w/ him as you.

P What about Gorb?

M Where can he go? I don't see how he
can introduce reforms. Even if he could,
it will take years of painful & long good.
Need of a 2 alternative ^{policy} look attractive
(repeal no military)

Schwarzdudge. He was
I need dinner w/ ~~out~~. He was
supportive of Corb. Said statement on
dictatorship didn't refer to Corb but
a overall sit.

P If ^{Corb} could only do something on Baltis
his position in a world he would be dy.

M I approached him wrong. I should have
put it that way rather than saying
how much his Baltis moves were
hurting him. I think should do
that with him.

P I will do that as well

M Are you going to see him.

P Don't know when. Baber said
no prog on ~~the~~ arms control.

M We had our prob left over from
that time. Corb + Euro Summit.
Having him for lunch just
before July.

P May I talk to Baber before display.
(Both were cool to idea)

M There is a increasing debate in EC
is a ~~strong~~ defense side. What dekers
& Mitterand want is a direct EC side
in defense. We are very negative
but it has a big head of steam. Kohl
is supporting it.

We have suggested increasing
the number in NATO but Corb

and keep integrated and.

W E.V. Kohl was supportive but in a narrow way. It would be useful if you could raise it w/ Kohl it would help greatly. Mitterand is beyond hope on this.

(Discussion of Mitterand w/ Kohl)

M Mitterand can wrap Kohl around his little finger when he is at his ~~Delfin~~ Delfin level. I like Kohl & get along well w/ him, but he is no match for Mitterand.

P We sent a demarche ^{from} which Mitterand demurred.

-P we liked it.

P Trade. (Fast track explanatory)

M I hope fast track comes thru. We would like to finish Uruguay Rd this year. The copy reform & even came copy is worse than a mess we had w/ A. Bourgeois - Irish.

Dehro thinks I am a know. The Censor needs to wing clipped badly. These 2 treaties - on econ & political union are disastrous. I am trying to get # to Kohl to get him on my side.

P Dehro wants to be President

M Kohl says he won't make it. He

Too conservative for the Fr left.

(Thatcher - Poll tax)

(Thatcher w/drawn pains - CNN inter-
viewer played badly.)

She doesn't like way I playing w/ a
Germans - she doesn't like Kohl. ^{Germany}
mostly is big pub. French want it
~~to~~ to tie Germany into Euro & Kohl wants
it to show Ger as a good Euro. It is
a bloody war, but sacrificed currency
& fed court leaders like yours. The
basis went there. Bankers bank early
on it - Germans are bankers to want it.

(Discussion of Thatcher's party
policies)

I ~~don't~~ can't win, but it must be
done, but if it must be done to be better
it should be done quickly.

Thank you for S. Africa letter

P (Discussion of Mandela phone call)

I want to wear on sanctions as fast
as possible. This news deserves our
support.

M I agree completely. The EC is a mess
& Kohl w/ me. How countries are
reluctant. I trying to push a common-
wealth but not going too well.

Over and

P what's else?

M One unpleasant thing. Hong Kong refugees. # is one up 200% & we can't hold a position much longer. It will blow back to Commons shortly & a lobby there is strong.

P we have had this on reputation. What do you want?

M ^{criteria} ~~acquire~~ ⁱⁿ reputation ~~under~~ ^{conditions}

S Is there any way we could leave concerns but not subject?

M I can't look at that

P we are taking such flak w/ our core - securities. We will look at it again

2P we have some new proposals.

M lets us get our people together.

P How is HK going

M Chinese are deeply suspicious. HK groups were deeply involved in aftermath of Tian. & PRC thinks we had to be involved. Also a new airport going up & they suspicious.

P we still have a China prob. MFN coming up soon & if long bill it a Chinese will become.

M Hong would be acceptable.

P How about getting Hong Kongers over to talk to Norway Pelosi, etc.

M We ~~can~~ ^{would} do it like a shot.

M ^{only} My other point is Colomo's telecommunication
I worry about our collusion this is
They don't know the intel value
of delay & it is very important.

P Are we OK?

S Yes; we are very close together on it.

Zolleck comes in to brief on Baber entry
w/ Gordo.
