

Daily Public Inspection List (PIL)

If, **during a government shutdown**, the electronic PIL is not available at <https://www.federalregister.gov/public-inspection/current>, we will post a single pdf file containing all of the documents on public inspection at [https://www.archives.gov/federal-register/public-inspection/pil\[DATE\]\[TIME\].pdf](https://www.archives.gov/federal-register/public-inspection/pil[DATE][TIME].pdf)

Our filing times will not change (8:45, 11:15, 4:15), but it may take up to an hour before you can access the PIL after we post the file.

For example, the PILs for December 25, 2017 (if that were not a Federal holiday) would be:

pil25Dec845.pdf (available to view sometime between 8:45 and 9:45)

pil25Dec1115.pdf (available to view sometime between 11:15 and 12:15)

pil25Dec415.pdf (available to view sometime between 4:15 and 5:15)

During a government shutdown, we will always post the PIL at 8:45 but we may not special filings every day.

We will NOT post any PIL on this site if the electronic PIL is available on www.federalregister.gov.
