

**Record Group 8**  
**Bureau of Agricultural Engineering**

**Field Office Correspondence, 1905-1915**  
**National Archives Identifier 1693146**

\*\*Note that the series contains general correspondence concerning irrigation and drainage investigations throughout the U.S and areas on the Canadian border.

This series contains public and internal correspondence and reports relating to supplies, fiscal matters, and drainage surveys conducted in Florida, Mississippi, and Louisiana. These include letters sent and received from Washington, weekly field reports, road and bridge bond surveys, field correspondence, and staff correspondence. Topics covered by these documents relate to the Big Black River Survey in Mississippi and Alabama, the Cypress Creek Drainage District in Arkansas, and the drainage surveys conducted on the Florida Everglades.
