

| Agency | Estimate of how often requesters sought assistance from FOIA PL - Answer |
|--------|--|
| CEQ | At CEQ, the FOIA Public Liaison also processes requests and acts as the main point of contact for requesters. The FOIA Public Liaison worked with every requester who submitted a request in Fiscal Year 2016 by sending acknowledgment of receipt correspondence, answering questions of requesters, providing interim responses, providing status updates, and providing final responses. Requesters sought assistance from CEQ's FOIA Public Liaison 100% of the time. |
| CFPB | During Fiscal Year 2016, the CFPB FOIA Public Liaison responded to approximately 150 inquiries. |
| CFTC | The agency has a very low demand for FOIA requester services. Each requester is given the direct extension and email to contact the FOIA professional who is processing their request, therefore, most questions are handled directly by the FOIA professional with the most knowledge of the request |
| CIA | There were no instances in Fiscal Year 2016 in which requesters sought assistance from our FOIA Public Liaison. |
| CSOSA | Requesters sought assistance from CSOSA's FOIA Public Liaison approximately 5-10 times per month. This was calculated based on e-mail correspondence received from requesters. |
| DHS | <p>The DHS Privacy Office and the majority of the Components did not track this information, with the exceptions noted below.</p> <ul style="list-style-type: none"> • CRCL, S&T, and TSA reported that no requesters sought assistance. • OIG reported four requesters sought assistance; I&A reported 10; and FEMA reported 40. |
| DOC | Approximately 280 requesters sought assistance from DOC FOIA Public Liaisons. |
| DOD | As illustrated in the chart below, requesters never contacted DoD Component Public Liaisons at some components, whereas requesters contacted the Public Liaison on a regular basis at others. Since DoD's FOIA Program is decentralized, eighteen components have Public Liaisons appointed from within their components and fourteen have a shared Public Liaison. The shared Public Liaison reports weekly contact in the Public Liaison role, but the specific DoD Component with which the request was associated varies. A full third of DoD Components report requester contact with the Public Liaison on a basis that is: once or twice a year, quarterly or monthly. Only one component reported that their Public Liaison has daily contact with requesters. |

| DOJ | Overall, the Department's FOIA Public Liaisons received more than 53,000 inquiries from members of the public via phone, e-mail and fax. The inquiries ranged from specific issues on an individual's request to general information sought about how the FOIA works and what records the component maintains. The frequency and number of times that requesters reached out to different components' FOIA Public Liaisons varied a great deal by component based on the number of requests and types of records the component handles. For example, the FBI, which received 15,202 requests in FY 2016, reported that its FOIA Public Liaison responds to a significant volume of inquiries. In FY 2016 alone the FBI FOIA Public Liaison responded to 1,395 phone inquiries, 14,018 e-mails, and 1,809 faxes from the public. In contrast, some of the Department's small components, which receive small numbers of requests, estimated receiving 30 or less requests for assistance per year. Additionally, other components reported seeing less calls to the FOIA Public Liaison because of having established very robust Requester Service Centers. |
