Lockheed Martin Proprietary Information 5
Program Director's Assessment

Cost / Financial – Yellow
- FY 07 required for Increment may fall below required levels
- Estimates done to understand an Increment 1 with a $19M FY07 objective and a total Increment 1 value of $63M
- Program course must be adjusted by December to maintain efficiency and effectiveness

Schedule - Green
- Re-plan schedule developed and reviewed
- Completed schedule through February, 2006
- Critical Dates
  - Increment 1 requirements allocation agreed to at early November SRR
  - Authorization to develop Engineering Change Proposal (ECP) received by 11/14/05
  - ECP negotiated by 12/16/05
Program Director’s Assessment

Technical Requirements – Yellow
- Increment 1 requirements allocation settled at SRR
- Activities appear to be on track

Technical Solution – Green
- A&D Phase technical evaluation feedback provided as input to design activities

Risk – Green
- Risk management program re-initiated with the Risk Review Board (RRB) and risk management training
Program Director's Assessment

Deliverables - Green
- CDRL delivery position provided to scale to smaller Increment 1
- Awaiting feedback on suggestions

Staffing - Green
- Staffing adjusted for smaller Increment 1 with the objective of
  - Meeting SRR and PDR
  - Supporting re-plan
  - Expected reductions in CDRL requirements
- Test Lead key personnel change requested
- Non-key personnel changes include Workforce Transformation Lead and Deputy Program Manager
- Joint ERA PMO and LM Team Kickoff 9/16/05
- LM Team moved to permanent location on 9/23/05
Have slowed staffing to review plan line against $63M funding level
Facilities

- LM Team moved on 9/23/05 to 3rd floor of building 7615
- Labs and Demonstration facility remain in building 7601
Program Director’s Assessment

Performance Parameters - *Green*
- Will be revised with re-plan

Customer Satisfaction - *Green*
- Addressing issues of LM Team building access and LM Team Portal and WGC access
- Program Manager Communications Meetings re-instated
- IPTs established with government participation 9/26/05
- Reviewing overall communication structure with ERA PMO

Subcontracts - *Green*
- Met with partners to communicate implementation phase staffing needs in July
- Executed letter contracts with partners through February and will be adjusted after re-plan
- Suppliers notified of program status
- Tracking disposition of all interested suppliers and subcontractors
Program Director’s Assessment

Organization Change Management – Green
- Rebaselined work plan and cost structure completed; includes:
  - Interviews with key influencers to validate OCM strategy and begin building detailed plan
  - Focus groups with key stakeholder groups to inform, educate, and collect feedback
  - Support of outreach activities utilizing ERA demo
    - Award Announcement Press and NARA ERA Advisory Council members 9/08/05
    - OMB 9/09/05
    - GAO 10/03/05
  - Submitted pictures and article for the Foundation for the National Archives magazine “Prologue”
  - Delivery of OCM Plan on 12/09/05
- Fully staffed to interim personnel plan
- Providing input and ensuring change management activities are fully integrated with design/development work streams
- Developing contact plan for key interviews and focus groups
- Discussion materials and focus group protocols in process
Near Term Actions In Progress

Lockheed Martin Team
- Lay in budgets through February 2006 by 10/28/05
- Deliver re-plan Increment 1 schedule by 11/02/05
- Deliver ECP by 12/09/05

ERA PMO
- Provide CDRL feedback 10/25/05
- Provide contractual update to requirements document and interface requirements document by 10/28/05
- Provide ECP authorization by 11/14/05
- Coordinate Stennis site visit 11/15/05

- IAT (Site 1) Supported 8/17
- IAT (Site 2) Supported 9/7
- IOC 9/7
- Increment 1 Security and C&A Completed 8/30
- Tech Manuals and Training Completed 5/23
- Increment 1 Site Support Provided 8/28
- Facility 1 Completed 3/9
- Facility 2 Completed 5/18
- Increment 2 Systems Engineering Completed 9/7
- Increment 2 Proposal Activities Completed 9/7
**Increment 1 Schedule Approach and Plan**

Recent discussions with ERA PMO indicate that smaller Increment 1 program profile should be utilized.

Next schedule delivery on 11/02/05

Proposed schedule content

- Reflect worse case funding scenario (GFY06 = $44M, GFY07 = $19M)
- Deferred functionality moved to Increment 2
- Second site moved to Increment 2
- Reflect 2 releases instead of 3
- Program re-plan schedule added
- Remove periodic IBRs
- Remove SCE/SCAMPI Support
- Defer CAT Lab to Increment 2
- Update CDRLs to match planned reductions

CDRL Performance

Increment 1 CDRLs by Month

As of September 30, 2005

CDRLs reflect contract baseline

Remaining deliverables for October accounting month (Sept 24- Oct 28):
- None scheduled
The National Archives and Records Administration

Risk/Opportunity Management
Clyde Relick
October 14, 2005
Risk/Opportunity Management Program Status

Changes to Risks
- Reduced risk level for Staffing Continuity between A&D and Implementation Phase (risk #27) – from medium to low

Risk/Opportunity Program Activities
- Risk Review Board meeting weekly
- First risk review for Implementation Phase will be held 10/20/05 at 1:00 pm in Greenbelt
Open/Closed Risks With Pre-Mitigation Assessment by Month (as of 09/23/05)
Post Mitigation Assessment

Post Mitigation Assessment available when:
- Mitigation Plan must have been approved,
- Resources allocated, and
- Plan is on schedule

Risk Review Board routinely reviews the plan to validate the current state.
Quality Assurance

Cross-team introduction and discussions held

CDRL feedback requested and received

Invitation made to NARA QA Leadership to address LMTSS QA organization for Quality Week
The National Archives and Administration

Program Event Progress and Outlook
- System Requirements Review
- Preliminary Design Review

Steve Hansen

October 14, 2005
Increment 1 Scope Planning

Prepared a exercise to manage Increment 1 technical and program content within a $63M funding profile on 9/30/05

- Working with NARA to finalize content with ERA PMO and NARA stakeholders
- Expect to close on content by 10/28/05
- Expect to update contract documentation by 12/23/05

Developed key exercise assumptions for Increment 1

- NARA to provide a single data center site at Stennis Space Center with associated security and telecommunications
- SOC support provided from LM lab in Greenbelt, MD
- Hardware sized at 30% of specified storage volume
- Reduced lab configuration and deferred Customer Acceptance Test lab to Increment 2
- Deploy system sized for reduced single point of failure and availability requirements
- Reduction in the number of formal CDRL deliverables; some work products provided informally
- Reduced OCM support to 1 FTE
FY07 Function Summary

Ingest
- Ingest any unclassified record in original format via electronic transfer and NARA provided media
- Recognize file types via templates
- Record type processing includes e-mail files

Records Management
- Capture record lifecycle data
- Support record scheduling
- Workflows for selected records management functions
- Disposition agreement processing provided

Storage
- Store electronic records in original format
- Copy records to media for GFE safe store backup

Dissemination
- Disseminate electronic records in original format via electronic distribution only
- Provide viewers to present records
  - Simple databases supported
- Provide record index with search capability

Local Services and Control
- Provide electronic connections between Stennis and Naranet
- Basic help desk functionality
- Basic enterprise services (directory, integrated CM and asset mgmt, remote management, etc.)
- Electronic interface to transferring entity (all other external interface deferred)
System Requirements Review

System Requirements Review (11/09/05 – 11/10/05)
- Reset date to support definition of Increment 1 content

Completed development of CR to synchronize SyRS and IRS baseline with the Requirements Document
- Complete CCB approval by 10/20/05
- Require contract direction on NARA CCB version of RD by 10/28/05

Developing detailed requirements allocation
- Using Target Release Paper summary as guidance
- Expect to complete by 10/28/05

Need to close on list of operational scenarios
- Use to develop items that require business practice support

Require ERA PMO closure with stakeholders on increment 1 content by 10/28/05 to support SRR date
System Requirements Review Entry/Exit Criteria

Baselines in place
- Complete CCB baselining process for SADD, IRS, SyRS, HF Spec

System Design Review Logistics
- Conducting Business day at Archives II
- Conducting Engineering day at LM Greenbelt facility

System Design Review Exit Criteria
- Completion of all planned presentations
- Disposition of all issues
- Publish minutes

Delivering updated specifications with SRR comments incorporated by 12/08/05
- Requires closure on issues during or shortly after SRR

SyRS and IRS Volatility Metrics

Update next month to reflect SyRS/RD reconciliation
Update in December to reflect SRR for increment 1
Program Plans

Updating analysis and design phase program plans delivered

December 8, 2005

- Risk Management Plan (CDRL 9)
- Quality Management Plan (CDRL 10)
- Configuration Management Plan (CDRL 8)
- Program Management Plan (CDRL L35)
- System Engineering Management Plan (CDRL L45)
- Software Development Plan (CDRL L54)

Received ERA PMO point of contact

- Working with counterparts to understand and resolve evaluative comments screened during the A&D phase

Lockheed Martin Proprietary Information
Operations and Facilities

Requesting that NARA schedule initial site visit to Stennis

- Target date is 1/15/05
- Have rescheduled Stennis Site Survey to July 2006

Working feasibility for early deployment

- May use initial installation to reduce lab contention to support customer activities

Re-evaluating operations plan and approach based on budget constraints

- Operating SOC out of Greenbelt, MD
- Reduced help-desk operations
PDR Activities

Working PDR schedule, content, and logistics with ERA PMO
- Anticipate closure by 10/31/05

Developed white paper and trade study plan
- Papers have been assigned to LM IPTs
- Schedules driven by PDR 1 vs. PDR 2 allocation

Selected Borland tool suite for engineering and development environment
- Have refined LM methodology to synchronize with tools for requirements efforts
- Working through procedures for full tool suite
- Plan to work through training plan for NARA engineering reviewers
Development Lab Status

Completed change request to baseline development lab
  - Reutilizing analysis and design phase equipment
  - On schedule for 11/09/05 development lab operational date

Developing strategy for remaining laboratories
  - Combining software and COTS integration labs into the development lab configuration
  - On schedule to complete software and COTS integration lab configuration update by 1/25/06
  - Developing approach for systems integration lab to reduce hardware and provide flexibility for full range of activities that may require support

Reviewing the possibility of installing the initial site early to help reduce lab contention issues
Other Activities

Review legacy systems content
- Subsuming functionality of 4 legacy systems for Increment 1 (AERIC, AMIS, APS, AAD)
- Pursuing meetings to understand current operations and expected "to-be" operations for this functionality

Business practices input
- Use Increment 1 scenarios and requirements to identify areas for workflow, business rules, users roles, and policy analysis of NARA IPTs
- ERA PMO to resolve governance and configuration management process

Request sample activity diagram for analysis
- Plan to generate sample artifacts through CDR by end of year
Research Activities

Meeting with NARA research to review ongoing NARA activities
- Initial meeting scheduled 10/17/05
- Expect to identify collaboration opportunities and candidates for application to ERA

Continuing ongoing Independent Research and Development (IRAD) activity
- Performing storage manager trade study
- Prepared search study focused on non-textual search challenges
- Will provide results to NARA by the end of the year

Developing IRAD plans for 2006
- Work with NARA to develop coordinated strategy for research activities
The National Archives and Administration
