***Citizens United v. National Archives and Records Administration [NGC15-245]***

The following group of documents was released under the Freedom of Information Act (FOIA) in response to a June 12, 2015 request for correspondence, schedules, memoranda, attendee lists and any other records related to the planning, attendance and methodology used by NARA when it undertook an April 2015 review of certain emails of former Secretary of State Hillary Clinton in order to determine whether they constituted records under the Federal Records Act (FRA) or were personal, non-FRA records. [FOIA Case Number NGC15-245]
