MEMORANDUM

TO: D. Lowell Jensen
Assistant Attorney General
Criminal Division

FROM: ~~Fred Friedman~~
Special Assistant to the
Associate Attorney General

RE: Letter of July 15, 1982 from
Congressman Hansen

As you may know, Congressman Hansen has just written to Mr. Giuliani to complain about the investigation resulting from the April, 1981 extortion letter sent to Nelson Bunker Hunt. We have referred the letter to your office and to OPR for appropriate handling. John Roberts has advised me that the Attorney General is unfamiliar with this matter and would appreciate a short memorandum setting out some background. Could you please have your office prepare such a memo, setting out how the extortion attempt came to our attention, what our subsequent investigation has disclosed and what kind of further investigation is planned. For your convenience, a copy of Congressman Hansen's letter is attached.

Thank you.
