## MEMORANDUM FOR FRED F. FIELDING

FROM:

JOHN G. ROBERTS *psr**Shucks*

SUBJECT:

Proposed Testimony of DEA Acting Administrator Francis Mullen

The proposed testimony of DEA Acting Administrator Francis Mullen, to be given tomorrow, December 14, before the Subcommittee on Crime of the House Judiciary Committee, has been submitted for your review. The testimony covers opium and heroin production, processing, and trafficking in the Golden Triangle area of Southeast Asia. It reviews the growing of opium in communist-controlled northern Burma, its processing into heroin under the protection of the insurgent Shan United Army along the Thai-Burmese border, and the trafficking patterns that bring it into the United States. The testimony discusses DEA's intelligence and support role abroad, and the difficulties of mounting law enforcement activities against the hill tribes and the insurgent groups involved in the Golden Triangle heroin traffic. The testimony also covers new efforts to pierce the financial structures funding the heroin flow. It concludes by noting the Attorney General's recent trip and suggesting that both that trip and the recent trip of a Congressional delegation led by Congressman Hughes (who will be chairing the hearing) were constructive.

I have no objection to the proposed testimony. Based on my personal experience with raiding Asian heroin processing plants (see attached photograph), the testimony is accurate.

Page 10 was inadvertently omitted in the testimony sent to us, and is being forwarded, but in view of the imminence of the testimony, I thought it best to submit this memorandum without delay. I will let you know if page 10 contains anything controversial.

*I don't like  
this - he  
will weep.*
