Ralph: mtg at onB w/ John Roberts, Horowitz, Tarr

Ralph thinks we should go to WH staff + see what
amt. of political heat we should be willing to take

Archivist has declassified many
documents

Issue: Do we put WH or DOJ people
on the job to review documents

AG's opinion: concurred that we should hesitate to
force the issue - get Archivist
confirmed first

Roberts ~~was going~~ went through some of the documents

Willard is only other person involved
He has handled the past litigation

Major question is whether Archivist makes judgment
on Exec. Priv.

Options

- 1 - do nothing
- 2 - examine documents +
- 3 - fight out issue of who judges Exec. Priv.
- 4 - let regs go

Tarr will call Roberts

White House looked it over here
