Dear agents of the United States, Although OGIS publishes on the internet website page of the invalid domain "*ogis.archives.gov*" that the "Archivist of the United States David Ferriero appointed 20 members of the Committee in May 2014" and "OGIS Director Miriam Nisbet will chair the Committee" (see <https://ogis.archives.gov/foia-advisory-committee.htm>), such information has been concealed from the Federal Register, OGIS' internet website page "Committee Membership" (see (<https://ogis.archives.gov/foia-advisory-committee/committee-membership.htm>) and the GSA's FACA internet website registered as "*fido.gov*" (see <http://facadatabase.gov/committee/members.aspx?cid=2493>). Please explain. Thank you, Brady Eames
