Dear Ms. Gramian,

Thank you for your letter (attached) and your assistance last week with regard to a Systems of Records Notice for FMSHRC's FOIA and Privacy Act records. Please be advised that officials from our Office of the General Counsel and our Office of the Executive Director met today and concluded that we will begin revising and updating the Commission's systems of records notice ("SORN") as soon as possible. As part of this amendment, we will add a SORN specifically covering our Privacy Act/FOIA records, which will also include "routine use" language allowing for disclosure of these records to OGIS.

We anticipate that revision and publishing of our revised systems of records will take approximately one year. In the event that this process is completed sooner or takes longer than originally expected, we will update your office. Once the SORN has been finalized, you will be notified.

If you have questions, please let us know.

Sincerely,

Stacey Demps Barrett
