

## *Senior Agency Official for Records Management 2022 Annual Report*

The National Archives and Records Administration (NARA) requires Senior Agency Officials for Records Management (SAORM) to provide an annual report demonstrating how agencies are handling important records management initiatives as identified by NARA.

NARA uses the reports to determine the overall progress of the federal government in managing its records and the transition away from paper to digital formats, and to identify best practices and model solutions within federal agencies.

On June 28, 2019, the Office of Management and Budget (O.M.B.) and NARA issued a memorandum, *Transition to Electronic Records* ([M-19-21](#)), to ensure that all federal records are created, retained, and managed in electronic formats. M-19-21 gave agencies until the end of December 2022 to comply with several specific deadlines.

On December 23, 2022, O.M.B. and NARA issued a new memorandum, *Update to Transition to Electronic Records* ([M-23-07](#)) reinforcing the goals in M-19-21 and extending the 2022 deadlines to June 30, 2024.

Additionally, on January 1, 2021, Congress enacted the Preservation of Electronic Messages and Other Records Act, amending 44 U.S.C. Chapter 29, that requires the electronic capture, management, and preservation of such electronic records in accordance with the records disposition requirements of 44 U.S.C. Chapter 33.

This year's SAORM report provides an opportunity for agencies to report on plans and progress towards electronic recordkeeping and preservation under these requirements, as well as other important records management initiatives.

**The reporting period begins on January 9, 2023, and reports are due back to NARA no later than March 10, 2023.**

NARA plans to post your 2022 SAORM report on the NARA website upon receipt. Please ensure that your Agency's report is a publicly releasable version. This action is in the interest of transparency in government and to promote collaboration and communication among agencies. NARA intends to list any non-responding agencies in a summary report on our website.
