

Senior Agency Official for Records Management 2022 Annual Report

The National Archives and Records Administration (NARA) requires Senior Agency Officials for Records Management (SAORM) to provide an annual report demonstrating how agencies are handling important records management initiatives as identified by NARA.

NARA uses the reports to determine the overall progress of the federal government in managing its records and the transition away from paper to digital formats, and to identify best practices and model solutions within federal agencies.

On June 28, 2019, the Office of Management and Budget (OMB) and NARA issued a memorandum, *Transition to Electronic Records* ([M-19-21](#)), to ensure that all federal records are created, retained, and managed in electronic formats. M-19-21 gave agencies until the end of December 2022 to comply with several specific deadlines.

On December 23, 2022, OMB and NARA issued a new memorandum, *Update to Transition to Electronic Records* ([M-23-07](#)) reinforcing the goals in M-19-21 and extending the 2022 deadlines to June 30, 2024.

Additionally, on January 1, 2021, Congress enacted the Preservation of Electronic Messages and Other Records Act, amending 44 U.S.C. Chapter 29, that requires the electronic capture, management, and preservation of such electronic records in accordance with the records disposition requirements of 44 U.S.C. Chapter 33.

This year's SAORM report provides an opportunity for agencies to report on plans and progress towards electronic recordkeeping and preservation under these requirements, as well as other important records management initiatives.

The reporting period begins on January 9, 2023, and reports are due back to NARA no later than March 10, 2023.

NARA plans to post your 2022 SAORM report on the NARA website upon receipt. Please ensure that your agency's report is a publicly releasable version. This action is in the interest of transparency in government and to promote collaboration and communication among agencies. NARA intends to list any non-responding agencies in a summary report on our website.

Instructions for Reporting:

- This template covers records management program developments, including those related to the transition to electronic recordkeeping as required by M-19-21 and M-23-07.
- Please be brief and precise in your answers. Limit answers to each question to no more than 500 words.
- Please complete the questions/items below and send the report to rmsselfassessment@nara.gov. Include the words "SAORM 2022 Annual Report - [Agency Name]" in the subject line of the email.
- If you are responsible for records management in multiple agencies, components, or bureaus, please determine how you will submit reports to NARA. While NARA prefers a comprehensive report, you may submit separate reports for each component.

NARA may follow up with agencies to obtain additional information and/or documentation related to responses provided in the template.

As in previous years, we will be validating selected questions and responses from agencies. Your agency may be selected at random to provide additional documentation and/or take part in interviews to discuss your records management program activities.

Provide the following information (required):

- Name of SAORM: Yao-Chin Chao
- Position title: Deputy Associate Secretary
- Address: 20th Street and Constitution Avenue N.W., Washington, DC 20551

1. What agencies, bureaus, components, or offices are covered by this report and your position as SAORM and which will be reporting separately?

Board of Governors of the Federal Reserve System

Please provide a list and indicate any that are new or have been changed due to reorganization or other circumstances.

2. In response to the COVID-19 pandemic, have any of the temporary adaptations to agency business processes become permanent improvements to the management and preservation of electronic records?

- Yes
- No
- Not applicable, no adaptations were needed
- Do not know

Please explain your response. (If Yes, include details of the changes and why they became permanent. If No, or Do not know, please explain your answer.)

Prior to the COVID-19 pandemic, the Board implemented an electronic records program, so no changes were needed.

3. Has your agency taken action to meet the goal to manage, preserve and transfer all permanent records in an electronic format with appropriate metadata by June 30, 2024? (M-19-21, 1.2 and M-23-07, 1.1 and 1.2)

- Yes
 No
 Do not know

Please explain your response with specific actions taken, challenges and results.

Permanent records dating from 1997 to the present are in electronic format and legacy permanent records are being digitized in preparation to transfer the electronic versions to NARA.

4. Has your agency taken action to meet the goal to manage and preserve all temporary records in an electronic format by June 30, 2024? (M-19-21, 1.3 and M-23-07, 1.3)

- Yes
 No
 Do not know

Please explain your response with specific actions taken, challenges and results.

Temporary records not eligible for destruction are either in electronic format, are being digitized, or are stored in commercial records storage facilities. Temporary records are no longer produced in an analog format.

5. Will your agency meet the requirements of M-19-21, 1.3 and M-23-07, 1.3 to close agency-operated records storage facilities and transfer inactive, temporary records to Federal Records Centers or commercial records storage facilities by June 30, 2024?

- Yes
 No
 Not applicable, all records are in electronic format
 Do not know

Please explain your response with specific actions taken, challenges and results.

The Board does not have an agency-operated records storage facility.

6. Does your agency have policies and procedures that incorporate records management into the information governance (IG) framework for information, data, and other agency information management? (This includes a relationship between CIO, CDO, SAORM, DRO/ARO, Records Management (RM) Staff, Security, Privacy Officers, and FOIA)

Note: The incorporation of records management into information governance is part of the framework covered by [OMB Federal Data Strategy - A Framework for Consistency \(M-19-18\)](#) as it provides a vision for managing and using federal data, along with recordkeeping requirements included in [OMB Circular A-130, Managing Information as a Strategic Resource](#).

- Yes
 No
 Do not know

Please explain your response and provide details about how your agency's policies enhance IG and RM's role or relationship to it.

The Board includes records management as part of the foundation of its information governance framework.

The Board's Records Management Program (RMP) uses its governance and oversight responsibilities to enhance the role of records management in information governance. The SAORM and the RMP participate in the development of information management policy by actively serving on the Board's Data Council, Executive Oversight Group (EOG) for Information Technology, the Software Review Board, the Business Technology Strategic Committee (BTSC), and other committees and workgroups.

The RMP issues policies, requirements, and procedures for information governance including, but not limited to, incorporating record keeping functionality in the design and development of new systems and applications; migrating systems; and decommissioning systems, applications, and collaboration sites.

The RMP also ensures the incorporation of recordkeeping functionality in electronic systems by participating in the design and development of new systems through the Board's System Development Methodology (SDM) process, Cloud governance, and by reviewing requests to establish new collaboration sites.

The RMP reviews and certifies that legacy systems meet the requirements of a recordkeeping system as stated in 36 CFR 1236. The RMP also evaluates records in systems, applications, and collaboration sites scheduled for decommissioning or migration to ensure records are managed and preserved as required.

7. Has your agency developed policies and procedures to ensure the capture and preservation of electronic messages, including when hardware or software is upgraded?

Note: Electronic messages means electronic mail and other electronic messaging systems that are used for purposes of communicating between individuals. Electronic messages that satisfy the definition of a federal record under the Federal Records Act are electronic records. This includes email, text messages, chat messages, voicemail, social media posts, and other similar applications. (See: [Email Management](#) and [CFR 1236: Electronic Records Management](#))

- Yes
 No
 Do not know

Please explain your response and include details of your agency's methods to capture and preserve electronic messaging records or challenges preventing you from doing so.

The Board's Records Management Program uses a Records Email Vault to capture all email and chats sent and received at the Board. Text messages are not used to conduct Board business as per the Board's policy.

8. Is your agency using or exploring cognitive technologies to identify records and distinguish between temporary and permanent retention?

Note: Cognitive technologies generally describe automated technologies that can be applied to recordkeeping practices and procedures. These include Artificial Intelligence, Robotic Process Automation, Software Robot or Bot, and other machine learning technologies.

- Yes
 No
 Do not know

Please explain your response. (If Yes, include details on both methods and tools being explored, the level of accuracy and how that level is determined.)

9. Do you as SAORM regularly oversee and evaluate the effectiveness of your records management program and its compliance with statutes and regulations?

- Yes
 No
 Do not know

Please explain your response including what specific measures you have incorporated into the SAORM role.

The Board's Records Management Program conducts ongoing evaluations of the effectiveness of records management at the Board and reports its findings to the SAORM.

10. Is there specific policy or guidance you need from NARA to support the strategic direction of your records management program?

- Yes
- No
- Do not know

Please explain your response and include any comments on existing, pending, and future topics.

11. Do you have any suggestions for how NARA can better engage with you and your program in your role as SAORM?

- Yes
- No
- Do not know

Please explain your response and include any comments on previous NARA SAORM engagements, topics for future engagements, or other suggestions.
