

## *Senior Agency Official for Records Management 2018 Annual Report*

The National Archives and Records Administration (NARA) requires Senior Agency Officials for Records Management (SAORM) to provide an annual report demonstrating how agencies are handling important records management initiatives as identified by NARA.

NARA uses the reports to determine the overall progress of the Federal Government in managing its records and the transition away from paper to digital formats and to identify best practices and model solutions within Federal agencies.

The reporting period begins on March 11, 2019 with reports due back to NARA no later than April 19, 2019.

NARA plans to post your 2018 SAORM report on the NARA website upon receipt. Please ensure that your agency's report is a publicly releasable version. This action is in the interest of transparency in Government and to promote collaboration and communication among agencies. NARA intends to list any non-responding agencies in a summary report and on the website.
