

## ***Senior Agency Official for Records Management 2021 Annual Report***

The National Archives and Records Administration (NARA) requires Senior Agency Officials for Records Management (SAORM) to provide an annual report demonstrating how agencies are handling important records management initiatives as identified by NARA.

NARA uses the reports to determine the overall progress of the federal government in managing its records and the transition away from paper to digital formats, and to identify best practices and model solutions within federal agencies.

On June 28, 2019, the Office of Management and Budget and the National Archives issued a memorandum: *Transition to Electronic Records* (M-19-21) to ensure that all federal records are created, retained, and managed in electronic formats by December 31, 2022. On January 1, 2021, Congress enacted the Preservation of Electronic Messages and Other Records Act, amending 44 U.S.C. Chapter 29, that requires the electronic capture, management, and preservation of such electronic records in accordance with the records disposition requirements of 44 U.S.C. Chapter 33. This year's SAORM report provides an opportunity for agencies to report on plans and progress towards electronic records keeping and preservation under both these requirements, as well as other important records management initiatives.

**The reporting period begins on January 10, 2022, and reports are due back to NARA no later than March 11, 2022.**

NARA plans to post your 2021 SAORM report on the NARA website upon receipt. Please ensure that your agency's report is a publicly releasable version. This action is in the interest of transparency in government and to promote collaboration and communication among agencies. NARA intends to list any non-responding agencies in a summary report and on the website.

### Instructions for Reporting:

- This template covers records management program developments towards the transition to electronic recordkeeping outlined in M-19-21 through December 31, 2021, and other aspects of agency records management programs.
- Please be brief and precise in your answers. Limit answers to each question to no more than 500 words.
- Please complete the questions/items below and send the report to [rmsselfassessment@nara.gov](mailto:rmsselfassessment@nara.gov). Include the words "SAORM 2021 Annual Report - [Agency Name]" in the subject line of the email.

- If you are responsible for records management in multiple agencies, components, or bureaus, please determine how you will submit reports to NARA. While NARA prefers a comprehensive report, you may submit separate reports for each component.

Our current electronic infrastructure allows our agency to create, capture, and maintain records. However, to strengthen our current record infrastructure, we have contracted a firm with NARA ERM experience. We are well into the process, and the consulting firm has conducted interviews with leadership and all stakeholders. We are now in the process of building the role and rule-based record management information system.

**6. Does your agency have plans to submit to NARA a request for an exception to the M-19-21 requirements before December 31, 2022?**

- Yes
- No
- Do not know

*Please explain your response. If 'Yes,' please include an estimate of when you plan to submit an exception and any relevant details. If 'No' or 'Do not know,' please explain your response.*

Our current electronic infrastructure allows our agency to create, capture, and maintain records, but there is essentially no identification of which contain records. However, to strengthen our current record infrastructure, we have contracted a firm with NARA ERM experience. We are well into the process, and the consulting firm has conducted interviews with leadership and all stakeholders. We are now in the process of building the role and rule-based record management information system. The record management information system will be completed before the end of FY22.
