**GENERAL RECORDS SCHEDULE 6.3: Information Technology Records**

This schedule covers records about Federal agency Information Technology (IT) program planning, which includes designing and operating major IT management processes; acquiring and managing IT capital investments; monitoring IT program performance; and developing and maintaining an agency’s IT architecture.

This schedule does not include records of the Office of Management and Budget (OMB) documenting OMB’s oversight role relating to Government-wide information resources management and IT spending. These records are scheduled by an OMB-specific schedule.

Related records are covered elsewhere in the GRS. IT records are covered in GRS 3.1, General Technology Management, and 3.2, Information Systems Security Records.
