

GENERAL RECORDS SCHEDULE 21

Audiovisual Records

This schedule covers audiovisual and related records created by or for agencies of the Federal Government as well as those acquired in the course of business. For audiovisual records that are not described in this schedule, agencies must request disposition authority by submitting a Standard Form (SF) 115, Request for Records Disposition Authority, to the National Archives and Records Administration (NARA) Life Cycle Management Division (NWML).

Audiovisual records include still and motion picture photography, graphic materials, and sound and video recordings. Related documentation includes (1) production files or other files documenting the creation, justification, ownership, and rights to the records and (2) finding aids used to identify or access the records.

This schedule does not cover: (1) cartographic records, (2) remote sensing imagery recorded on film or magnetic tape, or (3) microform copies of textual records. Disposable cartographic records and remote sensing imagery recorded on film are covered by GRS 17; temporary computerized data are covered by GRS 20 and GRS 23; and microform copies of textual records that have been authorized by NARA for destruction need not be separately scheduled, in accordance with 36 CFR 1230.10(b).

This schedule does not include descriptions of permanent or potentially permanent records. Guidance about the identification, maintenance, use, and disposition of potentially permanent audiovisual records is provided in the NARA publication, "Managing Audiovisual Records: An Instructional Guide" and NARA records management regulations at 36 CFR 1228.184, Audiovisual Records.

The word "destroy" is used to authorize the destruction of data or information. Erasable media such as audio tape should be reused whenever practical. Silver-bearing photographic film must be destroyed in accordance with 41 CFR 101-45.10, "Recovery of Precious Metals."

This General Records Schedule authorizes the disposal of certain records without further concurrence from NARA. Agencies are encouraged to include specific series descriptions for such records in their comprehensive schedules while citing the applicable disposition instruction from this General Records Schedule as the authority for destroying the records.
