	<p>The records filed within this series document Forest Service policy and direction on pesticide use for any purpose on the National forest and range lands. Pesticides are an environmental issue of maximum interest from many sources such as environmentalists, range permittees, congressional inquiries, and so forth.</p> <p>National Agriculture Pesticide Impact Assessment Program projects are conducted by FS research units and universities to identify the effects of pesticides. Much of this information is published in technical journals and magazines outside the agency.</p>
