   This schedule covers records under file designation 1580. These records were included generally in NN-166-136 (item 58); however, it is necessary for clarity and uniformity to change the primary title from Cooperative Work to Grants and Agreements, and establish secondary file designations.

   These records pertain to grants and agreements the Forest Service is permitted to make and enter into by a large number of Federal laws. The application, development, execution, and administration of grants and agreements are subject to not only the requirements of the authorizing legislation, but also to requirements of various Office of Management and Budget Circulars, Federal Management Circulars, and USDA Administrative Regulations.

   1 1580 Grants and Agreements (Includes general correspondence on broad grant and agreement programs, including inter-agency agreements, memorandums of understanding, collection agreements, employment, training, and volunteer agreements, indirect cost negotiation agreements, and recommendations to external organizations on assistance program policies. Does not include correspondence which pertains to policy guidance, interpretations of law, or procedural instructions.)
