Agency or Establishment Farm Service Agency
Record Group / Scheduling Group Records of the Farm Service Agency
Records Schedule applies to Agency-wide
Schedule Subject Conservation Systems - Records may include PII
Internal agency concurrences will be provided No

Background Information The United States Department of Agriculture Farm Service Agency (FSA) oversees a number of voluntary conservation-related programs. These programs work to address a large number of farming and ranching related conservation issues. The Conservation Reserve Program (CRP) is a land conservation program administered by the Farm Service Agency (FSA). In exchange for a yearly rental payment, farmers enrolled in the program agree to remove environmentally sensitive land from agricultural production and plant species that will improve environmental health and quality. Contracts for land enrolled in CRP are 10-15 years in length. The long-term goal of the program is to re-establish valuable land cover to help improve water quality, prevent soil erosion, and reduce loss of wildlife habitat.
