1	<p>Engineering drawings for the states of Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming. There are approximately five cubic feet of these drawings, dating from 1929 to 1972.</p> <p>The drawings have been microfilmed (roll and aperture card). The Western Regional Office in Berkeley, California, has two sets of the microfilmed drawings and they feel this is quite adequate for their needs. The records, therefore, are of no further value to ARS. Approval for immediate disposal is requested.</p>
