Includes trip reports, routine inquiries for information, courtesy and acknowledgement letters, and other material of limited retrieval value resulting from day-to-day administrative program operations. Includes nonessential working papers retained for reference purposes such as extra copies of official correspondence; supporting or background material used in developing official files; material used as internal administrative aids; and any documents which do not serve as the basis for official action.</p> <p>Disposition:</p> <p>Break files annually. <u>Destroy</u> when two years old or when no longer needed for reference, whichever is sooner.</p> <p><u>COMMITTEES, CONFERENCES, and MEETINGS</u> (Arrange alphabetically by subject or title.)</p>	GRS 23/1	
5.	<p><u>Biomass Energy Working Group</u></p> <p>The Biomass Energy Working Group was formed in fiscal year 1980 to develop the Biomass Energy Production and Use Plan for the U.S., 1983-1990, in response to the Energy Security Act of 1980. In a joint project with the Department of Energy, the Office of Energy coordinated the development, publication, and presentation of the plan to Congress and the President early in 1982. The plan was designed to encourage the cost-effective production and use of biomass energy in the U.S. through 1990. An ongoing function of the working group is to facilitate coordination of the Department's diverse programs in the use of renewable energy sources.</p>
