This label schedule provides records disposition standards for United States Department of Agriculture, Food Safety Inspection Service, Labeling and Consumer Protection Service. This schedule covers label submission/application files for sketches of labels meat and poultry manufacturers must submit to FSIS in accordance with the prior level approval mandates of the Federal Meat Inspection Act and Poultry Product Inspection Act. The schedule also includes the deletion of items of Schedule N1-462-80-3 covering marking, packaging, taste panels, kitchen test, and food formula approvals. FSIS final rule (Docket92-015F) mandated modification to the FSIS Prior Label Approval system that went into effect July 1, 1996 amending 9 CFR Parts 306, 317, 320, 327, and 381. The amendments to the Prior Label Approval System changed the way labels are submitted by meat and poultry establishment to FSIS for approval and the types of records kept by industry and LCPS and eliminated all label files maintained by FSIS inspectors in establishments.
