WITHDRAWN

Applicability: Rural Utilities and Rural Business Programs

Agency File Code: Applicable guidance, e.g. Part 2006-I

NARA Disposal Authority: (leave blank)

Description:

Rural Development – Performance Management is made up of two components, Performance Evaluation and Models & Simulation

Performance Evaluation provides for the evaluation of and reporting on Rural Utility and Community Development programs. Information that is captured and evaluated includes loan application, financial data, and loan status information for broadband borrowers, the location of broadband companies across the country, Rural Utility Service statistical information, operating and financial information for rural utility borrowers, and reports on the development of Renewable Energy in Rural America.

9/20/12

Models & Simulations generates performance and economic impact measurement data that predicts the effectiveness of Rural Development Business and Cooperative Program loans and grant programs in rural areas. These measures include such evaluation information as business sales, personal income, indirect business taxes, an implicit wage for the overall impact, and Federal, State and local taxes and estimates of how Rural Development's loans and grants affect the distribution of household income, the occupational distribution of employment impacts, and the generation of various types of tax revenues

Inputs: Data from borrower data systems, the Borrower Data Management System (BDMS) of the Rural Utilities Loan Servicing System (RULSS) and the Guaranteed Loan System (GLS)

Disposition: The input records can be disposed once confirmed that they were properly integrated within the Master File

Master File: Electronic (Relational Database)

Disposition: One year after all loans have been paid or until a final audit on the loan has been performed, whichever is longer

Outputs: Loan Performance and Tracking Summaries, SEBAS Analytical Reports

Disposition: All outputs can be disposed whenever the business function has been completed as the data is contained within the Master File

System Documentation: Electronic Files

Disposition: Per System Disposition Plan

Type of Records: Data files

Format: Media Neutral

Functions Supported: Tracking of audits and financial data of borrowers, analysis on projects being funded for socio-economic benefits
