To assist the National Archives in the evaluation of these files, the survey file descriptions contain the present approximate totals of the sample therein. Over a period of time, however, the size of the sample may change. In such cases, the original disposition instructions will remain the same as before. In addition, this Records Schedule also includes files of one-time surveys. Sometimes, surveys originally planned as a one-time event are converted into recurring surveys. In such cases, the disposition instructions for the one-time survey will cover the files resulting from any repeats of the original survey.</p>
