*All changes approved Ivy Parr*

2. ~~Industrial Research and Development Files.~~ These records reflect the program of OTS to contract out to various contractors to develop new and innovative industrial processes. This program began in WPB and the records cover the period 1943-1948. Certain of the reports cover such commodities as cement, iron and iron powders and substitute fuels as well as evaluation reports covering the contractual experience in wartime and post war applied research and development. This file was originally classed as permanent under the Business and Defense Services Administration schedule, Item 112 or II NNA-1132, approved 1954. Filed by subject and by project.

Permanent. Offer for immediate transfer to the National Archives.
