1	Series 1805 Item 11 (Chapter 1805-11 NOAA RM Handbook) Diver Case File - Long Term Temporary See Attachment.		

NOAA Records Disposition Handbook
Chapter 1800
Draft Series Item 4/15/09

1805-11 Diver Case File

- A paper case file record is established for each individual diver containing training records, certifications, Letters of Reciprocity, medical records and CPR, First Aid and Oxygen Administration, Individual's Dive Logs, and a variety of mandatory forms. Required long term for business function purposes and to comply with multiple legal mandates and agency requirements, i.e. Occupational Safety and Health Administration (OSHA) 29 CFR 1910 Subpart T, and NOAA Administrative Orders (NAO 209-123). This case file becomes inactive as divers leave the program, that point is when the diver turns in their equipment, and at times the case file may become active again as divers return to the program.
- Disposition for inactive file: Long term temporary. Once the case file record becomes inactive (diver is inactive) it can be transferred for storage to the Federal Records Center and retained for a period of 75 years and then destroyed.
- Disposition for superseded informational forms that hold no business process value: Retain as long as needed for business purposes, then destroy.
