BACKGROUND

These files include registers of visitors and vehicles entering and exiting facilities.

The files are maintained at DLA field activities and subordinate field activities including Defense Property Disposal Offices (DPDOs). DPDOs worldwide are tenants on host installations and use the visitor/vehicle register to record visitors and vehicles entering and exiting their area. These registers have been used to assist investigative agencies in criminal cases. For example, during the past year 208 major cases were opened and registers were referred to. Some cases are still pending. The requirement for extending the retention period for these files exists.

The purpose of this change is to increase the retention period to 1 yr after the cut off date of the file.

GRS 18, Item 18 applies to these records. An exception is requested.
