1	517.30 Construction Projects. Documents accumulated in connection with the planning, design, and construction of specific projects, such as the authorization, justification, tests and investigations, specifications and addenda, tracings, copies of "as built" drawings, shop drawings, progress photographs, inspection and completion reports, and related documents including non-record copies of contracts and related documents for the design and construction of facilities; completion of repairs, maintenance and modifications; installation, repair, or operation of utilities systems and equipment or custodial services. (DLA Activities having Civil Engineering Divisions - DEST 6 years after completion of project or when no longer needed for reference, whichever is later. Others- DEST 2 years after completion of project.) EXPLANATION: The revised file series 517.30 would eliminate the need for file series 520.05, Facilities Contracts. The engineers who work with the construction projects prefer to have all documents relating to the project in a single file.	DLAM 5015.1 517.30	2 items 2
